This book documents and details the Biblical profile of the Prophet Joseph Smith and provides the prophetic narrative behind his public Ministry. The book explains and makes sense out of the otherwise bizarre history of Mormonism and demonstrates that up until December of 1834, the Lord was using Joseph Smith to restore the fulness of the Gospel and Biblical Christianity. Following the breaking of the law of consecration and the everlasting covenant, the Latter day Saints were pronounced by God to be under condemnation and were promised that the fulness would return to the earth after a little season of chastisement, preparation and learning. The book provides the necessary context to understand why all of the very strange events of the LDS restoration movement took place. It provides contextual proof from the scriptures, of the veracity of the LDS Restoration Movement and the fact that Joseph Smith was a true prophet. This is the preliminary manuscript version of the book for those interested in participating in a peer review of the book and/or listening in on what is being said by members of a peer review. Much of the interpretation of LDS church history and scripture in the book, is the result of over 10,000 keyword search and corroboration from many readers of the authors blog, making the book, largely a crowdsourced work. This book hails from decades of challenging trial-and-error work, abundant reading, and an enduring obligation to ministers, activists, and unsung lay heroes whose legacies matter. As there is little that actually addresses the elusive meanings, if not the dangers inherent in pursuing alleged spoils of "success," it is kairos time. Seemingly scarce resources and competition to make and maintain ministries in the city challenge those of us in the field, or on the sidelines, to speak, write, and communicate clearly, and convincingly--not only for ourselves and our "people," past and present, but for those who come along soon to receive the baton or wear the mantle. Concretely narrated, with unique case studies, a cast of dozens contribute their earthy, earnest testimonies and are, at long last, energetically affirmed. Specifically, this work proffers constructive attention to the critical cautions concerning subtle temptations to "succeed," including: commodification, cooptation, communalism, clientelism, and cowardice--and, not bailing on fierce charity-justice tensions (with benevolence protectively dominant). Narrative analysis and biography-as-theology, social ethics, biblical theology, and recent church history give apt attention to how a compelling case is possible for success, if justice is practiced, given a hopeful realism and perspective of prophetic eschatology.

In this fictionalized story from scripture's Book of Hosea, we learn about Gomer, who was known only as a prostitute and adulteress. Who was she prior to marriage and why, when offered genuine love and compassion, did she reject them in favor of a lifestyle where she faces degradation and abuse? We feel Gomer's inner turmoil as she struggles to adapt to new roles of wife and mother, and often rejected by a culture where the law of the land allows the death penalty for adultery. Her friends are confounded by her choice to return to prostitution when they would give anything for the opportunities offered to her for a better life with a good man. Delve into the conflicting emotions of Hosea who obeys HaShem's call on his life to marry a harlot. Friends and family advise him against making this decision, not understanding his commitment to follow what they deem to be a fantasy. With little support, he goes ahead with his plan in obedience to the Lord. Gomer, the woman he chooses, is a reluctant bride who does not know what true love looks like, and falls back into her old ways. When faced with Gomer's infidelity, Hosea fluctuates between grief and anger, faith and hope. This long journey teaches him about the heart of HaShem for the unfaithful nation of Israel in 8th century BC and prepares him for sixty years of prophetic ministry. Find yourself in this tangled emotional quandary, knowing what is right, yet like Gomer, clinging to a familiar, destructive lifestyle even after HaShem offers her a new life. And for Hosea, who hears and obeys the call of HaShem, fighting against opposing voices to stand his ground for what he believes.

Most of the time the co-dependent person makes excuses for the person they have a soul tie with. They do this by explaining away bad behavior. They call themselves supporting the person; backing them up, helping them through problems in life. The problem with that is the person that has the trait of a murderer is emotionally and socially incapable of having compassion for the people they are around, and that extends even to the person they have a soul tie with. They generally are so cold and callous that they can't see compassionately when it comes to the needs and wants of others. This book defines the intended purpose of the Bible. Here, you will discover the true understanding of the prophecies yet to be fulfilled, as well as explaining the ones that have gone before. A complete timeline is also provided from creation to the end of the age, and is linked directly to our calendar. It also provides all the relevant end times information needed for Christians, to make the necessary informed decisions about their future during the last days. This is the Christian's definitive guide to the Bible, and their future.

