

## **Most Dangerous Daniel Ellsberg And The Secret History Of The Vietnam War Bccb Blue Ribbon Nonfiction Book Award Awards**

"This chapter principally reviews the development of the law in the United States since the Pentagon Papers decision. It then more briefly addresses three related subjects: the difficulties in assessing the effectiveness of the Pentagon Papers regime in permitting disclosures that benefit public debate more than they harm national security while discouraging leaks that cause more harm than good; how the US legal framework for handling national security information compares to the United Kingdom's; and how technological and institutional changes over the five decades since the Pentagon Papers decision have called into question some of that decision's premises. I. Developments in US Law Since the Pentagon Papers case, the government only rarely has sought to enjoin publication of material-and only once succeeded in winning an injunction on the ground that publication threatened national security. When courts have examined questions of prior restraints, they have consistently looked to the Pentagon Papers decision's reaffirmance of the presumptive unconstitutionality of prior restraints. Since 1971, the government has never sought criminal penalties against the press for merely receiving or publishing classified information. It has, however, brought criminal prosecutions against government employees who leaked classified information to the press without authorization, and it has also sought to prosecute non-media third parties for their role in disseminating information leaked to them by government insiders. The influence of New York Times Co. has been much more limited in these prosecutions. Indeed, in criminal prosecutions brought against leakers, the Pentagon Papers case has often been sidelined as a "prior restraint case," or not mentioned at all. Recently, the government has broken new ground by bringing criminal charges against an organization that some consider to be part of the press-WikiLeaks-alleging that it actively participated in and abetted a leak of classified information. The relevance of New York Times Co. to that situation is uncertain"--

From Bill Minutaglio and Steven L. Davis, authors of the PEN Center USA award-winning Dallas 1963, comes a madcap narrative about Timothy Leary's daring prison escape and run from the law. On the moonlit evening of September 12, 1970, an ex-Harvard professor with a genius I.Q. studies a twelve-foot high fence topped with barbed wire. A few months earlier, Dr. Timothy Leary, the High Priest of LSD, had been running a gleeful campaign for California governor against Ronald Reagan. Now, Leary is six months into a ten-year prison sentence for the crime of possessing two marijuana cigarettes. Aided by the radical Weather Underground, Leary's escape from prison is the counterculture's union of "dope and dynamite," aimed at sparking a revolution and overthrowing the government. Inside the Oval Office, President Richard Nixon drinks his way through sleepless

nights as he expands the war in Vietnam and plots to unleash the United States government against his ever-expanding list of domestic enemies. Antiwar demonstrators are massing by the tens of thousands; homemade bombs are exploding everywhere; Black Panther leaders are threatening to burn down the White House; and all the while Nixon obsesses over tracking down Timothy Leary, whom he has branded "the most dangerous man in America." Based on freshly uncovered primary sources and new firsthand interviews, **THE MOST DANGEROUS MAN IN AMERICA** is an American thriller that takes readers along for the gonzo ride of a lifetime. Spanning twenty-eight months, President Nixon's careening, global manhunt for Dr. Timothy Leary winds its way among homegrown radicals, European aristocrats, a Black Panther outpost in Algeria, an international arms dealer, hash-smuggling hippies from the Brotherhood of Eternal Love, and secret agents on four continents, culminating in one of the trippiest journeys through the American counterculture.

