This book contains refereed and improved papers presented at the 8th IAPR Workshop on Graphics Recognition (GREC 2009), held in La Rochelle, France, July 22–23, 2009. The GREC workshops provide an excellent opportunity for researchers and practitioners at all levels of experience to meet colleagues and to share new ideas and knowledge about graphics recognition methods. Graphics recognition is a subfield of document image analysis that deals with graphical entities in engineering drawings, sketches, maps, architectural plans, musical scores, mathematical notation, tables, diagrams, etc. GREC 2009 continued the tradition of past workshops held in the Penn State University, USA (GREC 1995, LNCS Volume 1072, Springer Verlag, 1996); Nancy, France (GREC 1997, LNCS Volume 1389, Springer Verlag, 1998); Jaipur, India (GREC 1999, LNCS Volume 1941, Springer Verlag, 2000); Kingston, Canada (GREC 2001, LNCS Volume 2390, Springer Verlag, 2002); Barcelona, Spain (GREC 2003, LNCS Volume 3088, Springer Verlag, 2004); Hong Kong, China (GREC 2005, LNCS Volume 3926, Springer Verlag, 2006); and (GREC 2007, LNCS Volume 5046, Springer Verlag, 2008). The program of GREC 2009 was organized in a single-track 2-day workshop. It comprised several sessions dedicated to specific topics. For each session, there was an invited presentation describing the state of the art and stating the open questions for the session's topic, followed by a number of short presentations that contributed by proposing solutions to some of the questions or by presenting results of the speaker's work. Each session was then concluded by a panel discussion.

Some of the key benefits of studying from Oswaal Question Banks are:

- Chapter-wise/ Topic-wise presentation for systematic and methodical study

This is an OCR endorsed resource Build strong subject knowledge and skills in A Level History using the in-depth analysis and structured support in this tailor-made series for OCR's British period studies and enquiries. - Develops the analytical skills required to succeed in the period study by organising the narrative content around the key issues for students to explore - Enhances understanding of the chosen historical period, supplying a wealth of extracts and sources that offer opportunities to practise the evaluative skills needed for the enquiry - Progressively improves study skills through developmental activities and advice on answering practice exam questions - Helps students to review, revise and reflect on the course material through chapter summaries and revision activities that consolidate topic knowledge - Equips students with transferable critical thinking skills, presenting contrasting academic opinions that encourage A Level historians to make informed judgements on major debates Each title in the OCR A Level History series contains one or two British period studies and its associated enquiry, providing complete support for every option in Unit Group 1.

England 1485-1603 This title explores the reigns of the Tudor monarchs from Henry VII to Elizabeth I through two British period studies and one enquiry. It allows an in-depth understanding of the key historical knowledge, terms and concepts relevant to the period studied and encourages the critical use of evidence in investigating and assessing historical questions in the associated enquiry: 'Mid Tudor Crises 1547-1558'. This title covers the following period studies and enquiry: - England 1485-1547 - Mid Tudor Crises 1547-1558 - Elizabethan England

Addressing social justice issues in a physical education context is necessary both at the higher education and PK-12 settings. Limited undergraduate and graduate programs educate their students about social justice issues, thus, resulting in licensed teachers who lack the content knowledge, comfort level and pedagogical tools on how to educate students about issues related to social justice. Grounded in the transformative pedagogy theoretical framework, this book will offer practical lessons and strategies on a wide variety of social issues (e.g., body, race, self-identity, immigration) that can be used in teacher education and the PK-12 setting. The goal is for teacher educators and practitioners to feel more comfortable with teaching about and for social justice and believe this resource will enhance their content and pedagogical knowledge in the quest to achieve that goal. The purpose of this book is to provide physical education teacher educators and PK-12 physical education teachers with lesson plans and resources on how to address social justice issues in a physical education setting. This book will include sample lesson plans/activities that address a wide variety of social issues – the what, the how and the challenges and possibilities that the author(s) encountered when
