Ready to follow Nick Hornsby and Helen Fielding as the next big thing from Cool Britannia to hit America is Ben Elton. Already known to a wide public television audience as the funnyman behind Blackadder, The Young Ones, and The Thin Blue Line, Elton, author of Popcorn, lights up the literary sky with Blast from the Past. Part noir thriller, part hilarious send-up of the politics of extremism, Blast from the Past is the new novel from English comedy phenomenon (stand-up, playwright, television writer, and author) Ben Elton--a name soon to be known in all circles once Joel Schumacher's film of his book Popcorn reaches the silver screen. In the early 80s, when Polly was a seventeen-year-old ideological peace protestor and Jack was a U.S. Army captain stationed at England's Greenham Common, the two had a secret and very unlikely affair. No two people could have had more to argue about, save that they couldn't live without each other, yet one day Jack came to the conclusion that he loved soldiering more than Polly and sacrificed their love to be a career army man. Now, sixteen years later, Polly is a lonely thirty-something social services employee and Jack is a four-star general who has returned to Britain to find her, his only true love. With only one night to resolve their differences, and a knife-wielding stalker lurking in the shadows, for everyone concerned this will be a night like no other.

Cassandra Khaw bursts onto the scene with Hammers on Bone, a hard-boiled horror show that Charles Stross calls "possibly the most promising horror debut of 2016." A finalist for the British Fantasy award and the Locus Award for Best Novella! John Persons is a private investigator with a distasteful job from an unlikely client. He's been hired by a ten-year-old to kill the kid's stepdad, McKinsey. The man in question is abusive, abrasive, and abominable. He's also a monster, which makes Persons the perfect thing to hunt him. Over the course of his ancient, arcane existence, he's hunted gods and demons, and broken them in his teeth. As Persons investigates the horrible McKinsey, he realizes that he carries something far darker. He's infected with an alien presence, and he's spreading that monstrosity far and wide. Luckily Persons is no stranger to the occult, being an ancient and magical intelligence himself. The question is whether the private dick can take down the abusive stepdad without releasing the holds on his own horrifying potential. S. T. Joshi has established himself as a leading critic and scholar of the weird tale. Having begun by studying the work of H. P. Lovecraft, Joshi has expanded his interests to include the entire range of horror fiction from such classics as Lord Dunsany and Algernon Blackwood to such contemporaries as Ramsey Campbell, Stephen King, and Clive Barker. In this generous sampling of the reviews that Joshi has written in nearly thirty years as a critic, we find trenchant analyses of writers ranging from Arthur Machen, E. F. Benson, and Shirley Jackson to Peter Straub, Thomas Ligotti, Norman Partridge, and David J. Schow. Joshi also addresses such significant themes in horror fiction as the subgenre of dark suspense, the haunted house, Arkham House and its legacy, and the work of the small press. Of particular note is a lengthy section devoted to H. P. Lovecraft, including studies of an array of Cthulhu Mythos writings and detailed examinations of recent Lovecraft scholarship. Joshi's essays and reviews are enlivened with a pungent wit and literary flair that bring to mind the work of John Clute and Brian Aldiss. S. T. Joshi is the author of such works as *The Weird Tale* (1990), *H. P. Lovecraft: A Life* (1996), and *The Modern Weird Tale* (2001). He has edited or coedited such important reference works as *Supernatural Literature of the World: An Encyclopedia* (2005) and *Icons of Horror and the Supernatural* (2006). His numerous publications have received the World Fantasy Award, the British Fantasy Award, the Horror Writers Association Award, and the International Horror Guild Award.

Through his collaborations with today's most talented and acclaimed practitioners of Lovecraftian fiction, editor S. T. Joshi has made the *Black Wings of Cthulhu* series essential for every library of horror and the macabre. Volume four offers up seventeen new masterpieces, each exploring the roots of fear employed so famously by the master himself, H. P. Lovecraft. Between these covers there lies a who's who of the supernatural, including Fred Chappell, Jason V Brock, Gary Fry, Richard Gavin, Cody Goodfellow, Lois H. Gresh, Caitlin R. Kiernan, Charles Lovecraft, Will Murray, John Pelan and Stephen Mark Rainey, W. H. Pugmire, Ann K. Schwader, Darrell Schweitzer, Simon Strantzas, Melanie Tem, Jonathan Thomas, Donald Tyson, and Stephen Woodworth.

