

Craig Duswalt Welcome To My Jungle

A photographic history of Guns n' Roses discusses their early days, their rise to fame, their personal lives, and more and includes posed portraits and candid photographs. Original.

One of the most tragic stories of the 1990's rock world was that of singer Shannon Hoon, and his band, Blind Melon. Despite scoring one of the decade's most enduring singles and videos, "No Rain," and a quadruple platinum hit with their 1992 self-titled debut album (in addition to touring alongside rock's biggest names), Hoon could not overcome a dangerous drug addiction. Only two records into a promising career, Hoon was dead from an overdose at the age of 28. 'A Devil on One Shoulder and an Angel on the Other' is the first book to tell the group's story-culled from over 50 exclusive interviews (including the surviving band members and those closest to the band) and featuring many never-before-seen photos. "I am honored that Greg has painstakingly accounted for what the hell happened during those crazy times. He has summed up all the chaos, jubilation, and paranoia that is Blind Melon." -Brad Smith, Blind Melon bassist In this inspiring book, millionaires Mark Fisher and Marc Allen demonstrate that success is available to all who want it and who put their desires into action. Rather than waiting for a stroke of fate to change your situation, you can immediately begin to work with your most powerful ally — your own subconscious mind. When you do this by applying the specific and easy-to-learn principles presented here, success soon follows. By imprinting a personal success formula on your subconscious, you can program yourself to succeed, instead of failing by default or, even worse, never trying in the first place. In these pages, you'll learn how to weed out limiting beliefs and to plant positive new ones. You'll also discover other components of the millionaire mind-set, including why it's better to make quick decisions based on intuition and to stick to them rather than to vacillate, the importance of balancing persistence with flexibility, and how to effectively implement step-by-step strategies to move toward a chosen goal. Clear, simple, and wise, How to Think Like a Millionaire offers the tools you need to live the life of your dreams.

Guns N' Roses fans know the Use Your Illusion tour went on nonstop from 1991 to 1993. They know that concerts sold out in minutes all over the world so fans could hear chart-topping singles Welcome to the Jungle, Sweet Child of Mine, Paradise City, and November Rain live. They know the Use Your Illusion tour was the last for the band with Slash and Duff. But they've only heard rumors of the behind-the-scenes shenanigans. Fortunately for fans, Craig Duswalt hasn't just heard rumors—he knows what went on backstage on one of the longest and most popular music events because he lived it. As Axl Rose's personal manager during the ridiculously long world tour, Duswalt experienced things that would make most people run the other way and never look back. And in Welcome to My Jungle, he shares the sometimes hilarious, sometimes just plain reckless, and always insane actual happenings on the tour. A true must-read for Guns N' Roses fans, Welcome to My Jungle delights readers with hilarious and entertaining exclusive firsthand stories like: •The day Axl Rose, Kurt Cobain, and Courtney Love got into a "huge war" backstage at the MTV Awards •Why Guns N' Roses are forever linked to Charles Manson •The night Liz Taylor walked in on a very nude Slash—and stayed a while Featuring little-known facts for the ultimate GN'R fan, Welcome To My Jungle gives an inside look at what it's really like to live and work with a hugely popular band, from the middle of a rock and roll hurricane.

The first biography of the grand couturier, surrealist, and embattled figure (her medium was apparel), whose extraordinary work has stood the test of time. Her style was a social revolution through clothing-luxurious, eccentric, ironic, sexy; synonymous with fashion innovation and chicesse. She was audacious; her fashions were inspired from the whimsical to the most practical—from a Venetian cape of the commedia dell'arte to a Soviet parachute. She collaborated on her designs with some of the greatest artists of the twentieth-century: on jewelry with Jean Schlumberger; on clothes with Salvador Dalí; with Jean Cocteau, Alberto Giacometti; with photographers Man Ray, Horst, Cecil Beaton, and the young Richard Avedon. Her name: Elsa Schiaparelli. She was known as the Queen of Fashion; a headline attraction in the international glitter-glamour show of the late twenties and thirties; she gave fabulous parties-and went to those given by others; she lived and worked seriously and hard in much-photographed residences and was a guest at others; she knew the "everybodies" who were always "there" and inevitably became one of them herself, feted in Rome (where she

