

Forex Trading The Bible 5 Books In 1 The Beginners Guide The Crash Course The Best Techniques Tips Tricks The Advanced Guide To Quickly Start And Make Immediate Cash With Forex Trading

This book includes 5 manuscripts: Day Trading Strategies, Forex for Beginners', Forex Advanced, Options for Beginners', and Options Trading for Advanced Traders. The complete guide to get started or improve trading performance. There are a lot of great investment options that you can choose. Some people like to work in real estate, some like to put the money into their retirement plan, and still, others are fans of starting their own business. Most of these will take some time and effort to get done though. If you would like to pick out an investment that can make you some money today, it is time to consider day trading. Forex Trading: A Beginner's Guide is for those of you who are just starting to consider trading forex but don't know where to start, given the abundance of information on the Internet. It is a good first book to read to gain an understanding of the very basics. When it comes to the daily trading amount for the various investment markets, the foreign exchange market, more commonly known as the forex market, blows everything else out of the water. Every day it averages roughly four trillion dollars which dwarfs what the New York Stock Exchange is able to put out by more than 1,000 percent. While it was off limits to private traders for decades, these days, there are a wide variety of different online forex trading platforms which means that the opportunity to profit from this massive market is open to anyone who is willing to put the time in to do it properly. If you are interested in learning more, then Forex: Proven Forex Trading Money Making Strategy - Just 30 Minutes a Day is the book you have been waiting for. Investing in the stock market can be a challenge. There are many different ways that you can invest in the market, but sometimes guessing the way that the market will go and the best way to make a profit is not the easiest. If you have been looking for a way to get into the stock market and make a good amount of money with limited risk, then it is time to take a look at options trading. Current studies estimate that the amount required to retire successfully is north of \$500,000 and growing each year. This is particularly disturbing as more than 60 percent of Americans are currently saving less than they should to meet their retirement goals. If you are looking for a way to prepare for your future, then Trading Options: Advanced Trading Strategies and Techniques is the book you have been waiting for. It doesn't matter if you are a seasoned stock market pro looking for a change of investment scenery or an investing novice who is anxious to get out there and start generating a return on your investment, with the detailed strategies provided inside, coupled with the insight it brings to the way the market works, you will likely see an improvement on your overall trade success rate sooner than you might expect. So, what are you waiting for? Take control of your financial future and buy this book today!

Are you tired of losing your hard-earned money to misguided forex trades? Do you dream of making a huge fortune to set yourself free financially, but don't have the time or the skills to execute superior trading strategies? If yes, then this book is just the thing for you!

A - 90 % of traders (or more) LOSE money consistently. B - 10% of traders (or less) MAKE money consistently. If you are in basket "A" there must be a reason. And most probably it's not your fault. If you are a complete beginner you are very lucky. Keep reading and give yourself a chance to make the change. Maybe you are here because you purchased another course or book and are still struggling to achieve the desired trading results. Or maybe you are a complete beginner and want to enter one of the most difficult fields in the world. Yes, it is true that it is really hard, but it is hard for a reason. The prize is huge. If you feel frustrated because you are not making money day in day out most probably it is not your fault. This industry is full of paradoxes and retail traders are instructed to do exactly what they are supposed to. They start with forex or stocks because they are the easiest financial products. To make money you need an edge, not the easiest products. Period. Take a peek at what you will get by purchasing this book: ? Easy and Detailed Description of Options and their Edges ? Pattern and Strategies for Day Trading with Options ? The Right Risk and Money Management Approach ? The Right Mindset and Trading Psychology ? Portfolio Construction If you are tired of wasting your time and money with useless courses and books and want to learn Day Trading using Options, then join the thousands of people who have already bought this book: Scroll this page up and BUY it.

