In S. J. Kincaid's fast-paced and humorous sci-fi Insignia trilogy, the earth is in the middle of World War III when teen gamer Tom Raines is recruited to train with other young cadets as a pivotal member of the elite combat corps, the Intrasolar Forces. At the Pentagonal Spire's training academy, he makes the best friends of his life—fellow government weapons-in-training Wyatt Enslow, Vik Ashwan, and Yuri Sysevich. In this 47-page prequel novella to the series, budding genius Wyatt Enslow—intensely loyal and hyperintelligent if occasionally, hilariously, socially awkward—takes center stage as S. J. Kincaid reveals Wyatt's life before she found her place, and her own inner strength, among her devoted band of friends at the Spire. Praise for Insignia: "The characters are real, funny, and memorable. You won't be able to put this book down."—Veronica Roth, New York Times bestselling author of Divergent Epic Reads Impulse is a digital imprint with new releases each month.

A funny and wise guide and workbook for conquering fears, from the existential to the everyday, and defeating the monster those fears can become: anxiety This is a book about fear. About how it works, how it takes hold over us, and how it dogs us from childhood (the monsters under the bed) to adulthood (careers, relationships, accidentally sending that risky text to the wrong person--all the things that make us want to bite our nails). But this is also a book about that monster our fear can warp into when it grows too powerful, a phenomenon we are all too familiar with and that more and more of us are struggling against: anxiety. Author and illustrator Amalia Andrade had her own battle with anxiety, and not only did she make it out the other side, she learned sometimes it's the very thing that almost sinks you that can save you. Through the lessons, exercises, and often hilarious personal stories Amalia shares in these pages, together you will learn how to make those feelings your friends and turn your fears into superpowers. He sees a self-assured, stunning woman...who wants to crush the most intimate—and prized—parts of his anatomy beneath the heels of her Louboutins. When Kennedy looks at Brent, all she sees is the selfish, Abercrombie & Fitch catalogue-worthy teenager who humiliated her in high school in order to join the popular crowd. A crowd that made those years a living hell for her. But she's not a lovesick social outcast anymore—she's a Washington, DC, prosecutor with a long winning streak. Brent is the opposing attorney in her next case, and Kennedy thinks it's time to put him through a little hell of his own. But things aren't exactly working out the way she planned. Brent has his sights set on Kennedy, and every fiery exchange only makes him want her more—and makes her wonder if he's as passionate in the bedroom as he is in the courtroom. For Macallan and Levi, it was friends at first sight. Everyone says guys and girls can't be just friends, but these two are. They hang out after school, share tons of inside jokes, their families are super close, and Levi even starts dating one of Macallan's friends. They are platonic and happy that way. Eventually they realize they're best friends -- which wouldn't be so bad if they didn't keep getting in each other's way. Guys won't ask Macallan out because they think she's with Levi, and Levi spends too much time joking around with Macallan, and maybe not enough time with his date. They can't help but wonder . . . are they more than friends or are they better off without making it even more complicated? From romantic comedy superstar Elizabeth Eulberg comes a fresh, fun examination of a question for the ages: Can guys and girls ever really be just friends? Or are they always one fight away from not speaking again -- and one kiss away from true love?

Amena y aguda, un buen libro que leer y releer. Ésta es una obra insólita sobre la formación de lectores dentro y fuera de la escuela. Muestra cómo y porqué formar lectores y escritores en la escuela, sin repetir lemas acerca del placer de la lectura, pero provocándolo. This is the story of Paul, a sophomore at a high school like no other: The cheerleaders ride Harleys, the homecoming queen used to be a guy named Daryl (she now prefers Infinite Darlene and is also the star quarterback), and the gay-straight alliance was formed to help the straight kids learn how to dance. When Paul meets Noah, he thinks he's found the one his heart is made for. Until he blows it. The school bookie says the odds are 12-to-1 against him getting Noah back, but Paul's not giving up without playing his love really loud. His best friend Joni might be drifting away, his other best friend Tony might be dealing with ultra-religious parents, and his ex-boyfriend Kyle might not be going away anytime soon, but sometimes everything needs to fall apart before it can really fit together right. This is a happy-meaningful romantic comedy about finding love, losing love, and doing what it takes to get love back in a crazy-wonderful world.

Inspired by the real psychology study popularized by the New York Times and its "Modern Love" column, this contemporary YA is perfect for fans of Eleanor and Park. Two random strangers. Two secrets. Thirty-six questions to make them fall in love. Hildy and Paul each have their own reasons for joining the university psychology study that asks the simple question: Can love be engineered? The study consists of 36 questions, ranging from "What is your most terrible memory?" to "When did you last sing to yourself?" By the time Hildy and Paul have made it to the end of the questionnaire, they've laughed and cried and lied and thrown things and run away and come back and driven each other almost crazy. They've also each discovered the painful secret the other was trying so hard to hide. But have they fallen in love? Told in the language of modern romance -- texting, Q&A, IM -- and punctuated by Paul's sketches, this clever high-concept YA is full of humor and heart. As soon as you've finished reading, you'll be searching for your own stranger to ask the 36 questions. Maybe you'll even fall in love. Rights have sold in 19 territories!

