**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Updated in a new 2011 Alternate edition, *American Government: Roots and Reform* provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This bestselling book has been extensively revised to provide in-depth coverage of President Barack Obama's first two years in office and the 111th Congress, the 2010 congressional elections, continued concerns related to the wars in Iraq and Afghanistan, and domestic concerns related to health care reform and the economy.

FBI documents and original interviews reveal the FBI's political campaigns from 1956 into the 1980s.

(High School) Hailed as a stellar educational resource for nearly a century, Magruder's *American Government* is updated annually to meet the changing needs of today's high school students and teachers. The program's engaging narrative is enhanced with numerous primary sources, political cartoons, charts, graphs, and photos, making the structure and principals of government accessible and motivating to students of all abilities.

Our *American Government* textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future

careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development. It is also an essential addition to any personal military history library. This text is used in military ROTC training courses as a basic military history textbook. Volume 1 of 2 volume set.

A history of the landmark case of Clarence Earl Gideon's fight for the right to legal counsel. Notes, table of cases, index. The classic backlist bestseller. More than 800,000 sold since its first pub date of 1964.

Contrasts liberal views in the tradition of John Locke with conservative Whig attitudes as personified by Edmund Burke in a consideration of moral duty and civil disobedience

The changing character of the strategic-logistical problems faced by the Washington high command in the last two years of the war when U.S. and Allied forces achieved material superiority over their enemies on almost every front.

The election ultimately stymied both political currents, proving to be an end for both the Progressive movement and the world peace movement.

Hailed as a stellar educational resource since 1917, Magruder's American Government is updated annually to incorporate the most current, most authoritative American Government content, and meet the changing needs of today's high school students and teachers. Magruder's clear, engaging narrative is enhanced with the Essential Questions, numerous primary sources, political cartoons, charts, graphs, photos and interactive online activities, to make the subject of American Government accessible and motivating to students of all abilities. The Pearson Advantage Respected, relevant, and reliable Teacher's most trusted and authoritative program in the nation! Magruder's is recognized for its clear, well-written narrative using a variety of methods to make content accessible to all students. Written around Grant Wiggin's Essential Questions In each Unit and Chapter, students explore Essential Questions, with additional activities in the Essential Question Journal. New features to make content easier to understand How Government Works feature, academic vocabulary defined at the point of use, multiple graphic organizers, audio tours accompanying complex graphics. Quick Study Guides, and text having a fresh, magazine-inspired design, demystify difficult American Government concepts. Student Resources: American Government Online Student Center Students connect to 21st Century learning with rich digital assets that include two Online Student Editions, downloadable audio and video resources, and interactive assessments. Teacher's All-in-One Resources with Editable Worksheets on CD-ROM CD-ROM includes Teacher's Edition and a wide range of on-level and Foundations lesson plans, worksheets, and assessments. This built-in differentiation allows teachers to pick and choose among the resources that meet the needs of all students!

American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

"The Limits of Liberty is concerned mainly with two topics. One is an attempt to construct a new contractarian theory of the state, and the other deals with its legitimate limits. The latter is a matter of great practical importance and is of no small significance from the standpoint of political philosophy."—Scott Gordon, *Journal of Political Economy* James Buchanan offers a strikingly innovative approach to a pervasive problem of social philosophy. The problem is one of the classic paradoxes concerning man's freedom in society: in order to protect individual freedom, the state must restrict each person's right to act. Employing the techniques of modern economic analysis, Professor Buchanan reveals the conceptual basis of an individual's social rights by examining the evolution and development of these rights out of presocial conditions.