The trading market has no "one-size-fits-all" key. Some traders think they can simply purchase Forex trading programs and similar to an ATM- all that they have to do is input a PIN and they get all their cash. No, this is not how it works. This is an actual market, and it is the biggest financial market worldwide, so you have to regard it like that. It is your decision if you want to be a part-time trader or you want to do it every day. You can even decide to make it a business - your trading business. If there is any secret actually, it is within your brain, and together with your mental awareness, control and accumulated skills and knowledge that you have acquired and the accordant alignment of

your objectives and actions, and expertise that is gained through a quality amount of constant practice till knowledge becomes instinctive wisdom. It is possible to learn to trade, however, the experience has to be acquired. It is developed personally through individual effort and comprehension. It does not just happen in one day. Like any other profession, trading also requires commitment. The theory is acceptable, but practice perfects your skills and combines all your previously acquired knowledge. One other important thing is to know that it is impossible to stop learning. Every day, there is a change in the market, and the Forex market like its traders, is constantly evolving. What you put in is what you would get. Certainly, you have to invest in your learning, you have to search for knowledge and someone that can guide you through trading in this market. I believe that after you have read the book, it would not be hard for you to decide that you want me to guide teach you more. This book gives a comprehensive guide on the following: - Forex Trading Basics - Elements Of Forex - Forex Trading On A Budget - The Position Trading Strategy - Developing Your Trading Plan - Think Before You Trade - Trading Strategies - Fundamental Analysis - Trading Journals - Engulfing Pattern Trading With 3ms Principles - Psychology Of Forex Trading - Tips For Success - FAQs On Forex Trading... AND MORE!!! Would You Like To Know More? Scroll to the top of the page and select the buy now button.

You've been Forex Trading for a while now and things are looking well, but you're ready for that next big step. Or maybe you feel that your current strategies just aren't working that well and you'd like to explore some more extensive options? Are you actually making as much money as you could be? Would you like to be making more? Pursuing and attaining that life of your dreams - you know the one where you don't have a boss and are working your own schedule from anywhere in the world - this is no longer the stuff of science fiction folks. As a matter of fact, more and more people are doing exactly this and large numbers of them are achieving it with Forex Trading. There is a long list of forex millionaires such as George Soros who has a net worth of \$8.3 billion and Bill Lipschutz who took \$12,000 inheritance and turned it into billions. From high-class businessmen to stay at home moms, and all the way to the 20-year-old backpackers in between, attaining this reality is something truly anyone can accomplish. It's the one investment strategy that has nearly limitless potential. It's the one pursuit that you can truly turn into a career of ease and bounty. Forex Trading, especially now in the year of 2020, is one of the greatest ways to free yourself from all of life's trivial stressors and achieve true financial freedom. In Advanced Forex Training - 3 Hour Crash Course you'll discover: A deeper look into what Forex Trading actually is and how you can use this information to garner massive success A larger level outlook at the most common currencies and currency pairs A simple guide to understanding all the equations every trader will ever need to know The significant role of psychology in successful investing A play by play guide through the necessary steps for starting a business The top 5 insights to avoid unnecessary setbacks Four of the most advanced trading strategies and how to use them the right way How to read and use the global marketplace to your advantage The #1 secret to success in Forex Trading How to prepare for loss and mitigate risk ... and so much more. Achieving financial freedom is not just for those super talented business folk with way too much time on their hands. It is, in fact, something that anyone in this day and age can achieve. Just look at the story of Shaun Benjamin. He had to abandon his engineering studies because of a lack of finances. Shortly after he became the world's youngest Forex millionaire at the age of 21. The number of people getting involved in Forex Trading is on the rise and they are all making a killing while you're still stuck wondering. Every day you wait you leave money on the table and someday the opportunity might be gone. You already know that Forex Trading has a lot of potential, and you've seen the beauty of its highs. Now it is time to turn all of it into a business and begin generating more wealth for yourself than you can currently imagine. If you're ready to achieve true financial freedom and take your trading strategies to a whole new level, then scroll up and click the "Add to Cart" button right now.

