

# The Historiography Of The Yom Kippur War A Forty Years

On October 6, 1973, Israel's Northern Command was surprised by the thunder of cannon fire and the sight of dense, black smoke. A Syrian force of 1,400 tanks supported by artillery and air power had attacked from the north while the Egyptian military invaded the Sinai Peninsula in the south. Syria sought to avenge its devastating loss of the Golan Heights in the 1967 Six-Day War—a conflict that not only resulted in territorial gain for Israel but also cemented the nation's reputation as the region's preeminent military power. Although Israel ultimately prevailed, the Yom Kippur War (or Ramadan War, as it is known in Arab countries) shattered the illusion of Israel's invincibility. In *Syrians at the Border*, Israel's foremost scholar of the war, Dani Asher, and an eminent group of experts provide the definitive history of this key conflict. The contributors—Major General Yitzhak Hofi, the Northern commander in chief; Major General Uri Simchoni, head of Command Operations; Brigadier General Avraham Bar David, head of Artillery; and Colonel Hagai Mann, the command's intelligence officer—all held key positions during the fighting. Together, they offer fresh insight into the prewar debate that raged between the Israeli Northern Command and intelligence officers who believed that Syria would not instigate conflict. This seminal study also examines the pivotal battles that changed the course of the war, as well as the disastrous effects of a flawed postwar evaluation that adversely affected the careers of several high-ranking intelligence officials and the course of defense strategic planning thereafter. The contributors' incisive analyses contribute significantly to our understanding of this troubled region.

## Read Online The Historiography Of The Yom Kippur War A Forty Years

Looking at the political, military and intelligence components of the Yom Kippur War, this work offers interpretations of Israel's conflict with the Arabs. The contributors, Israeli academics, some involved in the war, make a contribution to the understanding of this part of Israel's history.

Since its foundation in 1948, Israel has drawn on Zionism, the movement behind its creation, to provide a sense of self and political direction. In this groundbreaking new work, Ilan Pappé looks at the continued role of Zionist ideology. The Idea of Israel considers the way Zionism operates outside of the government and military in areas such as the country's education system, media, and cinema, and the uses that are made of the Holocaust in supporting the state's ideological structure. In particular, Pappé examines the way successive generations of historians have framed the 1948 conflict as a liberation campaign, creating a foundation myth that went unquestioned in Israeli society until the 1990s. Pappé himself was part of the post-Zionist movement that arose then. He was attacked and received death threats as he exposed the truth about how Palestinians have been treated and the gruesome structure that links the production of knowledge to the exercise of power. The Idea of Israel is a powerful and urgent intervention in the war of ideas concerning the past, and the future, of the Palestinian–Israeli conflict.

"Originally published in 1974 by University Publishing Projects, Ltd."

This volume examines the military strategy and issues that Egyptian war planners faced during the 1973 Yom Kippur War. Of major interest is the relationship between the political and military leaders and how that affected the buildup and course of the conflict. Taking this as a starting place, the author concentrates on how Soviet military doctrinal changes presented themselves between the conclusion of the Six-Day War and the Yom Kippur War.

## Read Online The Historiography Of The Yom Kippur War A Forty Years

This history of the foundational war in the Arab-Israeli conflict is groundbreaking, objective, and deeply revisionist. Besides the military account, it also focuses on the war's political dimensions. Historian Morris probes the motives and aims of the protagonists on the basis of newly opened Israeli and Western documentation. The Arab side--where the archives are still closed--is illuminated with the help of intelligence and diplomatic materials. Morris stresses the jihadi character of the two-stage Arab assault on the Jewish community in Palestine. He examines the dialectic between the war's military and political developments and highlights the military impetus in the creation of the Palestinian refugee problem. He looks both at high politics and general staff decision-making and at the nitty-gritty of combat in the battles that resulted in the emergence of the State of Israel and the humiliation of the Arab world--a humiliation that underlies the continued Arab antagonism toward Israel.--Résumé de l'éditeur.

Explores the history, significance, and customs of Rosh ha-Shanah and Yom Kippur and how the holidays are celebrated in the synagogue. Includes prayers from the Mahzor and discussion questions.

