

Intermediate Accounting Study Guide Volume 2

Due to the emergence of IFRS as the required convention for reporting to stock exchanges in the European Union and other important markets, accountants must gain a strong understanding of these standards. Intermediate Accounting integrates this new information throughout the chapters so they'll learn how to apply the new global accounting standards. Global examples are presented to clearly show how the information is utilised in the field. The use of various currencies is also explored, which is critical for accountants to know in today's global businesses environment.

The Study Guide, written by the text authors, provides chapter summaries, detailed illustrations, and a wide variety of self-study questions, exercises, and multiple-choice problems (with solutions).

The Gateway to the Profession 99% of surveyed practicing accountants feel that Kieso, Weygandt, and Warfield's Intermediate Accounting helped prepare them for success in professional practice. 100% would recommend the text to someone currently studying for an accounting degree. 80% said they referred to their copy when they first entered professional practice. Professionals who learned accounting from Intermediate Accounting find themselves well prepared