The Asian American church is in transition. Congregations face the challenges of preserving ethnic culture and heritage while contextualizing their ministry to younger generations and the unchurched. Many Asian American church leaders struggle with issues like leadership development, community dynamics and intergenerational conflict. But often Asian American churches lack the resources and support they need to fulfill their callings. Peter Cha, Steve Kang and Helen Lee and a team of veteran Asian American pastors and church leaders offer eight key values for healthy Asian American churches. Drawing on years of expertise and filled with practical examples from landmark churches like Evergreen Baptist Church of Los Angeles, NewSong Church and Lighthouse Christian Church, the book provides soundly biblical perspectives for effective ministry that honors the Asian American cultural context. Insights from such pioneering leaders as Ken Fong, David Gibbons, Grace May, Wayne Ogimachi, Steve Wong, Nancy Sugikawa and Soong-Chan Rah make this an essential guide for Asian American church leaders wanting to help their congregations achieve health and growth.

In this highly accessible discussion, Bart Ehrman examines the most recent textual and archaeological sources for the life of Jesus, along with the history of first-century Palestine, drawing a fascinating portrait of the man and his teachings. Ehrman shows us what historians have long known about the Gospels and the man who stands behind them. Through a careful evaluation of the New Testament (and other surviving sources, including the more recently discovered Gospels of Thomas and Peter), Ehrman proposes that Jesus can be best understood as an apocalyptic prophet--a man convinced that the world would end dramatically within the lifetime of his apostles and that a new kingdom would be created on earth. According to Ehrman, Jesus' belief in a coming apocalypse and his expectation of an utter reversal in the world's social organization not only underscores the radicalism of his teachings but also sheds light on both the appeal of his message to society's outcasts and the threat he posed to Jerusalem's established leadership.

The ministry of the apostle is the linchpin ministry of the church, and without it the church cannot become what it is called to be. While the world and much of the church has focused on scandals and problems in the church, that which is now being called 'The New Apostolic Reformation' emerged and quickly became, not only the fastest growing part of the church, but the fastest growing religious movement of any kind on the earth. For this reason the subject addressed by this book is one of the most important for our times.

Pointing out striking correlations between the catastrophe of 9/11 and the destruction of ancient Jerusalem, Brueggemann shows how the prophetic biblical response to that crisis was truth-telling in the face of ideology, grief in the face of denial, and hope in the face of despair. He argues that the same prophetic responses are urgently required from us now if we are to escape the deathliness of denial and despair. --from publisher description

Acts and Monuments by John Foxe, popularly abridged as Foxe's Book of Martyrs, is a celebrated work of church history and martyrology, first published in English in 1563 by John Day. Published early in the reign of Queen Elizabeth I and only five years after the death of the Roman Catholic Queen Mary I, Foxe's Acts and Monuments was an affirmation of the Protestant Reformation in England during a period of religious conflict between Catholics and Protestants. Foxe's account of church history asserted a historical justification that was intended to establish the Church of England as a continuation of the true Christian church rather than as a modern innovation, and it contributed significantly to a nationalistic repudiation of the Roman Catholic Church. The sequence of the work, initially in five books, covered first early Christian martyrs, a brief history of the medieval church, including the Inquisitions, and a history of the Wycliffite or Lollard movement. It then dealt with the reigns of Henry VIII and Edward VI, during which the dispute with Rome had led to the separation of the English Church from papal authority and the issuance of the Book of Common Prayer. The final book treated the reign of Queen Mary and the Marian Persecutions. (courtesy of wikipedia.com)

The church does not cope very well with dying. Instead of using its own resources to mount a positive end-of-life ministry for the terminally ill, it outsources care to secular models, providers, and services. A terminal diagnosis typically triggers denial of impending death and placing faith in the techniques and resources of modern medicine. If a cure is not forthcoming, the patient and his or her loved ones experience a sense of failure and bitter disappointment. This book offers a critical analysis of the church's failure to communicate constructively about dying, reminding the church of its considerable liturgical, scriptural, and pastoral resources when it ministers to the terminally ill. The authors, who have all been personally and professionally involved in end-of-life issues, suggest practical, theological bases for speaking about dying, communicating with those facing death, and preaching about dying. They explore how dying--in baptism--begins and informs the Christian's life story. They also emphasize that the narrative of faith embraces dying, and they remind readers of scriptural and christological resources that can lead toward a "good dying." In addition, they present current best practices from health professionals for communication among caregivers and those facing death. The book includes a foreword by Stanley Hauerwas.

Replacing George B. Caird's earlier volume, fellow Oxford scholar Ian Boxall's new edition in this popular series offers a clear and lucid study of St. John's apocalypse. Arising out of a critical awareness of the historical and theological issues surrounding the interpretation of Revelation, Boxall's exposition opens with an enlightening introduction to the first-century context of this difficult book. Now available in paperback.

A literary history of our most influential book of all time, by an Oxford scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as "Holy Scripture," a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In A History of the Bible, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, A History of the Bible argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

That's according to the author of this book which, she says, contains divine messages dictated to her by Jesus Christ on a daily basis since 9 November 2010 and which are on-going. The messages are simple, dispel the myths about the creation of the universe, reinforce the teachings of Christ and predict future events in detail.

INCREASE your authority INFLUENCE God's way David picked up five smooth stones before meeting with Goliath. Countless teachings amplify the drama of that fateful day, yet it is not necessarily his greatest accomplishment. While it stands out clearly among the host of significant conquests, one victory 'does not a dynasty create'. David lived a life filled with wisdom as well as acts of courage. David's wisdom is the foundation of this book, particularly five gems of exceptional truth and understanding. Extracted from the sentiment of his own heartache and trials are true riches. These are five treasures so profound that they established the golden age of Israel, revered and celebrated to this day. David defines for us a model of leadership that goes far beyond the classic posturing found in contemporary business literature. As economic systems reel under the force of turbulent times and uncertain financial storms, there has never been a greater need of true leadership. Governments and corporations alike have begun to feel that need. The example of David holds a key. His life reveals an insight into the world around us, along with people in it, that is a sure recipe for genuine influence.

From the New York Times best-selling author, Eric Metaxas, an abridged version of the groundbreaking biography of Dietrich Bonhoeffer, one of the greatest heroes of the twentieth century, a man who stood up to Hitler. A definitive, deeply moving narrative, Bonhoeffer is a story of moral courage in the face of monstrous evil. As Adolf Hitler and the Nazis seduced a nation, bullied a continent, and attempted to exterminate the Jews of Europe, a young pastor named Dietrich Bonhoeffer became one of the first to speak out against Hitler. As a double agent, he joined the plot to assassinate the Führer, and he was hanged in Flossenberg concentration camp at age thirty-nine. Since his death, Bonhoeffer has grown to be one of the most fascinating, complex figures of the twentieth century. Bonhoeffer brings the reader face-to-face with a man determined to do the will of God radically, courageously, and joyfully—even to the point of death. It is the story of a life framed by a passion for truth and a commitment to justice on behalf of those who face implacable evil.

This book will challenge everything you thought you knew about the Bible's teaching on gender equality and women's place in ministry. As we enter the third decade of the 21st Century our societies are still wrangling over the role of women in the world. Many advocates of male superiority have based their opposition to emancipation on various readings of Bible verses, but scripture actually reveals itself as the one true pathway to emancipation and progress. The age-old belief that leadership is male, no longer stands up under scrutiny. Misogyny has no place in God's kingdom. With a blend of personal story and teaching grounded in historical and biblical research, this revelatory book is brimming over with truth and an invitation to enter into the love of God the Father.

Many people believe that hearing God is about receiving right direction or right information from God for good decisions in life. Hearing God is much more intimate and real. If hearing God is merely about knowing what to do in life, then knowing what to do can become our god. In this book Ted J. Hanson presents over forty-two years of experience in hearing God as well as Biblical insights into the foundation for hearing God's voice. This book has been written to help the individual recognize the voice of God. Practical and spiritual keys are given to help each individual more readily recognize God speaking in their life. God is speaking to all people, but not all people recognize His voice. If we can learn what God does not sound like we can ignore the sounds that are not His voice. We will then be left with an understanding of God's voice to our hearts. Hearing God is about knowing God. The author presents the hindrances to hearing God as well as keys to tuning into the frequency of God's voice in our lives. The material presented in the book has changed the lives of many people through a proven track record of teaching for the past fifteen years. My daughter-in-law, Amani Hanson, designs my book covers. In designing this book cover she had to pass the test of hearing God. That test was not a forced one, just a spontaneous, naturally supernatural test of hearing the One who loves us. I had given her a concept of hearing God in our hearts. I gave her some ideas but put it in her hands to discover what it was that would best depict the book. She writes: Okay so I came up with a concept—it is different than the ideas you mentioned but here's the story—I asked Kaden (her 2 " year old son) what he thought should be on the cover of your new book and he said "a bird". I was a little surprised and asked him, "what bird?" Just then our eagle called and he said "An Eagle!" I was thinking about that and brainstorming how to have an eagle without it looking old school. I pictured an eagle soaring over a misty mountain range or a misty lake. I asked my sister-in-law Kim if she had any misty lake pictures and she said she would take some for me that morning. She went down to the water and was taking pictures and an eagle soared in! She got some awesome shots! She said she has been trying to get a picture of an eagle for ages! I thought it was pretty cool how that worked out so I figured I would go with it and see what you think. The eagle depicts the ability to be led by the Spirit. It rides on the heights but it does its best work when coming down for the victory over its prey. Hearing God is best in the foggy moments of life. Natural sight is the opposite of faith and faith comes when we hear the One who loves us. Hearing God is about trusting the voice of God inside of us. When we trust that inner voice we accomplish great things in the purpose of life. Amani didn't know, but the number one thing in my office that depicts to me the hearing of God's voice is the eagle. She also didn't know, but water is another symbol of life, purpose, and destiny and is an important part of the journey of my life. Hearing God involves the ability to know God in the mountains and the valleys of life. It includes our ability to ride on the heights of the Spirit, but hearing Him is made real in the place of purpose in our lives — where we trust the voice of God in our hearts and accomplish the things seen in heaven in the everyday realities of our lives.

In this challenging and enlightening treatment, Brueggemann traces the lines from the radical vision of Moses to the solidification of royal power in Solomon to the prophetic critique of that power with a new vision of freedom in the prophets. Here he traces the broad sweep from Exodus to Kings to Jeremiah to Jesus. He highlights that the prophetic vision and not only embraces the pain of the people but creates an energy and amazement based on the new thing that God is doing. In this new edition, Brueggemann has completely revised the text, updated the notes, and added a new preface.

Introduction by William Edward Biederwolf Includes the complete text of every Bible verse from Genesis to Revelation that directly or indirectly deals with the Second Coming Commentary of hundreds of respected Bible scholars 4 1/4 x 6 7/8

Jesus is the most important person in the life of the Christian. This stimulating book explores the Bible's teaching on seven key attributes of Jesus's life and ministry, from Genesis to Revelation.

This first-ever interdisciplinary study of the woman as prophet shows that, in these troubling times, ordinary women—especially Christian women—need to function as prophets by proclaiming, in word and deed, the indispensability of lovingly seeking the welfare of others.

Women appear in key places and roles throughout the biblical story-line. In the Old Testament we find Eve in the garden of Eden; the matriarchs Sarah, Rebekah, Leah and Rachel; Deborah and Ruth in the time of the Judges; the prophetesses Huldah in King Josiah's time; the capable woman of Proverbs 31; the passionate woman in the Song of Songs. In the Gospels, various women are involved in the life of Jesus, not least his mother Mary and the first witnesses to his resurrection. The book of Acts includes Lydia the converted businesswoman and Priscilla the fearless teacher. Furthermore, both testaments also contain much teaching about women's life and ministry, for example in prayer, in worship, in marriage and in leadership. Derek and Dianne Tidball's wide-ranging exposition begins with some foundations about women in creation and in the new creation. Next, they survey women under the old covenant. Thirdly, they examine women in the kingdom of God, in the life and teaching of Jesus, and in the final section they deal with women in the new community of the early church, and grapple with some of the more controversial writings of the apostle Paul. Mindful of the complexities, challenges and debates, the authors seek to approach the Bible with humility and integrity, while addressing vitally relevant issues for Christians today with clarity and confidence.

The Bible is an enduring source of inspiration for the human heart and mind, and readers of Thinking about the Torah will be rewarded with an enhanced understanding of this great work's deeper meanings. Drawing on Western philosophy and particularly Jewish philosophy, Kenneth Seeskin delves into ten core biblical verses and the powerful ideas that emerge from them. He speaks to readers on every page and invites conversation about topics central to human existence: how finite beings can relate to the infinite, what love is, the role of ethics in religion, and the meaning of holiness. Seeskin raises questions we all ask and responds to them with curiosity and compassion, weaving into his own perceptive commentary insights from great Jewish thinkers such as Maimonides, Spinoza, Buber, Rosenzweig, and Levinas, as well as Plato, Aristotle, Augustine, Luther, Kant, and Kierkegaard. The Bible is concerned with how we think as well as how we follow the commandments, rituals, and customs. Seeskin inspires us to read the Torah with an open mind and think about the lessons it teaches us.

Professor Brueggemann here examines the literature and experience of an era in which Israel's prophets faced the pastoral responsibility of helping people to enter into exile, to be in exile, and to depart out of exile. He addresses three major prophetic traditions: Jeremiah (the pathos of God), Ezekiel (the holiness of God), and 2 Isaiah (the newness of God). This literature is seen to contain the theological resources for handling both brokenness and surprise with freedom, courage, and imagination.

Throughout, Brueggemann demonstrates how these resources offer vitality for ministry today.

