

Cyberstalker 123movies

Americans have been fantastically preoccupied with rediscovery in recent years. Our rock 'n roll stars are as popular in their sixties as they were in the sixties, penny loafers are au courant, grass is once again the preferred carpet for our beloved ballparks, and scholars and moviegoers alike (not to mention the movie industry) have rediscovered the classic Hollywood studio film. Long despised as thoughtless fodder designed strictly for commercial purposes, the studio film is now viewed as among the most interesting and informative of cultural products available. Of all the classic forms of Hollywood cinema, though, perhaps the most intriguing and unusual is the edgy, blistering authentic postwar picture known as film noir. These morbid tales of criminality, fatal attraction, and social failure are now the subject of scholarly writing, international film festivals, and high-ticket Hollywood remakes. R. Barton Palmer's thoughtful and exhaustive study details this "new" darling of critics, scholars, and fans with astonishing depth. Dark cinema, appropriately, has the most complex and elusive background of any Hollywood genre; it is, in fact, not a genre at all, but rather a set of common themes found in films belonging to established genres. Palmer's examination thus begins with the Hollywood genre film and its requisite characters, plots, and settings. With this background of studio system production in place, Palmer traces the advent of the film noir in the cold light of industry aims, target audiences, censorship, and the role Hollywood played in American society. In subsequent chapters, he investigates the film noir in all its guises: the crime melodrama, the detective film, the thriller, and the woman's picture. In so doing, no favorite is missed: Alfred Hitchcock, John Huston, Edward Dmytryk, Billy Wilder, Orson Welles as well as other top directors and their films noir.

The beloved patriarch of A&E's® Duck Dynasty® series, Phil Robertson, shares his thoughtful—and opinionated—philosophy on life. In Phil Robertson's #1 New York Times bestseller, *Happy, Happy, Happy*, we learned about Phil's colorful past and the wild road to becoming the beloved patriarch of A&E's smash hit show, *Duck Dynasty*. Now, he returns to share his philosophy on life, which can be summed up in five short words. Love God, love your neighbor. In this inspirational and entertaining book, you will learn what makes Phil Robertson tick. Robertson shares his views on faith—and how it has totally changed his way of life and how he treats others; family—how he raised his kids and is raising grandkids while teaching them the life principles he lives by; ducks—and the business principles that started the Duck Commander empire; marriage—including what he's learned from his own marriage; and of course, his opinions on controversial topics like gun control, taxes, prayer in school, and the government. *UnPHILtered* is the ultimate guide to everything Phil Robertson believes in. Balancing his sometimes off-the-wall comments with his strong focus on home and family life, it is sure to spark discussion, laughs, and a sincere appreciation for Phil's unique approach to life.

Provides information on creating Web-based applications.

From the world's most renowned security technologist, Bruce Schneier, this 20th Anniversary Edition is the most definitive reference on cryptography ever published and is the seminal work on cryptography. Cryptographic techniques have applications far beyond the obvious uses of encoding and decoding information. For developers who need to know about capabilities, such as digital signatures, that depend on cryptographic techniques, there's no better overview than *Applied Cryptography*, the definitive book on the subject. Bruce Schneier covers general classes of cryptographic protocols and then specific techniques, detailing the inner workings of real-world cryptographic algorithms including the Data Encryption Standard and RSA public-key cryptosystems. The book includes source-code listings and extensive advice on the practical aspects of cryptography implementation, such as the importance of generating truly random numbers and of keeping keys secure. ". . .the best introduction to cryptography I've ever seen. . . .The book the National Security Agency wanted never to be published. . . ." -Wired Magazine ". . .monumental . . . fascinating . . . comprehensive . . . the definitive work on cryptography for computer programmers . . ." -Dr. Dobb's Journal ". . .easily ranks as one of the most authoritative in its field." -PC Magazine The book details how programmers and electronic communications professionals can use cryptography—the technique of enciphering and deciphering messages—to maintain the privacy of computer data. It describes dozens of cryptography algorithms, gives practical advice on how to implement them into cryptographic software, and shows how they can be used to solve security problems. The book shows programmers who design computer applications, networks, and storage systems how they can build security into their software and systems. With a new Introduction by the author, this premium edition will be a keepsake for all those committed to computer and cyber security.