The Vietnam War remains one of the most heroic and heartbreaking events in history. This definitive guide charts the unforgettable story of the world's first televised war. Created in association with the Smithsonian Institution, this authoritative guide chronicles America's fight against Communism in southeast Asia during the 1960s and 1970s, and comprehensively explores the people, politics, events, and lasting effects of the Vietnam War. Hundreds of insightful images and a compelling narrative combine to chronicle this catastrophic conflict.?? From 1955, the communist government of North Vietnam waged war against South Vietnam and its main ally, the USA. Over the course of two decades of hostility and warfare, the number of casualties reached an incomprehensible three million people. Detailed descriptions of every episode, including Operation Passage to Freedom and the evacuation of the American embassy in Saigon, tell the stories in iconic photographs and eyewitness accounts. Discover the real people behind the conflict, with gripping biographies of key figures, including Henry Kissinger, General Thieu, President Nixon, and Pol Pot. This incredible visual record is supported by locator maps, at-a-glance timelines, archive photography, and key quotations to ensure an all-encompassing experience. The Vietnam War is an essential historic reference to help humanity learn the lessons of suffering and sacrifice from one of the bloodiest conflicts of the 20th century.

Born to Fly is the gripping story of the fearless women pilots who aimed for the skies—and beyond. Just nine years after American women finally got the right to vote, a group of trailblazers soared to new heights in the 1929 Air Derby, the first women's air race across the U.S. Follow the incredible lives of legend Amelia Earhart, who has captivated generations; Marvel Crosson, who built a plane before she even learned how to fly; Louise Thaden, who shattered jaw-dropping altitude records; and Elinor Smith, who at age seventeen made headlines when she flew under the Brooklyn Bridge. These awe-inspiring stories culminate in a suspenseful, nail-biting race across the country that brings to life the glory and grit

of the dangerous and thrilling early days of flying, expertly told by the master of nonfiction history for young readers, National Book Award finalist Steve Sheinkin. Featuring illustrations by Bijou Karman.

Most people know that Benedict Arnold was America's first, most notorious traitor. Few know that he was also one of its greatest war heroes. This accessible biography introduces young readers to the real Arnold: reckless, heroic, and driven. Packed with first-person accounts, astonishing battle scenes, and surprising twists, this is a gripping and true adventure tale. The Notorious Benedict Arnold is the winner of the 2011 Boston Globe - Horn Book Award for Nonfiction.

You have NEVER seen Coulter like this before! Coulter is uncensored, unapologetic, and unflinching in her ruthless mockery of liberals, sissies, morons, hypocrites, and all other species of politician. Coulter doesn't stop at the politicians, though. Watch her skewer pundits, salesmen, celebrities, and bureaucrats with ruthlessness and hilarity. No topic is safe! This is Coulter at her most incisive, funny, and brilliant, featuring irreverent and hilarious material her syndicators were too afraid to print!

New York Times bestselling author Steve Sheinkin presents a follow up to his award-winning book *Bomb: The Race to Build--and Steal--the World's Most Dangerous Weapon*, taking readers on a terrifying journey into the Cold War and our mutual assured destruction. As World War II comes to a close, the United States and the Soviet Union emerge as the two greatest world powers on extreme opposites of the political spectrum. After the United States showed its hand with the atomic bomb in Hiroshima, the Soviets refuse to be left behind. With communism sweeping the globe, the two nations begin a neck-and-neck competition to build even more destructive bombs and conquer the Space Race. In their battle for dominance, spy planes fly above, armed submarines swim deep below, and undercover agents meet in the dead of night. The Cold War game grows more precarious as weapons are pointed towards each other, with fingers literally on the trigger. The decades-long showdown culminates in the Cuban Missile Crisis, the world's close call with the third—and final—world war. Praise for *BOMB*: A Newbery Honor book A National Book Awards finalist for Young People's Literature A Washington Post Best Kids Books of the Year title “This is edge-of-the seat material that will resonate with YAs who clamor for true spy stories, and it will undoubtedly engross a cross-market audience of adults who dozed through the World War II unit in high school.” —BCCB, starred review “...reads like an international spy thriller, and that's the beauty of it.” —School Library Journal, starred review “[A] complicated thriller that intercuts action with the deftness of a Hollywood blockbuster.” —Booklist “A must-read...” —Publishers Weekly, starred review “A superb tale of an era and an effort that forever changed our world.” —Kirkus, starred review Also by Steve Sheinkin: *The Notorious Benedict Arnold: A True Story of Adventure, Heroism & Treachery* *The Port Chicago 50: Disaster, Mutiny, and the Fight for Civil Rights* *Undeclared: Jim*

