A heartwarming new novel by New York Times bestselling author Jill Gregory about taking a chance on passion, trust, love—and finally healing the past . . . For Annabelle Harper, summer in her hometown of Lonesome Way, Montana, means a chance to make a home for her orphaned young nieces and nephew. It's also a chance to find a new direction for her life—one that doesn't include romance. So when rugged Wes McPhee shows up back in town, she has every reason to keep him at a distance... Even unhappy memories can't keep Wes from returning to Lonesome Way to help his grandmother recover from an injury. And his fear of commitment isn't enough to make him resist the tantalizing heat that he feels whenever he's near Annabelle. But can a wandering man like Wes ever settle down? When an old enemy comes to Lonesome Way, and their dreams of love are threatened, Wes and Annabelle must fight for the future their hearts have always wanted.

In this inspirational storybook written in rhyme, Annabelle asks "Why do we look, the way that we do? With hands and feet, in neat sets of two? What made my eyes? And what made my nose? And the shape of my body, from my head to my toes?" A wise owl answers with the amazing story of Darwinian evolution, and perhaps more importantly, what we can learn from it: to be kind to one another, as we are all related in the same family tree.

Being new in school is never easy for monsters except in Transylmania where all the schoolchildren are monsters too. Why am I here? What happens after we die? These are some of the hardest questions a child can ask—and even harder for parents to answer, especially if you've chosen to raise your

New York Times bestselling adult author of *The Bear and the Nightingale* makes her middle grade debut with a creepy, spellbinding ghost story destined to become a classic. After suffering a tragic loss, eleven-year-old Ollie only finds solace in books. So when she happens upon a crazed woman at the river threatening to throw a book into the water, Ollie doesn't think—she just acts, stealing the book and running away. As she begins to read the slender volume, Ollie discovers a chilling story about a girl named Beth, the two brothers who both loved her, and a peculiar deal made with "the smiling man," a sinister specter who grants your most tightly held wish, but only for the ultimate price. Ollie is captivated by the tale until her school trip the next day to Smoke Hollow, a local farm with a haunting history all its own. There she stumbles upon the graves of the very people she's been reading about. Could it be the story about the smiling man is true? Ollie doesn't have too long to think about the answer to that. On the way home, the school bus breaks down, sending their teacher back to the farm for help. But the strange bus driver has some advice for the kids left behind in his care: "Best get moving. At nightfall they'll come for the rest of you." Nightfall is, indeed, fast descending when Ollie's previously broken digital wristwatch, a keepsake reminder of better times, begins a startling countdown and delivers a terrifying message: RUN. Only Ollie and two of her classmates heed the bus driver's warning. As the trio head out into the woods—bordered by a field of scarecrows that seem to be watching them—the bus driver has just one final piece of advice for Ollie and her friends: "Avoid large places. Keep to small." And with that, a deliciously creepy and hair-raising adventure begins.

God offers parents fresh, practical and honest ways to address issues of God and faith with children while promoting curiosity and kindness, and successfully fending off indoctrination. A rapidly growing demographic cohort in America, secular parents are at the forefront of a major and unprecedented cultural shift. Unable to fall back on what they were taught as children, many of these parents are struggling, or simply failing, to address issues of God, religion and faith with their children in ways that promote honesty, curiosity, kindness and independence. The author sifts through hard data, including the results of a survey of 1,000 nonreligious parents, and delivers gentle but straightforward advice to both non-believers and open-minded believers. With a thoughtful voice infused with humor, Russell seamlessly merges scientific thought, scholarly research and everyday experience with respect for a full range of ways to view the world. "Relax, It's Just God" goes beyond the numbers to assist parents (and grandparents) who may be struggling to find the right time place, tone and language with which to talk about God, spirituality and organized religion. It encourages parents to promote religious literacy and understanding and to support kids as they explore religion on their own -- ensuring that each child makes up his or her own mind about what to believe (or not believe) and extends love and respect to those who may not agree with them. Subjects covered include:

- Talking openly about our beliefs without indoctrinating kids
- Making religious literacy fun and engaging
- Talking about death without the comforts of heaven
- Navigating religious differences with extended
