

Handbook Of Hospitality Human Resources Management Handbooks Of Hospitality Management Vol 4

The hospitality and tourism sector is an increasingly significant contributor to GDP worldwide, as well as a key source of employment in developing regions. Drawing on contemporary research, this Handbook provides a provocative review of the major human resource challenges facing the hospitality and tourism sector today.

Human Resources Management in the Hospitality Industry John Wiley & Sons

Human Resource Development Relies Upon a Strong Educational Foundation In the Handbook of Human Resource Development, Neal Chalofsky, Tonette Rocco, and Michael Lane Morris have compiled a collection of chapters sponsored by the Academy of Human Resource Development to address the fundamental concepts and issues that HR professionals face daily. The chapters are written and supported by professionals who offer a wide range of experience and who represent the industry from varying international and demographic perspectives. Topics addressed form a comprehensive view of the HRD field and answer a number of key questions. Nationally and internationally, how does HRD stand with regard to academic study and research? What is its place in the professional world? What are the philosophies, values, and critical perspectives driving HRD forward? What theories, research initiatives, and other ideas are required to understand HRD and function successfully within this field? As the industry grows, what are the challenges and important issues that professionals expect to face? What hot topics are occupying these professionals now? The Handbook's insight and guidelines allows students and HR professionals to build a fundamental understanding of HRD as an industry, as a field of research, and for future professional success.

Handbook of Hospitality Human Resources Management is an authoritative resource comprising an edited collection of papers, which review and discuss this crucial aspect of hospitality, whilst illustrating how theories and concepts can be applied to the hospitality industry. Written by internationally recognized practitioners and academics, this book provides thorough reviews and discussions. The depth and coverage of each topic is unprecedented. A must-read for hospitality researchers and educators, students and industry practitioners.

This handbook analyzes the main issues in the field of hospitality marketing by focusing on past, present and future challenges and trends from a multidisciplinary global perspective. The book uniquely combines both theoretical and practical approaches in debating some of the most important marketing issues faced by the hospitality industry. Parts I and II define and examine the main hospitality marketing concepts and methodologies. Part III offers a comprehensive review of the development of hospitality marketing over the years. The remaining parts (IV–IX) address key cutting-edge marketing issues such as innovation in hospitality, sustainability, social media, peer-to-peer applications, Web 3.0 etc. in a wide variety of hospitality settings. In addition, this book provides a platform for debate and critical evaluation that enables the reader to learn from the industry's past mistakes as well as future opportunities. The handbook is international in its constitution as it attempts to examine marketing issues, challenges and trends globally, drawing on the knowledge of experts from around the world. Because of the nature of hospitality, which often makes it inseparable from other industries such as tourism, events, sports and even retail, the book has a multidisciplinary approach that will appeal to these disciplines as well as others including management, human resources, technology, consumer behavior and anthropology.

Hospitality is an industry characterised by its complex nature and numerous sectors including hotels, hostels, B&Bs, restaurants, pubs, nightclubs and contract catering. However, despite its segmentation, there are key issues that are pertinent to all subsectors. The Routledge Handbook of Hospitality Management adopts a strategic approach and explores and critically evaluates current debates, issues and controversies to enable the reader to learn from the industry's past mistakes as well as future opportunities. Especially relevant at a time when many sectors of the industry have to re - evaluate and reinvent themselves in response to the economic downturn the Handbook brings together specialists from both industry and academia and from a range of geographical regions to provide state-of-the-art theoretical reflection and empirical research. Each of the five inter related sections explores and evaluates issues that are of extreme importance to hospitality organisations, many of which have not been adequately explored before: external and internal customers, debates surrounding finance, uncertainty risk and conflict, sustainability, and e-Hospitality and Technology. This book is an invaluable resource for all those with an interest in hospitality, encouraging dialogue across disciplinary boundaries and areas of study. It is essential reading for students, researchers & academics and managers of Hospitality as well as those of Tourism, Events, Marketing, and Business Management.

