A Washington Post Notable Fiction Book for 2011 One of The Telegraph's Best Fiction Books 2011 Far from London's crime and pollution, Hanmouth's wealthier residents live in picturesque, heavily mortgaged cottages in the center of a town packed with artisanal cheese shops and antiques stores. They're reminded of the town's less desirable outskirts—with their grim, flimsy housing stock and chain stores—only when their neighbors have the presumption to claim also to live in Hanmouth. When an eight-year-old girl from the outer area goes missing, England's eyes suddenly turn toward the sleepy town with a curiosity as piercing and unblinking as the closed-circuit security cameras that line Hanmouth's idyllic streets. But somehow these cameras have missed the abduction of the girl, whose name is China. Is her blank-eyed hairdresser mother hiding her as part of a moneymaking hoax? Has she been abducted by one of the lurking perverts the townspeople imagine the cameras are protecting them from? Perhaps more cameras are needed? As it turns out, more than one resident of Hanmouth has a secret hidden behind closed doors. There's Sam and Harry, the cheesemonger and aristocrat who lead the county's gay orgies. The quiet husband of postcolonial theorist Miranda (everyone agrees she's marvelous) keeps a male lover, while their daughter disembowels dolls she's named Child Pornography and Slightly Jewish. Moral crusader John Calvin's Neighborhood Watch has an unusual reason for holding its meetings in secret. And, of course, somewhere out there is the house where little China is hidden. With the dark hilarity and unflinching honesty of a modern-day Middlemarch, King of the Badgers demolishes the already fragile privacy of Hanmouth's inhabitants. These characters, exquisitely drawn and rawly human, proclaim Philip Hensher's status as an extraordinary chronicler of the domestic, and one of the world's most dazzling and ambitious novelists.

This newly revised deluxe edition of MoMA Highlights celebrates the 90th anniversary of the Museum MoMA Highlights presents a chronological overview of some of the most significant modern and contemporary artworks through superb high-resolution images and short texts by MoMA curators. MoMA Highlights interweaves works from each of the Museum's curatorial departments - painting and sculpture, drawings, prints and illustrated books, photography, architecture and design, film, and media and performance art - to provide a look at one of the premiere art collections in the world. This anniversary book is almost 50% larger than the standard edition.

Mendoza the Jew combines a graphic history with primary documentation and contextual information to explore issues of nationalism, identity, culture, and historical methodology through the life story of Daniel Mendoza. Mendoza was a poor Sephardic Jew from East London who became the boxing champion of Britain in 1789. As a Jew with limited means and a foreign-sounding name, Mendoza was an unlikely symbol of what many Britons considered to be their very own "national" sport.

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and o (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

Hampshire County was formed from the Virginia counties of Augusta and Frederick in 1754. Later, during the American Civil War, it became the first Virginia county wholly in the territory that is now West Virginia. Mrs. Vicki Horton is the compiler of a number of Hampshire County genealogical source record collections, six of which are available from Clearfield Company(see also Items Item 9734, Item 9336, Item 9340, Item 9339, and Item 9335).The Hampshire County Minute Book abstracts in this volume comprise some of the earliest records of the state of West Virginia. The dates of coverage of the various Minute Books are 1788-1791, 1795-1799, and 1799-1802, respectively. The contents of Mrs. Horton's abstracts range over orders to bind orphaned and poor children (sometimes mentioning complete families), grand jury lists, indictments, commissions, overseers of the roads, ordinary licenses, suits, oaths of office, militia lists, and more.

A computer program was written for analysis of steam flow and heat transfer in fuel elements consisting of concentric fuel tubes with several annular coolant-flow channels. Performance of both average and hot-channel fuel elements may be evaluated since, for any heat generation rate, either total coolant flow rate or over-all pressure drop may be specified. The heat split from the fueled volume, thermal coupling between coolant channels, and heat loss from the fuel element are considered. Although any one run investigates only a single fuel element, any number of parallel fuel elements may be analyzed in successive runs by assuming that the pressure drop across the core is equal to the pressure drop across the nominal fuel element. Although written for inlet saturated steam at 615 psia, the program can be easily modified for use at any inlet condition. The program may be used on any 8K core IBM 704 computer. No tapes or drums are required. Typical running time for a problem composed of three flow channels, two fueled volumes, and four heat transfer surfaces, is approximately 2.5 min.

USA Today bestselling author: This Christmas in Big Rock, the bad guys have a lot more to worry about than coal in their stockings . . . At the Sugarloaf Ranch, Smoke and Sally Jensen prepare to welcome their friend Preacher home for the holidays—unaware that he's trailed by a storm full of trouble. On a mission of vengeance, an old trapper is rescued by Ace and Chance Jensen from ruthless outlaws—and wanted by a driven bounty hunter named Luke Jensen. And, just released from prison, a criminal mastermind assembles a vicious gang of cutthroats to exact his final revenge against his enemy—the sheriff of Big Rock, Colorado . . . With a snowstorm brewing, a community in jeopardy, and a showdown ready to explode, these courageous pioneers are brought together by fate and fury to forge peace on earth. But they're going to have to fight for it. With guns. With grit. With glory. Because this Christmas, the greatest gift of all is . . . staying alive. *Raves for Butch Cassidy The Lost Years!* “Johnstone is a masterful storyteller, creating a tale that is fanciful and funny, exciting and surprisingly convincing. This is great fun.” —Publishers Weekly “An entertaining story with lots of plot twists.” —Booklist *Raves for Johnstone's Christmas epics!* “An exciting visit to the old west of gunfights and cattle drives. The Fifth Edition of *A History of the Roman People* continues to provide a comprehensive analytical survey of Roman history from its prehistoric roots in Italy and the wider Mediterranean world to the dissolution of the Roman Empire in Late Antiquity in A.D. 600. Clearly organized and highly readable, the text's narrative of major political and military events provides a chronological and conceptual framework for the social, economic, and cultural developments of the periods covered. Major topics are treated separately so that students can easily grasp key concepts and ideas.