Thorpe and the Carlisle Indian School Football Team Most Dangerous: Daniel Ellsberg and the Secret History of the Vietnam War Which Way to the Wild West?: Everything Your Schoolbooks Didn't Tell You About Westward Expansion King George: What Was His Problem?: Everything Your Schoolbooks Didn't Tell You About the American Revolution Two Miserable Presidents: Everything Your Schoolbooks Didn't Tell You About the Civil War Born to Fly: The First Women's Air Race Across America

A true crime thriller -- the first book for teens to tell the nearly unknown tale of the brazen attempt to steal Abraham Lincoln's body! The action begins in October of 1875, as Secret Service agents raid the Fulton, Illinois, workshop of master counterfeiter Ben Boyd. Soon after Boyd is hauled off to prison, members of his counterfeiting ring gather in the back room of a smoky Chicago saloon to discuss how to spring their ringleader. Their plan: grab Lincoln's body from its Springfield tomb, stash it in the sand dunes near Lake Michigan, and demand, as a ransom, the release of Ben Boyd --and \$200,000 in cash. From here, the action alternates between the conspirators, the Secret Service agents on their trail, and the undercover agent moving back and forth between the two groups. Along the way readers get glimpses into the inner workings of counterfeiting, grave robbing, detective work, and the early days of the Secret Service. The plot moves toward a wild climax as robbers and lawmen converge at Lincoln's tomb on election night: November 7, 1876.

On September 4, 1971, the office of Lewis Fielding, a psychiatrist practicing in Los Angeles, was broken into. It looked like a run of the mill drug raid. A month later, a homeless man was charged with burglary and the case was considered closed. On June 17, 1972, five men were charged with breaking and entering at the headquarters of the Democratic National Committee in the Watergate Hotel in Washington, D.C. With these two burglaries, one seemingly innocuous while the other was more serious because of the venue, the scandal known as Watergate was born. As the tale of Richard Nixon and his Plumbers began to unfold, it was discovered that one of Lewis Fielding's patients was Daniel Ellsberg, the man who released the Pentagon Papers to the New York Times . Ellsberg was high on Nixon's list of enemies and he vowed to destroy him at all costs. In *Wild Man* , Tom Wells explores the life of Daniel Ellsberg to discover what makes an individual enact the most severe breach of government security ever to occur in the United States. As Wells follows Ellsberg from his early days as a piano prodigy to his years of great promise at Harvard, we see the development of a volatile, narcissistic loner with a voracious sexual appetite, a highly developed intelligence and, most importantly, the overwhelming need to take centre stage in the pageant known as America. In *Wild Man* , Tom Wells creates an unforgettable picture of Daniel Ellsberg, an American Everyman for the seventies who embodied the promise and paranoia of that uncertain time. This is a thrilling piece of biography that will stand as one of the great American portraits. With forensic detail, Andrew Fowler provides a ringside seat at the epic battle

that has made Julian Assange the USA's public enemy number one. Since it was first published, *The Most Dangerous Man in the World* has been translated and distributed in countries from China to Romania and the USA to Russia. Now, through recent interviews and the latest research, Fowler tells the extraordinary story of how a computer hacker with a turbulent childhood became holed up in London's Ecuador Embassy for seven years, and is now battling extradition to the USA from the notorious maximum security Belmarsh prison in London.

Pentagon Papers whistleblower Daniel Ellsberg was called *The Most Dangerous Man in America* by the Nixon White House. In the Trump era, Ellsberg says Julian Assange, whose new journalism has made him powerful enemies, should be proud to be *The Most Dangerous Man in the World*.