This book gives you an effective blueprint when trading the Forex Market, and one applicable to all markets. It focuses on the foundational aspects required of all successful traders and not on specific trading methods or strategies. Aspiring traders often put the cart before the horse, so to speak, and try to master techniques and strategies without having the foundations required to use these effectively. This is the equivalent of a beginner martial artist, a white belt, being provided black belt routines on their first day in the dojo. What are the chances that they'll be understood and that the student will be able to apply them? The Consistent FOREX Trading Blueprint provided in this book gives you nine key steps or components that will enable you to have a firm foundation of solid bedrock, one that you can then build upon and add to. It is the first "belt" in your quest towards mastery of the Forex Market, and even mastery of self. Written by traders and addressed to traders, the steps in this book have been proven to work by the authors, as well as by many successful traders in different markets. At the same time, their lack can be seen as the main reason for failure among the unsuccessful traders. Things like not having a plan, not journaling your trades, not reviewing them constantly, and other missteps can be easily avoided and, in fact, converted into the strengths behind your success in the markets. Take advantage of this book to fast-track your trading career. Start living your life, your way, by your rules, and not by someone else's. Take control of your life and your future. By using this book, you can successfully start trading in the world's largest market, one that trades in excess of \$5 trillion dollars each and every day, 24 hours a day, 5 and a half days a week. Join a community of intelligent people who let their money work for them, instead of them working for money. Learn one of the best skills you can master during times of uncertainty, the ability to produce money without depending on anyone else except yourself. And never forget that life is a journey, so make sure you continue taking steps in the right direction all the time. This book is but one step. albeit an important one. The future is yours. Reach out and grasp it. See you on the inside!

"Trade Like Pro., The Ultimate Trading Kit to Master Supply and Demand. Trade Like Professionals" The purpose of this book is to show you how to make money trading Forex like professionals. The book also features the power of using supply and demand concepts in trading Forex as well as a simplified step-by-step strategy to use with any trading style and on any market. Many people, all over the world, are trading Forex and making a living from it. Why not you? All you need is a computer and an Internet connection. You can do it from anywhere you want and also keep your day job while trading Forex. You don't need large sum of money to start in this business. What makes this book very interesting is that it teaches you how to read charts of any market without using indicators or technical analysis tools. A streamlined and highly effective approach to trading without indicators Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is suited to those traders looking to quickly achieve expertise with a trading method. Offers a simpler way for traders to make effective decisions using the price chart Based on coauthor Walter Peters method of trading and managing money almost exclusively without indicators Coauthor Alexander Nekritin is the CEO and President of TradersChoiceFX, one of the largest Forex introducing brokers in the world Naked Forex teaches traders how to profit the simple naked way!

The Candlestick trading bible is one of the most powerful trading systems in history. It was invented by Homma Munehisa. The father of candlestick chart patterns. This trader is considered to be the most successful trader in history, he was known as the God of markets in his days, his discovery made him more than \$10 billion in today's dollar. I have spent 10 years compiling, testing, organizing, and consistently updating this method to create my own new version, which is considered to be the easiest and most profitable trading system. The Candlestick trading bible is the trading method that is going to finally take your trading to where it should be, consistent, profitable, easy and requiring very little time and effort. This trading system is based on Japanese candlestick patterns in combination with technical analysis. All what you have to do is to spend as much time as you can to master the method that I am going to share with you and use it to trade any financial market. Learning Japanese candlestick is like learning a new language. Imagine you got a book which is written in a foreign language, you look at the pages but you get nothing from what is written. The same thing when it comes to financial markets. If you don't know how to read Japanese candlesticks, you will never be able to trade the market. Japanese candlesticks are the language of financial markets, if you get the skill of reading charts, you will understand what the market is telling you, and you will be able to make the right decision in the right time

As a brand new investor and trader with zero knowledge of the business you are at a loss as to what information you actually do and do not need. *Forex Market Timing Bible for Beginners* is for people who want to start their own business and become investors and traders in today's Forex financial markets, but have zero experience and are looking for the best quality information to get them started. The learning curve in the Forex trading business and it is a business can be long, brutal and very very expensive if you learn the wrong way. *Forex Market Timing Bible for Beginners* aims to tell you how to study it the right way the first time and greatly reduce that long learning curve by showing you what the market is really made of and who are actually in control of it and when they are in control of it. Brand new traders all make the same mistakes over and over because they don't know any better, now you do. They do what everyone else is doing and study what everyone else is studying thus they have the same results and failures as everyone else. Don't be that trader! If you can just take the time to read this information in this book, let it sink in and then continue on your educational journey you will have done yourself a huge favor and also begun to give yourself the needed edge to succeed in this business. When you are done reading *Forex Market Timing Bible for Beginners* you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education. The information in this book will put you on the fast track to becoming a successful self-directed investor and trader with very little money invested other than the cost of this book.

