Beginner's Guide to Sculpting Characters in Clay is a comprehensive guide to traditional sculpting tools, materials and techniques for beginners."

Have you ever considered using Photoshop to create fine art? Photoshop is usually used for enhancing photos, but this extremely powerful software package is capable of so much more. Every feature, from brushes to background, can be customised and optimised for artistic effect. With a little guidance from a pro, your photoshop results can go from competent retouching of images to visually stunning re-interpretations of them, turning everyday pictures into breathtaking works of art. In this beautiful and inspiring book, acclaimed artist, author and lecturer Susan Bloom shows you how to do just that. Starting with the fundamentals: creating your own artistic brushes and textured papers virtually, she goes on to demonstrate how to create a variety of classic artistic styles in Photoshop, with chapters on watercolours, pastels, charcoal and oil. Further chapters cover illustration techniques in photoshop, and using third-party software to create painterly effects. While the results are highly polished and realistic, this is not a book written specifically for artists. The techniques are aimed squarely at the Photoshop user looking to broaden their palette, with emphasis on altering photographs to create artwork, rather than creating artwork from scratch. Beautifully written, clearly laid out, and guaranteeing inspiring results, this book is a must-have for every Photoshop user.

Embark on your sketching journey with 3dtotal's inspirational Beginner's Guide to Sketching: Characters, Creatures and Concepts.

In this visually stunning hardback book, globally loved artist Lois van Baarle, AKA Loish, explores the origins, influences, and features of her style, and helps readers do the same deep dive into their own style. *The Style of Loish* is her third book with 3dtotal Publishing, a natural progression from the bestselling *The Art of Loish* (2016) and *The Sketch Book of Loish* (2018). To date these titles have sold over 85,000 copies combined worldwide, with numerous reprints to keep up with demand. Published exclusively by 3dtotal Publishing, Loish is building a carefully considered body of work, with each book making sense both alone, and as part of a growing, highly collectible series. With this in mind, *The Style of Loish* now sees the artist explore her own style through several facets of her work, including creating volume, choosing color, establishing flow, and the ideas and subjects themselves. While looking at the motivation behind her own work, Loish also guides the reader through ideas and tutorials to help them identify, understand, and even evolve their own style. The book bursts with brand new, specially commissioned art that provides a unique opportunity to understand the foundations of Loish's style. She reveals the journey she took to pinpoint when and how her style was created. Combined with candid advice and a passion for supporting fellow artists, Loish has written a beautiful, inspirational, and practical book for artists of all styles and abilities that is sure to be another bestseller.

The Beginner's Guide to Digital Painting series continues with the Beginner's Guide to Digital Painting in Photoshop: Sci-fi and Fantasy."