The true story of the leaking of the Pentagon Papers, the event which inspired Steven Spielberg's feature film *The Post* In 1971 former Cold War hard-liner Daniel Ellsberg made history by releasing the Pentagon Papers - a 7,000-page top-secret study of U.S. decision-making in Vietnam - to the *New York Times* and *Washington Post*. The document set in motion a chain of events that ended not only the Nixon presidency but the Vietnam War. In this remarkable memoir, Ellsberg describes in dramatic detail the two years he spent in Vietnam as a U.S. State Department observer, and how he came to risk his career and freedom to expose the deceptions and delusions that shaped three decades of American foreign policy. The story of one man's exploration of conscience, *Secrets* is also a portrait of America at a perilous crossroad. "[Ellsberg's] well-told memoir sticks in the mind and will be a powerful testament for future students of a war that the United States should never have fought." -*The Washington Post* "Ellsberg's deft critique of secrecy in government is an invaluable contribution to understanding one of our nation's darkest hours." -Theodore Roszak, *San Francisco Chronicle* Zinn's compelling case against the Vietnam War, now with a new introduction. Of the many books that challenged the Vietnam War, Howard Zinn's stands out as one of the best--and most influential. It helped sparked national debate on the war. It includes a powerful speech written by Zinn that President Johnson should have given to lay out the case for ending the war.

"A great American sport and Native American history come together in this true story of how Jim Thorpe and Pop Warner created the legendary Carlisle Indians football team"--

*To Dare to Tell the Truth* follows the life of Daniel Ellsberg, a government analyst who, when confronted by the growing horrors and immorality of the Vietnam conflict, decides to risk his own freedom to bring the truth to the American people. From the jungles of Vietnam, where Dan witnesses first-hand the brutality of modern warfare, to the streets of the United States, where the antiwar movement is challenging the authority of the American government, the story follows Dan on his personal journey from being a top secret military analyst to being a fervent anti-war activist. When Dan decides to help end the war by publishing 7,000 pages of top secret documents, his actions trigger one of the

largest FBI manhunts in American history while forcing the American people to reconsider everything they thought was true about their government.

May 22, 1856: A MEMBER OF CONGRESS FROM SOUTH CAROLINA WALKS INTO THE SENATE CHAMBER, LOOKING FOR TROUBLE. That

Congressman, Preston Brooks, was ready to attack Senator Charles Sumner of Massachusetts over remarks Sumner made slamming senators who supported slavery in Kansas. Brooks lifted his cane to beat Sumner, and here the action in the book stops, so that Steve Sheinkin can explain just where this confrontation started. In the process, he unravels the complicated string of events – the small things, the personal ones, the big issues– that led to The Civil War. It is a time and a war that threatened America's very existence, revealed in the surprising true stories of the soldiers and statesmen who battled it out. Two Miserable Presidents is a 2009 Bank Street - Best Children's Book of the Year.

New York Times bestselling author and Newbery Honor recipient Steve Sheinkin gives young readers an American history lesson they'll never forget in the fun and funny King George: What Was His Problem?: Everything Your Schoolbooks Didn't Tell You About the American Revolution, featuring illustrations by Tim Robinson. A Bank Street Best Children's Book of the Year A New York Public Library 100 Titles for Reading and Sharing What do the most famous traitor in history, hundreds of naked soldiers, and a salmon lunch have in common? They're all part of the amazing story of the American Revolution. Entire books have been written about the causes of the American Revolution. This isn't one of them. What it is, instead, is utterly interesting, anecdotes (John Hancock fixates on salmon), from the inside out (at the Battle of Eutaw Springs, hundreds of soldiers plunged into battle "naked as they were born") close-up narratives filled with little-known details, lots of quotes that capture the spirit and voices of the principals ("If need be, I will raise one thousand men, subsist them at my own expense, and march myself at their head for the relief of Boston" --George Washington), and action. It's the story of the birth of our nation, complete with soldiers, spies, salmon sandwiches, and real facts you can't help but want to tell to everyone you know. "For middle-graders who find Joy Hakim's 11-volume A History of US just too daunting, historian Sheinkin offers a more digestible version of our country's story...The author expertly combines individual stories with sweeping looks at the larger picture—tucking in extracts from letters, memorable anecdotes, pithy characterizations and famous lines with a liberal hand."—Kirkus Reviews Also by Steve Sheinkin: Bomb: The Race to Build—and Steal—the World's Most Dangerous Weapon The Notorious Benedict Arnold: A True Story of Adventure, Heroism & Treachery The Port Chicago 50: Disaster, Mutiny, and the Fight for Civil Rights Undeclared: Jim Thorpe and the Carlisle Indian School Football Team Most Dangerous: Daniel Ellsberg and the Secret History of the Vietnam War Which Way to the Wild West?: Everything Your Schoolbooks Didn't Tell You About Westward Expansion Two Miserable Presidents: Everything Your Schoolbooks Didn't Tell You About the Civil War