The field of human resource development; Human resource development; Managing the HRD function; Financial aspects of HRD; The learning environment: its critical importance to successful meetings; The consulting function of the human resource development professional; Adult learning: theory and practice; Designing learning programs; Instructing; Instructional strategies: nonmedia; Instructional strategies: media; Computer - based learning; Evaluation of HRD programs: quantitative; Professional growth for HRD staff; Program areas of HRD; Sales programs; Executive management, and supervisory programs; Technical programs; The federal government; Schools; Special populations; Organized labor; International areas of HRD; Human resource areas related to HRD.

Human Resource Management (HRM) is fundamentally shaped by institutional and cultural factors, such as the different political environments and social philosophies of particular countries and regions. By examining the various organizational aspects of business life and systems of people management in Asia, the study of HRM across the continent can, therefore, give us a greater understanding of Asian societies, as well as the contemporary world of work more generally. This handbook provides an up-to-date and intellectually engaging overview of HRM in the Asian context. Distinctive in its comprehensive coverage of traditional as well as emerging topics of HRM, it analyzes important themes, such as the regulatory framework for work and employment, religiosity, family business, and gender. Using a comparative approach, it also effectively highlights the unique features of each country's attitudes towards HRM. Covering a range of themes and case studies, sections include: • Institutional and cultural contexts, • Labour regulation and industrial relations, • Thematic and functional HRM, • HRM in selected Asian countries, such as China, Japan, Vietnam, India, and Singapore. Written in a highly accessible style, this book will be useful to students and scholars of Human Resource Management, Asian Business, Economics, and Sociology.

This handbook consists of 19 chapters that critically review mainstream hospitality marketing research topics and set directions for future research efforts. Internationally recognized leading researchers

provide thorough reviews and discussions, reviewing hospitality marketing research by topic, as well as illustrating how theories and concepts can be applied in the hospitality industry. The depth and coverage of each topic is unprecedented. A must-read for hospitality researchers and educators, students and industry practitioners.

At last, a comprehensive, systematically organized Handbook which gives a reliable and critical guide to all aspects of one of the world's leading industries: the hospitality industry. The book focuses on key aspects of the hospitality management curriculum, research and practice bringing together leading scholars throughout the world. Each essay examines a theme or functional aspect of hospitality management and offers a critical overview of the principle ideas and issues that have contributed, and continue to contribute, within it. Topics include: • The nature of hospitality and hospitality management • The relationship of hospitality management to tourism, leisure and education provision • The current state of development of the international hospitality business • The core activities of food, beverage and accommodation management • Research strategies in hospitality management • Innovation and entrepreneurship trends • The role of information technology

The SAGE Handbook of Hospitality Management constitutes a single, comprehensive source of reference which will satisfy the information needs of both specialists in the field and non-specialists who require a contemporary introduction to the hospitality industry and its analysis. Bob Brotherton formerly taught students of Hospitality and Tourism at Manchester Metropolitan University. He has also taught Research Methods to Hospitality and Tourism students at a number of international institutions as a visiting lecturer; Roy C. Wood is based in the Oberoi Centre of Learning and Development, India

In this thoroughly updated edition of a classic reference, Stephen E. Condrey brings together leading experts in public administration and HR management to detail how you can: Move beyond your often limited problem-solving role as an HR manager and demonstrate how you can play a more strategic role in your organization. Deal with crucial issues such as diversity, EEO regulations and other legal issues, compensation, sexual harassment, and performance appraisal. Expand your ability to maximize productivity, efficiency, and employee satisfaction. Develop budgets, use volunteers, and employ consultants. Also included with purchase is a free supplemental on-line Instructor's Manual. Order your copy now!