In the sleepy rural town of Painters Mill, Ohio, the Amish and "English" residents have lived side by side for two centuries. But sixteen years ago, a series of brutal murders shattered the peaceful farming community. In the aftermath of the violence, the town was left with a sense of fragility, a loss of innocence. Kate Burkholder, a young Amish girl, survived the terror of the Slaughterhouse Killer but came away from its brutality with the realization that she no longer belonged with the Amish. Now, a wealth of experience later, Kate has been asked to return to Painters Mill as Chief of Police. Her Amish roots and big city law enforcement background make her the perfect candidate. She's certain she's come to terms with her past—until the first body is discovered in a snowy field. Kate vows to stop the killer before he strikes again. But to do so, she must betray both her family and her Amish past—and expose a dark secret that could destroy her.

Real-world advice on how to be invisible online from "the FBI's most-wanted hacker" (Wired) Your every step online is being tracked and stored, and your identity easily stolen. Big companies and big governments want to know and exploit what you do, and privacy is a luxury few can afford or understand. In this explosive yet practical book, computer-security expert Kevin Mitnick uses true-life stories to show exactly what is happening without your knowledge, and teaches you "the art of invisibility": online and everyday tactics to protect you and your family, using easy step-by-step instructions. Reading this book, you will learn everything from password protection and smart Wi-Fi usage to advanced techniques designed to maximize your anonymity. Invisibility isn't just for superheroes--privacy is a power you deserve and need in

the age of Big Brother and Big Data.

In this unputdownable true crime collection from New York Times bestselling author Ann Rule, discover fascinating cases of the spouse, lover, family member, or helpful stranger whose lethally violent nature, though masterfully disguised, can and will kill. The author of *The Stranger Beside Me* brings her brilliantly informed understanding of the sociopath to this riveting true crime collection. Featured here is the case of a Southern California family man who lured a beautiful flight attendant into a passionate and dangerous relationship. Other cases include that of the woman who masterminded her husband's murder to gain his inheritance...the monstrous sadist whose prison release damaged a presidential candidate's campaign and ended in a bitter double tragedy in a quiet neighborhood three thousand miles away...the shocking DNA link between a cold-blooded crime and a cold case...and inside the horrific case of the man who crossed an ocean and several countries to stalk the Eurasian beauty who had fled from him in desperation.

As the first survey of its kind, *Soft in the Middle* positions the contemporary softcore feature as a middlebrow form of pornography. This genre of film and video has been produced by a complex and often elusive industry situated in the ambiguous "middle" regions between hardcore and Hollywood. In meticulous detail, *Soft in the Middle* demonstrates that softcore's under-the-radar success and pervasive cultural devaluation may be understood in terms of the "postfeminist" strategies employed by successive generations of producers and distributors, each intent on overcoming obstacles to the mainstream distribution of pornographic material. Softcore and its American precursors became more "feminized" and "female friendly" as their distribution widened, a process hastened in the 1980s by the industry's transition to private, non-theatrical modes of distribution and exhibition (e.g., home-video outlets and premium-cable networks like Cinemax). One of the byproducts of this development is that contemporary softcore has frequently resorted to what are arguably anti-male or "misandristic" attitudes and depictions. Clearly, the genre challenges traditional assumptions about pornography, including those held by feminists on both sides of "the porn debates." Drawing on original industrial research, extensive sampling, and wide-ranging scholarship, *Soft in the Middle* offers a nuanced look at a discreetly indecent genre whose central commodity has always been female nudity. The book examines the genre's history, describes its deflationary trajectory, and differentiates the reading patterns of its disparate audiences, including "cult" critics and feminist critics. Naturally, the book also considers the genre's formal and ideological conventions, surveying its most exemplary subgenres, styles, and motifs--and lavishing particular attention on its most influential studios, directors, and texts.