Born to Fly: The First Women's Air Race Across America

"The story of Daniel Ellsberg and his decision to steal and publish secret documents about America's involvement in the Vietnam War"--

Analyzes major disasters in recent history and explains how their deep financial, emotional, and historical impacts could have been avoided.

The former defense analyst who revealed the Pentagon Papers offers an eyewitness account of America's nuclear program in the 1960s and reveals the dangers in the country's seventy-year-long nuclear policy.--

From two-time National Book Award finalist Deborah Wiles, a masterpiece exploration of one of the darkest moments in our history, when American troops killed four American students protesting the Vietnam War.

Recounts the scientific discoveries that enabled atom splitting, the military intelligence operations that occurred in rival countries, and the work of brilliant scientists hidden at Los Alamos.

The Newbery Award-winning and National Book Award finalist author of Bomb presents an account of the 1944 civil rights protest involving hundreds of African-American Navy servicemen who were unjustly charged with mutiny for refusing to work in unsafe conditions after the deadly Port Chicago explosion.

Download a FREE sneak peek of Gilded by Marissa Meyer. In Gilded, #1 New York Times bestselling author Marissa Meyer returns to the fairytale world with this haunting retelling of Rumpelstiltskin. Long ago cursed by the god of lies, a poor miller's daughter has developed a talent for spinning stories that are fantastical and spellbinding and entirely untrue. Or so everyone believes. When one of Serilda's outlandish tales draws the attention of the sinister Erlking and his undead hunters, she finds herself swept away into a grim world where ghouls and phantoms prowl the earth and hollow-eyed ravens track her every move. The king orders Serilda to complete the impossible task of spinning straw into gold, or be killed for telling falsehoods. In her desperation, Serilda unwittingly summons a mysterious boy to her aid. He agrees to help her... for a price. Love isn't meant to be part of the bargain. Soon Serilda realizes that there is more than one secret hidden in the castle walls, including an ancient curse that must be broken if she hopes to end the tyranny of the king and his wild hunt forever.

UPDATED IN MARCH 2013 to include the historic \$104-million Bradley Birkenfeld whistleblower case and more! From the nation's leading whistleblower attorney, comes the third edition of the first-ever consumer guide to whistleblowing. In The Whistleblower's Handbook, Stephen Martin Kohn explains nearly all federal and state laws regarding whistleblowing. In the step-by-step bulk of the book, he also presents twenty-one rules for whistleblowers.

The story of President Richard Nixon and those who fought against him comes to life in this insightful and accessible nonfiction middle grade book from the author of Fly Girls and Fighting for the Forest. The Watergate scandal created one of the greatest constitutional crises in American history. When the House Judiciary Committee approved three articles of impeachment against President Richard Nixon and the Supreme Court ruled that he had to turn over to Congress the tapes that proved the claims against him, he realized his support in the Senate had collapsed. He resigned rather than face almost certain conviction on abuse of power and obstruction of justice. We know the villain's story well, but what about the heroes? When the country's own leader turned his back on the Constitution, who was there to defend it? Conspiracy is about the reporters, prosecutors, judges, justices, members of Congress, and members of the public who supported and defended the Constitution when it needed it most. A narrative report by a woman who grew up near the Rocky Flats nuclear weapon facility

describes the dark secrets that dominated her childhood, the strange cancers that afflicted her neighbors, her brief employment at Rocky Flats and the efforts of residents to achieve legal justice. 30,000 first printing.