The tourism industry is an industry of people and is directly dependent on the performance of activities, skills, professionalism, quality, and competitiveness. Approaching the perspective of people management stresses the need to humanize companies, making empowerment and commitment easier. These are key to setting "talents" and, more importantly, to encouraging these individuals to put their creative capacities to the service of the companies for which they work. Only by being collaborative internally does business gain competitive capacity in the global marketplace. This aspect is crucial in tourism in the face of strong and growing competition in the sector. Human Capital and People Management in the Tourism Industry is a crucial reference source that reveals groundbreaking human resource policies for tourism destinations, revolutionary human capital managerial business approaches in tourism, innovative tourism training perspectives, and new tourism qualification prospects. Featuring research on topics such as intellectual capital, human resource management, and financial performance, this book is ideally designed for business managers, entrepreneurs, human resource officers, industry professionals, academicians, students, and researchers.

This book provides a clear roadmap for the roles workers and leaders in business, labor, education, and government must play in building a new social contract for all to prosper. It is a call to action for a collaborative effort to develop both high-quality jobs and strong, successful businesses while simultaneously overcoming the deep social and economic divisions that are all too apparent in society today. Written by two leading and trusted experts in the field of employment and work from MIT and Cornell University, this book is a practical, action-oriented guide. Readers will feel empowered to take actions needed to shape a better future of work for themselves, their employees, their co-workers, and others they may represent. It emphasizes the need to fix America's broken social contract and reimagine a new one. The most important message of this book is that we have the ability to shape the work of the future by harnessing the power of new technologies. The book is essential reading for business executives, labor leaders and workforce advocates, government policy makers, politicians, and anyone who is interested in using emerging knowledge and technologies to drive innovation, creating high-quality jobs, and shaping a more broadly shared prosperity.

As an increasing number of individuals go to work in the nonprofit sector, nonprofit managers need support on how best to build their human resource management capacity. They need to know what systems to examine, what questions to ask, and how to ensure they are managing people in a legal manner and as effectively as possible given their particular resource constraints. Important questions include: Do we have a clear philosophy, one that aligns with our nonprofit mission and values and allows us to treat our employees as the professionals they are? How do we select, develop, and retain the best people who will produce high value, high performance work, and how do we do so with limited resources? How do we effectively manage our mix of volunteers and paid staff? What do we need to consider to ensure diverse people work together in a harmonious fashion? With all-new chapters written by the top scholars in the field of nonprofit HRM, these are but a few of the many questions that are addressed in this timely volume. These scholars delve into their particular areas of expertise, offering a comprehensive look at theories and trends; legal and ethical issues; how to build HRM from recruitment, management, labor relations, to training and appraisal; as well as topics in diversity, technology, and paid versus volunteer workforce management. This essential handbook offers all core topic coverage as well as countless insider insights, additional resource lists, and tool sets for practical application. With chapters grounded in existing research, but also connecting research to practice for those in the field, The Nonprofit Human Resource Management Handbook will be required reading for a generation of scholars, students, and practitioners of nonprofit human resource management.

In these times of change and disruption, HR must adapt, fast. But how can HR professionals critically assess their current processes and activities to identify what areas they need to think differently about in order to drive business results? This book provides the answers to enable all aspects of the people function to perform to their full potential. Redefining HR is a refreshing take on the evolution of the field of Human Resources and People Operations. It's an in-depth guide to the fundamental components of modern HR, and provides a tangible framework of progressive ideas and practices for HR practitioners, people leaders, and business executives. This is not a theoretical examination of HR. This is a book for practitioners, with insights from people professionals at the leading edge of HR's transformation from companies including Hubspot, Reddit, Stripe, Mastercard, Eventbrite, VaynerMedia, Asana. Written by a leading innovator in the HR industry, this book illuminates new perspectives and approaches for rethinking recruitment, talent management, performance and reward to save time, reduce costs and achieve greater business success. It covers key HR practices including diversity and inclusion, people analytics, learning and development (L&D) and employee experience and is supported by global case studies from organizations including Siemens, Upwork, CVS, Schneider Electric, Delivery Hero, and more. Redefining HR is an essential resource for all HR professionals business leaders wanting to create an exceptional people management function.