Following up on the success of *A Mountain Walked*, this volume presents another dozen tales of the Cthulhu Mythos that show how H. P. Lovecraft's motifs, conceptions, and imagery have affected an entire century of weird writing. Beginning with a delightful parody of Lovecraft written by Edith Miniter in 1921, this anthology features "The Red Brain," a story of incalculable cosmic horror by Donald Wandrei; "The Beast of Averaigne," in which Clark Ashton Smith plays a riff on "The Dunwich Horror"; and C. Hall Thompson's "The Will of Claude Ashur," an ingenious adaptation of "The Thing on the Doorstep." Ramsey Campbell, one of the leading weird writers of today, has always maintained his Lovecraftian roots, and in "The Pattern" he utilizes Lovecraft's theme of "conflict with time" to cataclysmic effect. The pioneering Thomas Ligotti ("The Sect of the Idiot") draws inspiration from Lovecraft's early tales, while Brian McNaughton ("Meryphillia") teases out the latent sexuality in Lovecraft's use of ghouls. Caitlín R. Kiernan's "The Peddler's Tale" is one of the few successful elaborations of Lovecraft's dreamland stories, while Jonathan Thomas uses Lovecraft's native town of Providence for a tale of alien races. This volume contains previously unpublished stories by W. H. Pugmire, Mark Samuels, and Ray Garton, all of which demonstrate their authors' skill at fusing Lovecraftian motifs with their own dark vision. All in all, *The Red Brain* is a rich banquet of strangeness that no Lovecraft devotee will want to be without.

Last year, Night Shade Books unleashed *The Book of Cthulhu* onto an unsuspecting world. Critically acclaimed as "the ultimate Cthulhu anthology" and "a 'must read' for fans of Lovecraft's Cthulhu mythos," *The Book of Cthulhu* went where no collection of mythos tales had gone before: to the very edge of madness... and beyond. For nearly a century, H. P. Lovecraft's tales of malevolent Great Old Ones existing beyond the dimensions of this world, beyond the borders of sanity, have captured and held the imaginations of writers and aficionados of the dark, the macabre, the fantastic, and the horrible. Now, because you demanded more, anthologist Ross E. Lockhart has risked all to dive back into the Cthulhu canon, combing through mind-shattering manuscripts and moldering tomes to bring you *The Book of Cthulhu 2*, with even more tales of tentacles, terror, and madness. Featuring monstrous stories by many of weird fiction's brightest lights, *The Book of Cthulhu 2* brings you even more tales inspired by H. P. Lovecraft's greatest creation: The Cthulhu mythos. This year, the stars are right... Iä! Iä! Cthulhu Fhtagn!

Not so long ago, the Tenth Doctor and companion Martha were attacked by the menacing Weeping Angels – aliens that feed off the potential energy of their victims' lost future by stranding them in the past. Now, the Thirteenth Doctor and fam travel to 1969 to a party at Woodstock! Or so they think...

Sixteen stories inspired by the 20th century's great master of horror, H.P. Lovecraft, and his acknowledged masterpiece, *At the Mountains of Madness*, in which an expedition to the desolation of Antarctica discovers evidence of an ancient ruin built by horrific creatures at first thought long-dead, until death strikes the group. All but two of the stories are original to this edition, and those reprints are long-lost works by science fiction masters Arthur C. Clarke and Robert Silverberg.

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown." --H. P. LOVECRAFT, "Supernatural Horror in Literature" Howard Phillips Lovecraft forever changed the face of horror, fantasy, and science fiction with a remarkable series of stories as influential as the works of Poe, Tolkien, and Edgar Rice Burroughs. His chilling mythology established a gateway between the known universe and an ancient dimension of otherworldly terror, whose unspeakable denizens and monstrous landscapes--dread Cthulhu, Yog-Sothoth, the Plateau of Leng, the Mountains of Madness--have earned him a permanent place in the history of the macabre. In Tales of the Cthulhu Mythos, a pantheon of horror and fantasy's finest authors pay tribute to the master of the macabre with a collection of original stories set in the fearsome Lovecraft tradition: , The Call of Cthulhu by H. P. Lovecraft: The slumbering monster-gods return to the world of mortals. , Notebook Found in a Deserted House by Robert Bloch: A lone farmboy chronicles his last stand against a hungering backwoods evil. , Cold Print by Ramsey Campbell: An avid reader of forbidden books finds a treasure trove of deadly volumes--available for a bloodcurdling price. , The Freshman by Philip José Farmer: A student of the black arts receives an education in horror at notorious Miskatonic University. PLUS EIGHTEEN MORE SPINE-TINGLING TALES!

'Loathsomeness waits and dreams in the deep, and decay spreads over the tottering cities of men. A time will come - but I must not and cannot think!' H. P. Lovecraft (1890-1937) was a reclusive scribbler of horror stories for the American pulp magazines that specialized in Gothic and science fiction in the interwar years. He often published in Weird Tales and has since become the key figure in the slippery genre of 'weird fiction'. Lovecraft developed an extraordinary vision of feeble men driven to the edge of sanity by glimpses of malign beings that have survived from human prehistory or by malevolent extra-terrestrial visitations. The ornate language of his stories builds towards grotesque moments of revelation, quite unlike any other writer. This new selection brings together nine of his classic tales, focusing on the 'Cthulhu Mythos', a cycle of stories that develops the mythology of the Old Ones, the monstrous creatures who predate human life on earth. It includes the Introduction from Lovecraft's critical essay, 'Supernatural Horror in Literature', in which he gave his own important definition of 'weird fiction'. In a fascinating contextual introduction, Roger Luckhurst gives Lovecraft the attention he deserves as a writer who used pulp fiction to explore a remarkable philosophy that shockingly dethrones the mastery of man.

