It's love. Trust me. After a lifetime on the move, Ivy Snow is an expert in all things temporary—schools, friends, and way too many Mr. Wrongs. Now that she owns a successful taco truck in San Francisco and an apartment to call home, Ivy's reinvented life is on solid ground. And she's guarded against anything that can rock it. Like the realities of a past she's worked hard to cover up. And especially Kel O'Donnell. Too hot not to set off alarms, he screams temporary. If only his whispers weren't so delightfully naughty and irresistible. Kel, an Idaho sheriff and ranch owner, is on vacay, but Ivy's a spicy reason to give his short-term plans a second thought. Best of all, she's a tonic for his untrusting heart, burned once and still in repair. But when Ivy's past intrudes on a perfect romance, Kel fears that everything she's told him has been a perfect lie. Now, if only Ivy's willing to share, Kel will fight for a true love story.

Virgin - Growing up in MCs, he was used to the status quo. Brotherhood. Parties. Women in passing. And he was sure that was all he would ever want - or need. Until one night, he came across her. Freddie - She had ten years to make up for. Old bonds to reinforce. Revenge to plot and execute. The last thing she expected was an arms-dealing biker to come into her life, making her second-guess all her plans for her future...

Lenny I have one mission in life. Revenge. I didn't have time for anything else. Let alone the mysterious, unfairly good-looking member of a local outlaw biker gang. But Edison is not the kind of man to be easily ignored, and the closer he gets, the more I seem to sway from my mission. Until the unthinkable happens.

Edison She's special. That has always been my type, women with that 'something' that you can't quite put your finger on. And Lenny with her knife-sharp tongue, stubbornness, and guards thicker than almost any I had ever seen, yeah, she had that thing. And I wanted to put my finger on it. Finger. Mouth. Tongue... everything on her. But Lenny is hiding things. And it wasn't until her world shatters around her that I finally get to see what was beneath them all along. And it is more than I could have ever hoped for. It's something I want to hold onto. I guess the only thing left is to get that through her stubborn head as well...

Reevel had long since given up hope of the pursuit of genuine happiness. It wasn't possible after all the sh*t I had been through. I had my siblings, my club, a purpose in life. It was enough. Until I came across her. She represented everything that I knew I couldn't have - stability, a future, a way out of my past. And, it seemed, the harder I tried to keep her at a distance, to protect her from my reality, she only got in deeper, only pulled me closer. Then, one night, an old face popped up in Navesink Bank. And everything changed forever. Reyl liked my life. I liked the freedom and simplicity of it, even if it was, perhaps, a little lonely. Then one night, there he was. With the saddest eyes I had ever seen. He represented everything my life didn't need - chaos, violence, uncertainty. But, at the same time, everything it was lacking - companionship, connection. He tried to

fight it, to keep up his guards, to keep me at arm's length. But, well, fate had other plans. That was the night everything changed. Down an alley, facing down a new, yet familiar, big bad in Navesink Bank, forcing us together, making us confront the reality of what was happening between us. Trapped together, waiting for the winds to blow over, he finally trusted me enough to let me in, to give us a shot, to invite me into his family. That is, if all of us survived the upcoming storm...

Sugar had known a lot of women in his life. But he'd never met anyone quite like this mermaid-haired, tattooed, pierced, smartass woman named Peyton who made it clear she didn't want anything from him except as many orgasms as he could give her. So what was he supposed to do when he realized he did want more? How was he supposed to get this woman who was so committed to non-commitment to take a chance on him? Or convince the loansharks and ex-armed robbers that loved her that he was worthy? All the while trying to figure out how a dead man from his past had somehow come back to life... and why he was coming for him...

Thayer He took everything from me. My friends. My family. My club. My freedom. I planned to get it all back. I didn't need any distractions. Yet there she was anyway... Sera He took the only thing that mattered to me. I would do just about anything to get it back. Even if that meant relying on some outlaw biker fresh out of prison with slim to no hope of succeeding in his plan. It was supposed to be a simple arrangement. Quid pro quo. Just business. Nothing personal. But there was no denying it, things were quickly getting very personal...