In the decades following World War II, the science of decision-making moved from the periphery to the center of transatlantic thought. The *Decisionist Imagination* explores how "decisionism" emerged from its origins in prewar political theory to become an object of intense social scientific inquiry in the new intellectual and institutional landscapes of the postwar era. By bringing together scholars from a wide variety of disciplines, this volume illuminates how theories of decision shaped numerous techno-scientific aspects of modern governance—helping to explain, in short, how we arrived at where we are today.

An Indie Next Pick! The blockbuster co-writing debut of Amanda Foody and Christine Lynn Herman, *All of Us Villains* begins a dark tale of ambition and magick... You Fell in Love with the Victors of the Hunger Games. Now Prepare to Meet the Villains of the Blood Veil. The Blood Moon rises. The Blood Veil falls. The Tournament begins. Every generation, at the coming of the Blood Moon, seven families in the remote city of Ilvernath each name a champion to compete in a tournament to the death. The prize? Exclusive control over a secret wellspring of high magick, the most powerful resource in the world—one thought long depleted. This year, thanks to a salacious tell-all book, the seven champions are thrust into the worldwide spotlight, granting each of them new information, new means to win, and most importantly, a choice: accept their fate or rewrite their story. But this is a story that must be penned in blood. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A 2015 National Book Award Finalist, reviewed in *The Washington Post*, as well as featured on the *Publishers Weekly* "Best Books of 2015" list. From Steve Sheinkin, the award-winning author of *The Port Chicago 50* and *Newbery Honor Book Bomb* comes a tense, narrative nonfiction account of what the *Times* deemed "the greatest story of the century": how whistleblower Daniel Ellsberg transformed from obscure government analyst into "the most dangerous man in America," and risked everything to expose a government conspiracy. On June 13, 1971, the front page of the *New York Times* announced the existence of a 7,000-page collection of documents containing a secret history of the Vietnam War. Known as *The Pentagon Papers*, these files had been commissioned by Secretary of Defense Robert McNamara. Chronicling every action the government had taken in the Vietnam War, including an attempt by Nixon to foil peace talks, these papers revealed a pattern of deception spanning over twenty years and four presidencies, and forever changed the relationship between American citizens and the politicians claiming to represent their interests. The investigation--and attempted government coverups--that followed will sound familiar to those who followed the scandal surrounding Edward Snowden. A provocative and political book that interrogates the meanings of patriotism, freedom, and integrity, *Most Dangerous* further establishes Steve Sheinkin as a leader in children's nonfiction. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.

In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away

at a remote site at Los Alamos. This is the story of the plotting, the risk-taking, the deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. Bomb is a 2012 National Book Awards finalist for Young People's Literature. Bomb is a 2012 Washington Post Best Kids Books of the Year title. Bomb is a 2013 Newbery Honor book.

"A call to arms and to action, for anyone with a conscience, anyone alarmed about the decline of our democracy." — New York Times-bestselling author Wendell Potter