A landmark history of one hundred years of war waged against the Palestinians from the foremost US historian of the Middle East, told through pivotal events and family history In 1899, Yusuf Diya al-Khalidi, mayor of Jerusalem, alarmed by the Zionist call to create a Jewish national home in Palestine, wrote a letter aimed at Theodore Herzl: the country had an indigenous people who would not easily accept their own displacement. He warned of the perils ahead, ending his note, "in the name of God, let Palestine be left alone." Thus Rashid Khalidi, al-Khalidi's great-great-nephew, begins this sweeping history, the first general account of the conflict told from an explicitly Palestinian perspective. Drawing on a

## Read Online The Historiography Of The Yom Kippur War A Forty Years

wealth of untapped archival materials and the reports of generations of family members—mayors, judges, scholars, diplomats, and journalists—The Hundred Years' War on Palestine upends accepted interpretations of the conflict, which tend, at best, to describe a tragic clash between two peoples with claims to the same territory. Instead, Khalidi traces a hundred years of colonial war on the Palestinians, waged first by the Zionist movement and then Israel, but backed by Britain and the United States, the great powers of the age. He highlights the key episodes in this colonial campaign, from the 1917 Balfour Declaration to the destruction of Palestine in 1948, from Israel's 1982 invasion of Lebanon to the endless and futile peace process. Original, authoritative, and important, The Hundred Years' War on Palestine is not a chronicle of victimization, nor does it whitewash the mistakes of Palestinian leaders or deny the emergence of national movements on both sides. In reevaluating the forces arrayed against the Palestinians, it offers an illuminating new view of a conflict that continues to this day.

The Yom Kippur War The Epic Encounter That Transformed the Middle East Schocken

The fast-day of Yom Kippur, known in English as the Day of Atonement, is the holiest in the Jewish calendar. In the sister volume to this book, "A Myrtle Among Reeds", David Prashker explored the history and nature of Jewish prayer through the daily service of worship. Now he continues that journey, exploring the rites and ceremonies, the poetry and legends, that comprise one of the world's oldest known religious practices. This book is essential reading for every Jew, and for all who are interested in Judaism, or the act of prayer in any form. No religious school classroom should be without it.

This study seeks to shed new light on the complex web of

## Read Online The Historiography Of The Yom Kippur War A Forty Years

relations among history, historiography and contemporary life. It does so by focusing on Israeli commissions of inquiry that have taken rise in the wake of major national traumas such as failed battles in the 1948 War, the Yom Kippur War, and the assassination of the Zionist leader Chaim Arlosoroff. Each one of these landmark events in the history of Israel was investigated by a state or a military commission of inquiry, whose members and audience operate as authors of history and agents of memory. The study suggests that commissions of inquiry, which have been studied to date primarily as legal, administrative, and political bodies, in fact also operate as a public historian of a unique kind. In this capacity, and unlike a professional historian, commissions are by definition expected not to refrain from making ethical and legal judgments. On the contrary, judgment is, in the final analysis, the underpinning motivation for their historical inquiry. Moreover, commissions of inquiry, and the way their work reverberates within the public sphere, and in professional and popular historiography, allow us to focus on processes of collective-memory formation. While commissions have the ability to shape conventional views regarding matters of vital public importance, this ability is dependent on a wide range of factors, circumstances and their particular admixture in the decades that follow the completion of the commission's work. The case studies analyzed in the dissertation reveal the way in which Israeli society has struggled to forge memories of--and historical judgments about--difficult chapters in the country's history. In the course of analysis, the dissertation also examines questions such as who is understood to have the right to make historical judgments on matters deemed to be of vital public importance? In what ways have commissions of inquiry contributed to the shaping and revision of Israeli history and memory? What factors and circumstances have enabled or prevented them from doing

## Read Online The Historiography Of The Yom Kippur War A Forty Years

so? What light do they shed on social conceptions of the difference between historical truth, political truth and legal truth, and how do such distinctions influence the work and deliberations of commission members themselves? Through such questions, and by applying a comparative analysis, the study seeks to open a vista into the ways in which a national society such as Israel, processes and negotiates its past and its memory of it.