was born), Paris, New York, London, Moscow, Dallas, Hollywood, Dublin. Now, Meryle Secrest, acclaimed biographer—whose work has been called "enthraling" (WSJ); "captivating" (WP Book World); "Rich in detail, scrupulously researched, sympathetically written" (NYRB), and who has captured the lives of many of the twentieth-century's most iconic, cultural figures, among them: Frank Lloyd Wright, Bernard Berenson, Leonard Bernstein, Duveen; Richard Rodgers; Modigliani; Stephen Sondheim—gives us the never-before-told story of this most extraordinary fashion designer, perhaps the most extraordinary fashion designer of the twentieth-century, who in her time was more famous than Chanel.

Required by her cross-country coach to keep a food diary, an insecure teen finds that writing helps organize her thoughts, especially about issues that she, her best friend, and her mother face related to weight and eating.

Master composer Ennio Morricone's scores go hand-in-hand with the idea of the Western film. Often considered the world's greatest living film composer, and most widely known for his innovative scores to *The Good, the Bad, and the Ugly* and the other Sergio Leone's movies, *The Mission*, *Cinema Paradiso* and more recently, *The Hateful Eight*, Morricone has spent the past 60 years reinventing the sound of cinema. In *Ennio Morricone: In His Own Words*, composers Ennio Morricone and Alessandro De Rosa present a years-long discussion of life, music, and the marvelous and unpredictable ways that the two come into contact with and influence each other. The result is what Morricone himself defines: "beyond a shadow of a doubt the best book ever written about me, the most authentic, the most detailed and well curated. The truest." Opening for the first time the door of his creative laboratory, Morricone offers an exhaustive and rich account of his life, from his early years of study to genre-defining collaborations with the most important Italian and international directors, including Leone, Bertolucci, Pasolini, Argento, Tornatore, Malick, Carpenter, Stone, Nichols, De Palma, Beatty, Levinson, Almodóvar, Polanski and Tarantino. In the process, Morricone unveils the curious relationship that links music and images in cinema, as well as the creative urgency at the foundation of his experimentations with "absolute music". Throughout these conversations with De Rosa, Morricone dispenses invaluable insights not only on composing but also on the broader process of adaptation and what it means to be human. As he reminds us, "Coming into contact with memories doesn't only entail the melancholy of something that slips away with time, but also looking forward, understanding who I am now. And who knows what else may still happen."

A founding member of Guns N' Roses shares the story of his career and private life, covering the band's rise to fame, overcoming alcoholism, and his experiences as a husband and father.

No secret is too dark. No revelation too sick. But you must have the appetite for it. After forty years, twenty-eight ODs, three botched suicides, two heart attacks, a couple of jail stints, and a debilitating stroke, Steven Adler, the most self-destructive rock star ever, is ready to share the shattering untold truth in *My Appetite for Destruction*. When Adler was eleven years old he told his two closest friends he was going to be a rock star in the world's greatest band. Along with four uniquely talented—but very complicated and demanding—musicians, Adler helped form Guns N' Roses. They rose from the streets—primal rockers who obliterated glam rock and its big hair to resurrect rock's truer blues roots. They were relentless rock stars, onstage and off, taking "sex, drugs, and rock 'n' roll" to obscene levels of reckless abandon. By the late 1980s, GNR was the biggest rock band in the world, demanding headlines, awards, and sold-out shows, with one of the greatest rock albums of all time: *Appetite for Destruction*. But there was a price to pay. For Adler, it was his health and his sanity, culminating in a brutal banishment by his once-beloved musical brothers. Adler digs deep, revealing the last secrets, not only his own but GNR's as well: Slash's betrayal, Axl's unpredictable temper, and Duff's revenge. He bares it all with this shocking fuck-the-fates exposé that charts his meteoric rise and devastating collapse. Adler was humiliated and disgraced when Axl Rose kicked him out of GNR in front of an MTV audience of millions. Adler plunged into the dark side, spending most of the next twenty years in a drug-fueled hell. But he finally beat his epic addiction to crack and heroin under the care of Dr. Drew Pinsky. With Adler's newfound clarity comes a fierce determination to tell it all. Revelatory, heartbreaking, hilarious, and ultimately inspirational, you will never read anything more jaw-droppingly honest than *My Appetite for Destruction*.