Amid the turbulence of World War II, a young German woman finds a precarious haven closer to the source of danger than she ever imagined—one that will propel her through the extremes of privilege and terror under Hitler's dictatorship . . . In early 1943, Magda Ritter's parents send her to relatives in Bavaria, hoping to keep her safe from the Allied bombs strafing Berlin. Young German women are expected to do their duty—working for the Reich or marrying to produce strong, healthy children. After an interview with the civil service, Magda is assigned to the Berghof, Hitler's mountain retreat. Only after weeks of training does she learn her assignment: she will be one of several young women tasting the Führer's food, offering herself in sacrifice to keep him from being poisoned. Perched high in the Bavarian Alps, the Berghof seems worlds away from the realities of battle. Though terrified at first, Magda gradually becomes used to her dangerous occupation—though she knows better than to voice her misgivings about the war. But her love for a conspirator within the SS, and her growing awareness of the Reich's atrocities, draw Magda into a plot that will test her wits and loyalty in a quest for safety, freedom, and ultimately, vengeance. Vividly written and ambitious in scope, *The Taster* examines the harrowing moral dilemmas of war in an emotional story filled with acts of extraordinary courage. Praise for V.S. Alexander's *The Magdalen Girls* "Fans of Barbara Davis and Ashley Hay will enjoy this tenderhearted story of sinner, saints, and redemption."

--Booklist "Alexander has clearly done his homework. Chilling in its realism, his work depicts the improprieties long abandoned by the Catholic Church and only recently acknowledged. Fans of the book and film *Philomena* will want to read this." --Library Journal

days in a hospice unit. In this place where people go to die, Richie has plans to make the most of the life he has left. Sylvie, the only other hospice inmate under sixty, has a few plans of her own for Richie. What begins as camaraderie quickly blossoms into real love, and this star-crossed pair is determined to live on their own terms, in whatever time remains.

In a mythic Scotland, two unlikely heroes must make a dangerous journey to save their people. Agatha is a Hawk, brave and fierce, who protects her people by patrolling the high walls of their island home. She is proud of her job, though some in her clan whisper that it is meant to keep her out of the way because of the condition she was born with. Jaime, thoughtful and anxious, is an Angler, but he hates the sea. Worse, he's been chosen for a duty that the clan hasn't required for generations: to marry. The elders won't say why they have promised him to a girl in a neighboring clan, but there are rumors of approaching danger. When disaster strikes and the clan is kidnapped, it is up to Agatha and Jaime to travel across the haunted mainland of Scotia to Norveg, with help along the way from a clan of nomadic Highland bull riders and the many animals who are drawn to Agatha's extraordinary gift of communication. Thrilling and dark yet rich with humor and compassion, this is the first book in the *Shadow Skye* trilogy, written by a wonderful new voice in fantasy and introducing a welcome new kind of hero.

When they give away a box of his father's old things, a series of events takes place that reveal the different ways in which Christopher and his mother deal with the absent father. Peter Carnavas always been fascinated by the stories behind things, the reasons particular things are important to us. An old typewriter might not work anymore but it may have once belonged to a favourite author, or was passed down through generations in the family. The importance of things, and why they are important, is what led me to write this story. It's about remembering. It's about parents. It's about absence. It's about the joy of understanding between a mother and a son. And, most importantly, it's about slippers.

This is a memoir by French bestselling and award-winning author and musician Mathias Malzieu. It focuses on a single year in which he explores his close encounter with death. Insightful, tragic and even often very funny, it is a hugely inspirational read. In November 2013 Malzieu is diagnosed with a rare and life-threatening blood disease: his bone marrow does not produce enough blood cells, and those that survive are being attacked by the body's natural antibodies as if they were viruses. Highly anaemic and at risk of a cardiac attack or fatal haemorrhaging, Malzieu is whisked into hospital, and spends months in a sterile isolation room. He is kept alive by blood transfusions, while waiting for a bone marrow transplant. When he has the energy for it, he writes in his diary and strums his ukelele. To read this book is to be in awe of the triumph of the human spirit. As a reader you find yourself marvelling at how we find the mechanisms to cope with tragedy and uncertainty when faced with the reality that we may die. Malzieu's highly active imagination allows him to transcend the limits of his body and its increasing failures through fantasy and escapism. His wonderfully addictive childish wonder with a punk Gothic twist lifts the narrative from being a depressing account to a reading experience that is evocative, poetic and intensely moving. Malzieu survived thanks to a revolutionary operation involving stem-cell treatment with the blood from an umbilical cord. As he leaves the hospital with not only a different blood group but also a different DNA, he describes himself as the oldest newborn in the world. As Malzieu says himself, 'To have had my life saved has been the most extraordinary adventure I have ever had.'