1 war 2 people trying to find love among the wreckage 5 big surprises The fate of entire beloved organization in the balance = one big, sexy, bloody, hell of a ride. Traces the origins and history of horror motion pictures, identifies and reviews fifty essential movies, includes a look at key actors, actresses, and directors, and discusses related Web sites, festivals, and magazines.

MAZE: In concept, the plan was simple: prospect at The Henchmen MC. In practice, however, it was anything but. One, because I was a woman. Two, because it was a brotherhood. And three, because Repo, the man who was in charge of making my life a living hell until I quit or screwed up enough to get thrown out, also happened to be the hottest guy I had come across in ages. The problem was, if I didn't get in and stay in despite the hazing from the members and the undeniable attraction building between me and Repo, there was a very good chance I would be found by them. And if I was found by them, well, I was dead. REPO: How the hell was I supposed to get her out of the MC when, one, I didn't agree with the fact that because she was a woman, she had no place in The Henchmen. Two, because she was strong, smart, capable, and determined to get a patch. And three, because, well, I wanted her. The problem was, if I didn't get her kicked out, I would be screwing up a job that was important to the prez. But the problem was also that if I kicked her out, there was no way I was going to get a shot with her. I didn't know, however, that the real problem was a lot more complicated and a lot more dangerous than disappointing my boss or

not getting laid... the problem was Maze had demons and they were hot on her trail...

He was happy with his quiet life. With the club, with his family, with his cabin in the woods. He didn't think he needed more than that. Not until he came across her. But when a string of unfortunate events starts to seem less like happenstance and more like something someone had planned. But who? Why? And would Malcolm be able to figure it out before the next phase of the plan went into play...

He was just supposed to be saving her from herself... and the half dozen criminal enterprises that would want her blood when they realized what she had done. What he hadn't planned on was her invading every aspect of his life with her fiery temper and inability to take no for an answer. And when he finally got beneath her walls and found out why she had gotten herself into trouble in the first place, he knew what he needed to do. He sure as hell didn't think he would end up being the one who would need saving...

He thought it would be a fun vacation. Head down the coast. Get some sun. Chase some skirts. Get to know the guys from the new chapter. Nothing more serious than that. Until he met her. Then, well, things got a hell of a lot more serious.

Cyrus - Family. Brotherhood. Music. Women. That was pretty much my life. And it was one I was happy with too. Until I came across her- the one woman I knew I had no right to put my hands on, the woman who I still felt such a connection with that, even though I knew I had to keep my hands - and other body parts - to myself, I wanted to be in her life. So I became her friend. Except, this sweet, shy, bookworm was making being honorable a hell of a lot harder than I expected. Reese Family. Books. To be perfectly honest, that was pretty much all my life was about. And I was happy with that. I lived a thousand lives. I saw and felt things in stories I never could have otherwise. Besides, real life was never as good as books. Until I came across him. He was leading man material if I ever saw it. You know, just not for me. He made that perfectly clear. We were going to be friends. Friends. That was it. Except, maybe that simply wasn't enough...

He's been waiting for a storm for years. Well... she has finally blown into town. -He'd always been good at starting over. That had been his job for a long time. New country, new identity, new scumbag to track down, and bring to justice. It was just the job. Until, suddenly, someone made it more. But life had plans that didn't involve white picket fences and happily-ever-afters. And there was no choice but to move on. That didn't mean ghosts of the past didn't plague him, follow him no matter how many times he changed his name, how many places he ran to. Eventually, he traded one world for another. The past seemed as far behind him as it was possible. Until one day, it was there. She was there. Life didn't offer many second chances. And he was hellbent on making things right. Even if she didn't want anything to do with him ever again.

He decided it was time to retire, settle down, become something nice and tame. Like an arms-dealing biker in some town called Navesink Bank. He could get behind that lifestyle. He'd anticipated a lot of things. Drinking. Brotherhood. A little action peppered in here and there to keep things from getting too dull. But there was one thing he hadn't planned on. A woman moving in across the hall from him. The way something within him recognized something inside her. A past. Secrets. Darkness. Hidden behind thick walls, impenetrable shields, and a biting sort of confidence. He damn sure couldn't have prepared himself for the sudden and uncharacteristic urge to force his way into her life, get her to open up to him, feel comfortable enough to give her all the dark and ugly parts of his past. And - dare he even think it - plan a future with her. You know... if she would stop disappearing for weeks at a time without a clue as to where she was going...

An underground fight club. A woman who shouldn't have been there. And the man who owns it. ****_**** Ross Ward is bound by the chains of his past he never could seem to shake, leaving him

living in darkness, detached from the world around him, and an obsessive workaholic with really only one rule: mind your own business. Until one night, there was Adalind Hollis - scared, confused, in need of help. And for the first time, he couldn't convince himself to walk away, to mind his own business. Even after she was getting the care she needed, he couldn't seem to make himself stay away. But keeping her close meant he would eventually have to let her in, would have to offer over the horrors of his past, and hope she could accept it. But even if she would embrace his past, could she accept his plan to exact brutal, bloody vengeance against the man who hurt her?

No promises. No expectations. No names. That's what Emmett Stone agreed to with the woman who caught his eye two months ago. After years of drama following the end of his motorcycle club, a no-strings fling with a mystery woman is exactly what he needs. Except as they find themselves together more and more, it's impossible for him to keep his feelings at bay. She's clever and sassy. She's gracious and kind. She loves riding on the back of his bike every Saturday afternoon and lazing in his bed every Sunday morning. She's the perfect woman. Except she's Nova Talbot, the daughter of his archenemy—the man who murdered his father. Her identity will cost her the man who's captured her heart unless she can convince Emmett her feelings are true. Before he learns the reason she proposed their fling in the first place.

-Cece- There are a few things I learned recently: The love of my life, well, wasn't. My new roommate is a kook. Nothing is the way I had believed my whole life.

-Jasper- Some things are abundantly clear: My sister is missing. I have her new roommate tagging along into a dangerous realm she knows nothing about. And Cece, well, she is nothing like what she appears.

CamdenI had spent so much of my life alone, disconnected, unable to form any kind of lasting bonds. After so long, I had begun to believe that was all there would ever be for me, had come to accept it as my reality. Then there she was. Everything I wasn't, everything I convinced myself I could never have. But, God, I wanted. Annie had been on my own for so long. Hopping states, changing towns, never able to put down roots, make friends, form connections. It was how it had to be. There was no other option for me. I had long since learned to come to peace with that. Until Cam. Until there was a reason to want to stay, to want to build with someone, to finally get all the things I had been denied. Even as I started to let myself believe any of that was possible, my past found me once again, ripped everything away from me. Ripped him away from me. And everything we had just begun to explore.

RoderickHe joined the MC for many reasons. To be able to financially take care of his mother and sisters, to have fun, to let loose, to meet women. But only casually. Only for a night or two. He wasn't ready to settle down. Until one day, when the president gives him a job. Just drop the guns, get the money, come home. Don't f- it up. Except everything goes to hell. And he has just six weeks to find the woman who stole the guns, work with her to track down replacements, and try not to get too distracted. The problem being, Livianna - the gun-running leader of a rag-tag group of arms dealers turns out to be one hell of a distraction...

It meant war. DUKE The relative peace we have known for years was gone in one violent act. Then, among the ever-present and increasingly bloody unknown threat, I met her. But when passions ignite, complicating an already impossible situation, I am left to wonder if there is a way to overcome the dark and twisted secrets of my past that would allow me to have any kind of future with her.

