Hanorah was a young Irish girl, like any other poor Irish girl in the 1880's Ireland. The family still suffered through the years, from the effects of the great potato famine, 'an gorta mor', just as many others in the country. Hardships plagued the young Hanorah, as one by one she witnessed her family perish. Hanorah's zest for life landed her on the shores of America of her dreams, where she somehow survived by going from restaurant work, convent life, house cleaning, marriage, motherhood. This is Hannorah's story, orphan among the Irish.

Sir Kenneth Calman's extraordinary life story is based on a passionate love of learning – and it all began with him doing his homework by candlelight in a cupboard of his mum's Glasgow council house. He went on to be at the forefront of three different medical revolutions – oncology, palliative care and the use of the arts in medical education – and to help guide the country through the BSE/VCJD health crisis. As Scotland's and then England's Chief Medical Officer the reforms he pushed through saved many lives by improving both cancer care and the training of doctors. Few people know as much about learning, laughter, health and happiness – or, come to that, sundials, beagles, cathedrals and cartoons. And few people have touched so many lives, especially those of the seriously ill and dying, with quite as much grace, humour and humanity.

From bestselling Landmarks author Robert Macfarlane and acclaimed artist and author Jackie Morris, a beautiful collection of poems and illustrations to help readers rediscover the magic of the natural world. The image of the Irish in the United States changed drastically over time, from that of hard-drinking, rioting Paddies to genial, patriotic working-class citizens. In 'Twas Only an Irishman's Dream, William H. A. Williams traces the change in this image through more than 700 pieces of sheet music--popular songs from the stage and for the parlor--to show how Americans' opinions of Ireland and the Irish went practically from one extreme to the other. Because sheet music was a commercial item it had to be acceptable to the broadest possible song-buying public. "Negotiations" about their image involved Irish songwriters, performers, and pressured groups, on the one hand, and non-Irish writers, publishers, and audiences on the other. Williams ties the contents of song lyrics to the history of the Irish diaspora, suggesting how ethnic stereotypes are created and how they evolve within commercial popular culture.

A collection of new essays covering Joyce's life, times and cultural contexts.

From the author of the bestselling Anam Cara comes a beautiful collection of blessings to help readers through both the everyday and the extraordinary events of their lives. John O'Donohue, Irish teacher and poet, has been widely praised for his gift of drawing on Celtic spiritual traditions to create words of inspiration and wisdom for today. In To Bless the Space Between Us, his compelling blend of elegant, poetic language and spiritual insight offers readers comfort and encouragement on their journeys through life. O'Donohue looks at life's thresholds—getting married, having children, starting a new job—and offers invaluable guidelines for making the transition from a known, familiar world into a new, unmapped territory. Most profoundly, however, O'Donohue explains “blessing” as a way of life, as a lens through which the whole world is transformed. O'Donohue awakens readers to timeless truths and shows the power they have to answer contemporary dilemmas and ease us through periods of change.

This book explores the benefits and challenges of transnational history for the study of modern Ireland. In recent years the word "transnational" has become more and more conspicuous in history writing across the globe, with scholars seeking to move beyond national and local frameworks when investigating the past. Yet transnational approaches remain rare in Irish historical scholarship. This book argues that the broader contexts and scales associated with transnational history are ideally suited to open up new questions on many themes of critical importance to Ireland's past and present. They also provide an important means of challenging ideas of Irish exceptionalism. The chapters included here open up new perspectives on central debates and events in Irish history. They illuminate numerous transnational lives, follow flows and ties across Irish borders, and trace networks and links with Europe, North America, the Caribbean, Australia and the British Empire. This book provides specialists and students with examples of different concepts and ways of doing transnational history. Non-specialists will be interested in the new perspectives offered here on a rich variety of topics, particularly the two major events in modern Irish history, the Great Irish Famine and the 1916 Rising.

A history of women in the early Irish church has never before been written, despite perennial interest in the early Christianity of Celtic areas, and indeed the increasing interest in gender and spirituality generally. This book covers the development of women's religious professions in the primitive church in St Patrick's era and the development of large women's monasteries such as Kildare, Clonbroney, Cloonburren, and Killeedy. It traces its subject through the heyday of the seventh century, through the Viking era, and the Culdee reforms, to the era of the Europeanization of the twelfth century. The place of women and their establishments is considered against the wider Irish background and compared with female religiosity elsewhere in early medieval Europe. The author demonstrates that while Ireland was distinct it was still very much part of the wider world of Western Christendom, and it must be appreciated as such. Grounded in the primary material of the period the book places in the foreground many largely unknown Irish texts in order to bring them to the attention of scholars in related fields. Throughout the study

the author notes widespread ideas about Celtic women, pagan priestesses, and Saint Brigit, considering how these perceptions came about in light of the texts and historiographical traditions of the previous centuries.

In *New Perspectives on the Irish Diaspora*, Charles Fanning incorporates eighteen fresh perspectives on the Irish diaspora over three centuries and around the globe. He enlists scholarly tools from the disciplines of history, sociology, literary criticism, folklore, and culture studies to present a collection of writings about the Irish diaspora of great variety and depth.

Although it has long been acknowledged that the early Irish literary corpus preserves both pre-Christian and Christian elements, the challenges involved in the understanding of these different strata have not been subjected to critical examination. This volume draws attention to the importance of reconsidering the relationship between religion and mythology, as well as the concept of 'Celtic religion' itself. When scholars are attempting to construct the so-called 'Celtic' belief system, what counts as 'religion'? Or, when labelling something as 'religion' as opposed to 'mythology', what do these entities entail? This volume is the first interdisciplinary collection of articles which critically reevaluates the methodological challenges of the study of 'Celtic religion'; the authors are eminent scholars in the field of Celtic Studies representing the disciplines of theology, literary studies, history, law and archaeology, and the book represents a significant contribution to the present scholarly debate concerning the pre-Christian elements in early medieval source materials. Contents 1 Introduction: 'Celtic Religion': Is this a Valid Concept?, Alexandra Bergholm and Katja Ritari 2 Celtic Spells and Counterspells, Jacqueline Borsje (available Open Access at the University of Amsterdam Digital Academic Repository) 3 The Gods of Ireland in the Later Middle Ages, John Carey 4 Staging the Otherworld in Medieval Irish Literature, Joseph Falaky Nagy 5 The Biblical Dimension of Early Medieval Latin Texts, Thomas O'Loughlin 6 Ancient Irish Law Revisited: Rereading the Laws of Status and Franchise, Robin Chapman Stacey 7 A Dirty Window on the Iron Age?