The Oxford Handbook of Talent Management offers academic researchers, advanced postgraduate students, and reflective practitioners a state-of-the-art overview of the key themes, topics, and debates in talent management. The Handbook is designed with a multi-disciplinary perspective in mind and draws upon perspectives from, inter alia, human resource management, psychology, and strategy to chart the topography of the area of talent management and to establish the base of knowledge in the field. Furthermore, each chapter concludes by identifying key gaps in our understanding of the area of focus. The Handbook is ambitious in its scope, with 28 chapters structured around five sections. These include the context of talent management, talent and performance, talent teams and networks, managing talent flows, and contemporary issues in talent management. Each chapter is written by a leading international scholar in the area and thus the volume represents the authoritative reference for anyone working in

the area of talent management.

Changing an organization from a mass manufacturing environment to a lean environment is significant and affects all levels of the company if the implementation is done correctly. Many times, however, lean implementers become so involved with the nuts and bolts of lean implementation that the "people" side of the business is neglected. Transform your HR Department into an Agent of Change during Lean Implementation. With an HR perspective, veteran consultants Chris Harris and Rick Harris walk readers through a simple, step-by-step proven method for transforming a mass production workforce into a lean thinking one that possesses the necessary skills, training, and attitude to march in a new direction. They explain the role of human resources in a lean-oriented facility, emphasizing systematic training that continues for all employees. They also discuss the value of promoting employees from within a facility to team leader and group leader positions, and the importance of flexibility. This critically acclaimed book includes sample training sessions with explanations. Most of us are now far enough down the path in lean production to realize that the results lie in the details. This short volume presents all of the details you will need to create a frontline workforce and system of direct supervision that can effectively plan, do, reflect, and adjust, as you move your own operations steadily ahead. --James Womack, Chairman, Lean Enterprise Institute

Strategic Management for Tourism, Hospitality and Events is the must-have text for students approaching this subject for the first time. It introduces students to fundamental strategic management principles in a Tourism, Hospitality and Events context and brings theory to life by integrating a host of industry-based case studies and examples throughout. Among the new features and topics included in this edition are: Extended coverage to Hospitality and Events to reflect the increasing need and importance of a combined sector approach to strategy New international Tourism, Hospitality and Events case studies from both SME's and large-scale businesses are integrated throughout to show applications of strategic management theory, such as objectives, products and markets and strategic implementation. Longer combined sector case studies are also included at the end of the book for seminar work. New content on emerging strategic issues affecting the tourism ,hospitality and events industries, such as innovation, employment, culture and sustainability Web Support for tutors and students providing explanation and guidelines for instructors on how to use the textbook and case studies, additional exercises, case studies and video links for students. This book is written in an accessible and engaging style and structured logically with useful features throughout to aid students' learning and understanding. This book is an essential resource to Tourism, Hospitality and Events students.

The new edition of this SAGE Handbook builds on the success of the first by providing a fully updated and expanded overview of the field of human resource management. Bringing together contributions from leading international scholars - and with brand new chapters on key emerging topics such as talent management, engagement , e-HRM and big data - the Handbook focuses on familiarising the reader with the fundamentals of applied human resource management, while contextualizing practice within wider theoretical considerations. Internationally minded chapters combine a critical overview with discussion of key debates and research, as well as comprehensively dealing with important emerging interests. The second edition of this Handbook remains an indispensable resource for advanced students and researchers in the field. PART 01: Context of Human Resource Management PART 02: Fundamentals of Human Resource Management PART 03: Contemporary Issues

This book approaches hospitality human resource (HR) management as a decision-making practice that affects the performance, quality, and legal compliance of the hospitality business as a whole. Beginning with a foundation in the hospitality industry, employment law, and HR policies, the coverage includes recruitment, training, compensation, performance appraisal, environmental and safety concerns, ethics and social responsibility, and special issues. Throughout the book, Human Resources Management in the Hospitality Industry focuses on the unique HR dilemmas you face in the hospitality industry.