THE ONLY EXCEL BOOK YOU NEED We crafted this book to grow with you, providing the reference material you need as you move toward Excel proficiency and use of more advanced features. If you buy only one book on Excel, *Special Edition Using Microsoft® Office Excel® 2007* is the book you need. Does your life play out in a spreadsheet? Do numbers in columns and rows make or break you in the work world? Tired of having numbers kicked in your face by other Excel power users who make your modest spreadsheets look paltry compared to their fancy charts and pivot tables? If you answered yes to any of these questions, *Special Edition Using Microsoft® Office Excel® 2007* is the book that will make it all better. Learn quickly and efficiently from a true Excel master using the tried and true *Special Edition Using* formula for success. Here, you'll find information that's undocumented elsewhere—even in Microsoft's own Help systems. You'll learn from finely crafted, real-life examples built by an author who lives and dies by the integrity of his spreadsheets. Excel's backbone is its formulas and functions. Master those and you will master your spreadsheets. *Special Edition Using Microsoft Office® Excel® 2007* provides more down and dirty help with your formulas and functions than you'll find in any other book! See how it's done in real life! Don't settle for lame pivot table and chart examples found in other books... This book provides beautifully detailed examples that not only show you how it should be done, but how to be the local worksheet hero!

A Chilling Casebook of Horrifying Hometown Crimes How well do you really know your friends? Neighbours, friends, doctors and colleagues. We see them every day. We trust them implicitly. But what about the British army sergeant who sabotaged his wife's parachute? Or the lodger who took his landlady on a picnic from which she never returned? From dentists to PAs, these normal-seeming people were quietly wrecking lives, and nobody suspected a thing. In this first book from the addictive award-winning podcast *They Walk Among Us*, Benjamin and Rosanna serve up small-town stories in gripping detail. They've hooked millions of listeners with their intricate and disturbing cases, and now they dig into ten more tales, to provide an unforgettably sinister true-crime experience, scarily close to home. It could happen to you.

INSTANT NEW YORK TIMES BESTSELLER An urgent primer on race and racism, from the host of the viral hit video series "Uncomfortable Conversations with a Black Man" "You cannot fix a problem you do not know you have." So begins Emmanuel Acho in his essential guide to the truths Americans need to know to address the systemic racism that has recently electrified protests in all fifty states. "There is a fix," Acho says. "But in order to access it, we're going to have to have some uncomfortable conversations." In *Uncomfortable Conversations With a Black Man*, Acho takes on all the questions, large and small, insensitive and taboo, many white Americans are afraid to ask—yet which all Americans need the answers to, now more than ever. With the same open-hearted generosity that has made his video series a phenomenon, Acho explains the vital core of such fraught concepts as white privilege, cultural appropriation, and "reverse racism." In his own words, he provides a space of compassion and understanding in a discussion that can lack both. He asks only for the reader's curiosity—but along the way, he will galvanize all of us to join the antiracist fight.

WINNER OF THE NOBEL PRIZE IN LITERATURE "A brilliant literary murder mystery." —Chicago Tribune "Extraordinary. Tokarczuk's novel is funny, vivid, dangerous, and disturbing, and it raises some fierce questions about human behavior. My sincere admiration for her brilliant work." —Annie Proulx In a remote Polish village, Janina devotes the dark winter days to studying astrology, translating the poetry of William Blake, and taking care of the summer homes of wealthy Warsaw residents. Her reputation as a crank and a recluse is amplified by her not-so-secret preference for the company

of animals over humans. Then a neighbor, Big Foot, turns up dead. Soon other bodies are discovered, in increasingly strange circumstances. As suspicions mount, Janina inserts herself into the investigation, certain that she knows whodunit. If only anyone would pay her mind . . . A deeply satisfying thriller cum fairy tale, *Drive Your Plow over the Bones of the Dead* is a provocative exploration of the murky borderland between sanity and madness, justice and tradition, autonomy and fate. Whom do we deem sane? it asks. Who is worthy of a voice?