"A detailed and comprehensive account of the politics, diplomacy and enduring legacy of one of the key conflicts of modern times"--

\*Includes pictures \*Includes accounts of the fighting \*Includes online resources and a bibliography for further reading "War is not an independent phenomenon, but the continuation of politics by different means." - Carl von Clausewitz, On War In May 2011, President Barack Obama gave speeches about the Middle East that discussed the Israeli-Palestinian conflict, using terms like "final status issues," "1967 lines with mutually agreed swaps," and "demographic realities." Obama's speeches were strongly denounced by both the Palestinians and the Israelis, while political commentators across the world debated what Obama's speeches actually meant. Welcome to the Middle East conflict, a conflict that is technically 63 years old and counting but has its roots in over 2,000 years of history. With so much time and history, the peace process has become laden with unique, politically sensitive concepts like the right of return, contiguous borders, secure borders, demilitarized zones, and security requirements, with players like the Quartet, Palestinian Authority, Fatah, Hamas, the Arab League and Israel. Over time, it has become exceedingly difficult for even sophisticated political pundits and followers to keep track of it all. On October 6, 1973, Syria and Egypt caught Israel off guard during the Jewish holy holiday of Yom Kippur, surprise attacking the Sinai Peninsula

## Read Online The Historiography Of The Yom Kippur War A Forty Years

and Golan Heights. Although they initially made gains, the Israelis turned the tide within a week, going on the counteroffensive and winning the war within 3 weeks. The Yom Kippur War was the last concerted invasion of Israel by conventional Arab armies, but it underscored how entangled the West and the Soviet Union had gotten in the region. The British and French had been allied with Israel in the 1950s, including during the Suez Canal War, and the United States assisted Israel by providing weapons as early as the 1960s. As a way of counteracting Western influence, the Soviets developed ties with the Arab nations. After the Yom Kippur War, President Jimmy Carter's administration sought to establish a peace process that would settle the conflict in the Middle East, while also reducing Soviet influence in the region. On September 17, 1978, after secret negotiations at the presidential retreat Camp David, Egyptian President Anwar Sadat and Israeli Prime Minister Menachem Begin signed a peace treaty between the two nations, in which Israel ceded the Sinai Peninsula to Egypt in exchange for a normalization of relations, making Egypt the first Arab adversary to officially recognize Israel. Carter also tried to create a peace process that would settle the rest of the conflict vis-a-vis the Israelis and Palestinians, but it never got off the ground. For the Camp David Accords, Begin and Sadat won the Nobel Peace Prize. Begin had once been a leader of the paramilitary group Irgun, while Sadat had succeeded Nasser. Ultimately, the peace treaty may have cost Sadat his life: he was assassinated in 1981 by fundamentalist military officers during a victory parade. The Yom Kippur War: The History and Legacy of the 1973 Arab-Israeli War and Its Impact on the Middle East Peace Process looks at the last conventional war fought between the Israelis and Arabs, and the aftermath. Along with pictures and a bibliography, you will learn about the Yom Kippur War like

never before.

An updated edition that sheds new light on one of the most dramatic reversals of military fortune in modern history. The easing of Israeli military censorship after four decades has enabled Abraham Rabinovich to offer fresh insights into this fiercest of Israel-Arab conflicts. A surprise Arab attack on two fronts on the holiest day of the Jewish calendar, with Israel's reserves un-mobilized, triggered apocalyptic visions in Israel, euphoria in the Arab world, and fraught debates on both sides. Rabinovich, who covered the war for The Jerusalem Post, draws on extensive interviews and primary source material to shape his enthralling narrative. We learn of two Egyptian nationals, working separately for the Mossad, who supplied Israel with key information that helped change the course of the war; of Defense Minister Moshe Dayan's proposal for a nuclear "demonstration" to warn off the Arabs; and of Chief of Staff David Elazar's conclusion on the fifth day of battle that Israel could not win. Newly available transcripts enable us to follow the decision-making process in real time from the prime minister's office to commanders studying maps in the field. After almost overrunning the Golan Heights, the Syrian attack is broken in desperate battles. And as Israel regains its psychological balance, General Ariel Sharon leads a nighttime counterattack across the Suez Canal through a narrow hole in the Egyptian line -- the turning point of the war.