The true story of the leaking of the Pentagon Papers, the event which inspired Steven Spielberg's feature film *The Post* In 1971 former Cold War hard-liner Daniel Ellsberg made history by releasing the Pentagon Papers - a 7,000-page top-secret study of U.S. decision-making in Vietnam - to the *New York Times* and *Washington Post*. The document set in motion a chain of events that ended not only the Nixon presidency but the Vietnam War. In this remarkable memoir, Ellsberg describes in dramatic detail the two years he spent in Vietnam as a U.S. State Department observer, and how he came to risk his career and freedom to expose the deceptions and delusions that shaped three decades of American foreign policy. The story of one man's exploration of conscience, *Secrets* is also a portrait of America at a perilous crossroad. "[Ellsberg's] well-told memoir sticks in the mind and will be a powerful testament for future students of a war that the United States should never have fought." -*The Washington Post* "Ellsberg's deft critique of secrecy in government is an invaluable contribution to understanding one of our nation's darkest hours." -*Theodore Roszak, San Francisco Chronicle*

An elevated guide to the craft of pasta-making by rising star chef Thomas McNaughton of San Francisco's hottest Italian restaurant, flour + water. Chef Thomas McNaughton shares his time-tested secrets to creating simple, delicious, and beautiful artisan pasta—from the best fresh doughs to shaping and cooking every type of pasta. influenced recipes for home cooks of every skill level. The recipes cover the flavor spectrum from well-loved classics to inventive combinations, such as Tagliatelle Bolognese; Pumpkin Tortelloni with Sage and Pumpkin Seeds; Tomato Farfalle with Chicken Polpettine, Roasted Peppers, and Basil; and Asparagus Caramelle with Brown Butter. With guidance from McNaughton and the secrets of flour + water's dough room, anyone can learn to make amazing pasta at home.

Freund, Ernst. *Standards of American Legislation: An Estimate of Restrictive and Constructive Factors*. Chicago: University of Chicago Press, 1917. xx, 327 pp. Reprinted 2006 by The Lawbook Exchange, Ltd. ISBN-13: 978-1-58477-552-2. ISBN-10: 1-58477-552-1. Cloth. \$95.\*

Esteemed by Vanderbilt and recommended by Pound for its treatment of judicial precedent, this book originated as a series of lectures at Johns Hopkins in 1915, Ernst Freund offered this work "to suggest the possibility of supplementing the established doctrine of constitutional law which enforces legislative norms through ex post facto review and negation by a system of positive principles that should guide and control the making of statutes, and give more definite meaning and content to the concept of due process of law" (Preface, v). Freund was Professor of Jurisprudence and Public Law in the University of Chicago. Vanderbilt, *Studying Law* 409. Pound, *An Introduction to American Law* 41 cited in Marke, *A Catalogue of the Law Collection at New York University* (1953) 205.

This briefly annotated list of prosecutions under war statutes and cases of mob violence due to the war was originally published in 1919. This list of cases involving the rights of free speech, free press and peaceful assemblage is compiled from the correspondence and press clippings of the National Civil Liberties Bureau from April 1, 1917 to March 1, 1919.

An urgent, historically-grounded take on the four major factors that undermine American democracy, and what we can do to address them. While many Americans despair of the current state of U.S. politics, most assume that our system of government and democracy itself are invulnerable to decay. Yet when we examine the past, we find that the United States has undergone repeated crises of democracy, from the earliest days of the republic to the present. In *Four Threats*, Suzanne Mettler and Robert C. Lieberman explore five moments in history when democracy in the U.S. was under siege: the 1790s, the Civil War, the Gilded Age, the Depression, and Watergate. These episodes risked profound—even fatal—damage to the American democratic experiment. From this history, four distinct characteristics of disruption emerge. Political polarization, racism and nativism, economic inequality, and excessive executive power—alone or in combination—have threatened the survival of the republic, but it has survived—so far. What is unique, and alarming, about the present moment in American politics is that all four conditions exist. This convergence marks the contemporary era as a grave moment for democracy. But history provides a valuable repository from which we can draw lessons about how democracy was eventually strengthened—or weakened—in the past. By revisiting how earlier generations of Americans faced threats to the principles enshrined in the Constitution, we can see the promise and the peril that have led us to today and chart a path toward repairing our civic fabric and renewing democracy.

*Getting the Message Through*, the companion volume to Rebecca Robbins Raines' *Signal Corps*, traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War, through its stages of growth and change, to its service in Operation DESERT SHIELD/DESERT STORM. Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology, but also such diverse missions as weather reporting and military aviation. Information dominance in the form of superior communications is considered to be sine qua non to modern warfare. As Raines ably shows, the Signal Corps—once considered by some Army officers to be of little or no military value—and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields. The volume is an invaluable reference source for anyone interested in the institutional history of

the branch.

