

Sexus The Rosy Crucifixion I

Henry Miller's bold, explicit novels scandalized readers and remade the literature of his day. In this uncompromising literary manifesto he argues that sex is at the heart of his writing because it is at the heart of life - a vital force as essential as bread, money, work or play.

Contains some of Miller's shorter prose writings, taken from the Paris books *Black Spring* (1936) and *Max and the White Phagocytes* (1938).

Henry Miller's *Rosy Crucifixion*, his second major trilogy, took more than 10 years for the author to complete. Beginning in 1949 with *Sexus*, a work so controversial all of Paris was abuzz with *L'Affaire Miller*, (and publisher Maurice Girodias saw himself threatened with jail), following in 1952 with *Plexus*, and finally concluding with 1959's *Nexus*, the three works are a dazzling array of scenes, sexual encounters and ideas, covering Miller's final days in NY, his relationship with June Miller and her lover, his take on the arts, his favorite writers, his thoughts, his insights, his days and his nights, finally ending with a glorious farewell to the life he'd known and an anticipation of the life he would lead.

Miller's great book about Greece's people and their past.

The first book of a trilogy of novels known collectively as *The Rosy Crucifixion*. It is autobiographical and tells the story of Miller's first tempestuous marriage and his relentless sexual exploits in New York. The other books are *Plexus* and *Nexus*.

Tropic of Capricorn : Riotous, rude and explosive, this book chronicles Henry Miller's early life in New York. The young Miller is angry, passionate, lewd, a fiery prophet of sexual and intellectual freedom, and an incorrigible prankster dedicated to the subversion of America's stale moral code. Read it, and experience for yourself Miller's raw, unbridled love of life in all its filthy, vital glory.

In his great triptych "The Millennium," Bosch used oranges and other fruits to symbolize the delights of Paradise.

World Fantasy Award-winning author of *The Onion Girl* A brand-new installment in the Newford saga, the World Fantasy Award-winning series of urban fantasy fiction by a master of the form. Charles de Lint's urban fantasies, including *Moonheart*, *Forests of the Heart*, and *The Onion Girl*, have earned him a devoted following and critical acclaim as a master of contemporary magical fiction. At the heart of his work is the ongoing Newford series, of which this is the latest volume. The city of Newford could be any contemporary North American city . . . except that magic lurks in its music, in its art, in the shadows of its grittiest streets, where mythic beings walk disguised. And its people are like you and me, each looking for a bit of magic to shape their lives and transform their fate. Now, in this latest volume, we meet a bluesman hiding from the devil; a Buffalo Man at the edge of death; a murderous ghost looking for revenge; a wolf man on his first blind date; and many more. We're reunited with Jilly, Geordie, Sophie, the Crow Girls, and other characters whose lives have become part of the great Newford myth. And De Lint takes us beyond Newford's streets to the pastoral hills north of the city, where magic and music have a flavor different but powerful still. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

'Here, even if I had a thousand dollar in my pocket, I know of no sight which could arouse in me the feeling of ecstasy' Looking back to Henry Miller's bohemian life in 1930s Paris, when he was an obscure, penniless writer, *Quiet Days in Clichy* is a love letter to a city. As he describes nocturnal wanderings through shabby Montmartre streets, cafés and bars, sexual liaisons and volatile love affairs, Miller brilliantly evokes a period that would shape his entire life and oeuvre. 'His writing is flamboyant, torrential, chaotic, treacherous, and dangerous' Anais Nin

The "uproariously funny" second book in the *Rosy Crucifixion* trilogy, "may be Miller's masterpiece" (Choice). "Plexus is the core volume in *The Rosy Crucifixion*: the volume which has the most complete description of Henry Miller's basic values, beliefs, opinions, judgments, both at the time of his 'Crucifixion' and at the later time when the trilogy was written. Plexus is simply the most marvelous volume of emotion and ideas and visions and nightmares about man and society in the twentieth century—with art as the link perhaps, or as the soul's refuge—that I have read in many a long year. There is absolutely no subject in the world that Henry Miller does not seem to know about, want to talk about, and to evaluate with the deep authority of wisdom. He is probably the most learned of all our American writers, the most open to ideas and feelings, and yes, the most worshipful of all the aspects of life, as well as the most critical literary spokesman of our time." —Maxwell Geismar

Nexus is the third volume of the scandalous trilogy *The Rosy Crucifixion*, Henry Miller's major life work The exhilarating final volume of Henry Miller's semi-autobiographical trilogy, *Nexus* follows his last months in New York. Trapped in a bizarre ménage-à-trois with his fiery wife Mona and her lover Stasia, he finds his life descending into chaos. Finally, betrayed and exhausted, he decides to leave America and sail for Paris, to discover his true vocation as a writer.

Henry Miller's monumental venture in self-revelation was begun with his *Tropic of Cancer* and *Tropic of Capricorn*, which on their American publication were hailed as "miraculous," "superb," "ribald," "brilliant," and "shamelessly shocking." *Sexus* is the first volume of a series called *The Rosy Crucifixion*, in which Miller completes his major life work. It was written in the United States during World War II, and first published in Paris in 1949. Of this remarkable project, Lawrence Durrell has said: "The completion of his seven-volume autobiography, if it fulfills the promise of what he has already given us, will put his name amongst the three or four great figures of the age."