Douglas uncovers the underlying reasons for lack of consistency and helps traders overcome the ingrained mental habits that cost them money. He takes on the myths of the market and exposes them one by one teaching traders to look beyond random outcomes, to understand the true realities of risk, and to be comfortable with the "probabilities" of market movement that governs all market speculation.

Are you ready to dive into forex trading, but it's too complicated? Do you want to be bringing in more income, but you're nervous about losing your investment? You're scouting for books, so you're smart. But the Forex Trading market is designed to make a few select people rich by taking money from everyone else. If you want to be on the side that's building their wealth, then all you need to do is learn about how the market works, and how you can cash in to build an empire. When it comes to investing advice, nobody can predict the future. But all the top experts employ a few tried and true strategies to maximize the money they have in the game, and minimize the risk of losing anything. Money Analyst Peter Massy reveals how he has consistently brought huge returns to his clients, year after year after year. Forex TradingThe Bible This Book Includes: The Beginners Guide + the Crash Course + the Best Techniques + Tips and Tricks + the Advanced Guide to Get Quickly Started and Make Immediate Cash with Forex TradingCreatespace Independent Publishing Platform The emotions and mental states that dictate success or failure in Stock /Commodity and Forex Markets. Trading psychology refers to the aspects of an individual's mental makeup that help determine whether he or she will be successful in buying and selling securities for a profit. Trading psychology is as important as other attributes such as knowledge, experience and skill in determining trading success. Discipline and risk-taking are two of the most critical aspects of trading psychology, since a trader's implementation of these aspects is critical to the success of his or her trading plan. While fear and greed are the two most commonly known emotions associated with trading psychology, other emotions that drive trading behaviour are hope and regret. In this book on trading psychology, you will learn: • The importance of controlling your emotions when making trading decisions • How to master self-discipline and stick to a trading plan • How to learn from mistakes so you do not repeat them • How to refine your skills through simulated paper trading without risking money • How to have a confident mindset while maintaining a flexible and open mind when trading The best traders are always looking for an edge. Sometimes, the largest obstacle between you and trading successfully is yourself. Success can be more about your mindset and less about the markets. From managing and evaluating your own performance to setting rules and sticking to them, these titles will help you create and stick to a trading plan, manage stress, address risk, and not be derailed by emotions or preconceptions.

"How to Trade Forex and Currency Markets: A Beginner's Guide to Professional Forex Trading" is a practical and easy-to-follow workbook for people interested in forex (foreign exchange) trading. Geared for newcomers to currency trading, the book takes its readers through the fundamentals of the market and provides easily-understood explanations of basic principles and terminology. One particularly interesting feature that distinguishes Zac Zarr's book from other publications on forex trading is that it provides its readers with a novel way of gaining insight into market developments. As Zarr points out early in the book, forex trading is the playground of two basic types of traders: individuals like Zarr (and presumably his readers), and what he terms the "big players." It's a dramatically uneven playing field, pitting relatively inexperienced amateurs trading alone with their own limited funds against corporate professionals trading with the advice and copious budgets of their employers. The ability of these solitary traders to influence the directions of markets is negligible, while the big players have the money and the volume to place their collective hands on the steering wheel. So, Zarr concluded early in his ten-year trading career, if you can't beat them, join them - not by applying for a job with your corporate competitors, but by getting inside their heads and figuring out how they think. That way, you can not only understand their moves, you can also anticipate them. Unlike some of his counterparts, Zac Zarr is no snake oil salesman. He offers no wild promises of amazing profits for just following a few simple directions. Zarr does, however, establish a warm and empathetic relationship with his readers as he provides straightforward step-by-step explanations with hundreds of examples based on his own real-life forex trading experiences. Although "How to Trade Forex and Currency Markets: A Beginner's Guide to Professional Forex Trading" was written primarily for beginners, it's a book that many veteran traders will also want to read to gain new insights into the workings of currency markets.

