

## A Tune A Day Violin Instruction Book 3

These easy-to-read, progressive exercises by Joanne Martin develop a student's reading skills one stage at a time, with many repetitions at each stage. I Can Read Music is designed as a first note-reading book for students of string instruments who have learned to play using an aural approach such as the Suzuki Method®, or for traditionally taught students who need extra note reading practice. Its presentation of new ideas is clear enough that it can be used daily at home by quite young children and their parents, with the teacher checking progress every week or two.

Includes an audio CD - with actual performances and backing tracks, explanatory diagrams and photographs. Each book contains: advice on the equipment you need; instructions for an effective technique and a comfortable posture; explanatory section on reading music; and more.

Now, for the first time, C. Paul Herfurth's original books have been completely rewritten with new music and the latest in instrument technique for a new generation of musicians. A New Tune A Day books have the same logical, gentle pace, and keen attention to detail, but with a host of innovations.