The groundbreaking and widely praised novel about a school shooting, from the acclaimed author of *Monster*. Multiple narratives, a personal journal, and newspaper and police reports add perspective and pull readers into the story. "Questions of guilt and innocence drive the plot and stay with the reader," said Hazel Rochman in a starred Booklist review. "Highly readable." "A haunting story that uncovers the pain of several high school students," according to Teenreads.com. "It explores the tragedies of school violence and how the result of bullying can go to the most dramatic extreme. Myers has a gift for expressing the voices of his characters. *Shooter* is not a light read, but it will leave you reeling."

An autobiography by the original "shock jock" shares his observations on politics, current affairs, women, and the entertainment business

Dennis Nilsen was one of Britain's most notorious serial killers, jailed for life in 1983 after the murders of 12 men and the attempted murders of many more. Seven years after his conviction, Nilsen began to write his autobiography, and over a period of 18 years he typed 6,000 pages of introspection, reflection, comment and explanation. *History of a Drowning Boy* - taken exclusively from these astonishing writings - uncovers, for the first time, the motives behind the murders, and delivers a clear understanding of how such horrific events could have happened, tracing the origins back to early childhood. In another first, it provides an insight into his 35 years inside the maximum-security prison system, including his everyday life on the wings; his interactions with the authorities and other notorious prisoners; and his artistic endeavours of music, writing and drama. It also reveals the truth behind many of the myths surrounding Dennis Nilsen, as reported in the media. Nilsen was determined to have his memoir published but to his frustration, the Home Office blocked publication during his lifetime. He died in 2018 entrusting the manuscript to his closest friend and it is now being published with the latter's permission. Any autobiography presents the writer's story from just one perspective: his own, and as such this record should be treated with some caution. An excellent foreword by criminologist Dr Mark Pettigrew offers some context to Nilsen's words, and this important work provides an extraordinary journey through the life of a remarkable and inadequate man.

This bold and original book examines in detail a relatively new genre of film--the erotic thriller. Linda Ruth Williams traces the genre's exploitation of pornography and noir, discusses mainstream stars (including Michael Douglas and Sharon Stone) as well as genre-branded direct-to-video stars, charts the work of key producers and directors, and considers home videos as a distinct form of viewing pleasure. She maps the history of the genre, analyzing hundreds of movies from blockbusters such as *Basic Instinct*, *Fatal Attraction*, and *In the Cut* to straight-to-video film titles such as *Carnal Crimes*, *Sins of Desire*, and *Night Eyes*. Williams's witty and illuminating readings tell the story of this sensational genre and contribute to the analysis of mainstream screen sex--and its censorship--at the beginning of the 21st century. She shows that as the erotic thriller plays out the sexual fantasies of contemporary America, it also provides a vehicle for marketing those fantasies globally.

An attempt to analyze the events of the alleged scandal which took place in the Indian stock market during 1992.

Publisher description

NEW YORK TIMES BESTSELLER Edward Snowden, the man who risked everything to expose the US government's system of mass surveillance, reveals for the first time the story of his life, including how he helped to build that system and what motivated him to try to bring it down. In 2013, twenty-nine-year-old Edward Snowden shocked the world when he broke with the American intelligence establishment and revealed that the United States government was secretly pursuing the means to collect every single phone call, text message, and email. The result would be an unprecedented system of mass surveillance with the ability to pry into the private lives of every person on earth. Six years later, Snowden reveals for the very first time how he helped to build this system and why he was moved to expose it. Spanning the bucolic Beltway suburbs of his childhood and the clandestine CIA and NSA postings of his adulthood, *Permanent Record* is the extraordinary account of a bright young man who grew up online—a man who became a spy, a whistleblower, and, in exile, the Internet's conscience. Written with wit, grace, passion, and an unflinching candor, *Permanent Record* is a crucial memoir of our digital age and destined to be a classic.

