Annie Warren always wanted the best for her son, Josh. But years of failure and bad choices created a heartbreaking distance that has grown far worse since the day Josh was hit by a drunk driver. Now on medical disability, Josh has put his life on hold for years, waiting for the insurance company to send a settlement that never seems to come. Worse, he believes the story of a scheming woman who claims they have a seven-year-old daughter named Savannah. Despite the unlikelihood and complete lack of evidence, Josh dreams of being a father and is determined to one day claim the child. His family doesn't know the full story. They don't know what happened the night of the accident that was worth the chronic pain Josh suffers every waking minute, or that he is turning his life around. They haven't seen that Savannah's eyes are his, and they don't know how desperately the little girl needs her family. When the settlement that rightly belongs to Josh is threatened, Annie sets out to defend her son. But she might find a treasure more valuable than money, one she never expected, one that is the greatest gift her son could ever give her--THIS SIDE OF HEAVEN.

True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position - People follow because they have to. 2. Permission - People follow because they want to. 3. Production - People follow because of what you have done for the organization. 4. People Development - People follow because of what you have done for them personally. 5. Pinnacle - People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

It's no secret that these hard times have been even harder for the Black community. Approximately 35 percent of African Americans had no measurable assets in 2009, and 24 percent of these same households had only a motor vehicle. Dennis Kimbro, observing how the weight of the continuing housing and credit crises disproportionately impacts the African-American community, takes a sharp look at a carefully cultivated group of individuals who've scaled the heights of success and how others can emulate them. Based on a seven year study of 1,000 of the wealthiest African Americans, *The Wealth Choice* offers a trove of sound and surprising advice about climbing the economic ladder, even when the odds seem stacked against you. Readers will learn about how business leaders, entrepreneurs, and celebrities like Bob Johnson, Spike Lee, L. A. Reid, Herman Cain, T. D. Jakes and Tyrese Gibson found their paths to wealth; what they did or didn't learn about money early on; what they had to sacrifice to get to the top; and the role of discipline in managing their success. Through these stories, which include men and women at every stage of life and in every industry, Dennis Kimbro shows readers how to:

- Develop a wealth-generating mindset and habits
- Commit to lifelong learning
- Craft goals that match your passion
- Make short-term sacrifices for long-term gain
- Take calculated risks when opportunity presents itself

Forever. Amy Alkon presents *Unf*ckology*, a "science-help" book that knocks the self-help genre on its unscientific ass. You can finally stop fear from being your boss and put an end to your lifelong social suckage. Have you spent your life shrinking from opportunities you were dying to seize but feel "that's just who I am"? Well, screw that! You actually can change, and it doesn't take exceptional intelligence or a therapist who's looking forward to finally buying Aruba after decades of listening to you yammer on. Transforming yourself takes revolutionary science-help from Amy Alkon, who has spent the past 20 years translating cutting-edge behavioral science into highly practical advice in her award-winning syndicated column. In *Unf*ckology*, Alkon pulls together findings from neuroscience,

behavioral science, evolutionary psychology, and clinical psychology. She explains everything in language you won't need a psych prof on speed-dial to understand—and with the biting dark humor that made *Good Manners for Nice People Who Sometimes Say F*ck* such a great read. She debunks widely-accepted but scientifically unsupported notions about self-esteem, shame, willpower, and more and demonstrates that: - Thinking your way into changing (as so many therapists and self-help books advise) is the most inefficient way to go about it. - The mind is bigger than the brain, meaning that your body and your behavior are your gym for turning yourself into the new, confident you. - Fear is not just the problem; it's also the solution. - By targeting your fears with behavior, you make changes in your brain that reshape your habitual ways of behaving and the emotions that go with them. Follow Amy Alkon's groundbreaking advice in *Unf*ckology*, and eventually, you'll no longer need to act like the new you; you'll become the new you. And how totally f*cking cool is that?

If you could spend a few minutes with biblical heroines Ruth, Sarah, Mary, and others, what valuable lessons would they share with you? In the tradition of *Running with the Giants* and *Learning from the Giants*, John Maxwell shares wisdom on life and leadership inspired by the Bible—this time focusing solely on the stories of nine incredible women. Learn how God blesses the promises you keep to Him, why you should follow your heart to find your hope, and how not to miss your moment with God. Read on your own or study with a group using the provided faith-building questions. You'll enjoy the journey with Maxwell as he imagines what it would be like to visit heaven and meet giants of the faith who had their lives transformed by God. You'll gain insights from: Ruth...for when you must make a decision but don't know what to do. Sarah...for when you can't understand God and impatience threatens to overwhelm you. Mary...for when God asks you to do something outside of your comfort zone. The women who influenced Maxwell inspired this book, and he includes the perspectives of those closest to him in this volume. They and the giants of the faith who continue to inspire them will encourage you to fulfil your destiny and leave a lasting, positive impression on your family and the world.

Why do some people achieve great personal success, yet never succeed in building a business or making an impact in their organization? John C. Maxwell knows the answer. “The greatest leadership principle that I have ever learned in over twenty-five years of leadership,” says Maxwell, “is that those closest to the leader will determine the success level of that leader.” It's not enough for a leader to have vision, energy, drive, and conviction. If you want to see your dream come to fruition, you must learn how to develop the leaders around you. Whether you're the leader of a non-profit organization, small business, or Fortune 500 company, *Developing the Leaders Around You* can help you to take others to the limits of their potential and your organization to a whole new level. www.DevelopingTheLeadersAroundYou.com

#1 New York Times bestselling author John C. Maxwell's latest book will enhance the lives of leaders, professionals, and anyone who wants to achieve success and personal growth. We often treat the word capacity as if it were a natural law of limitation. Unfortunately, most of us are much more comfortable defining what we perceive as off limits rather than what's really possible. Could it be that many of us have failed to expand our potential because we have allowed what we perceive as capacity to define us? What if our limits are not really our limits? In his newest book, John Maxwell identifies 17 core capacities. Some of these are abilities we all already possess, such as energy, creativity and leadership. Others are aspects of our lives controlled by our choices, like our attitudes, character, and intentionality. Maxwell examines each of these capacities, and provides clear and actionable advice on how you can increase your potential in each. He will guide you on how to identify, grow, and apply your critical capacities. Once you've blown the "cap" off your capacities, you'll find yourself more successful--and fulfilled--in your daily life.

"At last--a global plan that actually adds up."--James Hansen, former director, NASA Goddard Institute for Space Studies The world must reach negative greenhouse gas emissions by 2050 to avoid the most catastrophic effects of climate change. Yet no single plan has addressed the full scope of the problem--until now. In *The 100% Solution*, Solomon Goldstein-Rose--a leading millennial climate activist and a former Massachusetts state representative--makes clear what needs to happen to hit the 2050 target: the manufacturing booms we must spur, the moonshot projects we must fund, the amount of CO2 we'll have to sequester from the atmosphere, and much more. Most importantly, he shows us the more prosperous and equitable world we can build by uniting the efforts of activists, industries, governments, scientists, and voters to get the job done. This is the guide we've been waiting for. As calls for a WWII-scale mobilization intensify--especially among youth activists--this fully illustrated, action-oriented book arms us with specific demands, sets the stakes for what our leaders must achieve, and proves that with this level of comprehensive thinking we can still take back our future.

Explains how one's disposition is a key factor in his or her leadership capabilities, identifying the factors that shape a person's attitude while offering advice on how to overcome common obstacles.