"Powerful...His extensively reported tales of individual whistleblowers and their often cruel fates are compelling...They reveal what it can mean to live in an age of fraud." — The Washington Post "Tom Mueller's authoritative and timely book reveals what drives a few brave souls to expose and denounce specific cases of corruption. He describes the structural decay that plagues many of our most powerful institutions, putting democracy itself in danger." —George Soros A David-and-Goliath story for our times: the riveting account of the heroes who are fighting a rising tide of wrongdoing by the powerful, and showing us the path forward. We live in a period of sweeping corruption -- and a golden age of whistleblowing. Over the past few decades, principled insiders who expose wrongdoing have gained unprecedented legal and social stature, emerging as the government's best weapon against corporate misconduct--and the citizenry's best defense against government gone bad. Whistleblowers force us to confront fundamental questions about the balance between free speech and state secrecy, and between individual morality and corporate power. In Crisis of Conscience, Tom Mueller traces the rise of whistleblowing through a series of riveting cases drawn from the worlds of healthcare and other businesses, Wall Street, and Washington. Drawing on in-depth interviews with more than two hundred whistleblowers and the trailblazing lawyers who arm them for battle--plus politicians, intelligence analysts, government watchdogs, cognitive scientists, and other experts--Mueller anatomizes what inspires some to speak out while the rest of us become complicit in our silence. Whistleblowers, we come to see, are the freethinking, outspoken citizens for whom our republic was conceived. And they are the models we must emulate if our democracy is to survive. ? "Partridge proves once again that nonfiction can be every bit as dramatic as the best fiction."\* America's war in Vietnam. In over a decade of bitter fighting, it claimed the lives of more than 58,000 American soldiers and beleaguered four US presidents. More than forty years after America left Vietnam in defeat in 1975, the war remains controversial and divisive both in the United States and abroad. The history of this era is complex; the cultural impact extraordinary. But it's the personal stories of eight people—six American soldiers, one American military nurse, and one Vietnamese refugee—that create the heartbeat of Boots on the Ground. From dense jungles and terrifying firefights to chaotic helicopter rescues and harrowing escapes, each individual experience reveals a different facet of the war and moves us forward in time. Alternating with these chapters are profiles of key American leaders and events, reminding us of all that was happening at home during the war, including peace protests, presidential scandals, and veterans' struggles to acclimate to life after Vietnam. With more than one hundred photographs, award-winning author Elizabeth Partridge's unflinching book captures the intensity, frustration, and lasting impacts of one of the most tumultuous periods of American history. \*Kirkus Reviews, starred review of Marching for Freedom

History--with the good bits put back. Discover the drama, discoveries, dirty deeds and derring-do that won the American West. With a storyteller's voice and attention to the details that make history real and interesting, Steve Sheinkin's *Which Way to the Wild West?* delivers America's greatest adventure. From the Louisiana Purchase (remember: if you're negotiating a treaty for your country, play it cool.) to the gold rush (there were only three ways to get to California--all of them bad) to the life of the cowboy, the Indian wars, and the everyday happenings that defined living on the frontier.

*Most Dangerous* is the award-winning nonfiction account of an ordinary man who wielded the most dangerous weapon: the truth. In 1964, Daniel Ellsberg was a U.S. government analyst, helping to plan a war in Vietnam. It was the height of the Cold War, and the government would do anything to stop the spread of communism—with or without the consent of the American people. As the fighting in Vietnam escalated, Ellsberg turned against the war. He had access a top-secret government report known as the Pentagon Papers, and he knew it could blow the lid off of years of government lies. But did he have the right to expose decades of presidential secrets? And what would happen to him if he did it? A lively book that interrogates the meanings of patriotism, freedom, and integrity, the 2015 National Book Award finalist *Most Dangerous* further establishes Steve Sheinkin as a leader in children's nonfiction. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum. Praise for *Most Dangerous: Daniel Ellsberg and the Secret History of the Vietnam War*: 2016 YALSA Excellence in Nonfiction Award winner A 2015 National Book Award finalist A 2015 Bulletin of the Center for Children's Books Blue Ribbon book A 2015 Los Angeles Times Book Prize for Young Adult Literature finalist Selected for the 2016 Notable Social Studies Trade Books for Young People List “Steve Sheinkin is a master of fast-paced histories . . . [this] is Sheinkin’s most compelling one yet. ” —Washington Post \* “Easily the best study of the Vietnam War available for teen readers.” —Kirkus Reviews, starred review