Vivica A. Fox is a dynamo who has created a lasting career on her own, through sheer, roll-up-your-sleeves DIY hustle. *Every Day I'm Hustling* is a personal book with a message Fox passionately believes in: that you make your own luck, that you never ever wake up in the morning thinking somebody's going to call you and offer you that part or ask you out on that date that's going to change your life, that you have to wake up and put on your longest eyelashes and fiercest heels and go out and make your life happen yourself. The actress provides start-today strategies for success in business and "been there" lessons in love, buttressed with stories from her early family life all the way through to today. Always honest and always funny, Fox also tells behind-the-scenes tales from some of her biggest movies — such as Uma Thurman's life-changing advice during *Kill Bill* and Will Smith's downtime pep talk on Independence Day. And she maps out exactly what it took to come back with a role on the smash hit *Empire* and her own frisky show on Lifetime, *Vivica's Black Magic*. She also shares her how-is-she-53? secrets to looking your best, no matter the age on your driver's license.

Even forty years after the civil rights movement, the transition from son and grandson of Klansmen to field secretary of SNCC seems quite a journey. In the early 1960s, when Bob Zellner's professors and classmates at a small church school in Alabama thought he was crazy for even wanting to do research on civil rights, it was nothing short of remarkable. Now, in his long-awaited memoir, Zellner tells how one white Alabamian joined ranks with the black students who were sitting-in, marching, fighting, and sometimes dying to challenge the Southern "way of life" he had been raised on but rejected. Decades later, he is still protesting on behalf of social change and equal rights. Fortunately, he took the time, with co-author Constance Curry, to write down his memories and reflections. He was in all the campaigns and was close to all the major figures. He was beaten, arrested, and reviled by some but admired and revered by others. *The Wrong Side of Murder Creek*, winner of the 2009 Lillian Smith Book Award, is Bob Zellner's larger-than-life story, and it was worth waiting for.

In his new book *Before You Do*, bestselling author Bishop T.D. Jakes turns his attention from repositioning yourself for a life without limits to cultivating relationships in the best way possible with the most important people in your life: parents, children, spouses and others who are

your most beloved and in need of your support. As one of America's most trusted advisors, counsellors, and pastors, Jakes teaches us what to do before we: propose marriage; consider divorce; send our children off to school; put our elders into assisted living situations or other treatment facilities, and so many more major steps each of us are faced with taking at some point in life. He uses the lessons he has learned from his own marriage and family life as well as others to encourage and inspire people to give and receive the greatest love possible. Presents a weight-loss guide for teenagers, addressing the factors that contribute to weight gain and providing age-appropriate advice for weight wellness.

Gennaro shows that good family cooking doesn't have to be complicated. Whether you're looking for a soup, a salad, a quick pasta dish, a slow-cooked Sunday lunch or something for a special occasion, this book has the recipes for you. Everyday dishes such as Trofie pasta with green beans and basil, Ricotta dumplings and Beetroot salad sit alongside special occasion meals such as Rack of lamb with artichokes, Roast chicken with lemon and herbs and Homemade ravioli. There are dishes for all ages, with plenty of recipes for kids, including pizzas and simple pasta dishes, and lots of ideas for getting the children involved with the cooking. Gorgeous desserts such as Summer fruit jellies, Coffee meringues and a delicious trifle, and traditional Italian preserves such as Preserved peaches and Small filled peppers make this book irresistible.

The Asilomar Conference provides an informal venue for technical exchange in the areas of signal processing, communication, system theory, biomedical signal processing, array processing, and computer architecture and arithmetic

