

Stargate Sg 1 Murder At The Sgc Sg1 26

When a Stargate malfunction throws Colonel Cameron Mitchell, Dr. Daniel Jackson, and Colonel Sam Carter back in time, they only have minutes to live. But their rescue, by an unlikely duo - General Jack O'Neill and Vala Mal Doran - is only the beginning of their problems.

Gathering some of Kristina Busse's essential essays on fan fiction together with new work, *Framing Fan Fiction* argues that understanding media fandom requires combining literary theory with cultural studies because fan artifacts are both artistic works and cultural documents. Drawing examples from a multitude of fan communities and texts, Busse frames fan fiction in three key ways: as individual and collective erotic engagement; as a shared interpretive practice in which tropes constitute shared creative markers and illustrate the complexity of fan creations; and as a point of contention around which community conflicts over ethics play out. Moving between close readings of individual texts and fannish tropes on the one hand, and the highly intertextual embeddedness of these communal creations on the other, the book demonstrates that fan fiction is simultaneously a literary and a social practice. *Framing Fan Fiction* deploys personal history and the interpretations of specific stories to contextualize fan fiction culture and its particular forms of intertextuality and performativity. In doing so, it highlights the way fans use fan fiction's reimagining of the source material to explore issues of identities and performativities, gender and sexualities, within a community of like-minded people. In contrast to the celebration of originality in many other areas of artistic endeavor, fan fiction celebrates repetition, especially the collective creation and circulation of tropes. An essential resource for scholars, *Framing Fan Fiction* is also an ideal starting point for those new to the study of fan fiction and its communities of writers.

Los Angeles is a teeming metropolis with a rotten core: Deep Maze, where the Thai-VI ghouls—the disease-spreading Spiders—roam. Here the all-powerful Ortegas rule over their empire of drugs, prostitution and black-market human organs “donated” by their helpless victims. All Aubry Knight, the former weightless boxing champion, wants is to be left alone. But you're either with the Ortegas or against them, so they made his life a hell. First they tried to control his mind, then they tried to reduce him to “spare parts.” Past imperfect Stranded in Ancient Egypt at the end of the STARGATE SG-1 episode Moebius, Jack O'Neill, Sam Carter, Teal'c and Daniel Jackson are enjoying the simple lives they've forged in the years since Ra was driven from Earth. But life never stays simple for long... Back in the twenty-first century, trouble strikes the SGC. With one of their own people snatched by renegade Tok'ra, Colonel Cameron Mitchell leads the new SG-1 on a chase through time to rescue their friend - and to protect their future. But for Carter, Daniel and Teal'c, the greatest challenge is encountering themselves - and coming to terms with the consequences of their own choices. Moebius Squared "So this..." Cam gestured to the machinery. "This can only move us backwards and forwards in our own timeline." "That's my best guess," Sam said. She pushed her bangs back out of her face. Her hair had grown out and was now caught in a ponytail at the back of her neck. "Just like Janus' puddlejumper." "I don't even want to think about that thing," Daniel said. "Or anything else to do with Janus." He winced. "Sorry," Sam said. "Sore spot." "Damn right." Daniel had only been out of the infirmary for two weeks

since his latest brush with one of Janus' inventions. This one had gotten him kidnapped and electrocuted. They all spun around as the gate began to activate. "Firing positions," Cam said, crouching down beside the control panel. If someone were making a grab for Ba'al's facility... The wormhole opened and stabilized, a glittering puddle of blue. Cam's radio crackled. "SG-1, this is Stargate Command. You are to return to Earth immediately." What the...? Cam chinned his radio on. "Stargate Command, we still have a lot to do here. Colonel Carter..." "Return immediately," the voice of Sergeant Harriman said firmly. "Stargate Command has been attacked."

While 1980s action cinema may have been a time of shaggy mullets, big biceps, and one-liners for the heroes, it was always the villains that stuck in our minds once the credits rolled. Whether they were smuggling cocaine, bearer bonds, Krugerrands, attempting world domination or some good old-fashioned kidnapping, the villains were always the best part of the film! In this book, action film fan, Timon Singh, sets out to talk to the actors behind the greatest villains of his adolescence to discover the stories behind their infamous film roles, the impact they had on their career and, most importantly, whether bad guys have all the fun. Speaking to everyone from body builders to kickboxing champions to experienced stage thespians, Timon interviews the actors behind some of the greatest villains and henchmen in action cinema including former Bond baddies, corrupt CEOs, global terrorists and intergalactic bounty hunters. Featuring interviews with the likes of Vernon Wells (Commando), Ronny Cox (Total Recall, Robocop), Martin Kove (The Karate Kid), David Patrick Kelly (The Warriors), Bob Wall (Enter The Dragon), Steven Berkoff (Rambo: First Blood Part II) and many others, this is an essential read for all fans of action movies! Includes an introduction from Steven E. de Souza, the screenwriter behind action classics such as The Running Man, Commando and Die Hard.

The team is stranded on a doomed world.

Colonel Jack O'Neill and his SG-1 team find themselves stranded on a primitive world where the inhabitants pay homage to the Goa'uld by providing their best specimens as host bodies for their young.