Forex guide for beginners. How to interpret candle sticks

FOREX TRADING: Tips And Tricks To Start Right, Avoid Mistakes And Win With Forex Trading Get ready to find out the tips and tricks, you need to make a profit in forex. There are too many mistakes you can make in forex to just enter an opening trade and hoping for a profit to reward you. Take the gambling out of forex that others have been known to do. You owe it to yourself and the hard work you have done to earn income in your life to risk it all on one or two trades. Yes, it might be an emotional high as you make huge amounts of money on the first couple of trades, but what happens when you make a mistake because you didn't know about it? You didn't know that you should do this or that before risking your money? Don't follow in the footsteps of the forex naysayers. Instead, get this book that is going to teach you what you can do to avoid the mistakes and make a profit. There are ways to start right and ways to go completely wrong in the market. You will begin by learning: 1. The difference between a market and limit order 2. When to enter the market 3. When to exit the market 4. When to let the trade ride for better profit The early chapters focus on tips and information that will help you develop a trading plan for you. It is not going to tell you how to trade, such as enter when the price is 1.1180 with a market order. No! It is going to tell you to assess the market, look for an entry point, and lower your risk by managing your trade right. This book also contains details about: Time Frames Currencies to Trade Paper Money Accounts for Practice And other Tips Don't let yourself fall into the same holes as other retail investors. Get started right. Find out what a paper money can do for you that trading with your hard-earned income cannot. Discover why you should never stop assessing the market even after you have placed a trade. You have it in you to trade with success. You can make a profit with forex trading. But, you cannot be the person who makes the biggest, most common mistakes, and make a profit. You have to be realistic in your goals. Enter the market with your eyes open and know what the savvy investors do to win. You'll find all of this and much more within the pages of this book. Don't waste a moment longer. Discover what you need to know to have more profit overall than losses as you trade in the forex market. You owe it to yourself to get this quick guide to forex trading for a better start and more profit."

"[An] extraordinary tale"—Wall Street Journal "Compelling [and] engaging"—Financial Times "Magnificently detailed yet pacy...Think Trading Places meets Wall Street"—Sunday Times (UK) The riveting story of a trading prodigy who amassed \$70 million from his childhood bedroom—until the US government accused him of helping trigger an unprecedented market collapse On May 6, 2010, financial markets around the world tumbled simultaneously and without warning. In the span of five minutes, a trillion dollars of valuation was lost. The Flash Crash, as it became known, represented what was then the fastest drop in market history. When share values rebounded less than half an hour later, experts around the globe were left perplexed. What had they just witnessed? Navinder Singh Sarao hardly seemed like a man who would shake the world's financial markets to their core. Raised in a working-class neighborhood in West London, Nav was a preternaturally gifted trader who played the markets like a computer game. By the age of thirty, he had left behind London's "trading arcades," working instead out of his childhood home. For years the money poured in. But when lightning-fast electronic traders infiltrated markets and started eating into his profits, Nav built a system of his own to fight back. It worked—until 2015, when the FBI arrived at his door. Depending on whom you ask, Sarao was a scourge, a symbol of a financial system run horribly amok, or a folk hero who took on the tyranny of Wall Street and the high-frequency

traders. A real-life financial thriller, Flash Crash uncovers the remarkable, behind-the-scenes narrative of a mystifying market crash, a globe-spanning investigation into international fraud, and a man at the center of them both.