With an exclusive behind-the-scenes conversation between Billy Jensen and retired detective Paul Holes on the Golden State Killer, their favorite cold cases, and more Have you ever wanted to solve a murder? Gather the clues the police overlooked? Put together the pieces? Identify the suspect? Journalist Billy Jensen spent fifteen years investigating unsolved murders, fighting for the families of victims. Every story he wrote had one thing in common—they didn't have an ending. The killer was still out there. But after the sudden death of a friend, crime writer and author of I'll Be Gone in the Dark, Michelle McNamara, Billy became fed up. Following a dark night, he came up with a plan. A plan to investigate past the point when the cops had given up. A plan to solve the murders himself. You'll ride shotgun as Billy identifies the Halloween Mask Murderer, finds a missing girl in the California Redwoods, and investigates the only other murder in New York City on 9/11. You'll hear intimate details of the hunts for two of the most terrifying serial killers in history: his friend Michelle McNamara's pursuit of the Golden State Killer and his own quest to find the murderer of the Allentown Four. And Billy gives you the tools—and the rules—to help solve murders yourself. Gripping, complex, unforgettable, Chase Darkness with Me is an examination of the evil forces that walk among us, illustrating a novel way to catch those killers, and a true-crime narrative unlike any you've read before.

"Scott Schnoll has the amazing ability to present deeply technical information in an easy-to-understand, light-hearted way. This book is a must-read for anyone who is implementing Exchange 2003." --Paul Bowden, lead program manager, Exchange Server Development, Microsoft Corporation "Scott Schnoll's clear, concise writing style and diverse knowledge makes his Exchange 2003 book readable and valuable to anyone deploying, inheriting, or considering Exchange Server 2003. An excellent, thorough, all-purpose Exchange 2003 book." --William Lefkovics, senior messaging and systems analyst, eEye Digital Security "This is one Exchange Server book that you'll actually enjoy reading from cover to cover. You won't want to put it down . . . I didn't! It's easy to read, yet it contains all of the essential information that you need to know." Christopher Meirick, co-blogger, MS Exchange Blog: <http://www.msexchange.co.uk> "Scott Schnoll's knowledge of Exchange is second to none, and he has the ability to take very technical topics and explain them in a manner that is easy to digest. This book should be in every Exchange administrator's toolkit." Mark Fugatt, MCT, Exchange MVP "I really enjoyed reading this book. I found it to be extremely informative, especially in covering the new features of Exchange 2003. I have no doubts in recommending this book to those who are serious about Exchange 2003." --Neil Hobson, Exchange MVP, lead messaging consultant, Silversands "Scott has written the essential administrative guide for Exchange 2003 deployment. Not only covering the "how-to," but also truly exploring the "what-if" scenarios as well." --Kevin T. Price, deputy chief technical officer, CMS Information Services, Inc. "An essential technical reference containing the critical information necessary for successful administration and deployment of Exchange Server 2003. New features, removed features--this book covers it all." --James V. Walker, consultant "Scott Schnoll's clear, concise writing style and diverse knowledge make his Exchange 2003 book readable and valuable to anyone deploying, inheriting, or considering Exchange Server 2003. An excellent, thorough, all-purpose Exchange book." --William Lefkovics, Senior Messaging and Systems Analyst, eEye Digital Security Nearly three years in the making, Exchange Server 2003 is the most reliable and secure messaging solution that Microsoft has ever produced. Microsoft Exchange Server 2003 Distilled is a practical, hands-on guide designed to bring readers quickly up to speed on the latest changes and enhancements to the leading e-mail server. Drawing on his involvement in Microsoft's Exchange Server 2003 Joint Development Program, author Scott Schnoll offers the detailed technical information that Exchange administrators need to know. He has a clear and concise style, and focuses on what's new, what's improved, and what's been removed from Exchange Server 2003. Throughout the book Scott illustrates key points with real-world scenarios, and provides best practices drawn from his years of experience working with Exchange. You will find answers to a variety of important questions, such as: What features have been included in Exchange Server 2003 to replace Exchange Server 2000 and 5.5 features? Chapter 3 How do you use Internet Mail Wizard to configure Exchange for Internet messaging? Chapter 4 What does Exchange Server 2003 offer for remote security, and how can you now better block unwanted e-mail? Chapter 6 How do you back up, restore, and recover data using Recovery Storage Groups, Windows Volume Shadow Service, and other features? Chapter 8 How do you use the new Outlook Mobile Access and Exchange ActiveSync features? Chapter 9 What tuning and configuration patterns will work best for your organization? Chapter 10 032124592XB04022004