Stargate-1's original run overlapped the peak and aftermath of the Science Wars, which allowed for the show to engage questions about the nature of science and technology. This book focuses on how the series depicted science (as an enterprise) and scientists at a time when the Science Wars were raging and the nature of both was sharply contested.

The unity of the team is threatened on their first mission.

When SG-1 sets off to free the Mujina from Apophis, Colonel O'Neill's team must confront the Raven King, an insane leader on a nightmarish planet.

To catch a killer... A civilian contractor has been murdered at Stargate Command. Colonel Mitchell and SG-1, off-world at the time of the crime, are tapped by General Landry to investigate the death before it draws unwelcome attention from the Pentagon. While Mitchell, Vala and Teal'c return to the SGC, Daniel Jackson and Colonel Carter continue their search for the Sangraal. But when it becomes clear that SG-1 are not investigating a simple murder but a conspiracy that extends well beyond the SGC – and Earth – the whole team becomes ensnared in a complex and deadly mystery. In this gripping adventure, SG-1 follows the tangled trail from victim to murderer and the team finds itself and the entire SGC in grave danger...

What impact is there on the field to recognize that archaeology is a regular feature in daily life and popular culture? Based upon the study of England, Germany, Sweden and the USA, Cornelius Holtorf examines the commonalities and peculiarities of media portrayal of

archaeology in these countries, and the differences between media presentations and audience knowledge and attraction to the subject, In his normal engaging, populist style, Holtorf discusses the main strategies available to archaeologists in engaging with their popular representations. Possessors of a widely recognized, positively valued and well underpinned brand, archaeologists need to take more seriously the appeal of their work.

On a quest to bring colleagues home, O'Neill must face his past.

Paris Nights: My Year at the Moulin Rouge opens with a bored twenty-seven-year old Cliff Simon staring out at the ocean from his beachfront house, wishing he was somewhere else. Gavin Mills telephones him from Paris inviting him to join him at the iconic Moulin Rouge. Cliff sells everything he owns, leaving Johannesburg, South Africa for the City of Lights. He learns that his spot at the Moulin is not guaranteed and is forced to audition. Making the grade, he is put into can can school before he is allowed into the company. His adrenaline is pumping from excitement and fear, both of which he has faced before. Taking a look back, we see twelve-year-old Cliff helming a racing dinghy in the midst of a thunderstorm on the Vaal River. His father yells at him not to be a sissy, and he brings the boat back to shore alone. We then travel to London with his family escaping the tumult of Apartheid. He trains for the Olympics, but drops out, enrolling in the South African military where he subjected to harsh treatment and name calling Fokken Jood. After a honorable discharge, he works in cabaret at seaside resorts and is recruited as a gymnast in a cabaret, where he realizes that the stage is his destiny. The memoir fast forwards to Cliff s meteoric rise at the Moulin from swing dancer to principal in Formidable. Off stage he gets into fights with street thugs, hangs out with diamond smugglers, and has his pick of gorgeous women. With a year at the Moulin to his credit, doors open for him internationally and back in South Africa. He earns a starring role in Egoli: Place of Gold, and marries his long-time girlfriend, Colette. On their honeymoon to Paris, Cliff says, Merci Paris for the best year of my life.

The first-ever audiobook for gen:LOCK, the hit animated sci-fi series starring Michael B. Jordan, Dakota Fanning, David Tennant, and Maisie Williams!

Acclaimed author Tim Waggoner brings his first Eberron trilogy to a stunning conclusion. Diran, once a feared assassin, has turned his back on murder, seeking the life of a wandering priest. But in the seas of the Lhazaar Principalities, peace is rarely found, and even justice must be bought in blood. A new power has risen, hoping to conquer the east with an army of beast men, and only Diran and his companions can stop them. The concluding volume in the critically-acclaimed Blade of the Flame series that follows a former assassin trying to change his life and set the world to right. From the Paperback edition.

This is a detailed examination of 58 science fiction television series produced between 1990 and 2004, from the popular The X-Files to the many worlds of Star Trek (The Next Generation onward), as well as Andromeda, Babylon 5, Firefly, Quantum Leap, Stargate Atlantis and SG-1, among others. A chapter on each series includes essential production information; a history of the series; critical commentary; and amusing, often provocative interviews with overall more than 150 of the creators, actors, writers and directors. The book also offers updates on each series' regular cast members, along with several photographs and a bibliography. Fully indexed.

The legend of Old Man Clover had haunted the schoolchildren of Concordia for six generations. Murder, mayhem, and mystery lit the imagination of each person who walked by the old mansion at the end of the street. But when a young journalist decides to interview Mr. Clover will she become his next victim? Or will she uncover something surprising about Mr. Clover?

