Charleston, South Carolina, famous for its magnolia and azalea gardens, its Battery, its plantations, and its key role in early American history has certainly had its share of ghosts. They stalk the halls of townhouses once famous for gracious living and romance; they inhabit lonely stretches of moss-draped roads; and they roam the deserted garden paths of the old plantations outside the city. Charleston Ghosts brings to life an intriguing group of personalities who act out their fateful roles in true-to-legend style. "Eighteen delightful ghost tales about Charleston and the Lowcountry told as only a native Charlestonian could tell them."—Charleston News and Courier

PIID is conveniently divided into three easy-access sections: Geographical and ISBN sections provide complete contact information for each publisher, while an Alphabetical Index identifies the publisher's location. (Handbook of International Documentation and Information, Vol. 7)

Centra su reflexión en los sistemas numéricos y las estructuras algebraicas, al tiempo que establece vínculos con la geometría, los procesos infinitos y las técnicas de computación.

Return to the past with Geronimo Stilton in this fabumouse special edition! Imagine my surprise when I, Geronimo Stilton, was offered the chance to travel back in time again! Professor Paws von Volt entrusted me to lead my family on a secret journey in his new time machine. This voyage took us to ancient Rome, to the great Maya Empire, and to the Palace of Versailles during the age of the Sun King! Along the way I competed in a scary chariot race, saved some mouselings from a hungry jaguar, and was forced to organize a huge party for the king who had everything. What a wild trip through history!

Tiger has been acting like a bully, but Rat shows him how important it is to share and play fair. Rat and Tiger are best friends. They have lots of fun playing together, even though when they play cowboys, Rat always has to be the bad guy. When they share a snack, Rat always gets the smaller piece. But one day, Tiger takes the bullying too far, and Rat decides that he's not going to take it anymore. Rat stands up for himself and refuses to be Tiger's friend until Tiger learns to play fair and square. With appealing illustrations and a simple text, Keiko Kasza delivers an important message about friendship in this heartwarming story.

In this concise, yet sweeping look at the origins and development of ancient New World civilizations, Richard Adams provides a superb introductory overview of these unique and fascinating cultures. Incorporating the latest breakthroughs in the study of the cultures of Mesoamerica and the Andes, Adams examines the development of the Olmec, Maya, Aztec, and Inca peoples, among others, from simple agricultural societies to urban civilizations with complex transportation networks, distinct social hierarchies, rich artistic and religious traditions, and writing systems that have defied anthropological investigation until recently. }In this concise, yet sweeping look at the origins and development of ancient New World civilizations, Richard Adams provides a superb introductory overview of these unique and fascinating cultures. A new edition of this best-selling collection of essays by leading experts on historical methodology. Since its first publication in 1992, *New Perspectives on Historical Writing* has become a key reference work used by students and researchers interested in the most important developments in the methodology and practice of history. For this new edition, the book has been thoroughly revised and updated and includes an entirely new chapter on environmental history. Peter Burke is joined here by a distinguished group of internationally renowned historians, including Robert Darnton, Ivan Gaskell, Richard Grove, Giovanni Levi, Roy Porter, Gwyn Prins, Joan Scott, Jim Sharpe, Richard Tuck, and Henk Wesseling. The contributions examine a wide range of interdisciplinary areas of historical research, including women's history, history & "from below," the history of reading, oral history, the history of the body, microhistory, the history of events, the history of images, and political history.

Winner or washout? When it comes to tackling third grade, Clementine is at the top of her game—okay, so maybe not all the time. After her teacher announces that the third and fourth graders will be putting on a talent show, Clementine panics. She doesn't sing or dance or play an instrument. She can't even hop with finesse. And as if she didn't feel bad enough, her perfect best friend, Margaret, has so many talents, she has to alphabetize them to keep them straight... As the night of the big "Talent-palooza" draws closer, Clementine is desperate for an act, any act. But the unexpected talent she demonstrates at the show surprises everyone--most of all herself. This Clementine sequel is sure to bring the house down!

In *The Shock of Recognition*, Lewis Pyenson examines art and science together to shed new light on common motifs in Picasso's and Einstein's education, in European material culture, and in the intellectual life of one nation-state, Argentina.