So wrote Texas pioneer cattle drover William Berry Duncan in his March 1862 diary entry, the day he joined the Confederate Army. Despite his misgivings, Duncan left his prosperous business to lead neighbors and fellow volunteers as commanding officer of cavalry Company F of Spaight's Eleventh Battalion that later became the 21st Texas Infantry in America's Civil War. Philip Caudill's rich account, drawn from Duncan's previously untapped diaries and letters written by candlelight on the Gulf Coast cattle trail to New Orleans, in Confederate Army camps, and on his southeast Texas farm after the war, reveals the personable Duncan as a man of steadfast integrity and extraordinary leadership. After the war, he returned to his home in Liberty County and battled for survival on the chaotic Reconstruction-era Texas frontier. Supplemented by archival records and complementary accounts, *Moss Bluff Rebel* paints a picture of everyday life for the Anglo-Texans who settled the Mexican land grants in the early nineteenth century and subsequently became citizens of the proudly independent Texas Republic. The carefully crafted narrative goes on to reveal the wartime emotions of a reluctant Confederate officer and his postwar struggles to reinvent the lifestyle he knew before the war, a way of life he sensed was lost forever. *Moss Bluff Rebel* will appeal to history lovers of all ages attracted to the drama of the Civil War period and the men and women who shaped the Texas frontier.

"As the landmark *Roe v. Wade* decision reaches its 40th anniversary, abortion remains a polarizing topic on America's legal and political landscape. Blending history, culture, and law, *Before Roe v. Wade* explores the roots of the conflict, recovering through original documents and first-hand accounts the voices on both sides that helped shape the climate in which the Supreme Court ruled. Originally published in 2010, this new edition includes a new Afterword that explores what the history of conflict before *Roe* teaches us about the abortion conflict we live with today. Examining the role of social movements and political parties, the authors cast new light on a pivotal chapter in American history and suggest how *Roe v. Wade*, the case, because *Roe v. Wade*, the symbol."--Cover, p. 4.

Americans often complain about the operation of their government, but scholars have never developed a complete picture of people's preferred type of government. In this provocative and timely book, Hibbing and Theiss-Morse, employing an original national survey and focus groups, report the governmental procedures Americans desire. Contrary to the prevailing view that people want greater involvement in politics, most citizens do not care about most policies and therefore are content to turn over decision-making authority to someone else. People's wish for the political system is that decision makers be empathetic and, especially, non-self-interested, not that they be responsive and accountable to the people's largely nonexistent policy preferences or, even worse, that the people be obligated to participate directly in decision making. Hibbing and Theiss-Morse conclude by cautioning communitarians, direct democrats, social capitalists, deliberation theorists, and all those who think that greater citizen involvement is the solution to society's problems.

Teacher's guide for the 34-week, high school Civics course! A detailed account of the troubled history of religious persecution between the 16th and 18th centuries that occurred in England is presented, and then undertakes a thorough exploration of the ideas and the sacrifices that helped to create religious liberty in America. Features: Each suggested weekly schedule has five easy-to-manage lessons which combine reading and worksheets. Worksheets and quizzes are perforated and three-hole punched - materials are easy to tear out, hand out, grade, and store. As always, you are encouraged to adjust the schedule and materials as

you need to in order to best work within your educational program. Worksheets can be alternately used as class discussion questions rather than short answer. Workflow: Students will read the pages in their book and then complete each section of the course materials. Quizzes to demonstrate understanding of the material and critical thinking skills are given at regular intervals with space to record each grade. Younger students may be given the option of taking open-book quizzes. Daily Schedule: Includes a suggested daily schedule for the course. Space is given for assignment dates. There is flexibility in scheduling for the educator. Quizzes/Exams: The course includes six quizzes – one after every four chapters – as well as a final exam in the form of an essay question. Answer keys are included for both worksheets and testing materials. Time: Approximately 30 to 40 minutes per lesson, depending on allowed discussion time