Presents the contemporary writer's vision of American life, gleaned from his travels throughout the country during the early 1940's

A cult modern classic, *Tropic of Capricorn* is as daring, frank and influential as Henry Miller first novel, *Tropic of Cancer* A story of sexual and spiritual awakening, *Tropic of Capricorn* shocked readers when it was published in 1939. A mixture of fiction and autobiography, it is the story of Henry V. Miller who works for the Cosmodemonic telegraph company in New York in the 1920s and tries to write the most important work of literature that was ever published. *Tropic of Capricorn* paints a dazzling picture of the life of the writer and of New York City between the wars: the skyscrapers and the sewers, the lust and the dejection, the smells and the sounds of a city that is perpetually in motion, threatening to swallow everyone and everything. 'Literature begins and ends with the meaning of what Miller has done' Lawrence Durrell 'The only imaginative prose-writer of the slightest value who has appeared among the English-speaking races for some years past' George Orwell 'The greatest American writer' Bob Dylan Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation.

In 1930 Henry Miller moved from New York to Paris, leaving behind — at least temporarily — his tempestuous marriage to June Smith and a novel that had sprung from his anguish over her love affair with a mysterious woman named Jean Kronski. Begun in 1927, *Crazy Cock* is the story of Tony Bring, a struggling writer whose bourgeois inclinations collide with the disordered bohemianism of his much-beloved wife,

Hildred, particularly when her lover, Vanya, comes to live with them in their already cramped Greenwich Village apartment. In a world swirling with violence, sex, and passion, the three struggle with their desires, inching ever nearer to insanity, each unable to break away from this dangerous and consuming love triangle.

In 1941, Henry Miller, the author of *Tropic of Cancer*, was commissioned by a Los Angeles bookseller to write an erotic novel for a dollar a page. *Under the Roofs of Paris* (originally published as *Opus Pistorum*) is that book. Here one finds Miller's characteristic candor, wit, self-mockery, and celebration of the good life. From Marcelle to Tania, to Alexandra, to Anna, and from the Left Bank to Pigalle, Miller sweeps us up in his odyssey in search of the perfect job, the perfect woman, and the perfect experience.

Shocking, banned and the subject of obscenity trials, Henry Miller's first novel *Tropic of Cancer* is one of the most scandalous and influential books of the twentieth century. *Tropic of Cancer* redefined the novel. Set in Paris in the 1930s, it features a starving American writer who lives a bohemian life among prostitutes, pimps, and artists. Banned in the US and the UK for more than thirty years because it was considered pornographic, *Tropic of Cancer* continued to be distributed in France and smuggled into other countries. When it was first published in the US in 1961, it led to more than 60 obscenity trials until a historic ruling by the Supreme Court defined it as a work of literature. Long hailed as a truly liberating book, daring and uncompromising, *Tropic of Cancer* is a cornerstone of modern literature that asks us to reconsider everything we know about art, freedom, and morality. 'At last an unprintable book that is fit to read' Ezra Pound 'A momentous event in the history of modern writing' Samuel Beckett 'The book that forever changed the way American literature would be written' Erica Jong Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation.

The second sensational volume in the 'Rosy Crucifixion' trilogy from the controversial and brilliant Henry Miller.

Plexus is the second volume of the scandalous trilogy *The Rosy Crucifixion*, Henry Miller's major life work. Exploring one man's desperate desire for freedom, *Plexus* is the central volume of Henry Miller's scandalous semi-autobiographical trilogy *The Rosy Crucifixion*. It finds him in the midst of his stormy marriage to the volatile, duplicitous Mona, and joyfully quitting his dreary job for a hand-to-mouth existence in Brooklyn, as he takes his first steps towards becoming a writer. Mr. Lipton's book is the first complete and unbiased survey of the beat generation and its role in our society. Here are the intimate facts about these people and their attitudes toward sex, dope, jazz, art, religion, parents, landlords, employers, politicians, draft boards, the law and, most important, toward the "square". The author presents a picture of their way of life, their individual backgrounds, the language they have appropriated, in terms made clear for the first time to those of us who have been confused and puzzled about them. He also provides a balanced discussion of their literature, art and music, of what they produce and fail to produce in the arts they practice.—Print Ed.

Reveals tales of sex and love from ancient Greece, Rome, and other Mediterranean cultures, offering insight into these civilizations' beliefs about contraception, bisexuality, cross-dressing, nymphomania, and erotic practices.

Continuing the subversive self-revelation begun in *Tropic of Cancer* and *Tropic of Capricorn*, Henry Miller takes readers along a mad, free-associating journey from the damp grime of his Brooklyn youth to the sun-splashed cafes and squalid flats of Paris. With incomparable glee, Miller shifts effortlessly from Virgil to venereal disease, from Rabelais to Roquefort. In this seductive technicolor swirl of Paris and New York, he captures like no one else the blending of people and the cities they inhabit.