"Near an isolated mansion a beautiful garden is discovered with luscious flowers, shady trees...and a collection of 'butterflies'--young women who have been kidnapped and intricately tattooed by the Gardener, a twisted man obsessed with preserving his lovely specimens. When a survivor is questioned, the more she shares, the more agents wonder what she is hiding"--

At thirty-seven, Christine Moore had a world-class case of burnout: frustrating career, a few dead-end romances, and a less-than-perfect figure. Little did she know her life was about to change completely.... "Come out of the shadows, Christine. You've spent far too much time hiding in shadows." The man who spoke to her was gorgeous -- long sable hair, faded T-shirt, black motorcycle jacket -- all astride a 1340cc Harley-Davidson, mysteriously parked on a moonlit beach near her home. Christine was inexplicably drawn to this stranger -- who seemed to know everything about her -- and as a sweet serenity settled over her, she surrendered to his words: "We have a lot of work to do, but it won't feel like work. It will feel quite wonderful." So begins Christine's journey, a voyage of the spirit that frees her to appreciate each precious moment of life -- and reveals to her six wondrous precepts that lead to the deepest peace and fulfillment we can ever know. For every woman whose heart has ever been broken, but who believes in her soul that real happiness can be found, God On A Harley has arrived. Need a lift?

Presents a collection of drawings which feature palindromes, phrases that are read exactly the same forwards and backwards.

Now I lay me down to sleep, I pray the Lord my soul to keep. And if I should die before I awake, I pray the popular attend my wake. Charlotte Usher feels practically invisible at school, and then one day she really is invisible. Even worse: she's dead. And all because she choked on a gummy bear. But being dead doesn't stop Charlotte from wanting to be popular; it just makes her more creative about achieving her goal. If you thought high school was a matter of life or death, wait till you see just how true that is. In this satirical, yet heartfelt novel, Hurley explores the invisibility we all feel at some times and the lengths we'll go to be seen. Praise for ghostgirl: * Polished dark-and-deadpan humor, it's a natural fit with Gen Y, too." --Publishers Weekly (starred review) * "[Tonya] beats out witty teen-speak like a punk-band drummer, keeping the narrative fast-paced and fun yet thought-provokingly heartwarming. The Edgar Award-winning novel A Conspiracy of Paper was one of the most acclaimed debuts of the year. In his richly suspenseful second novel, author David Liss once again travels back in time to a crucial moment in cultural and financial history. His destination: Amsterdam, 1659—a mysterious world of trade populated by schemers and rogues, where deception rules the day. On the world's first commodities exchange, fortunes are won and lost in an instant. Miguel Lienzo, a sharp-witted trader in the city's close-knit community of Portuguese Jews, knows this only too well. Once among the city's most envied merchants, Miguel has lost everything in a sudden shift in the sugar markets. Now, impoverished and humiliated, living on the charity of his petty younger brother, Miguel must find a way to restore his wealth and reputation. Miguel enters into a partnership with a seductive Dutchwoman who offers him one last chance at success—a daring plot to corner the market of an astonishing new commodity called “coffee.” To succeed, Miguel must risk everything he values and test the limits of his commercial guile, facing not only the chaos of the markets and the greed of his competitors, but also a powerful enemy

who will stop at nothing to see him ruined. Miguel will learn that among Amsterdam's ruthless businessmen, betrayal lurks everywhere, and even friends hide secret agendas. With humor, imagination, and mystery, David Liss depicts a world of subterfuge, danger, and repressed longing, where religious and cultural traditions clash with the demands of a new and exciting way of doing business. Readers of historical suspense and lovers of coffee (even decaf) will be up all night with this beguiling novel.

Bears have fascinated people since ancient times. The relationship between bears and humans dates back thousands of years, during which time we have also competed with bears for shelter and food. In modern times, bears have come under pressure through encroachment on their habitats, climate change, and illegal trade in their body parts, including the Asian bear bile market. The IUCN lists six bears as vulnerable or endangered, and even the least concern species, such as the brown bear, are at risk of extirpation in certain countries. The poaching and international trade of these most threatened populations are prohibited, but still ongoing. Covering all bears species worldwide, this beautifully illustrated volume brings together the contributions of 200 international bear experts on the ecology, conservation status, and management of the Ursidae family. It reveals the fascinating long history of interactions between humans and bears and the threats affecting these charismatic species.

"Sarah Hirschman's book is ... really a manifesto for an approach to education that does all these more human, more important things." -Danielle Allen, Professor, Institute for Advanced Study, Princeton, New Jersey "I'd love to see People and Stories programs for the parents of children in every at-risk school district in the country." -Robert Hass, US Poet Laureate, 1995-1997 People and Stories / Gente y Cuentos describes how men and women on welfare or in rehabilitation centers, prisoners, rural workers, disadvantaged youth, or just ordinary community members are offered the chance to experience literature in a way they have not been able to in the past. Founded by Sarah Hirschman, People and Stories / Gente y Cuentos encompasses groups of common, often under-served adults in the United States, France, and Colombia who enjoy reading and discussing works of literature. Upon attending a seminar with the philosopher, Paulo Freire, and working with groups in New York's Lower East Side and Dorchester, Massachusetts, she created Gente y Cuentos in Spanish. Some years later, the English-language People and Stories program was added. Currently, Gens et Recits in French is being developed in Paris and in the southwest of France. This book describes the various influences that led to the development of this method. The clarity of the explanations and the attention to detail should help those who want to organize similar discussion groups in their own communities."
