When it comes to social work practice in community outreach programs, in juvenile detention centres, in prisons, in parole and probation programs, and in the inner cities, Melvin Delgado asks the question: Where are all the young men and women of color? Although many urban residents, especially persons of color, are or have been involved in the juvenile and/or criminal justice system, the topic of criminal offenders and ex-offenders has been much neglected by the human services literature. This book stands as the only work to discuss correctional supervision and the needs of individuals in a nonprescriptive manner, marking a shift toward a capacity enhancement, or strengths perspective, approach—specifically what are the strengths of individuals and how can they capitalize on them? Delgado includes a section of reflections from the field that applies capacity enhancement principles and methods to case studies.

Presenting both beginner and advanced steps, Terry includes handy checklists and tables for easy reference, ways to get involved in larger community actions, and profiles of individuals—Plastic-Free Heroes—who have gone beyond personal solutions to create change on a larger scale. Fully updated for the paperback edition, *Plastic-Free* also includes sections on letting go of eco-guilt, strategies for coping with overwhelming problems, and ways to relate to other people who aren't as far along on the plastic-free path. Both a practical guide and the story of a personal journey from helplessness to empowerment, *Plastic-Free* is a must-read for those concerned about the ongoing health and happiness of themselves, their children, and the planet.
