This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Robbie DeCaro leaves Foster, Texas and returns to Long Island, searching for the life he had before the tragic loss of his only love.

Last in a line of proud queens elected to rule the fertile lands of the West, true owner of the legendary Round Table, guardian of the Great Goddess herself . . . a woman whose story has never been told—until now. Brokenhearted at her parting from Lancelot and anguished over the loss of the sacred Hallows of the Goddess, Guenevere reconciles with Arthur. But their fragile peace is threatened by a new presence at Camelot. Mordred, Arthur's son by Morgan Le Fay, has come to be proclaimed heir to Guenevere and Arthur's kingdoms. At his knighting, the great Round Table, owned by the Queens of the Summer Country since time immemorial, cracks down the center and a terrible darkness falls over Camelot. In the midst of the chaos appears a new knight, Sir Galahad, who may hold the key to the mystery of the stolen Hallows. His arrival sets into motion the Quest for the Holy Grail and the fall of Camelot, which brings Guenevere to the brink of the most dreaded tragedy of all . . . and may ultimately fulfill her destiny as the greatest Queen of the Isles. Available now, Guenevere, Queen of the Summer Country and The Knight of the Sacred Lake, Books 1 and 2 of the Guenevere Trilogy. Coming in July 2002, Isolde, Queen of the Western Isle, the First Book of the Tristan and Isolde Trilogy

In addition to providing up-to-date prices for virtually every category of antique and collectible, this anniversary edition of the popular guide includes helpful hints on collecting, identifying, preserving, and restoring antiques. Original. 100,000 first printing.

This Dictionary covers information and communication technology (ICT), including hardware and software; information networks, including the Internet and the World Wide Web; automatic control; and ICT-related computer-aided fields. The Dictionary also lists abbreviated names of

relevant organizations, conferences, symposia and workshops. This reference is important for all practitioners and users in the areas mentioned above, and those who consult or write technical material. This Second Edition contains 10,000 new entries, for a total of 33,000. Vols. for 1970-71 includes manufacturers catalogs.

Seattle grew from pioneer settlement to bustling metropolis, its waterfront evolving from a marsh to a thriving complex of industrial sites on both salt and fresh water. This pictorial history weaves the story of the evolution of the Seattle and King County waterfronts through photographs, images, and maps as it develops from marsh to container terminal. Beginning in 1850 with the pre-canal era, here are the lumber mills, local freight and passenger transportation, coastal and ocean shipping, the shipyards, and the stories of significant figures in the history of Seattle's waterfront. Shown also is how the rapid growth of the shipyard facilities was counterbalanced with the development of the labor movement. The forging of this shipping epicenter is captured here in over 200 vintage photographs.

“Over half a century has passed since I cut my teeth on an old .36 Navy Colt. For 40 years I have almost never been out of easy reach of a good sixgun. Thirty years I spent in the saddle, packing, punching cows and breaking saddle brones. The sixgun was worn just as regularly as my pants and many times was much more important to my existence. It pulled me out of several tight scrapes with wild horses, wilder cattle and some big game. Though I have witnessed several gun fights, have had guns pulled on me and have been shot at several times, I have never had to use my gun on a man. Several times it was touch-and-go and perhaps only the current knowledge that I was both fast and accurate with a sixgun saved me from being embroiled. Though I do not recommend a sixgun for big game, thirty head of big game have fallen to mine, including elk, bear, deer, cougar, mountain goat and javelina. I have also trailed up a great many big game animals of various species that were wounded by sportsmen and then I finished them off. No record was kept of these or the many coyotes, bobcats and lesser game, or the livestock I have had to kill.” This classic includes the following chapters: Introduction I. History of the Sixgun II. Selecting the Handgun III. Learning To Shoot IV. Sixgun Sights V. Long Range Shooting VI. Game Shooting VII. Double Action Shooting VIII. Gun Rigs and Holsters IX. Quick Draw and Hip Shooting X. Gun Fighting XI. Revolver Versus Auto Pistol XII. Aerial and Trick Shooting XIII. Slip Shooting, Fanning, Cavalry Guns XIV. Loading and Management of Cap and Ball Sixguns XV. Repairs, Remodeling, Resighting XVI. A Bullet Chapter XVII. Cartridge Reloading XVIII. Selection of Cartridges XIX. Ornamentation, Barrel Lengths, Balance, Velocities XX. Care and Cleaning Supplement

Packed with restoration know-how on all kinds of interior fittings in your classic car: carpets, headlinings, seats, wood and synthetic material parts, instruments, steering wheels: even how to succeed in making your radio sound just like new! Includes reproduction of parts on a 3D printer.

This dual-language dictionary lists over 20,000 specialist terms in both French and English, covering architecture, building, engineering and property terms. It meets the needs of all building professionals working on projects overseas. It has been comprehensively researched and compiled to provide an invaluable reference source in an increasingly European marketplace.

The industry's all-in-one buying guide.

The Bemused Time Traveler is a story of transition, but more than that, it is one woman's journey to truth through love and forgiveness. A most unusual and provocative book, the story dares to crisscross the psychological with the paranormal crafting, an interesting mixture of suspense that will leave the reader wanting more.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

For the first time—the first six explosive novels in Lee Child's #1 New York Times bestselling Jack Reacher series—now together in one e-book package! He never looks for trouble... But trouble never stops looking for him. KILLING FLOOR Ex-military policeman Jack Reacher isn't in the small town of Margrave, Georgia for less than an hour before he's arrested for murder. Not much of a welcome. All Reacher knows is that he didn't kill anybody. At least not lately. But he doesn't stand a chance of convincing anyone. Not a chance in hell... DIE TRYING When a woman is kidnapped off a Chicago street in broad daylight, Jack Reacher is unlucky enough to be taken with her. They're at the mercy of a group of men demanding an impossible ransom. Because Reacher's female companion is worth more than he imagines. Now he has to save them both—from the inside out—or die trying... TRIPWIRE Reacher's anonymity in Florida is shattered by an investigator who's looking for him. But soon after his arrival, the man is murdered. Retracing the PI's trail back to New York, Reacher wants to find out who was looking for him—and why. But he never expected the reasons to be so personal...or lethal. RUNNING BLIND Across the country, women are being murdered, victims of a disciplined and clever killer who leaves no evidence, no fatal wounds, no signs of struggle, and no apparent motive. They are truly perfect crimes. In fact, there's only one thing that links the victims...Jack Reacher. ECHO RUNNING Thumbing across

the scorched Texas desert, Jack Reacher has nowhere to go and all the time in the world to get there. Cruising the same stretch of two-lane blacktop is Carmen Greer. For Reacher, a lift comes with a hitch. Carmen's got a wild story—about her husband, her family, and a hometown that's pure gothic. She's also got a plan for all of them. And now Reacher's part of it... WITHOUT FAIL Skilled, cautious, and anonymous, Jack Reacher is perfect for the job: assassinate the vice president of the United States. In theory, that is. A female Secret Service agent wants Reacher to find the holes in her system, and fast—because a covert group already has the vice president in their sights. And they've planned for everything...except for Reacher.
