PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

ZANZIBAR, 28th January, 1866.-After a passage of twenty-three days from Bombay we arrived at this island in the Thule, which was one of Captain Sherard Osborne's late Chinese fleet, and now a present from the Bombay Government to the Sultan of Zanzibar. I was honoured with the commission to make the formal presentation, and this was intended by H.E. the Governor-in-Council to show in how much estimation I was held, and thereby induce the Sultan to forward my enterprise. The letter to his Highness was a commendatory epistle in my favour, for which consideration on the part of Sir Bartle Frere I feel deeply grateful. It runs as follows: - TO HIS HIGHNESS SEJUEL MAJID, SULTAN OF ZANZIBAR."YOUR HIGHNESS, -I trust that this will find you in the enjoyment of health and happiness. "I have requested my friend, Dr. David Livingstone, who is already personally well and favourably known to your Highness, to convey to you the assurance of the continual friendship and goodwill of Her Majesty's Government in India. "Your Highness is already aware of the benevolent objects of Dr. Livingstone's life and labours, and I feel assured that your Highness will continue to him the favour and protection which you have already shown to him on former occasions, and that your Highness will direct every aid to be given him within your Highness's dominions which may tend to further the philanthropic designs to which he has devoted himself, and which, as your Highness is aware, are viewed with the warmest interest by Her Majesty's Government both in India and England.

**\*A 2011 National Book Award Finalist\*** A spellbinding story of renunciation, conversion, and radicalism from Pulitzer Prize-finalist biographer Deborah Baker What drives a young woman raised in a postwar New York City suburb to convert to Islam, abandon her country and Jewish faith, and embrace a life of exile in Pakistan? The Convert tells the story of how Margaret Marcus of Larchmont became Maryam Jameelah of Lahore, one of the most trenchant and celebrated voices of Islam's argument with the West. A cache of Maryam's letters to her parents in the archives of the New York Public Library sends the acclaimed biographer Deborah Baker on her own odyssey into the labyrinthine heart of twentieth-century Islam. Casting a shadow over these letters is the mysterious figure of Mawlana Abul Ala Mawdudi, both Maryam's adoptive father and the man who laid the intellectual foundations for militant Islam. As she assembles the pieces of a singularly perplexing life, Baker finds herself captive to questions raised by Maryam's journey. Is her story just another bleak chapter in a so-called clash of civilizations? Or does it signify something else entirely? And then there's this: Is the life depicted in Maryam's letters home and in her books an honest reflection of the one she lived? Like many compelling and true tales, The Convert is stranger than fiction. It is a gripping account of a life lived on the radical edge and a profound meditation on the cultural conflicts that frustrate mutual understanding.

In autumn 2001, U.S. and NATO troops were deployed to Afghanistan to unseat the Taliban rulers, repressive Islamic fundamentalists who had lent active support to Osama bin Laden's Al-Qaeda jihadists. The NATO forces defeated and dismantled the Taliban government, scattering its remnants across the country. But despite a more than decade-long attempt to eradicate them, the Taliban endured—regrouping and reestablishing themselves as a significant insurgent movement. Gradually they have regained control of large portions of Afghanistan even as U.S. troops are preparing to depart from the region. In his authoritative and highly readable account, author Hassan Abbas examines how the Taliban not only survived but adapted to their situation in order to regain power and political advantage. Abbas traces the roots of religious extremism in the area and analyzes the Taliban's support base within Pakistan's Federally Administered Tribal Areas. In addition, he explores the roles that Western policies and military decision making—not to mention corruption and incompetence in Kabul—have played in enabling the Taliban's return to power.

With a definitive new introduction by the author, 'Qabalah of 50 Gates' delves into the lore of the internal journey of the initiate along the lines of the Yetzirahtic story telling tradition, incorporating symbolism from the mythos-cycle of Golden Dawn Hermetics, Aleister Crowley's 'Thelema' and the mercurial methodology of Gurdjieff. This book has its roots in the Golden Dawn tradition of Magick and Alchemy, drawing upon the legends of the mediaeval alchemic philosophers, the infinity-mathematics of Georg Cantor and the eternal wisdom of the Tantric, Hermetic and Rosicrucian traditions. It is a tour de force of symbolic lore describing the experience of each of the 50 Gates of the Tree of Life which combine to present a puzzle within an enigma within a mystery. A new introduction by the author explains the symbolism featuring throughout the work.