Axl Rose is one of rock's most colourful figures and yet his story has never been properly told. This work presents a study of the troubled life and turbulent career of the group's singer and leader. It is a biography of rock's biggest living legend.

"Too many survivors of Canada's Indian residential schools live to forget. Theodore Fontaine writes to remember." – Hana Gartner, CBC's *The Fifth Estate* Bestselling Memoir, McNally Robinson Booksellers Approved curriculum resource for grade 9–12 students in British Columbia and Manitoba. Theodore Niizhotay Fontaine lost his family and freedom just after his seventh birthday, when his parents were forced to leave him at an Indian residential school by order of the Roman Catholic Church and the Government of Canada. Twelve years later, he left school frozen at the emotional age of seven. He was confused, angry and conflicted, on a path of self-destruction. At age 29, he emerged from this blackness. By age 32, he had graduated from the Civil Engineering Program at the Northern Alberta Institute of Technology and begun a journey of self-exploration and healing. In this powerful and poignant memoir, Ted examines the impact of his psychological, emotional and sexual abuse, the loss of his language and culture, and, most important, the loss of his family and community. He goes beyond details of the abuses of Indigenous children to relate a unique understanding of why most residential school survivors have post-traumatic stress disorders and why succeeding generations of First Nations children suffer from this dark chapter in history. Told as remembrances described with insights that have evolved through his healing, his story resonates with his resolve to help himself and other residential school survivors and to share his enduring belief that one can pick up the shattered pieces and use them for good.

With an introduction by W. Axl Rose Del James unleashes an extraordinary collection of snapshots from hell—our hell. Here are

spine-chilling stories of everyday people, all caught up in terrible urges—sex and obsession, addiction and violence—all sharing the universal language of fear. . . . A heavy-metal dreamer locked in a savage war with his television set. An artist seduced by a vampire. Two boys trapped by an urban legend come to life—or a drug-induced nightmare. A modern-day gladiator engaged in a brutal death match. A rock-and-roll star who years to be with the one good woman he has ever known—and so ignites a blaze of mad destruction. Praise for *The Language of Fear* “The Language of Fear is spoken in tunes of rock'n'roll, of barking dogs and net-trapped fish, of acid-sizzled flesh and tattoo needles, and after these few lessons, you'll speak it too.”—Cemetery Dance “Pissed-off, heartbroken rock'n'roll horror: surprisingly tender, garage-band crude, savage as a shotgun blast and audacious as an exit wound.”—John Skipp “After a hard day in Hell, James writes down what he saw. Good reading.”—John Shirley “Best described as an updated *Night Shift*, the contemporary tales [are] short and nasty.”—Cindy Baum, *Scream Magazine*

In *THE EAGLE AND THE ROSE*, Rosemary Altea tells the remarkable story of awakening to her psychic gifts as a medium and healer. As simple and honest as the story is remarkable, *THE EAGLE AND THE ROSE* describes how Rosemary Altea is chosen to be the voice of the spirit world; how she is taken under the wing of a Native American spirit guide named Grey Eagle and taught to use her astonishing power to heal, go astral-travelling, and perform soul rescue. Grey Eagle calls Rosemary "his Rose" as he helps nurture her gift. In the casebook section of *THE EAGLE AND THE ROSE* are 10 stories of astonishing impact - how a woman decapitated in a train wreck relives her traumatic death in Rosemary Altea's body in order to adjust to life in the hereafter; how a tragic boating accident is predicted months before the fact by Rosemary Altea on a live radio show; how a dead child convinces his mother that he is safe with relatives on the spirit plane. Behind all these moving communications is Grey Eagle, Rosemary's mentor, constant companion, and friend. His spirit pervades this book as he focuses the spotlight on an important teaching: Life may continue after death, but how we behave on the Earth Plane does count. Grey Eagle elevates the message in this book to a transcendent level. He says, "We are all souls and must treat each other with kindness." We are not human beings having a spiritual experience. We are spiritual beings having a human experience.

