response, and more into something that only Sherman Alexie could have written. Ordinary men stand at the threshold of profound change, from a story about a famous writer caring for a dying but still willful father, to the tale of a young Indian boy who learns to value his own life by appreciating the deaths of others. Perceptions change, too, as "Another Proclamation" casts a shadow over Abraham Lincoln's Emancipation Proclamation, and "Invisible Dog on a Leash" limns the heartbreak of shattered childhood illusions. And nostalgia for antiquated technology is tenderly rendered in "Ode to Mix Tapes" and "Ode for Pay Phones." With his versatile voice, Alexie explores love, betrayal, fatherhood, alcoholism, and art in this spirited, soulful, and endlessly entertaining collection, transcending genre boundaries to create something truly unique. This ebook features an illustrated biography including rare photos from the author's personal collection.

Wilson Raj Perumal has been labeled the world's most prolific match-fixer in football's recent history. Born a village boy in rural Singapore in the mid-60's, Wilson climbed the heights of international match-fixing across five continents, becoming FIFA's most wanted man. Like a "guppy in the sea", Wilson starts off a small gambler, mixing with the local Singapore bookies, and witnesses the rise and fall of the old-school Asian "big fish" of match-fixing until he finds himself competing against them in a world with no set rules, where turncoats are the norm and quick money the only drive. Perumal was arrested in Finland in February 2011 and decided to collaborate with authorities, thus opening the match-fixing Pandora's box. In his book, Wilson reveals an unprecedented account of how the international match-fixing underworld has influenced the outcomes of matches at every level of football that we may well have watched unsuspectingly. Kelong Kings is the ultimate tale about gambling, football and match-fixing, told directly by the man who made it all happen. But be advised, after you read this book, you will never be able to watch a soccer match in the same way again.

Events conspire to turn Janie's imaginary harlequin Great Dane into a real dog.

"A fascinating glimpse into the canine world, possibly deeper and more accurate than any we have had until now" (The New York Times Book Review). Long before the Dog Whisperer, anthropologist Elizabeth Marshall Thomas revealed to readers the nature of pack dynamics, leading to a completely new understanding of dogs, their personalities, and their desires. Based on thirty years of living with and observing dogs, *The Hidden Life of Dogs* asks one question: What do dogs want? To find out, we must meet the pack. First there is Misha, a husky Thomas followed on her daily rounds of more than 130 square miles. Then there is Maria, who adored Misha, bore his puppies, and clearly mourned when he moved away; the brave pug Bingo and his little wife, Violet; the dingo Viva; and other colorful characters. In observing them, Thomas learned that what dogs want most of all is other dogs. Informative and captivating, *The Hidden Life of*

discusses the canine penchant for rolling in horse droppings, chasing large animals four times their size, and acting recklessly enthusiastic through the entirety of their impulsive, lovable lives. Hilarious and heartfelt, *My Dog: The Paradox* eloquently illustrates the complicated relationship between man and dog. We will never know why dogs fear hair dryers, or being baited into staring contests with cats, but as Inman explains, perhaps we love dogs so much “because their lives aren’t lengthy, logical, or deliberate, but an explosive paradox composed of fur, teeth, and enthusiasm.”
