Growing up on a remote island off of Britain's windswept coast, he was taught by his father to sail and climb at an early age. Inevitably, it wasn't long before the young explorer was sneaking out to lead all-night climbing expeditions. As a teenager at Eton College, Bear found his identity and purpose through both mountaineering and martial arts. Returning home, he embarked upon the notoriously grueling selection course for the British Special Forces to join the elite Special Air Service unit 21 SAS—a journey that would push him to the very limits of physical and mental endurance. Then, disaster. Bear broke his back in three places in a horrific free-fall parachuting accident in Africa. It was touch and go whether he would walk again, according to doctors. However, only eighteen months later, a twenty-three-year-old Bear became one of the youngest climbers to scale Mount Everest, the world's highest summit. But this was just the beginning of his many extraordinary adventures. . . . Known and admired by millions as the star of *Man vs. Wild*, Bear Grylls has survived where few would dare to go. 'Just *wonderful*. A breath of fresh air in a book. Sal is a story with incredible heart, told so beautifully and with such clarity and grace I can hardly believe it's a debut! I loved it' JOANNA CANNON, author of THE TROUBLE WITH GOATS AND SHEEP AN OBSERVER 'NEW FACE OF FICTION 2018' This is a story of something like survival. Sal planned it for almost a year before they ran. She nicked an Ordnance Survey map from the school library. She bought a compass, a Bear Grylls knife, waterproofs and a first aid kit from Amazon using stolen credit cards. She read the SAS Survival Handbook and watched loads of YouTube videos. And now Sal knows a lot of stuff. Like how to build a shelter and start a fire. How to estimate distances, snare rabbits and shoot an airgun. And how to protect her sister, Peppa. Because Peppa is ten, which is how old Sal was when Robert started on her. Told in Sal's distinctive voice, and filled with the silent, dizzying beauty of rural Scotland, Sal is a disturbing, uplifting story of survival, of the kindness of strangers, and the irrepressible power of sisterly love; a love that can lead us to do extraordinary and unimaginable things.

Bestselling author Bear Grylls is best known for his seven seasons on National Geographic's Man vs. Wild, his current NBC TV series, Running Wild with Bear Grylls, and his adventures climbing ice cliffs, running through forest fires, and parachuting from balloons. Nature has taught Bear some important lessons, and behind every feat is a story of grit, determination, and strength found in faith. In Soul Fuel, Bear shares the backstories behind many of his most daring expeditions and how his faith gave him the purpose and power to carry on in 365 devotions as he explores themes of hope, courage, risk, heaven, and more. Bear says: "I often don't feel very strong. Life can be a battle. We all feel that from time to time. But any strength I do have seems to come in the quiet moments at the start of my day. It comes when I am on my own, on my knees. It comes from taking time to be still with God. . . . So for me, starting my day like this really helps. It is like food. Like good fuel for the soul." Already a bestselling author, Bear is ready to open up on themes of faith, and Soul Fuel is perfect for fans of Bear's TV series and for those who love to read about survival.

You're alone in the forest on a fine autumn day with nothing but a multitool. You're stuck there for a week. Should you be more worried about finding a source of uncontaminated water or about a bear that might be in the area? Neither, says Les Stroud. The bear will most likely avoid you, and dehydration will affect you faster than parasites in untreated water. Your bigger worry should be shelter—the daytime might be nice, but it's likely going to be cold at night. And that's just the beginning. The concept of Survivorman is simple: left in a remote location, Les must survive for seven days on his own without food, water or equipment. Now, he shares his expert knowledge in Survive!, a fully illustrated guide based on his experiences on six continents and filled with field-tested advice. Many books on survival are culled from Second World War—era training techniques that are out-of-date or just plain wrong. 'No one could fail to be gripped by his heartfelt excitement and emotion over what was the adventure of a lifetime' Independent At the age of twenty-three, Bear Grylls became one of the youngest Britons to reach the summit of Mount Everest. At extreme altitude youth holds no advantage over experience, and it is generally acknowledged that younger climbers have more difficulty coping with the adverse effects of mountaineering. Nevertheless, only two years after breaking his back in a freefall parachuting accident, Bear Grylls overcame severe weather conditions, fatigue, dehydration and a last-minute illness to stand on top of the world's highest mountain. Facing Up is the story of his adventure, his courage and humour, his friendship and faith.