In Love Smart: Find the One You Want -- Fix the One You Got, bestselling author Dr. Phil tells people who are dissatisfied with their love lives to stop making excuses and start taking action. You deserve a committed relationship, and it is within your control to have the one you want. First, though, you need to determine what you want in a partner, plot your course, and get out there and create velocity in your pursuit of a loving connection. In this book you'll learn to: Present the real you in the most flattering light. You have to stop being your own best kept secret. Peek behind the male curtain. Dr. Phil tells you things about men that they don't necessarily want you to know. How good is your Guy-Q? Master the right moves. Don't fade into the wallpaper; get noticed and get involved. If you are already coupled up then learn how to grow and nurture what you have built. Bag 'em, tag 'em and take 'em home. Learn how to negotiate the relationship you desire and then close the deal. Get out of your relationship rut. The daily grind, money problems, work, etc., can take their toll on your relationship. Dr. Phil shows you how to assess the state of your union and take your relationship to a deeper level. There are no exceptions: There is somebody for everybody, and everybody deserves a relationship filled with love and excitement. Love Smart: Find the One You Want -- Fix the One You Got offers you the plan to find

not just any relationship but the committed, loving, joy-filled relationship you've been waiting for. Contact Dr. Phil at www.drphil.com

This book constitutes the thoroughly refereed post-proceedings of the Third International Workshop on Privacy Enhancing Technologies, PET 2002, held in Dresden, Germany in March 2003. The 14 revised full papers presented were carefully selected from 52 submissions during two rounds of reviewing and improvement. Among the topics addressed are mix-networks, generalized mixes, unlinkability, traffic analysis prevention, face recognition, privacy legislation, Web censorship, anonymous networking, personalized Web-based systems, and privacy in enterprises.

Hands-On Ethical Hacking and Network Defense, Second Edition provides an in-depth understanding of how to effectively protect computer networks. This book describes the tools and penetration testing methodologies used by ethical hackers and provides a thorough discussion of what and who an ethical hacker is and how important they are in protecting corporate and government data from cyber attacks. Readers are provided with updated computer security resources that describe new vulnerabilities and innovative methods to protect networks. Also included is a thorough update of federal and state computer crime laws, as well as changes in penalties for illegal computer hacking. With cyber-terrorism and corporate espionage threatening the fiber of our world, the need for trained network security professionals continues to grow. Hands-On Ethical Hacking and Network Defense, Second Edition provides a structured knowledge base to prepare readers to be security professionals who understand how to protect a network by using the skills and tools of an ethical hacker. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

MasterChef has ignited the tastebuds of the nation. The new book gets behind the scenes of the show with your favourite contestants, and back to basics with ingredients and cooking techniques.

There is someone behind us telling us that somewhere there exists another person in the world living a life parallel to ours; someone who feels the same things and is perhaps doing the same thing at this very moment. But what happens when two parallel lines intersect? The impossible happens, and what should not happen, happens. If soulmates do exist, and if we have the desire to find them, that doesn't mean that the meeting will make our lives easier or give us solutions. The narrator of this novel reveals to us his encounter with Raquel, his soulmate. With him we discover how two people are born in the same city, almost on the same day, marry similar people, give their children the same names, and write very similar books, without ever having seen each other or met until they reach the age of forty. An existential cataclysm, this experience only serves to move these two characters further into exile. Raquel Says (Something Entirely Unexpected) is a journey to the limits of logic. "Do you remember the poor man wearing a djellaba who would beg for money next to the school?" "The one on the corner." "Two corners and the school in the middle, the black metal door." "I remember that you would run to give him a coin before they closed the door, always arriving to class last." "I wanted to sleep a little more, you were always in my dreams." "He would dance." "Do you remember the rulers they used to hit our hands?" "And they would say 'met la main' ('put out your hand'), but then your hand would automatically move back when the ruler came close." "And once again, 'met la main', as if it were normal for a child to like being hit." "And we still have good memories from that school." "Who are we?" "We are the people from the memory." "The past is that story that never stops changing."