The 1973 Yom Kippur War marked a turning point in the “special relationship” between the United States and Israel. While previous U.S. administrations had taken a relatively even hand in the Middle East, the action saw American support of Israel become virtually unconditional. A massive airlift of military hardware to Israel brought the U.S. and the Soviet Union closer to conflict. As the war—just two weeks in duration—played out along the Suez Canal, U.S. Vice President Spiro Agnew was forced to resign amidst bribery allegations. Watergate escalated, resulting in President Nixon’s near-breakdown. Despite Secretary of State Henry Kissinger’s efforts to supply arms to Israel, he was stymied by resistance in the Department of Defense, which some saw as overly provocative toward the Arabs. Ostensibly a U.S. foreign policy success, the war led directly to the 1974 oil crisis and a permanent rift in U.S.–Arab relations. Drawing on Kissinger’s telephone conversations and recently declassified documents, this book tells the story of how the secretary became the chief architect of America’s Middle East policy, and how his Cold War strategy played a critical role in the decision to pursue active military involvement.

A concise, hard-hitting history of the Arab-Israel wars covers five decades of conflict and more than five major conflagrations, exploring the social, cultural, political, and psychological factors--as well as manipulation by the great powers--that made violence almost inevitable in this volatile region.

**NEW YORK TIMES BESTSELLER** • The first comprehensive account of the epoch-making Six-Day War, from the author of *Ally*—now featuring a fiftieth-anniversary retrospective Though it lasted for only six tense days in June, the 1967 Arab-Israeli war never really ended. Every crisis that has ripped through this region in the ensuing decades, from the Yom Kippur War of 1973 to the ongoing intifada, is a direct consequence of those six days of fighting. Writing with a novelist's command of narrative and a historian's grasp of fact and motive, Michael B. Oren reconstructs both the lightning-fast action on the battlefields and the political shocks that electrified the world. Extraordinary personalities—Moshe Dayan and Gamal Abdul Nasser, Lyndon Johnson and Alexei Kosygin—rose and toppled from power as a result of this war; borders were redrawn; daring strategies brilliantly succeeded or disastrously failed in a matter of hours. And the balance of power changed—in the Middle East and in the world. A towering work of history and an enthralling human narrative, *Six Days of War* is the most important book on the Middle East conflict to appear in a generation. Praise for *Six Days of War* “Powerful . . . A highly readable, even gripping account of the 1967 conflict . . . [Oren] has woven a seamless narrative out of a staggering variety of diplomatic and military

strands.”—The New York Times “With a remarkably assured style, Oren elucidates nearly every aspect of the conflict. . . . Oren’s [book] will remain the authoritative chronicle of the war. His achievement as a writer and a historian is awesome.”—The Atlantic Monthly “This is not only the best book so far written on the six-day war, it is likely to remain the best.”—The Washington Post Book World “Phenomenal . . . breathtaking history . . . a profoundly talented writer. . . . This book is not only one of the best books on this critical episode in Middle East history; it’s one of the best-written books I’ve read this year, in any genre.”—The Jerusalem Post “[In] Michael Oren’s richly detailed and lucid account, the familiar story is thrilling once again. . . . What makes this book important is the breadth and depth of the research.”—The New York Times Book Review “A first-rate new account of the conflict.”—The Washington Post “The definitive history of the Six-Day War . . . [Oren’s] narrative is precise but written with great literary flair. In no one else’s study is there more understanding or more surprise.”—Martin Peretz, Publisher, The New Republic “Compelling, perhaps even vital, reading.”—San Jose Mercury News

\*Includes pictures \*Includes online resources and a bibliography for further reading Despite losing the 1948 war, Arab nations throughout the Middle East had still refused to recognize Israel's right to exist. After the Suez Crisis, Egyptian leader Gamal Abdel Nasser envisioned creating a unified Arab world, commonly referred to as pan-Arabism. Nasser was the consummate pan-Arab leader in the 1960s, positioning himself as the leader of