Stark is a secret consortium with more money than God, and the social conscience of a dog on a croquet lawn. What's more, it knows the Earth is dying. Deep in Western Australia where the Aboriginals used to milk the trees, a planet-sized plot is taking shape. Some green freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aboriginals who have lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.

In *Learning with Information Systems* the author takes the developing world as the context and through a series of case studies develops a commonly used systems analysis methodology. He demonstrates how this methodology can evolve and adapt as new ideas become prominent. Issues of sustainability of information systems, participation in systems design and user ownership of systems are all examined. This book does not attempt to be prescriptive for all contexts nor does it focus on any particular technology. It addresses the essential questions and promises practical approaches which will help in the avoidance of the worst

forms of disaster associated with the planning of information systems for developing countries.

'OMG this book! So so so heartbreaking, my heart broke... My god it was fabulous, the writing style and storyline were brilliant and well written... This book will stay with me for a long long time and definitely on my favs of 2020!' Goodreads Reviewer, ????? I will not think about it anymore. I won't think about her. My lost little sister with her beautiful smile, her chestnut-coloured eyes. My sister who I couldn't protect. If you passed Alice on the street, you couldn't help but smile. At how she holds hands with her husband, Jack, who she has been with since she was at university. At the way she admires her three boys, the centre of her universe. But if you looked very closely, you'd see how tightly she holds Jack's hand, afraid to let go. You'd see how carefully she watches her boys, scared to look away. You'd see her smile fading in a matter of seconds, and the pain she hides behind her eyes. She has told Jack that she ran away from home when she was younger – but she didn't tell him the whole story. Her husband doesn't know about the guilt she bears about her little sister she failed to save. Now, after a lifetime of fresh starts, Alice can feel her past playing catch-up. She is sure she is being watched, certain she is being followed. She may not be able to stop her secret coming out – but can she stop the world she has lovingly built collapsing in on her? This utterly heartbreaking, beautifully written and gripping family drama examines just how far we are willing to go for our loved ones, and the desperate decisions we make when we have no other choice. Fans of Jodi Picoult, Kerry Fisher and Liane Moriarty will be blown away by this incredibly moving tale. Readers absolutely love *The Nowhere Girl*: 'One of a kind. I think fans of Jodi Picoult, Liane Moriarty and others will love this one. I was blown away by the story and the characters.' Crossroad Reviews 'Jeez, Louise!!! This story kept me reading and reading like there was no tomorrow!... I adored it... It made my heart sing and weep. It made my eyes leak and my mouth smile. It was utterly gripping and devastating.' B for Book Review, 5 stars 'An incredible book by an incredible writer!... Had me hooked from the very first page and kept me reading right through the night. I am a relatively slow reader but I devoured this book in one sitting as I just couldn't put it down.' Goodreads Reviewer, 5 stars 'Wow, just wow!!!!... So amazing and beautifully written... I loved it so much... An emotional rollercoaster that I never wanted to get off from.' Blue Moon Blogger, 5 stars 'Jaw-droppingly good!... One of the most evocative, captivating books that I had the pleasure to have read... Exquisitely crafted... Unequivocally one of the best books that I have read.' Goodreads Reviewer, 5 stars 'All I can say is WOW!... I couldn't put the book down.' Goodreads Reviewer, 5 stars 'OMG... What can I say?... Nicole took me on a journey... It felt so real, I cried.' Goodreads Reviewer, 5 stars 'WOW... I loved this one.' Goodreads Reviewer 'Oh my, what a story! I absolutely loved it from beginning to end.' NetGalley Reviewer, 5 stars 'Captivating. I was hooked from the first sentence and had to keep reading until I got to the end... It had my heart racing... I wish I could give it SIX stars!' Reading Down Under, 5 stars 'Oh my goodness, what a fantastic book... A definite "edge of seater". Well done, Nicole, I look forward to your next masterpiece.' NetGalley Reviewer, 5 stars 'I couldn't stop reading!... I read the last half of the book all in one morning (during a snow day from school!). Couldn't put it down!... I am not a person who typically gets emotional when I read books but the last 4–5 chapters had me so emotionally connected.' Goodreads Reviewer, 5 stars 'I finished just moments ago and the only word that comes to mind is "wow!" I am blown away by the author's ability to create such a painful, beautiful story... I felt everything from joy to anger. This story deserves great praise. I will be telling everyone about it and can't wait for people to read it!' NetGalley Reviewer, 5 stars