A terror-filled story of one family and their friends, as they struggle to survive in a world overrun by ravenous creatures that hunt purely by sound... Soon to be a major motion picture.

Because the darkness at the bottom of the stairs is rising....

For more than 80 years H. P. Lovecraft has inspired writers of horror and supernatural fiction with his dark vision of humankind's insignificant place in a vast, uncaring cosmos. At the time of his death in 1937, Lovecraft was virtually unknown, but from early cult status his readership expanded exponentially; his nightmarish visions laying down roots in the collective imagination of his readers. Now this master of the

macabre is accepted as part of the literary mainstream, as an American author of note, and the impact of his work on modern popular culture - in literature, film, television, music, the graphic arts, gaming and theatre - has been profound. As Stephen King wrote in *Danse Macabre*, the shadow of H. P. Lovecraft 'underlies almost all of the important horror fiction that has come since.' Today, Lovecraft's themes of cosmic indifference, the utter insignificance of humankind, minds invaded by the alien, and the horrors of history remain not only viable motifs for modern speculative fiction, but are more relevant than ever as we explore the mysteries of a universe in which our planet is infinitesimal. This outstanding anthology of original stories - from both established award-winning authors and exciting new voices - collects tales of cosmic horror inspired by Lovecraft from authors who do not merely imitate, but reimagine, re-energize, and renew the best of his concepts in ways relevant to today's readers, to create fresh new fiction that explores our modern fears and nightmares. From the depths of R'lyeh to the heights of the Mountains of Madness, some of today's best weird fiction writers traverse terrain created by Lovecraft and create new eldritch geographies to explore . . . With stories by: Laird Barron, Nadia Bulkin, Amanda Downum, Ruthanna Emrys, Richard Gavin, Lois H. Gresh, Lisa L. Hannett, Brian Hodge, Caitlín R. Kiernan, John Langan, Yoon Ha Lee, Usman T. Malik, Helen Marshall, Silvia Moreno, Norman Partridge, W. H. Pugmire, Veronica Schanoes, Michael Shea, John Shirley, Simon Strantzas, Sandra McDonald, Damien Angelica Walters, Don Webb, Michael Wehunt and A.C. Wise Praise for the editor: 'For fans of Lovecraftian fiction and well-wrought horror' - Library Journal 'Guran smartly selects stories that evoke the spirit of Lovecraft's work without mimicking its style.' - Publishers Weekly 'It's a pretty impressive line-up, with nary a clunker to be found. . . . You don't have to be a Lovecraft fan to enjoy this anthology... You'll find alienation, inhumanity, desperation, cruelty, insanity, hopelessness and despair, all set against the backdrop of a vast, unknowable universe filled with vile, indifferent monstrosities. You'll also find beauty, hope, redemption, and the struggle for survival. What more can you ask for?' - Tor.com 'I highly recommend this collection... If you have even the slightest interest in contemporary horror fiction, you'll want to try this one on for size!' - BookGuide

Howard Phillips Lovecraft was born to a well-to-do family in Providence, Rhode Island. As a child, he revealed remarkable precocity in his early interests in literature and science. Ill-health dogged him in youth, rendering his school attendance sporadic; and in 1908 he experienced a nervous breakdown that rendered him a virtual recluse for several years. In 1914 he discovered the world of amateur journalism and began slowly emerging from his hermitry. He wrote tremendous amounts of essays, poetry, and other work; in 1917, under the encouragement from W. Paul Cook and others, he resumed the writing of horror fiction, and his career as a dream-weaver began anew. In 1921 Lovecraft met his future wife, Sonia H. Greene, at an amateur journalism convention. It was at this time that he began expanding his horizons, both geographical and intellectual: he traveled widely, from New England to New York to Cleveland; and he absorbed such literary and intellectual influences as Lord Dunsany, Friedrich Nietzsche, and Arthur Machen. In 1924 he and Sonia decided to marry, and Lovecraft moved to New York to pursue his literary fortune. But, as the first volume of this biography concludes, his metropolitan adventure would be bittersweet at best. S. T. Joshi's award-winning biography *H. P. Lovecraft: A Life* (1996) provided the most detailed portrait of the life, work, and thought of the dreamer from Providence ever published. But that edition was in fact abridged from Joshi's original manuscript, and this expanded and updated two-volume edition restores the 150,000 words that Joshi omitted and, in addition, updates the texts with new findings.

Noted Lovecraftian scholar R.M.Price assembles this unique Lovecraft-influenced collection of twenty-eight rare tales, from such diverse authors as Neil Gaiman, Jorge Luis Borges, Manly Wade Wellman, and Gustaf Meyrink. Spanning from the 1930s to the 1990s, this kaleidoscopic collection is a triumph of interdimensional threats, ritual magic, and cosmic horrors.

Respected horror anthologist Stephen Jones edits this collection of 17 stories inspired by the 20th century's master of horror, H.P. Lovecraft's "The Shadow Over Innsmouth," in which a young man goes to an isolated, desolate fishing village in Massachusetts, and finds that the entire village has interbred with strange creatures that live beneath the sea, and worship ancient gods.

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture
