In *Social Memory and History*, a group of anthropologists, sociologists, social linguists, gerontologists, and historians explore the ways in which memory reconstructs the past and constructs the present. A substantial introduction by the editors outlines the key issues in the understanding of social memory: its nature and process, its personal and political implications, the crisis in memory, and the relationship between social and individual memory. Ten cross-cultural case studies—groups ranging from Kiowa songsters, Burgundian farmers, elderly Philadelphia whites, Chilean political activists, American immigrants to Israel, and Irish working class women—then explore how social memory transmits culture or contests it at the individual, community, and national levels in both tangible and symbolic spheres.

A timeless story rediscovered by each new generation, *The Diary of a Young Girl* stands without peer. For both young readers and adults it continues to capture the remarkable spirit of Anne Frank, who for a time survived the worst horror the modern world has seen—and who remained triumphantly and heartbreakingly human throughout her ordeal. Adapted by Ari Folman, illustrated by David Polonsky, and authorized by the Anne Frank Foundation in Basel, this is the first graphic edition of *The Diary* and includes extensive quotation directly from the definitive edition. It remains faithful to the original, while the stunning illustrations interpret and add layers of visual meaning and immediacy to this classic work of Holocaust literature.

In 1941, Theo Coster was a student at the Amsterdam Jewish Lyceum, 1 in a class of 28 Jewish children that the Nazis had segregated from the rest of the Dutch population. Among Theo's fellow students was a young Anne Frank, whose diary would later become one of the most important documents of the Holocaust. In this remarkable group portrait, Coster and five of his fellow classmates gather their personal stories and memories of Anne. The accounts collected here do not just help us to rediscover Anne Frank. They also stand on their own as remarkable stories of ingenuity and survival during the Holocaust—from Albert Gomes de Mesquita, who hid in ten different towns across Europe—to Hannah Goslar, who experienced the horrors of Bergen-Belsen but also made a miraculous reconnection with Anne days before her death.

The "unwritten" final chapter of *Anne Frank: The Diary of a Young Girl* tells the story of the time between Anne Frank's arrest and her death through the testimony of six Jewish women who survived the hell from which Anne Frank never returned.

The Diary of Anne Frank is a seminal piece of twentieth century literature. It recounts the tragic and moving story of a young Jewish teenager faced with the horrors of Nazism. In it, Anne establishes a bond with her readers that transcends both time and space, making them her friends and confidants. Readers feel a connection with each dream she had, each fear she endured, and each struggle she confronted. Her diary ended, but her story did not. The Lost Diary of Anne Frank picks up where her original journal left off, taking the reader on a credible journey through the tragic final months of her life, faithfully adhering to her own, very personal, diary format in the process. In The Lost Diary of Anne Frank, Anne receives mysterious help from many quarters. A strange lady on the other side of the fence haunts her dreams. Her sister falls in love with a Nazi guard. Her mom, once vilified, becomes a hero. Anne struggles with the existence of God and His presence or absence in all of her ordeals. She contrasts the depravity of man with what she sees as mankind's evident virtues. Her longing to experience sensual pleasures is numbed by forced over-exposure. She finds that in the Nazi efforts to extinguish the humanity of their victims, a chorus of unity evolves among the captives. Anne's vaulted dreams for fame and notice are ultimately traded in for the true longings of life, love, and peace. The Lost Diary of Anne Frank follows her story to the chilling end. Dr. Johnny Teague is an author and historian, having earned five degrees, culminating with a doctorate in exposition from Southwestern Baptist Theological Seminary. In preparation for writing this book, he interviewed many Holocaust survivors, and studied at the Holocaust museums in Houston, Washington, D.C., and at Yad Vashem in Israel. His studies have taken him to numerous historical sites, including Auschwitz, Dachau, the Corrie ten Boom House, and the Anne Frank House.

A collection of the author's lesser-known writings includes stories, personal reminiscences, previously deleted excerpts from her diary, and an unfinished novel composed while she was hidden from the Nazis.

Profiles the life story of the Amsterdam Jewish girl whose diary of her time in hiding from the Germans has become one of the world's best known books.

