

## Raising Boys Why Boys Are Different And How To Help Them Become Happy And Well Balanced Men

"If you're raising a boy, you need this brilliant book. It is clear, wise, and eye-opening." --Lisa Damour, Ph.D., author of *Untangled* When boys enter puberty, they tend to get quiet--or at least quieter than before--and parents often misread their signals. Here's how to navigate their retreat and steer them through this confusing passage, by the bestselling author of *The Care and Keeping of You* series and *Guy Stuff: The Body Book for Boys*. What is my son doing behind his constantly closed door? What's with his curt responses, impulsiveness, newfound obsession with gaming, and . . . that funky smell? As pediatrician and mother of two teenagers Cara Natterson explains, puberty starts in boys long before any visible signs appear, and that causes confusion about their changing temperaments for boys and parents alike. Often, they also grow quieter as they grow taller, which leads to less parent-child communication. But, as Natterson warns in *Decoding Boys*, we respect their increasing "need" for privacy, monosyllabic conversations, and alone time at their peril. Explaining how modern culture mixes badly with male adolescent biology, Natterson offers science, strategies, scripts, and tips for getting it right: \* recognizing the first signs of puberty and talking to our sons about the wide range of "normal" through the whole developmental process \* why teenagers make irrational decisions even though they look mature--and how to steer them toward better choices \* managing video game and screen time, including discussing the unrealistic and dangerous nature of pornography \* why boys need emotional and physical contact with parents--and how to give it in ways they'll accept \* how to prepare boys to resist both old and new social pressures--drugs, alcohol, vaping, and sexting \* teaching consent and sensitivity in the #MeToo culture *Decoding Boys* is a powerful and validating lifeline, a book that will help today's parents keep their sons safe, healthy, and resilient, as well as ensure they will become emotionally secure young men. Praise for *Decoding Boys* "Comforting . . . a common-sensical and gently humorous exploration of male puberty's many trials."--Kirkus Reviews

Audrey "Sunshine" Monke, mother of five and camp owner-director, shares nine powerful parenting techniques--inspired by the research-based practices of summer camp--to help kids thrive and families become closer. Research has proven that kids are happier and gain essential social and emotional skills at camp. A recognized parenting expert, Audrey Monke distills what she's learned from thousands of interactions with campers, camp counselors, and parents, and from her research in positive psychology, to offer intentional strategies parents can use to foster the benefits of camp at home. Our screen-obsessed, competitive society makes it harder than ever to raise happy, thriving kids. But there are tried-and-true methods that can help. Instead of rearing a generation of children who are overwhelmed, anxious, depressed, and who struggle to become independent, responsible adults, parents can create a culture that promotes the growth of important character traits and the social skills kids need for meaningful, successful lives. Thousands of parents attest to the "magical" benefits of summer camp for their kids, noting their children return more joyful, positive, confident, and resilient after just a few weeks. But you can learn exactly what it takes to promote these benefits at home. Complete with specific ideas to implement the most effective summer camp secrets, *HAPPY CAMPERS* is a one of a kind resource for raising happy, socially intelligent, successful kids.

The most popular book ever about raising boys is back, significantly updated to help raise sons in a world that offers gender equality, respect and a whole new kind of man, but is still haunted by toxic masculinity. You'll find cutting-edge science about the 'physical fours', the 'emotional eights' and how puberty can be turned into a positive time, along with hundreds of other practical tips for raising a son. No two boys are alike, and you have to get to know our own unique boy. The idea that 'if we understand them, we can help them' is what has made this book so well loved and trusted in over a million homes. As one of Australia's best-known psychologists for almost 30 years, Steve has introduced a generation of fathers into hands-on engagement with kids, and helped thousands of mothers gain confidence in their ability to raise sons well. He has worked with schools in 17 countries, and 130,000 parents have heard his unforgettable live talks. 'Biddulph is electrifying' -Telegraph 'Biddulph is a spellbinder' - 60 Minutes

The brains of boys and girls have some significant differences, so they need to be brought up with distinct approaches. In this guide by Dr. Gregory Jantz, you will learn why your son is so different from your daughter. As we can see from biology, God designed each gender to be different, so as parents, we have to expect them to behave differently, which means they need to be parented differently. Using biblical principles, these Five Keys to Raising Boys will help you discover that boys will be boys and what you

*Tools for Identifying and Developing Spiritual, Social, and Emotional Growth* From birth to adulthood, our children's physical and intellectual development is carefully tracked and charted. But what about their hearts? After all, how our children develop emotionally, socially, and spiritually will determine who they become as husbands and wives, fathers and mothers, friends and co-workers. *Are My Kids on Track?* helps you identify and measure 12 key emotional, social, and spiritual milestones in your children's lives. Moreover, you will discover practical ways to guide your kids through any stumbling blocks they might encounter and help them reach the appropriate landmarks. Along the way the authors pinpoint the different ways boys and girls develop, so you can help your child flourish in his or her own way. Filled with decades of experience from three practicing counselors, speakers, and writers, this book provides you with valuable, current research and user-friendly, hands-on practices to make supporting your kids' soul development a seamless part of family life. Don't just raise smart kids--raise courageous, compassionate, resilient, empathetic, and smart kids.

At a time when many boys are in crisis, a much-needed roadmap for helping boys grow into strong and compassionate men Over the past two decades there has been an explosion of new studies that have expanded our knowledge of how boys think and feel. In *How to Raise a Boy*, psychologist Michael Reichert draws on his decades of research to challenge age-old conventions about how boys become men.

Reichert explains how the paradigms about boys needing to be stoic and "man like" can actually cause them to shut down, leading to anger, isolation, and disrespectful or even destructive behaviors. The key to changing the culture lies in how parents, educators, and mentors help boys develop socially and emotionally. Reichert offers readers step-by-step guidance in doing just this by: • Listening and observing, without judgment, so that boys know they're being heard. • Helping them develop strong connections with teachers, coaches, and other role models • Encouraging them to talk about their feelings about the opposite sex and stressing the importance of respecting women • Letting them know that they don't have to "be a man" or "suck it up," when they are experiencing physical or emotional pain. Featuring the latest insights from psychology and neuroscience, *How to Raise a Boy* will help those who care for young boys and teenagers build a boyhood that will enable them to grow into confident, accomplished and kind men.

This guidebook, packed with wisdom, practical advice, resources, and encouragement, explores how moms can equip their sons with what they most need to succeed in life. Monica Swanson knew she'd tapped a heartfelt concern when nearly two million readers shared her blog

post "What a Teenage Boy Needs Most from His Mom." In this helpful book, she takes mothers deeper into the insights they need for the boy-raising journey, covering topics from dealing with the daily influences of friends and technology to helping a boy grow to be physically, spiritually, and emotionally healthy. She also addresses learning and finding passions, perspectives on relationships and dating, and work ethics and money management. Each chapter features relatable stories, handy checklists, and practical advice based on a combination of research, experience, and biblical truth to guide and equip a mom in helping her son achieve his God-given potential.

Counsels mothers on how to promote health and success in boys, sharing related advice on rebuilding positive mother-son bonds.

Nominated for a Books for a Better Life Award in Parenting Backed by peer-reviewed research, this hotly debated bestseller (San Francisco Chronicle) continues to open eyes with its finding that raising thriving, emotionally healthy sons does not require a man in the house. As the number of single-mom and two-mom households has grown, so have concerns about the possible damage caused by the lack of a stable male role model in the house. Determined to find the truth, research psychologist Peggy Drexler embarked on a long-term study comparing boys raised in nontraditional families with those whose fathers were present throughout their childhood. The results were startling. Female-headed households can provide even better parenting for boys than households with men. Sons from female-headed families can grow up emotionally stronger and more well-rounded than boys from "traditional" mother-father families—more in touch with their feelings yet masculine in all the ways defined by our culture.

Playing off the themes in the Caldecott Medal-winning children's book *Where the Wild Things Are*, this informative, practical, and encouraging guide will help parents guide boys down the path to healthy and authentic manhood. *Wild Things* addresses the physical, emotional, and spiritual parts of a boy, written by two therapists who are currently engaged in clinical work with boys and their parents and who are also fathers raising five sons. Contains chapters such as "Sit Still! Pay Attention!" "Deficits and Disappointments," and "Rituals, Ceremonies, and Rites of Passage."

My eight-year-old son is the only boy in his class who doesn't have a Gameboy. I don't want him to be ostracized for not having one, but I worry that it's addictive. What do you think? Our two sons are eleven and fourteen, and they are fiercely competitive. The tension around our house is awful. How can we help them get along better? We've worked very hard to keep our ten-year-old son in touch with his feelings. Sometimes it seems as if we've put him at a disadvantage, surrounded by tougher boys who can be pretty cruel with teasing. How can we help him protect himself when other boys start to tease? With his bestselling book *Raising Cain*, Michael Thompson, Ph.D., at last broke the silence surrounding the emotional life of boys and spearheaded an important national debate. His warmth and humor quickly made him a popular and respected international speaker and consultant. Now he directs his authority, insight, and eloquence to answering your questions about raising a son. With candid questions and thoughtful, detailed responses, *Speaking of Boys* covers hot-button topics such as peer pressure, ADHD/ADD, and body image as well as traditional issues such as friendship, divorce, and college and career development. This perceptive, informative, and passionate book will leave you not only with useful, practical advice but also with the comforting knowledge that other parents share the same concerns you do when it comes to raising our boys into well-adjusted, responsible men.

"If you are the parent of a boy . . . this is the book you need . . . insightful, enlightened, practical." —Peggy Orenstein, *New York Times* bestselling author of *Boys & Sex* From the dad who created the viral tweet supporting his son wearing nail polish, this essential parenting guide shares 36 parenting tips for battling gender norms, bringing down "man up" culture, and helping sons realize their potential. Our boys are in a crisis. Toxic masculinity and tough guy-ism are on display daily from our leaders, and we see anger, dysfunction, violence, and depression in young men who are suffocated by harmful social codes. Our young sons are told to stop throwing like a girl. They hear phrases like "man up" when they cry. They are told "boys will be boys" when they behave badly. The "Girl Power" movement has encouraged women to be whoever and do whatever they want, but that sentiment is not often extended to boys. Just watch the bullying when boys try ballet, paint their fingernails, or play with a doll. But we can treat this problem—and the power lies in the hands of parents. It's not only possible to raise boys who aren't emotionally stifled and shoved into stereotypical gender boxes; it's vital if we want a generation of men who can express their emotions, respect women, and help nurse society back to a halfway healthy place. We can reframe manhood. From Aaron Gouveia, who gained viral fame after tweeting his support for his son's painted fingernails (and who knows toxic masculinity very well), learn practical and actionable tips such as: Don't accept different standards for moms and dads Teach boys that "girl" is not an insult and retire phrases like "boys will be boys" Show boys that expressing their emotions and being physical is a good thing Let boys pursue nontraditional interests and hobbies Talk to boys about consent and privilege Model healthy and respectful relationships for boys to emulate Penned with equal parts humor, biting snark, and lived advice, *Raising Boys to Be Good Men* is the essential parenting guide for raising sons to realize their potential outside the box. ?

"Contains material adapted from *The Everything Parent's Guide to Raising Boys*, 2nd edition by Cheryl L. Erwin"--Title page verso.

How to raise a godly man in a godless world Perhaps there has never been a more challenging time to raise children than in today's culture. Parents are having to address challenges that their parents never had to with them. And while the core elements to raising children are the same, parents need wisdom for applying them to this day and age. That's what this book is about: navigating the times and raising a generation of men on godly principles—sons who are ready, able, and motivated to represent God during their days of sojourning on this earth. Pastor and author Mike Fabarez will help parents pass the faith on to their sons, in prayer that the promises of God extend to the third and fourth generations... and beyond. Parents will be equipped to: Envision their son's future every day Set his spiritual trajectory Build a home that grows godly men Address the rebellion in their son's heart Prepare him to face the world and contribute to it Help their son toward a right view of play and leisure Navigate the teenage years There is an epidemic of grown men with the maturity of young boys. Be a parent who saves your child from prolonged adolescence. Scripture says, "The father of the righteous will greatly rejoice; he who fathers a wise son will be glad in him" (Prov. 23:24). Children are a gift from the Lord. Read *Raising Men, Not Boys* to steward the gift of parenting and shepherd your sons to be men of God.

Here's sensible advice and caring encouragement on raising boys from the nation's most trusted parenting authority, Dr. James Dobson. With so much confusion about the role of men in our society, it's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller *Bringing Up Boys*, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.

Study looks at being a positive adult example for boys and girls.

A practical guidebook and passionate call-to-arms for parents of girls that empowers them to raise confident, well-rounded daughters in an exploitative world, from the author of the international bestseller *Raising Boys*. In today's world, it's especially critical for girls to grow up strong and capable. In this impassioned follow-up to his bestselling *Raising Boys*, author Steve Biddulph brings together the best thinking from around the world on how to raise daughters of sound character who know that they are loved, and can stand up for themselves and others. Biddulph teaches parents how to build their daughters' self-assuredness, encourage friendships, and equip them to learn and believe in themselves. This detailed guidebook teaches parents, grandparents, and caretakers exactly what matters for and to girls at which age, and

how to build confidence and connectedness from infancy to young womanhood.

A guide to raising boys discusses encouragement, spending time together, the role of outdoor activities, rules, virtue, and addressing important issues.

"Maggie is earthy and real, full of love and knowledge, especially on raising sons." - Steve Biddulph "Maggie's perspective on raising boys is spot on. She writes with humor and depth, providing insight and strategies for many of the most important issues facing moms. There is a lovely ease to her writing and a powerful honesty. I hope every mother of a son (and everyone else!) will read this book. The future of the world, to a great extent, depends on how we raise our boys." - Michael Gurian, New York Times Bestselling Author of *The Wonder of Boys* and *Saving Our Sons* If we can see the world through boys' eyes a little better, we will make different choices in the way we mother them... and we will find them less confusing, and love them more deeply. Mothers of sons are worried about raising their boys in a world where negative images of masculinity are front and centre of our media, almost every day. Not only that, but statistically our boys are still struggling in many ways. Even though we live in a time where we recognise that nothing in gender is fixed, it remains a fact that the influence of a mother on her son is massive. A mother of four sons herself, Maggie Dent draws on her personal experience - and over four decades work as a teacher, counsellor and now author and speaker - to help build understanding, empathy and compassion for our boys. Maggie shares her five key secrets that every mum needs to know and uses the voices of men she has worked with and surveyed to reveal what really matters in a boy's relationship with his mother and other mother figures. Maggie is one of Australia's most popular parenting authors and educators, and her seminars about boys have sold out all across Australia and in the UK. She is finally sharing her insights, her reflections, and (as always) her humour around mothering boys to help you be the mum your son needs you to be. Foundational wisdom on how mothers can build emotional, spiritual, and sexual stability in their sons.

"A guide to the stages and issues in boys' development from birth to manhood"--Provided by publisher.

A book from the front lines of modern fatherhood. Welcome to Rob Sturrock's journey into parenting. Since the birth of his daughter, Rob has been passionate about being an active and present father, but this hasn't always been straightforward. Struggling with stereotypes, judgement, identity and isolation while on parental leave, Rob has tried to balance supporting his wife and young children with the societal expectation of being a breadwinner for his family. With the arrival of his son, a new set of anxieties was born. In today's climate, how do you raise a boy? The roar of the #MeToo movement has meant that men have had to learn to listen, and to confront their masculinity and what it means to be a man. Through extensive research and interviews with dads doing it differently - including Tony Sheldon, Adam Liaw and Bernie Shakeshaft - Rob Sturrock explores a new era of fathering that balances strength and vulnerability, allowing men to voice their insecurities and uncertainties, and encouraging them to truly cherish their families. *Man Raises Boy* is at once an insightful and necessary call to arms for all new fathers, a guiding hand in the maze of love, guilt, anxiety and joy in fatherhood - and an ordinary dad's beautifully moving love letter to his son. 'Raw, inspiring and brutally honest. If you have a son, read this book.' Madonna King, bestselling author of *Fathers and Daughters*

Offers practical guidance for raising boys while nurturing their physically, emotionally, and spiritually.

The author of *Queen Bees and Wannabees* decodes the inner lives of boys to reveal how parents can forge stronger connections with their sons, explaining how boys are more likely to hide their feelings and resist adult support.

The stunning success of *Reviving Ophelia*, Mary Pipher's landmark book, showed a true and pressing need to address the emotional lives of girls. Now, finally, here is the book that answers our equally timely and critical need to understand our boys. In *Raising Cain*, Dan Kindlon, Ph.D., and Michael Thompson, Ph.D., two of the country's leading child psychologists, share what they have learned in more than thirty-five years of combined experience working with boys and their families. They reveal a nation of boys who are hurting—sad, afraid, angry, and silent. Statistics point to an alarming number of young boys at high risk for suicide, alcohol and drug abuse, violence and loneliness. Kindlon and Thompson set out to answer this basic, crucial question: What do boys need that they're not getting? They illuminate the forces that threaten our boys, teaching them to believe that "cool" equals macho strength and stoicism. Cutting through outdated theories of "mother blame," "boy biology," and "testosterone," Kindlon and Thompson shed light on the destructive emotional training our boys receive—the emotional miseducation of boys. Through moving case studies and cutting-edge research, *Raising Cain* paints a portrait of boys systematically steered away from their emotional lives by adults and the peer "culture of cruelty"—boys who receive little encouragement to develop qualities such as compassion, sensitivity, and warmth. The good news is that this doesn't have to happen. There is much we can do to prevent it. Kindlon and Thompson make a compelling case that emotional literacy is the most valuable gift we can offer our sons, urging parents to recognize the price boys pay when we hold them to an impossible standard of manhood. They identify the social and emotional challenges that boys encounter in school and show how parents can help boys cultivate emotional awareness and empathy—giving them the vital connections and support they need to navigate the social pressures of youth. Powerfully written and deeply felt, *Raising Cain* will forever change the way we see our sons and will transform the way we help them to become happy and fulfilled young men.

The tools you need to foster a positive, supportive relationship with your son! Concerns about self-esteem, peer pressure, and behavior can make raising healthy, happy boys seem overwhelming--but it doesn't have to be. With the help of *The Conscious Parent's Guide to Raising Boys*, you can encourage open communication with your son. With patience and everyday mindfulness, you can guide your boys from childhood through those challenging developmental years. This easy-to-use guide explains how you can help your son: Communicate effectively with others Strengthen self-image and resist peer pressure Define and exhibit acceptable behavior Keep their commitments to family, community, and themselves Family therapist Jennifer Costa provides you with the information and support you need for parenting with flexibility, resilience, and love so you can create a calm, happy environment for raising well-adjusted, confident boys.

The second edition of the best-selling *Raising Boys With ADHD* features the latest information on research and treatment for boys with ADHD. This book: Empowers parents to help their sons with ADHD find success in school and beyond. Covers topics not often found in other parenting guides. Provides a strength-based approach to helping boys discover their strengths and abilities.

Helps boys become motivated, successful, and independent adults. Discusses the preschool years, early diagnosis, and strategies for teens transitioning to work and college. Filled with practical knowledge, a dynamic action planning guide, resources, and tools needed to help parents address the many strengths and challenges of boys with ADHD, this book provides parents with encouragement and hope for the future.

A word of mouth bestseller which has become one of the best loved and most successful books in the parenting field. With around 20% new material, Steve Biddulph's Raising Boys is to be re-released this month with some startling new research on what helps - and what harms - boys. In this expanded and updated edition, Steve Biddulph shares and gives practical and honest advice to parents so they can recognise the different stages of boyhood and learn how to raise happy, confident and kind young men. Boys need to be parented in a different way from girls with their own very special psychological and physical make-up. Home, society and education have failed boys badly - and these failures lead to unhappy men who cannot fully become happy, responsible, emotionally-confident adults. While it is essential that boys spend more time learning about manhood from their fathers, Biddulph updates his classic to include helpful information for mothers and single mothers with baby boys. This extended edition explores some important topics: \* How ADHD may be caused by stress in the first year of life. \* Whether boys should start school later than girls. \* How important it is to let boys cry, and how crying helps avoid violence, suicide, and risky behaviour. \* Two completely new stages of boyhood we didn't know about: the FULL ON FOURS and the EMOTIONAL EIGHTS \* Help for single mothers raising sons. \* How to choose a sport that does more good than harm. \* What we can do about boys and binge drinking. \* What science can tell us about teenage boys and driving - and how we can keep our sons safe. Raising Boys offers parents real-life situations, thought-provoking insights, humour and help.