"[...]Ministry of Brains Instruction 743, paragraph 3...." Prideaux paused, and frowned nervously at his secretary, who was conducting a fruitless conversation over his telephone, an occupation at which she did not shine. "Hullo ... yes ... I can't quite hear ... who are you, please?... Oh ... yes, he's here.... But rather busy, you know.... Dictating.... Yes, dictating.... Who did you say wanted him, please?... Oh, I see...." [...].

During his ministry, which included extended pastorates in Chicago and Toronto, Dr. Tozer was often referred to as a prophet. That doesn't mean he predicted future events, but rather he spoke God's truth to believers and the culture, even if it meant disrupting the status quo. Even in the Bible, prophets were much more likely to hold God's people and their leaders accountable to the truth of God's Word than to foretell the future. The encouragement in Voice of a Prophet is that the church today is in desperate need of the kind of prophet Tozer embodied and describes in this important book. Using the lives of such prophets as Elijah, Elisha, and John the Baptist, Tozer underscores the importance of the ministry of the prophet in our world today.

No Compromise ¿O¿er the land of the free . . . and the home of the brave!¿ Brave indeed. Fleeing persecution in their homelands, they crossed the seas to a New World in search of freedom . . . freedom of conscience . . . freedom to worship as they chose. Puritans, Pilgrims, and men like Roger Williams created a safe haven for liberty. They built ¿One Nation, under God¿ ¿a nation founded on Bible principles. But to these sturdy pioneers, freedom of worship also included the freedom not to worship at all, if one so chose. Real freedom would mean that those who worshiped God, and those who didn¿t would live together in respectful tolerance and peace. Today, this dream of freedom is under siege. Why? Because many worship no god at all, and they increasingly oppose those who do. These unbelievers would strip away the religious freedoms that our founders sacrificed to create. They seem bent on creating a nation based on their own secular atheism, by force if necessary. They mock the very idea that we are a nation under God. Those who choose to worship God are also responsible. They¿we¿ have taken tolerance to tragic extremes of compromise. Instead of standing up for God and the Bible, we give too much away in our eagerness not to offend anyone. And slowly, we are becoming One Nation, under Total Confusion. It¿s time to stand firm again¿to stop compromising away our hard-won freedoms. This book will help all of us remember our nation¿s original dream¿and inspire us to recapture it.

The book *The Prophets's Spirtual Demise* gives the prophetic voice a clear instruction on how to overcome the adversary. The adversary looks to steal the prophetic sound from The Body of Christ and God seeks to preserve his sound for the end times. "And I will give power unto my two witnesses, and they shall prophesy a thousand two hundred and threescore days, clothed in sackcloth." Revelations 11:3 We all carry a part of the prophetic through our Minstries of Song, Worship and Teaching. Learn how to combat with the enemy of the voice of the prophetic through spiritual warfare. Through the do's and dont's of this book God is preparing you for the spiritual demise of the prophetic voice. The kingdom of God suffered violence since the days of John the Baptist but the violent take it by force. When you read this book you are equiped to take the Prophetic Voice of God back by force. Empower your Minstry with the Song of the Prophet.

Volume One of this book will discuss about the true gospel of Jesus(as) which is about the imminent coming of the Son of Man and the establishment of the universal Kingdom of God on earth. We will emphasize the fact that the entire ministry of Jesus(as) is all about the good news of the imminent fulfillment of the "Son of Man Prophecy" and the "Kingdom of God Prophecy" of Prophet Daniel(as) as written in the Bible. Based on the correct context and interpretation, the Son of Man mentioned by Jesus(as) refers to Prophet Muhammad(saw) and the Kingdom of God refers to Islam. Volume Two will discuss about the fulfillment of the 70 Weeks Prophecy of Prophet Daniel(as). That this prophecy is actually a countdown to know the year Jesus(as) and Muhammad(saw) will come on earth. Jesus(as) is expected to arrive in the 69th Week of the countdown, and Prophet Muhammad(saw) will arrive in the 70th Week of the countdown. Its exact fulfillment in history (such as the year of their birth, the starting year of their ministry and the year their respective messianic mission will be accomplished) is a miracle or sign from Allah swt (Qur'an 20:133) and a clear evidence (Qur'an 61:6) attesting the veracity of the prophethood of both Jesus(as) and Muhammad(saw). This will explain to us why there are Jews who knew what time or year Jesus(as) will arrive on earth; and why there were Jews in Yathrib Arabia who knew what time or year Muhammad(saw) will emerge as Messenger of God.

The American church avoids lament. But lament is a missing, essential component of Christian faith. Soong-Chan Rah's prophetic exposition of the book of Lamentations provides a biblical and theological lens for examining the church's relationship with a suffering world. Hear the prophet's lament as the necessary corrective for Christianity's future.