It was a catastrophe without precedent in recorded history: for months on end, starting in A.D. 535, a strange, dusky haze robbed much of the earth of normal sunlight. Crops failed in Asia and the Middle East as global weather patterns radically altered. Bubonic plague, exploding out of Africa, wiped out entire populations in Europe. Flood and drought brought ancient cultures to the brink of collapse. In a matter of decades, the old order died and a new world—essentially the modern world as we know it today—began to emerge. In this fascinating, groundbreaking, totally accessible book, archaeological journalist David Keys dramatically reconstructs the global chain of revolutions that began in the catastrophe of A.D. 535, then offers a definitive explanation of how and why this cataclysm occurred on that momentous day centuries ago. The Roman Empire, the greatest power in Europe and the Middle East for centuries, lost half its territory in the century following the catastrophe. During the exact same period, the ancient southern Chinese state, weakened by economic turmoil, succumbed to invaders from

the north, and a single unified China was born. Meanwhile, as restless tribes swept down from the central Asian steppes, a new religion known as Islam spread through the Middle East. As Keys demonstrates with compelling originality and authoritative research, these were not isolated upheavals but linked events arising from the same cause and rippling around the world like an enormous tidal wave. Keys's narrative circles the globe as he identifies the eerie fallout from the months of darkness: unprecedented drought in Central America, a strange yellow dust drifting like snow over eastern Asia, prolonged famine, and the hideous pandemic of the bubonic plague. With a superb command of ancient literatures and historical records, Keys makes hitherto unrecognized connections between the "wasteland" that overspread the British countryside and the fall of the great pyramid-building Teotihuacan civilization in Mexico, between a little-known "Jewish empire" in Eastern Europe and the rise of the Japanese nation-state, between storms in France and pestilence in Ireland. In the book's final chapters, Keys delves into the mystery at the heart of this global catastrophe: Why did it happen? The answer, at once surprising and definitive, holds chilling implications for our own precarious geopolitical future. Wide-ranging in its scholarship, written with flair and passion, filled with original insights, Catastrophe is a superb synthesis of history, science, and cultural interpretation.

The revolutionary literary vision that sowed the seeds of Objectivism, Ayn Rand's groundbreaking philosophy, and brought her immediate worldwide acclaim. This modern classic is the story of intransigent young architect Howard Roark, whose integrity was as unyielding as granite...of Dominique Francon, the exquisitely beautiful woman who loved Roark passionately, but married his worst enemy...and of the fanatic denunciation unleashed by an enraged society against a great creator. As fresh today as it was then, Rand's provocative novel presents one of the most challenging ideas in all of fiction—that man's ego is the fountainhead of human progress... "A writer of great power. She has a subtle and ingenious mind and the capacity of writing brilliantly, beautifully, bitterly...This is the only novel of ideas written by an American woman that I can recall."—The New York Times

Examines Levin's claims that the stage adaptation of Anne Frank's diary rejected a Jewish treatment of the work in favour of a play with a universal message. The text establishes the bias of the opposition to Levin and places the issue in the context of the wider cultural struggle of the 1950s.

Not since *The Diary of Anne Frank* has there been such a book as this: The joyful but ultimately heartbreaking journal of a young Jewish woman in occupied Paris, now being published for the first time, 63 years after her death in a Nazi concentration camp. On April 7, 1942, Hélène Berr, a 21-year-old Jewish student of English literature at the Sorbonne, took up her pen and started to keep a journal, writing with verve and style about her everyday life in Paris — about her studies, her friends, her growing affection for the “boy with the grey eyes,” about the sun in the dewdrops, and about the effect of the growing restrictions imposed by France’s Nazi occupiers. Berr brought a keen literary sensibility to her writing, a talent that renders the story it relates all the more rich, all the more heartbreaking. The first day Berr has to wear the yellow star on her coat, she writes, “I held my head high and looked people so straight in the eye they turned away. But it’s hard.” More, many more, humiliations were to follow, which she records, now with a view to posterity. She wants the journal to go to her fiancé, who has enrolled with the Free French Forces, as she knows she may not live much longer. She was right. The final entry is dated February 15, 1944, and ends with the chilling words: “Horror! Horror! Horror!” Berr and her family were arrested three weeks later. She went — as was discovered later — on the death march from Auschwitz to Bergen-Belsen, where she died of typhus in April 1945, within a month of Anne Frank and just days before the liberation of the camp. The journal did eventually reach her fiancé, and for over fifty years it was kept private. In 2002, it was donated to the Memorial of the Shoah in Paris. Before it was first published in France in January 2008, translation rights had already been sold for twelve languages.

As well as an epilogue from Miep Gies, who hid them for two years, it features new theories surrounding their betrayal, revelations about the pressure put on their helpers by the Nazi party and the startling discovery that the family applied for visas to the US. This authoritative account of Anne Frank's short but extraordinary life has been meticulously revised over seven years.