Do you want to learn how you can make more than a full time job with trading forex? If so then keep reading... Do you have problems with learning chart analysis? Over complicating trading process? Trading too often? Or overleveraging/ poor money management? If you do, within this book many of the top leaders in the field have shared their knowledge on how to overcome these problems and more, most of which have 10+ years worth experience. FOREX TRADING: The Advanced Guide that Will Make You the KING of Forex Trading Do you want to be in a position where you're trading stocks on one of the most fast-paced markets in the entire world? Not only that, but do you want to be trading these stocks in a way that guarantees that you'll find success through these avenues over a long-term period of time? If you've answered yes to either of these questions, then it's definitely time for you to purchase the book Forex Trading: The Advanced Guide that Will Make You the KING of Forex Trading right now! This book is filled to the brim with information that will take your forex trading strategies to the next level. Not only does this book discuss advanced forex market trading strategies, but it does so in a way that can guarantee that it will not bore you to tears. I know that there are plenty of books on the market that cover the topic of forex trading, but how many of them can make that promise to you? Maybe you've decided that you enjoy trading on the stock market, but you are tired of the conventionality that you've found and you're ready for more excitement. Or maybe you are just interested in knowing how everything works, and you haven't yet put yourself out there to trade in any way shape or form. Either way, this book can be for you; however, there is one important note to make here. This is not a beginner's guide. Rather, it's an advanced guide that has been written in conjunction with my first book on the topic. The first book is titled, Forex Trading: A Crash Course to Get Quickly Started and Make Immediate Cash with FOREX Trading. If you have not yet read that first book, then it's strongly advised that you do so before venturing into the virtual pages of this one. This way, you will have all of the information that you need to make this book as useful to you as humanly possible. Imagine a life where the work that you do is complimented and supported by the exciting world of forex trading. You are able to keep your day job, yet still supplement your income in a way that is always keeping you on the edge of your seat. Of course, this type of lifestyle would not be nearly as exciting if you were constantly losing money, which is why you need this book in your life. This book has the ability to take your forex trading goals to the next level. All you have to do is give in to its lure and purchase it. It really is that simple. The pages in this book guarantee to teach you the following: Advanced forex trading strategies Provide you with information on how to use technical indicators and advanced analytical tools Discuss the advantages and the risks that are associated with forex trading Show you how to decipher forex economic theories and forex advanced forex models Give you useful information on the history of the forex market and how the veteran market participants interact with the market today You'll learn about the information that's provided above as well as so much more! What are you waiting for? This is the best book on the market regarding the topic of options trading, hands down! Don't delay. Purchase the book Forex Trading: The Advanced Guide That Will Make You the KING of Forex Trading immediately! Trading Bible 6 Books in 1 The most comprehensive guide all in one! Inside you will find: Cryptocurrency Trading - This book was written for both beginners and experienced traders who wish to learn something new. It is straightforward and easy to comprehend. It also contains examples that can help you understand concepts better. Stock Market Investing for Beginners - The stock market is neither a mythical place beyond human understanding, nor a place reserved for people with special genetics. The

investors who have made a fortune out of stock market are average people like everyone else except they took their time to understand everything before trying to get in the game. Day Trading Beginner Guide + Options - offers everything you need to know about day trading, from setting up your devices, choosing the right brokerage platform, to reading MACD indicators for technical analysis. This book also features several sections dedicated for the best tradable assets for scalpers, speculators, and day traders. Forex Trading for Beginners - Divided into 4 chapters, this ebook is meticulously crafted to address the needs of anyone who wishes to attain Forex knowledge in the quickest and most comprehensive way possible. The book's table of content is designed to be as short and concise as possible to make it easier for the reader to navigate through the pages. Options Trading Crash Course - For starters, you will develop self-awareness, self-discipline, and self-confidence among other traits. The skills you developed through options trading can also be applied in other areas such as entrepreneurship. Swing Trading for Beginners - How successful you are at swing trading does not depend on the number of hours you put into it, but rather your overall skills and discipline as a trader. This book shall help you get started on the right track and then progress into the more advanced level later on. Each chapter contains a thorough discussion of the general principles of swing trading so that you will have a solid foundation where you could build and develop your trading strategies and plan.