In recent years there has been a growing interest in the study of hospitality as a social phenomenon. This interest has tended to arrive from two communities. The first comprises hospitality academics interested in exploring the wider meanings of hospitality as a way of better understanding guest and host relations and its implications for commercial settings. The second comprises social scientists using hosts and guests as a metaphor for understanding the relationship between host communities and guests as people from outside the community – migrants, asylum seekers and illegal immigrants. The Routledge Handbook of Hospitality Studies encourages both the study of hospitality as a human phenomenon and the study for hospitality as an industrial activity embracing the service of food, drink and accommodation. Developed from specifically commissioned original contributions from recognised authors in the field, it is the most up-to-date and definitive resource on the subject. The volume is divided into four parts: the first looks at ways of seeing hospitality from an array of social science disciplines; the second highlights the experiences of hospitality from different guest perspectives; the third explores the need to be hospitable through various time periods and social structures, and across the globe; while the final section deals with the notions of sustainability and hospitality. This handbook is interdisciplinary in coverage and is also international in scope through authorship and content. The 'state-of-the-art' orientation of the book is achieved through a critical view of current debates and controversies in the field as well as future research issues and trends. It is designed to be a benchmark for any future assessment of the field and its development. This handbook offers the reader a comprehensive synthesis of this discipline, conveying the latest thinking, issues and research. It will be an invaluable resource for all those with an interest in hospitality, encouraging dialogue across disciplinary boundaries and areas of study.

This second edition of the Handbook of Employee Selection has been revised and updated throughout to reflect current thinking on the state of science and practice in employee selection. In this volume, a diverse group of recognized scholars inside and outside the United States balance theory, research, and practice, often taking a global perspective. Divided into eight parts, chapters cover issues associated with measurement, such as validity and reliability, as well as practical concerns around the development of appropriate selection procedures and implementation of selection programs. Several chapters discuss the measurement of various constructs commonly used as predictors, and other chapters confront criterion measures that are used in test validation. Additional sections include chapters that focus on ethical and legal concerns and testing for certain types of jobs (e.g., blue collar jobs). The second edition features a new section on technology and employee selection. The Handbook of Employee Selection, Second Edition provides an indispensable reference for scholars, researchers, graduate students, and professionals in industrial and organizational psychology, human resource management, and related fields.

This state-of-the-art handbook approaches the topics of hospitality strategy with an emphasis on immediate application of ideas to current practice. Top hospitality scholars make original contributions with the inclusion of senior level executives input, insights and current best practices. By incorporating the latest research and thinking on various strategic topics with the commentary and insights of successful executives this handbook blends cutting edge ideas and comprehensive reviews of the subject with innovative illustrations and examples from practice. The strength of the handbook is its combination of academic rigour and hospitality application. The handbook will have a clear reference orientation and focus on key topical issues and problem of interest to practitioners and advanced students of hospitality strategy.

The hospitality and tourism sector is an increasingly significant contributor to GDP worldwide, as well as a key source of employment in developing regions. Drawing on contemporary research, this Handbook

provides a provocative review of the major human resource challenges facing the hospitality and tourism sector today. Leading international scholars examine how hospitality and tourism businesses succeed through a consistently high level of service, particularly through the attitudes and behaviours of front-line employees to positively impact upon guest satisfaction and improve intention to return. Against this background, chapters analyse the myriad of reasons the industry struggles to attract and retain quality employees, including long and unsocial hours, non-competitive pay and unsophisticated management practices. Offering a thorough review of these human resource challenges through employee focus groups, in-depth interviews and surveys, this Handbook offers evidence-informed recommendations for their resolution. These include: strategies and tactics associated with brand internalisation, talent management, engagement, high-performance practices, learning and leadership development. Practical and engaging, this Handbook will be of interest to students and scholars researching hospitality and tourism from a business management perspective. Senior hospitality leaders will also benefit from the ideas herein, gaining competitive advantage by creating and supporting highly engaged and effective employees.

This book presents techniques that reflect the vast and varied experience of the authors. They have produced an array of highly effective guest satisfaction techniques from which even the most veteran hoteliers can learn and benefit. With this practical, easy-to-use book, there is no need to sift through pages of narratives in order to identify actionable tactics and strategies that can be applied at the property-level. The book presents one unique and actionable customer satisfaction technique on each page—a useful feature for busy managers.