A friendly and practical guide to the stages and issues in boys' development from birth to manhood. From award-winning psychologist Steve Biddulph comes an expanded and updated edition of RAISING BOYS, his international best seller published in 14 countries. His complete guide for parents, educators, and relatives includes chapters on testosterone, sports, and how boys' and girls' brains differ. With gentle humor and proven wisdom, RAISING BOYS focuses on boys' unique developmental needs to help them be happy and healthy at every stage of life.

Have you ever laughed, slapped your forehead and thought, "What the heck is wrong with these boys?" If this is you, you're not alone. Whether they are whacking themselves in the head, asking inappropriate questions, or playing with their body parts, boys often can be flabbergasting. Author and communication studies professor Diane Auten understands. As a mother of two crazy boys, she understands firsthand how parents, teachers, or caregivers to boys are often confused about how to relate to them; but it doesn't have to be this way. We can have more fun and connective relationships with our boys, if we learn how to start early. Using hilarious situations from her own sons' lives, Diane gives you a glimpse into the world of raising boys and how to improve your relationships with them. Readers of The Joys of Raising Boys will laugh while discovering how boys: - learn, explore, and talk about body parts - make sense of relationships and love - view life circumstances - use their untamable imagination This is a Mom-oir that looks at what happens when the filters are turned off. From boys wondering when they're going to get "hairballs on their tenders" to running up and down the crowded department store aisles celebrating a particularly good poop, The Joys of Raising Boys: The Good, the Bad, and the Hilarious takes a look at the gritty (and frequently jaw dropping) business of raising boys.

Dave Willis, author, speaker, and father of four boys, talks biblically and practically about how to raise a generation of boys who are champions, encouragers, and respecters of women. In the #metoo and #churchtoo era, with so many men and boys continuing to make the same mistakes, we have to ask: Where are we going wrong? And perhaps more importantly, how do we raise up men who will break this cycle? As the father of four boys, relationship coach and author Dave Willis has studied this issue deeply, concluding that if we are to raise boys to respect girls--and not end up with men who say they respect women but whose actions reveal otherwise--we must go back to the heart of things. Or, more specifically, we must go back to our own hearts. In Raising Boys Who Respect Girls, Willis helps readers inventory the blind spots that lead to accidental forms of disrespect, showing how to root out issues in our own hearts before we inadvertently pass along these same issues to our boys. He also teaches readers how to cultivate a healthy respect for God and for themselves as created in his image, as well as a similar respect for others. Full of scripture, research, age-specific tools, and conversation models, this book offers a practical strategy for mindful parents to first embody the right principles themselves and then teach them to their sons.

More than ever before boys need guidance, and this book will guide parents on all subjects, such as bullying, discipline, and homework. Limited time offer. From video games to the Internet, technology and popular culture are having a profound effect on today's boys. Boys need guidance more than ever. But how can we help them do better in school? How can we keep the lines of communication open? Raising Boys in a New Kind of World is a passionate call for greater empathy. The more we know about boys, the more realistic our expectations of them will be. We need to stop seeing normal boy behaviour as a problem and learn to understand a boy's need for movement, his unique learning styles, and his personal methods of communicating. Michael Reist writes from the front lines. As a classroom teacher for more than 30 years and the father of three boys, he has seen first-hand the effects that changes in modern culture are having on boys. Raising Boys in a New Kind of World is an inspiring and entertaining collection of positive, practical advice on many topics, including discipline, homework, video games, and bullying, and provides numerous tips on how to communicate with boys.

The classic manifesto of the liberated woman, this book explores every facet of a woman's life.