In the four and a half centuries since Machiavelli's death, no single and unanimously accepted interpretation of his ideas has succeeded in imposing itself upon the lively debate over the meaning of his works. Yet there has never been any doubt about the fundamental importance of Machiavelli's contribution to Western political theory. The Portable Machiavelli brings together the complete texts of The Prince, Belfagor, and Castruccio Castracani, newly translated by Peter Bondanella and Mark Musa especially for this volume. In addition, the editors include an abridged version of The Discourses; a play, The Mandrake Root, in its entirety; seven private letters; and selections from The Art of War and The History of Florence.

From Ross Mathews, the nationally bestselling author of Man Up!, judge on RuPaul's Drag Race, and alum of Chelsea Lately, comes "a delightful mix of sweet and sour celebrity experiences" (Shelf Awareness) in this hilarious and irreverent collection of essays. Pretend it's happy hour and you and I are sitting at the bar. I look amazing and, I agree with you, much thinner in person. You look good, too. Maybe it's the candlelight, maybe it's the booze. Either way, let's just go with it. Keep this all between you and me, and do me a favor? Don't judge me if I name drop just a little. Television personality Ross Mathews likes telling stories. He was always outrageous and hilariously honest, even when the biggest celebrity he knew was his favorite lunch lady in the school cafeteria. Now that he has Hollywood experience—from interning behind the scenes at The Tonight Show with Jay Leno to judging RuPaul's Drag Race—he has a lot to talk about. In Name Drop, Ross dishes about being an unlikely insider in the alternate reality that is showbiz, like that time he was invited by Barbara Walters to host The View—only to learn his hero did not suffer fools; his Christmas with the Kardashians, which should be its own holiday special; and his news-making talk with Omarosa on Celebrity Big Brother, which, as it turns out, was just the tip of the iceberg. Holding nothing back, Ross shares the most treasured and surprising moments in his celebrity-filled career, and proves that while exposure may have made him a little bit famous, he is still as much a fanboy as ever. Filled with "charmingly told" (Booklist) tales ranging from the horrifying to the hilarious—and with just the right "Rossipes" and cocktails to go along with them—Name Drop is every pop culture lover's dream come true.

As a follow-up to his bestselling book Life Strategies, Oprah acolyte Phillip C. McGraw, Ph.D., moves from aiding the aimless individual to coaching the disconnected couple. McGraw has distilled his more than two decades of counseling experience into a seven-step strategy he calls "Relationship Rescue." "I'm prepared to kick a hole in the wall of the pain-ridden, unhappy maze you've gotten yourself into, and provide you clear access to action-oriented answers and instructions on what you must do to have what you want," says Dr. Phil. His aim is to expose and eliminate the saboteurs that cause senseless damage to already-fragile marriages, and, like an emotional root canal, to replace them with values he says provide positive results. If you follow Dr. Phil's strategy, he will lead you on a precise journey to uncover your heart and then share it with your partner as part of taking the "risk of intimacy." Dr. Phil leads you to "reconnect with your core" in the first five steps of his seven-step strategy. By no means a quick fix, there are in-depth and rigorous questionnaires, surveys, tests, and profiles that require a "brutally candid" mindset, with such fill-in-the-blanks as "List five things that today would make you fall out of love with your partner." With this internal work accomplished, you'll then move on to reconnecting with your partner during a two-week, half-hour-a-day short course. As a "dyad," you and your loved one take turns giving monologues on topics such as "The most positive thing I took away from my mother and father's relationship was..." Once the "reconnection" has been established, Dr. Phil says the work shifts to a management role, as relationships are always a work in progress. Dr. Phil humorously refers to his own marriage throughout the book, sharing his mishaps and victories in learning to accept and enjoy what he sees as fundamental but complementary differences between men and women. --John Youngs

Recounts the artist's life from the early 1960s to 2005 through his written accounts and artwork, including images of painted trains, walls, canvases, drawings, and sketches produced over the last thirty years.