Human resource management is a particularly challenging role, both domestically and globally. This challenge can be viewed either as an opportunity or as a threat. As an opportunity, the principles and practices of total quality presented in this book can help human resource professionals or anyone who manages people, transform institutionalized mediocrity into organizational excellence. The focus of this book is on managing the difference TQ makes in human resources. Whereas the traditional nature and scope of responsibility for most human resource professionals has been that of staff support geared to administrative compliance, the total quality approach offered here reveals the keys to developing and sustaining commitment to world-class performance. These keys include strategic input and continual improvement of the human resource system to enhance internal and external customer satisfaction both now and in the future. The full meaning of these new TQ role demands is explored in light of the driving forces reshaping the HR environment into the 21st Century. In addition, this book offers practitioner assessment instruments, practical TQ tools, and specific implementation steps to take in order to make the TQ difference in managing human resources domestically and globally.

The tourism industry is a multi-billion dollar enterprise, with more people from all cultures and nationalities choosing to spend their leisure time traveling and visiting new locations. To exploit this burgeoning market, tourism agencies must carefully consider the desires and goals of travelers from around the world. The Handbook of Research on Global Hospitality and Tourism Management contributes to the body of knowledge on travel and tourism by presenting a global view of the hospitality industry, including theoretical research into industry trends as well as case studies from around the world. This handbook provides travel agents, owner-operators, and students and researchers in the hospitality industry with the latest research, findings, and developments in the field. Within this handbook of cutting-edge research, readers will find chapters and cases on topics such as travel and tourism in a global economy; local, glocal, and international hospitality; challenges in environmental management; cultural cuisine; and destination management, among others.

The tourism industry is the largest service industry and the largest employment generator in the world. This was made possible by increasing globalization and disposable income, with the labor force playing an important role. Factors such as quality of services and business performance depend on a well-educated, well-trained, skilled, enthusiastic, and committed workforce. Contemporary Human Resources Management in the Tourism Industry is a pivotal reference source that provides research on the role of human resource departments in creating value for the workplace through innovation and efficient work processes. While highlighting topics such as organizational structure, gender equality, and employee motivation, this publication explores the development of organizational culture, as well as methods of translating business strategy into action through dramatically managing staff on all levels in the tourism industry. This book is ideally designed for human resources managers, business owners, business professionals, researchers, and academicians seeking current research on the organizational skills and strategies necessary in creating effective tourism businesses.

Handbook of Hospitality Strategic Management provides a critical review of mainstream hospitality strategic management research topics. Internationally recognized leading researchers provide thorough reviews and discussions, reviewing strategic management research by topic, as well as illustrating how theories and concepts can be applied in the hospitality industry. This book covers all aspects of strategic management in hospitality. The depth and coverage of each topic is unprecedented. A must-read for hospitality researchers and educators, students and industry practitioners.

Now in its ninth edition, Human Resource Management in the Hospitality Industry: A Guide to Best Practice, is fully updated with new legal information, data, statistics and examples. Taking a 'process' approach, it provides the reader with an essential understanding of the purpose, policies and processes concerned with managing an enterprise's workforce within the current business and social environment. Since the eighth edition of this book there have been many important developments in this field and this ninth edition has been completely revised and updated in the following ways: Extensively updated content to reflect recent issues and trends including: labour markets and industry structure, impacts of IT and social media, growth of international multi – unit brands, role of employer branding, talent management, equal opportunities and managing diversity. All explored specifically within the Hospitality Industry The text explores key issues and shows real life applications of HRM in the Hospitality industry and is informed through the authors' research projects within Mitchells & Butler's plc, Pizza Express, Marriott Hotels and Café Rouge. An extended case study drawing from the authors' experience working with Forte and Co., Centre hotels, Choice Hotels and Bass, Price Waterhouse and Grant Thornton Written in a user friendly style and with strong support from the Institute of Hospitality, each chapter includes international examples, bulleted lists, guides to further reading and exercises to test knowledge.