Have you wondered if you're making the right decisions when it comes to raising your son? Over the last years, there has been a lot of confusion about the role of boys and men in our society. It's easy to see why parents are left with lots of unanswered questions when they're raising their sons. Raising boys the right way through positive parenting can help them become responsible and balanced teenagers and adults. Here's some of what you can expect to learn inside the pages of this book: Learn how to avoid common mistakes that parents make that can end up harming their sons long-term. How to teach proper conduct at home the right way, saving yourself of countless headaches. Discover how to teach important values such as empathy and gratefulness. Caring for your boy's emotional and mental state. The most common challenges when raising boys and how to easily overcome them. Would you like to enjoy going through every stage of your sons life without worrying if you're doing the right thing or not? The earlier you manage to give proper guidance, the easier it is for a child to grow into a healthier person. However, there is no such thing as being too late, and even the most damaging of behaviors and habits can be helped. Do not leave anything to chance. Start by guiding your son towards the best possible path towards a healthy and responsible adulthood today!

Help your son grow into the strong, loving man God created him to be with Raising Boys by Design. Packed with doable strategies and eye-opening examples of what's really going on inside a boy's brain, Raising Boys by Design offers a practical blueprint to help you build a HERO—one who values Honor, Enterprise, Responsibility, and Originality. Among other things, you'll learn how to help your son: • strengthen

his character, resilience, and self-discipline • nurture genuine compassion and empathy • process words and emotions in ways that fit his brain chemistry • succeed in school and hone crucial life skills • develop a healthy perspective of sexuality • avoid the pitfalls of media and technology • embark on a lifelong adventure of faith This unique resource combines the latest research in brain science with timeless truths from the Bible to reveal the deepest needs shared by every boy of faith while also leading you to fresh insights for honoring the unique personality, talents, and God-given design of your son in particular. You can help your son thrive today as the hero he is meant to be when you learn the secrets of Raising Boys by Design.

Raising Boys Why Boys Are Different - and How to Help Them Become Happy and Well-Balanced Men Celestial Arts

Explores the development of boys from birth to manhood and includes sections on bullying, online pornography, social media, and how boys' and girls' brains differ.

Bringing chivalry back into our modern-day world, this book shows us how to inspire today's generation of young boys to pursue honor, courage, and compassion. In an age when respect and honor seem like distant and antiquated relics, how can we equip boys to pursue valor and courageously put the needs of others before their own? This book helps parents to inspire their boys by captivating their imagination and honoring their love for adventure. Heather Haupt explores how knights historically lived out various aspects of the knights' Code of Chivalry, as depicted in the French epic Song of Roland, and how boys can embody these same ideals now. When we issue the challenge and give boys the reasons why it is worth pursuing, we step forward on an incredible journey towards raising the kind of boys who, just like the knights of old, make an impact in their world now and for the rest of their lives.

It's never too early to start talking to boys about gender, consent, and empathy. In a world still steeped in gender inequality and sexual violence, it's become more and more clear that we can't just teach girls to protect themselves. We must also teach boys not to do harm. As parents, we all want to raise kind and loving kids who will grow up to be conscientious adults. But when you look closely at our society—especially at the statistics surrounding rape, domestic violence, and sexual assault—it's clear that something needs to change. It's time to teach our sons compassion and empathy. It's time to show them that it's okay to cry, to laugh, to be angry, to be silly. It's time to teach them to respect girls, and not just the ones they think are pretty. It's time to teach them that it's not okay to pick on the queer kids, the little kids, and the fat kids. It's time to teach boys that it's not okay to treat kids of color like second-class citizens. It's time to teach our boys how to be conscious citizens. But where do you begin? Written by a clinical psychologist with expertise in modern families, Raising Feminist Boys is a parent's guide to having age appropriate conversations with boys about sexual responsibility, consent, gender, empathy, and identity. You'll find an accessible framework that includes developmental considerations, language, and clear tools for how to talk with your son about feminism without shame, fear, or judgment. We need to have honest and informative conversations with our sons about sex and consent. We must show them how to recognize and question gender norms and bias, both within the culture and, most importantly, within ourselves. Raising Feminist Boys will give you the tools you need to get started.