Includes brand new chapter covering Guns N' Roses epic world tour. Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind.

After four decades of eradicating gender barriers at work and in public life, why do men still dominate business, politics and the most highly paid jobs? Why do high-achieving women opt out of successful careers? Psychologist Susan Pinker explores the illuminating answers to these questions in her groundbreaking first book. In *The Sexual Paradox*, Susan Pinker takes a hard look at how fundamental sex differences continue to play out in the workplace. By comparing the lives of fragile boys and promising girls, Pinker turns several assumptions upside down: that the sexes are biologically equivalent; that smarts are all it takes to succeed; that men and women have identical goals. If most children with problems are boys, then why do many of them as adults overcome early obstacles while rafts of competent, even gifted women choose jobs that pay less or decide to opt out at pivotal moments in their careers? Weaving interviews with men and women into the most recent discoveries in psychology, neuroscience and economics, Pinker walks the reader through these minefields: Are men the more fragile sex? Which sex is the happiest at work? What does neuroscience tell us about ambition? Why do some male school drop-outs earn more than the bright, motivated girls who sat beside them in third grade? Pinker argues that men and women are not clones, and that gender discrimination is just one part of the persistent gender gap. A work world that is satisfying to us all will recognize sex differences, not ignore them or insist that we all be the same.

This "astonishing and deeply poignant" (The Washington Post) memoir of one man's search for a beloved family friend explores the depth of Iranian culture and the sweep of its history, and transcends today's news headlines to remind us of the humanity that connects us all. Growing up in Tehran in the 1960s, Terence Ward and his brothers were watched over by Hassan, the family's cook, housekeeper, and cultural guide. After an absence of thirty years and much turmoil in Iran, Ward embarks on a quixotic pilgrimage with his family in search of their lost friend. However, as they set out on this improbable quest with no address or phone number, their only hope lies in their mother's small black and white photograph taken decades before. Crossing the vast landscape of ancient Persia, Ward interweaves its incredibly rich past, while exploring modern Iran's deep conflicts with its Arab neighbors and our current administration. Searching for Hassan puts a human face on the long-suffering people of the Middle East with this inspirational story of an American family who came to love and admire Iran and its culture through their deep affection for its people. The journey answers the question, "How far would you go for a friend?" Including a revised preface and epilogue, this new and updated edition continues to demonstrate that Searching for Hassan is as relevant and timely as ever in shaping conversations and ways of thinking about different cultures both in the US and around the world.

The Velvet Underground, among the most influential bands of all time, are credited with creating a streetwise, pre-punk sensibility that has become inseparable from the popular image of downtown New York. "Discovered" by Andy Warhol in 1966, the VU - with their original line-up of Lou Reed, John Cale, Sterling Morrison, and Mo Tucker - would soon become the house band of the avantgarde, composing songs simultaneously furious in their abrasiveness and beautiful in their pathos, standing in striking contrast to the prevailing flower power of the era. All Yesterdays' Parties gathers for the first time almost all of the published writings contemporary with the band's existence-from sources as mainstream as the New York Times to vanished voices of the counterculture like Oz, Fusion, and Crawdaddy! The book is a revealing snapshot of an era by trailblazing rock writers such as Lester Bangs, Robert Greenfield, and Paul Williams. With photographs, posters, and other visual evocations of the period throughout, All Yesterdays' Parties is an invaluable resource, a trove of lore for anyone interested in the VU, their roots, and legacy.