Written from a practitioner's perspective, this straightforward concise book provides the planning, organizing, influencing, and control functions associated with human resource management in hospitality and tourism organizations. The basis of this book is to present the knowledge, skills, and abilities that are required for an individual to become a middle level manager in the field of hospitality human resources.

Part One focuses on the evolution of the practice of commerce to include the development of complex employer/employee relationships; Part Two presents a snapshot of duties and responsibilities associated with the practice of professional management; Part Three covers communication, leadership, motivation, and recruitment and selection skills. For HR generalists and specialists, or for training programs in any industry.

Human resource management is the strategic approach to management of an organization's most valuable asset—its people. It covers the recruitment, management, and direction of people who work for the organization and deals with employee compensation and benefits, hiring and training, performance management, organization development, safety and wellness, and organizational communication. Human Resource Management: Issues, Challenges and Opportunities covers a broad array of topics on human resources management, including new emphasis on corporate social commitment, management practices that are essential for retaining effective professionals, financial rewards to stimulate longer workforce participation, entrepreneurial leadership, examination of leadership styles in different countries, dealing with organizational change, teamwork and employee resistance, integrating human resources aspects with corporate goals, and more. This book provides an interesting group of chapters that shed

light on a variety of international human resources management styles and practices. The competitive nature of twenty-first-century global commerce requires that businesses be managed strategically by managers who are knowledgeable in the principles of the field. The efficient, nonexploitive use of human resources is essential to building successful businesses around the world.

Human Resources topics are gaining more and more strategic importance in modern business management. Only those companies that find the right answers to the following questions have a sustainable basis for their future success: - How can we attract and select the right talent for our teams? - How can we develop the skills and behaviors which are key for our business? - How can we engage and retain the talent we need for our future? While most other management disciplines have their standards and procedures, Human Resources still lacks a broadly accepted basis for its work. - operational perspective Both the structured collection of reflected real-life experience and the multi-perspective view support readers in making informed and well-balanced decisions. With this handbook, Springer provides a landmark reference work on today's HR management, based on the combined experience of more than 50 globally selected HR leaders and HR experts. Rather than theoretical discussions about definitions, the handbook focuses on sharing practical experience and lessons learned from the most relevant business perspectives: - cultural / emotional perspective - economic perspective - risk perspective

Human Resource Management for the Hospitality and Tourism Industries takes an integrated look at HRM policies and practices in the tourism and hospitality industries. Utilising existing human resource management (HRM) theory and practice, it contextualises it to the tourism and hospitality industries by looking at the specific employment practices of these industries, such as how to manage tour reps or working in the airline industry. It initially sets the scene with a broad review of the evidence of HRM practice within the tourism and hospitality industries. Having identified the broader picture, the text then begins to focus much more explicitly on a variety of HR policies and practices such as: • recruitment and selection: the effects of ICT, skills required specific for the industry and the nature of advertising • legislation and equal opportunities: illegal discrimination and managing diversity • staff health and welfare: violence in the workplace, working time directives, smoking and alcohol and drug misuse • remuneration strategies in the industry: the 'cafeteria award' approach, minimum wage and tipping Human Resource Management for the Hospitality and Tourism Industries is illustrated throughout with both examples of best practice for prescriptive teaching and discussion, and international case studies to exercise problem solving techniques and contextualise learning. It incorporates a user friendly layout and includes pedagogic features such as: chapter outlines and objectives, HRM in practice – boxed examples, reflective review questions, web links' discussion questions and further reading. Accompanying the text are online supplementary lecturer materials including downloadable figures from the book, PowerPoint slides, further cases and extra exercises and points for discussion.

Specifically designed to bridge the divide between academic research and professional practice, this book reflects comprehensive coverage of traditional and contemporary HRM subject matter, in addition to new issues and challenges for the future. Each chapter is co-authored by at least one academic and one professional to integrate theory, research, and practice throughout.

