A hearty stew on a cold winter night; a light, clear soup as a start to a meal; a spicy pho soup to warm the body and soul...It's hard to imagine a more comforting, nourishing food than a homemade soup or stew. And it is even harder to find a food more steeped in history. The art of creating homemade stocks and soups has known no borders, leading to such delicacies as Scottish yellow broth, Vietnamese pho soup, Indian lentil soup, and English pea soup. But these types of tantalizing creations, once a part of most households, have been largely replaced with canned foods or overly salted and MSG-laden restaurant fare. With homemade soups and stews being nourishing, delicious, frugal, and simple to make, this has been a great loss indeed. *Ladled: Nourishing Soups for All Seasons* seeks to rekindle a love for making soups and stews at home, with instructions for every part of soup making. It details how to create a wide variety of stocks and how to salt a soup correctly. It describes how to create soups and stews both simple and complex, offers a detailed shopping guide that helps you find fresh ingredients, and breaks down all the healthy benefits of making your own homemade stocks. As a busy mother, Kimberly Harris shares many soups that are simple enough to enjoy on an everyday basis and shows you how to integrate this traditional art into a busy modern lifestyle. In *Ladled*, you will visit the past, travel the globe, and help revive a lost form of art.