Presents an episode-by-episode look at the first season of "The Vampire Diaries" and includes the story of L.J. Smith, background on the shows creators, and biographies of the actors. Author of the books that inspired True Blood on HBO and Midnight, Texas on NBC After

inheriting a modest fortune, Aurora Teagarden decides to try her hand at being a real estate agent, working at her mother's agency. Her first assignment is to show a local mansion to dashing newcomer Martin Bartell. But when they discover the body of a rival real estate agent in the master bedroom, Roe quickly realizes her new profession is more dangerous -- and exciting -- than she ever imagined. Roe begins her own investigation of the murder, even as sparks fly between her and Bartel. When a second real estate agent is found murdered, Roe suspects the killer may be closer than she thought. She will have to use her natural sleuthing skills to unmask the murderer before another empty house for sale becomes a crime scene. From #1 New York Times bestselling author Charlaine Harris comes an unforgettable cast of charming characters and an intriguing puzzle to solve. Real Murders, A Bone to Pick, Three Bedrooms, One Corpse and the rest of the Aurora Teagarden mysteries have been adapted into film for Hallmark Movies & Mysteries.

From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium.

A civilian contractor has been murdered at Stargate Command. Colonel Mitchell and SG-1, off-world at the time of the crime, are tapped to investigate the death before it draws unwelcome attention from the Pentagon.

The world of *Dune* has shaped an entire generation of science fiction. From the sand-blasted world of Arrakis, to the splendor of the imperials homeworld of Kaitain, readers have lived in a universe of treachery and wonder. Now, collected for the first time, are three previously unpublished *Dune* stories that shine a light upon the darker corners of the *Dune* universe. Spanning space and time, this collection is essential reading for any *Dune* fan. The stories: the lost years of Gurney Halleck as he works with smugglers on Arrakis in a deadly gambit for revenge; inside the ranks of the Sardaukar as the child of a betrayed nobleman becomes one of the Emperor's most ruthless fighters; a young firebrand Fremen woman, a guerrilla fighter against the ruthless Harkonnens, who will one day become Shadout Mapes.

The beginning of the twenty-first century has already seen its fair share of modern myths with heroes such as Spider-Man, Superman, and Harry Potter. The authors in this volume deconstruct, discuss, engage, and interrogate the mythologies of the new millennium in science fiction fantasy texts. Using literary and rhetorical criticism - paired with philosophy, cultural studies, media arts, psychology, and communication studies - they illustrate the function, value, and role of new mythologies, and show that the universal appeal of these texts is their mythic power, drawing upon archetypes of the past which resonate with

individuals and throughout culture. In this way they demonstrate how mythology is timeless and eternal.

Soon after Gwenda moved into her new home, odd things started to happen. Despite her best efforts to modernize the house, she only succeeded in dredging up its past. Worse, she felt an irrational sense of terror every time she climbed the stairs. In fear, Gwenda turned to Miss Marple to exorcise her ghosts. Between them, they were to solve a "perfect" crime committed many years before.

What is it about the TV show Stargate SG-1 that makes it so popular - so different from comparable series? A comprehensive introduction for new fans and a multi-season storyline and character development reference for longterm fans. Interesting facts and sidebars for each episode uncover not only the myths and science behind the stories but the writing, directing and special effects used to tell them. With exclusive interviews with cast members, writers, directors and special effects supervisors, this is THE story of the CGI wunderkind that is SG-1. His practice newly established, metaphysician Ned Mathey can't afford to turn away any clients. But the latest Londoner to seek Ned's magical aid gives him pause: Mr Edgar Nevett, an arrogant banker, is the father of the bully who made Ned's life hell at boarding school. Nevertheless, Ned accepts the commission to ensure the Nevett family silver bears no ancient or modern curses, and then prepares to banish the Nevett family to unpleasant memory again. Until Edgar Nevett is killed by an enchanted silver candlestick-one of the pieces Ned declared magically harmless. Calling on his old school friend Julian Lynes-private detective and another victim of the younger Nevett-Ned races to solve the murder, clear the stain on his professional reputation, and lay to rest the ghosts of his past. Assisted by Ned's able secretary Miss Frost, who has unexpected metaphysical skills of her own, Ned and Julian explore London's criminal underworld and sodomitical demimonde, uncover secrets and scandals, confront the unexpected murderer and the mysteries of their own relationship. In *Death by Silver* veteran authors Melissa Scott and Amy Griswold introduce a Victorian London where magic works, influencing every aspect of civilized life, and two very appealing detectives.

When a hostile force of aliens invades Earth through the Stargate and kidnaps a female officer, Colonel Jack O'Neill emerges from retirement to hunt down the serpent god Apophis and his unearthly legions

From "The Next Generation" and "The X-Files", to "Farscape" and "Enterprise", sci-fi television series in the US have multiplied since the 1980s. Jan Johnson-Smith shows how, in line with national political upheavals, this vibrant and perplexing genre set about expanding the myth of the Western frontier into deep space. She looks at the "sense of wonder" or sublime that infuses much Frontier art and science fiction, and traces a possible historical precedent to the genre in the fabulous and heroic journeys of the Classical epic. She discusses narrative styles and their influences, from the overarching narrative of "Babylon 5" to the episodic formula of "The Outer Limits", considers how experimental series such as "Twin Peaks" challenge conventional structures, and how and why sci-fi television has adopted new technologies. She