Play the forex markets to win with this invaluable guide to strategy and analysis Day Trading and Swing Trading the Currency Market gives forex traders the strategies and skills they need to approach this highly competitive arena on an equal footing with major institutions. Now in its third edition, this invaluable guide provides the latest statistics, data, and analysis of recent events, giving you the most up-to-date picture of the state of the fast-moving foreign exchange markets. You'll learn how the interbank currency markets work, and how to borrow strategy from the biggest players to profit from trends. Clear and comprehensive, this book describes the technical and fundamental strategies that allow individual traders to compete with bank traders, and gives you comprehensive explanations of strategies involving intermarket relationships, interest rate differentials, option volatilities, news events, and more. The companion website gives you access to video seminars on how to be a better trader, providing another leg up in this competitive market. The multi-billion-dollar foreign exchange market is the most actively traded market in the world. With online trading platforms now offering retail traders direct access to the interbank foreign exchange market, there's never been a better time for individuals to learn the ropes of this somewhat secretive area. This book is your complete guide to forex trading, equipping you to play with the big guys and win—on your own terms. Understand how the foreign currency markets work, and the forces that move them Analyze the market to profit from short-term swings using time-tested strategies Learn a variety of technical trades for navigating overbought or oversold markets Examine the unique characteristics of various currency pairs Many of the world's most successful traders have made the bulk of their winnings in the currency market, and now it's your turn. Day Trading and Swing Trading the Currency Market is the must-have guide for all foreign exchange traders.

This well-thought-out training regimen begins with an in-depth look at the necessary tools of the trade including your scanner, software and platform; and then moves to practical advice on subjects such as how to find the right stocks to trade, how to define support and resistance levels, and how to best manage your trades in the stress of the moment. An extensive review of proven trading strategies follows, all amply illustrated with real examples from recent trades. Risk management is addressed including tips on how to determine proper entry, profit targets and stop losses. Lastly, to bring it all together, there's a "behind the scenes" look at the author's thought process as he walks you through a number of trades. While aimed at the reader with some exposure to day trading, the novice trader will also find much useful information, easily explained, on the pages within. In this book, you'll learn...*

- How to start day trading as a business*
- How to day trade stocks, not gamble on them*
- How to choose a direct access broker, and required tools and platforms*
- How to plan important day trading strategies*
- How to execute each trading strategies in detail: entry, exit, stop loss*
- How to manage the trading plan

In High Probability Trading Strategies, author and well-known trading educator Robert Miner skillfully outlines every aspect of a practical trading plan—from entry to exit—that he has developed over the course of his distinguished twenty-plus-year career. The result is a complete approach to trading that will allow you to trade confidently in a variety of markets and time frames. Written with the serious trader in mind, this reliable resource details a proven approach to analyzing market behavior, identifying profitable trade setups, and executing and managing trades—from entry to exit.

"Guy Cohen is the master when it comes to taming the complexities of options. From buying calls and puts to iron butterflies and condors, Guy explains these strategies in a clear and concise manner that options traders of any level can understand. His chapter on options and taxes is especially welcomed (and needed). Can you answer the following two questions? * Why do currencies move in the manner that they do?* How can you make a profit off those movements?It's okay that you may have a partial answer or feel that you may be incorrect in your thoughts. You are a beginner in the forex market. You are trying to find a forex trading guide that will help answer your questions and turn your investment desires into profit. You should read this book if:1. You have time to study the forex market conditions and learn about currency movements.2. You have the energy to keep up with your chosen investment strategy.3. You are able to turn your emotions off and realize that not all trades are profitable.4. You know there are no magic solutions and one-size-fits-all strategies.This book is going to teach you many concepts about forex trading, including three strategies you can employ, as well as the best choice strategy. The topics you will learn include:1. The definition of forex trading.2. The players and when to trade.3. What to trade.4. What pips are and the pip spread.5. Common mistakes.6. The fundamental strategy.7. The technical strategy.8. The best trading strategy.At the end of this book, you will know:* Your risk aversion.* How to enter and exit a trade position with less risk.* How to avoid the mistakes other beginners and some long term traders make. You owe it to yourself to understand the market, how it moves, why it moves, and who the players are, so you can make a profit most of the time. No one wins each time, but you can have a profit at the end of the year, with fewer losses if you take the suggestions in this book to heart. You have what it takes to be a forex trader. You do not need to fear what others say about the market being complicated and too risky because you are starting out right. You know that you need information before you jump in with your hard earned capital. Start now. Don't delay. You can be earning money within the month with forex (based on your learning rate). You can also take a year to learn the concepts, study the market, and start making money. No one is going to shame you because you raced to finish the book or took your time. You will know when you are ready to invest and make a profit. Forex is waiting for you along with the piece of profit you can gain with the \$4 trillion traded each day in the market.
