When Wesley Boone writes a poem for his high school English class, some of his classmates clamor to read their poems aloud too. Soon they're having weekly poetry sessions and, one by one, the eighteen students are opening up and taking on the risky challenge of self-revelation. There's Lupe Alvarin, desperate to have a baby so she will feel loved. Raynard Patterson, hiding a secret behind his silence. Porscha Johnson, needing an outlet for her anger after her mother OD's. Through the poetry they share and narratives in which they reveal their most intimate thoughts about themselves and one another, their words and lives show what lies beneath the skin, behind the eyes, beyond the masquerade.

In nearly 25 years as a sports journalist for the Independent, Daily Telegraph, and The Sunday Times, Martin Johnson has covered sporting events all over the world, including cricket and tennis in Australia, golf in America, Formula One in Kuala Lumpur, boxing in Cairo, petanque in Gran Canaria, beach volleyball in Brazil, Olympics in Sydney, football in China, and rugby in South Africa. Sounds like a nice job? You must be joking. Get the true story from sports journalism's equivalent of Victor Meldrew. Ever tried to get a phone call out of Nagpur? Make contact with the office from Norfolk Island? Trudged several miles up a Japanese mountain to watch Britain's No 1 woman skier plough straight through the first gate? Attempted to write a semi-coherent report after a night out with Ian Botham? Nearly frozen to death at a cricket match in New Zealand? Been hi-jacked in Moscow by a drunken Russian? It's hell out there, says Martin, who makes out his case for a life of hardship, deprivation, and a breathless dedication to duty in the face of overwhelming odds. Frankly, however, we still think it reads more like the Life of Riley.

New York Times bestselling author Maureen Johnson delivers the witty and pulse-pounding conclusion to the Truly Devious series as Stevie Bell solves the mystery that has haunted Ellingham Academy for over 75 years. Ellingham Academy must be cursed. Three people are now dead. One, a victim of either a prank gone wrong or a murder. Another, dead by misadventure. And now, an accident in Burlington has claimed another life. All three in the wrong place at the wrong time. All at the exact moment of Stevie's greatest triumph . . . She knows who Truly Devious is. She's solved it. The greatest case of the century. At least, she thinks she has. With this latest tragedy, it's hard to concentrate on the past. Not only has someone died in town, but David disappeared of his own free will and is up to something. Stevie is sure that somehow—somehow—all these things connect. The three deaths in the present. The deaths in the past. The missing Alice Ellingham and the missing David Eastman. Somewhere in this place of riddles and puzzles there must be answers. Then another accident occurs as a massive storm heads toward Vermont. This is too much for the parents and administrators. Ellingham Academy is evacuated. Obviously, it's time for Stevie to do something stupid. It's time to stay on the mountain and face the storm—and a murderer. In the tantalizing finale to the Truly Devious trilogy, New York Times bestselling author Maureen Johnson expertly tangles her dual narrative threads and ignites an explosive end for all who've walked through Ellingham Academy. Andre Norton, the celebrated author of Witch World and many other fantasy adventures, offers a new novel unique among her works, set in a realm not dissimilar to northern England in the sixteenth century: also, the Dismals of Northern Alabama are the model for part of the exotic setting. Drucilla, Sabina, and Tamara, identical sisters born to Desmond, Earl of Skorpys, understand the price of being princesses in a realm bordered by fractious neighbors. For generations their land has been plagued by incursions, raiding parties, and more serious conflicts with Gurlyon, the land to their North. But when these three plucky young ladies are kidnapped as part of a plot to undermine their father's domain, they are taken to a mysterious realm where they experience terrors unlike anything they could imagine. Their captors, fearing pursuit, thrust the princesses into a deep recess in a bizarre underworld called the Dismals. Once there, they must fend off hideous creatures, and a young man who claims to be lord of this dark, forbidding realm. Not sure whether he is friend or foe, they must depend on their wits, on each other, and on the mind-link that binds them together. Only thus can they escape the bizarre nether-realm they must roam in search of a way home. Their travails test them in ways they cannot foresee, both physically and magically. Powerful forces work against them, but together they may yet escape, and help right the wrong that brought them to the strange realm in the first place. Legendary author of the 87th Precinct series Ed McBain presents six hardboiled detective stories starring Curt Cannon, one of the toughest sleuths ever created. Private detective Curt Cannon has lost his wife, his license, and his will to live, and now all he wants is to crawl into the bottom of a bottle and wait to die. He's in the middle of a bender when Peter D'Allessio finds him and begs him to help get his addict son off the needle. Unwilling to be distracted from his own self-loathing, Curt tells Peter off. Dejected, the little old man is stepping out the doorway when two bullets tear through the air, leaving him dead on the floor of a fetid dive. Curt wants nothing to do with this rotten case, but the mystery has him by the throat and won't let go. To bring the dead man justice, he'll have to climb out of the gutter and remember what it means to be a detective. The story that introduced Curt Cannon, "Die Hard" is as gritty as mysteries come. Along with the five other stories in this remarkable collection, it's a testament to the limitless talent of Mystery Writers of America Grand Master Ed McBain.

I can confirm that should you ever find yourself on stage playing the bass guitar with tree left hands, it is usually the one

in the middle that is the real one. The other two are probably phantoms. Playing the Bass with Three Left Hands tells the story of one of the most influential, revered and ultimately demented British bands of the 1980s, Spacemen 3. In classic rock n roll style they split up on the brink of their major breakthrough. As the decade turned sour and acid house hit the news, Rugby's finest imploded spectacularly, with Jason Pierce (aka Jason Spaceman) and Pete Kember (aka Sonic Boom) going their separate ways. Here, Will Carruthers tells the whole sorry story and the segue into Spiritualised in one of the funniest and most memorable memoirs committed to the page.

**#1 NEW YORK TIMES BESTSELLER** • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor's unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN** "McConaughey's book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand."—Mark Manson, author of *The Subtle Art of Not Giving a F\*ck* I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call "catching greenlights." So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

Entertaining, crazy, and hilarious stories from Scott Ian of Anthrax Scott Ian, famous for cofounding legendary thrash metal band Anthrax and only slightly less so for his iconic beard, has done and seen a lot in his decades of touring. Those of you who have read Scott's memoir I'm the Man may know the history of the band, but Access All Areas divulges all the zany, bizarre, funny, and captivating tales of what went on when the band wasn't busy crafting chart-topping albums. In his more than thirty years immersed in the hard rock scene, Scott has witnessed haunting acts of depravity backstage, punched a legendary musician, been a bouncer at an exclusive night club, guest-starred with Anthrax on Married with Children, invaded a fellow rock star's home, played poker professionally, gone on a non-date with a certain material girl, appeared on The Walking Dead, and much more. Access All Areas allows its readers to do just that. With humor, candor, hindsight, and writing chops that would make Stephen King jealous (nope, not even on Bizarro world), Scott Ian takes his fans along for the ride at all the parties, hot spots, and behind-the-scenes shenanigans they will never hear about from anyone else. And none of it would have happened without a bit of divine inspiration from KISS. (No, seriously. Read chapter two.) Best of all, Scott seemingly lacks the ability to be embarrassed, making Access All Areas howlingly funny, self-deprecating, and every bit as brash and brazen as one would expect from one of the original architects of speed metal.

Provides poker strategies for every phase of tournament play, covering the early phase where the stakes are small to later tactics such as bluffing, flops, scare cards, playing shorthanded, loose games, and endgame play.