Understanding the global hotel business is not possible without paying specific attention to hotel chain management and dynamics. Chains are big business, approximately 80 percent of hotels currently being constructed around the world are chain affiliated and, in 2014, the five largest brands held over a one million rooms. The high economic importance of the hotel chains and their global presence justifies the academic research in the field however, despite this, there is no uniform coverage in the current body of literature. This Handbook aids in filling the gap by exploring and critically evaluates the debates, issues and controversies of all aspects of hotel chains from their nature, fundamentals of existence and operation, expansion, strategic and operational aspects of their activities and geographical presence. It brings together leading specialists from range of disciplinary backgrounds and regions to provide state-of-the-art theoretical reflection and empirical research on current issues and future debates. Each of the five inter-related section explores and evaluates issues that are of extreme importance to hotel chain management, focusing on theoretical issues, the expansion of hotel chains, strategic and operational issues, the view point of the individual affiliated hotel and finally the current and future debates in the theory and practice of hotel chain management arising from globalisation, demographic trends, sustainability, and new technology development. It provides an invaluable resource for all those with an interest in hotel management, hospitality, tourism and business encouraging dialogue across disciplinary boundaries and areas of study. This is essential reading for students, researchers and academics of Hospitality as well as those of Tourism, Marketing, Business and Events Management.

This book advances educational understanding and practice in Organisation Studies and Human Resource Management (OSHRM). It develops new theoretical perspectives on learning in OSHRM and introduces and evaluates a range of educational approaches, methods and techniques to advance teaching and assessment and student learning in the field. Chapters are evidence-based and provide practical advice for enhancing the effectiveness of OSHRM programmes and courses in universities, colleges and human resource development settings globally. With contributions from leading educators in OSHRM, the book both advances understanding and provides practical guidance for the design of programmes, courses and classes. Importantly, it illustrates innovative classroom and virtual learning experiences that will secure student engagement; cultivate critical and creative thinking; and enhance students' employability, leadership and enterprise capabilities. A distinctive contribution of the book lies in the inclusion of student viewpoints on the understandings and educational advances proposed by the authors. Significantly, the book demonstrates how recent changes affecting higher education, such as globalisation, mass participation and marketisation, and, most recently, the pandemic crisis, can be embraced as opportunities to advance both educational understanding and

educational policy and practice in OSHRM. This book will be invaluable for university educators internationally in the fields of OSHRM and for HR developers working in management and leadership development, and the book has relevance to both groups whatever their career stage, from absolute beginners through to advanced practitioners. A comprehensive guide to managing human resources in the hospitality industry Managing human resources in the hospitality industry presents special challenges, including highly diverse employee backgrounds and roles, an ever-present focus on guest services, and organizational structures that often diverge from generic corporate models. By making such industry-specific concerns the cornerstone of its approach, "Human Resources Management in the Hospitality Industry" provides the definitive guide to successfully employing people in a hospitality organization. The book approaches hospitality human resource (HR) management as a decision-making practice that affects the performance, quality, and legal compliance of the hospitality business as a whole. Beginning with a foundation in the hospitality industry, employment law, and HR policies, the coverage includes recruitment, training, compensation, performance appraisal, environmental and safety concerns, ethics and social responsibility, and special issues. Throughout the book, "Human Resources Management in the Hospitality Industry" focuses on unique HR dilemmas faced by managers in the hospitality industry, including: Understanding the needs of a broad employee group, from hourly workers with tip credit eligibility questions to high-level accountants ensuring Sarbanes-Oxley compliance How hospitality managers who must act as one-person HR departments can make effective decisions and understand the consequences to themselves, their workers, and employers Working with labor unions in the hospitality industry using the labor-related legislation that affects the industry Managing employees in a global hospitality enterprise Practical and realistic case studies and numerous examples from various hospitality operations bring the material alive. Internet activities, learning objectives, "It's the Law" features, current events discussions, review questions, and other important features also help create a dynamic learning experience for readers. Written by two authors experienced in both hospitality management and education, "Human Resources Management in the Hospitality Industry" represents the most comprehensive, technically accurate, and valuable resource available on the topic.