PENNY I was just a normal girl. I swear. One moment, I was just living my usual boring life. The next, I found myself in the middle of some kind of underground war between an outlaw biker gang and some faceless enemy. Trapped in a whole new world and in ever-increasing close proximity to the tall, strong, long blond-haired, deep blue-eyed biker named Duke, yeah, let's just say things got even more interesting. But Duke had secrets. And when they came into the light, I realized they were the kind that I wasn't sure I could live with...

Many countries around the world are engaged in decentralization processes, and most African countries face serious problems with forest governance, from benefits sharing to illegality and sustainable forest management. This book

summarizes experiences to date on the extent and nature of decentralization and its outcomes, most of which suggest an underperformance of governance reforms, and explores the viability of different governance instruments in the context of weak governance and expanding commercial pressures over forests. Findings are grouped into two thematic areas: decentralization, livelihoods and sustainable forest management; and international trade, finance and forest sector governance reforms. The authors examine diverse forces shaping the forest sector, including the theory and practice of decentralization, usurpation of authority, corruption and illegality, inequitable patterns of benefits capture and expansion of international trade in timber and carbon credits, and discuss related outcomes on livelihoods, forest condition and equity. The book builds on earlier volumes exploring different dimensions of decentralization and perspectives from other world regions, and distills dimensions of forest governance that are both unique to Africa and representative of broader global patterns. Authors ground their analysis in relevant theory while attempting to distill implications of their findings for policy and practice.

The war was over. The dust had settled. The numbers were increasing. Everything had finally started to calm down. Until one night on a walk, I came across her...

AVEN- There are a few things I don't believe in. Like Santa. An honest politician. And gut instincts. That was, of course, until I woke up with one. And I knew. This was the day I was going to die. The cops, thus far, have proven useless and uninterested in my issues. When you couldn't get help from legal channels, what other choice did you have but to look elsewhere? That was how I came across Quinton Baird. A "fixer." Whatever the hell that was. All I knew was, I had a problem that needed fixing. Hopefully, before it killed me. QUIN- There were a few things I could put my faith to rest in. My team. People f*cking up, and needing my help. And my gut. So when my receptionist informed me that the woman in a case I decided wasn't my kind of job was having a 'gut feeling' about being in desperate need of help, yeah, I dragged my a** across town to check things out. Not only did I not bank on the fact that she was in trouble beyond what I could have anticipated, but she was not what I was expecting either. Beautiful, resilient, and one hell of a distraction I didn't need. As the pieces of her case start falling together, I was left wondering if maybe this new, unfamiliar sensation in my gut was telling me that Aven was much more than just another name on a case file...

The club had known peace for so long. Too long, it seemed. And now the president was missing, the supply chain was drying up, and there were threats from within and out. Colson should have had nothing else on his mind. But then there she was. The new neighbor. A woman with her hands full of her own problems should have sent him running, but he just couldn't seem to stay away. As pressure mounted for the club, Colson found himself facing choices he hoped to never make and a woman he hoped to never let go of.

1 notorious 1%er 1 innocent trapped in an impossible situation 1 viscous crime lord 3 people who aren't who they appear to be = one big (bloody) mess. Reign is no stranger to the criminal underbelly and hard life, but when a random woman comes (literally) crashing into his life- learning things she has no business knowing, and bringing with her the weight of the city's biggest skin trader, the "hard life" starts to take on a whole new meaning.

Pagan- Fighting. F@cking. F@cking things up. That was my life. That was how I got out of the world I had been raised in. And it was how I intended to keep living my life. That was, of course, until I came across her. The game changer.

Kennedy- Hard work. That was pretty much all you could say my life consisted of. It was what got me out of a rough childhood. It was what made me get my first taste of success. Before things went to hell, that is. But it was what was going to get me back on my feet too. So I didn't need any distractions. Certainly not one that came covered in scars, blood, leather, and in a cloud of cigarette smoke. Yet, there he was. And I was thinking maybe a distraction wouldn't be that bad, right?