## Read Online The Historiography Of The Yom Kippur War A Forty Years

the Arab world through increasing incitement against Israel with rhetoric. Israel found itself in possession of more land after 1948 than envisioned by the U.N. Partition Plan, but the Green Line still left it less than 10 miles wide in some positions. In the summer of 1967, the armies of Jordan and Syria mobilized near Israel's borders, while Egypt's army mobilized in the Sinai Peninsula just west of the Gaza Strip. Combined, the Arab armies numbered over 200,000 soldiers. In early June 1967, the Israelis captured Jordanian intelligence that indicated an invasion was imminent, and at 08h10 on June 5, 1967, the Israel Broadcasting Authority aired an Israeli Defense Force communique. "Since the early hours of this morning," it read, "heavy fighting has been taking place on the southern front between Egyptian armored and aerial forces, which moved against Israel, and our forces, which went into action to check them." Over the next six days, the Israelis overwhelmed the Egyptians in the west, destroying thousands of tanks and capturing the Gaza Strip and the entire Sinai Peninsula. At the same time, Israel drove the Jordanians out of Jerusalem and the West Bank, and it captured the Golan Heights from Syria near the border of Lebanon. In the span of a week, Israel had tripled the size of the lands it controlled. Israel had gone from less than 10 miles wide in some spots to over 200 miles wide from the Sinai Peninsula to the West Bank. Israel also unified Jerusalem. The results of the Six Day War created several issues that have still not been resolved in the Middle East. Israel now found itself in possession of territories that were the home of over a million Arabs. Of

## Read Online The Historiography Of The Yom Kippur War A Forty Years

these territories, Israel officially annexed only East Jerusalem and the Golan Heights, leaving the inhabitants of the West Bank, Sinai Peninsula, and Gaza Strip in limbo regarding citizenship status. On October 6, 1973, Syria and Egypt caught Israel off guard during the Jewish holy holiday of Yom Kippur, surprise attacking the Sinai Peninsula and Golan Heights. Although they initially made gains, the Israelis turned the tide within a week, going on the counteroffensive and winning the war within 3 weeks. The latest edition of this renowned textbook explores the states and regimes of the Middle East and North Africa.

Presenting heavily revised, fully updated chapters contributed by the world's leading experts, it analyzes the historical trajectory, political institutions, economic development, and foreign policies of the region's nearly two dozen countries. The volume can be used in

conjunction with its sister volume, *The Societies of the Middle East and North Africa*, for a comprehensive overview of the region. Chapters are organized and

structured identically, giving insightful windows into the nuances of each country's domestic politics and foreign relations. Data tables and extensive annotated bibliographies orient readers towards further research.

Whether used in conjunction with its sister volume or on its own, this book provides the most comprehensive and detailed overview of the region's varied politics. Five

new experts cover the critical country cases of Turkey, Lebanon, Jordan, Saudi Arabia, and Iran. All chapters cover the latest events, including trends that have

remarkably changed in just a few years like the gradual end of the Syrian civil war. As such, this textbook is

invaluable to students of Middle Eastern politics.. The

ninth edition brings substantial changes. All chapters

also have a uniform, streamlined structure that explores the historical context, social and economic environment, political institutions, regime dynamics, and foreign policy

of each country. Fact boxes and political maps are now far more extensive, and photographs and images also

help illustrate key points. Annotated bibliographies are vastly expanded, providing nothing short of the best list of research references for each country.

“The most comprehensive account of Israeli history yet published” (Efraim Karsh, *The Sunday Telegraph*). Fleeing persecution in Europe, thousands of Jewish immigrants settled in Palestine after World War II. Renowned historian Martin Gilbert crafts a riveting account of Israel’s turbulent history, from the birth of the Zionist movement under Theodor Herzl to the unexpected declaration of its statehood in 1948, and through the many wars, conflicts, treaties, negotiations, and events that have shaped its past six decades—including the Six Day War, the Intifada, Suez, and the Yom Kippur War. Drawing on a wealth of first-hand source materials, eyewitness accounts, and his own personal and intimate knowledge of the country, Gilbert weaves a complex narrative that’s both gripping and informative, and probes both the ideals and realities of modern statehood. “Martin Gilbert has left us in his debt, not only for a superlative history of Israel, but also for a restatement of the classic vision of Zion, in which a Middle East without guns is not a bedtime story but an imperative long overdue. This is the vision for which Yitzhak Rabin gave his life. This book is tribute to his memory.” —Jonathan Sacks, *The Times* (London)

A history of Israel in the context of the modern Jewish experience and the history of the Middle East

Sadat, Golda Meir, and Henry Kissinger; the high-stakes diplomatic maneuverings of the UN, the U.S., and the Soviet Union; and more. R

Beginning in 1973 with the aftermath of the Yom Kippur War, this study examines Menachem Begin's rise to power, the secret diplomacy underlying Anwar Sadat's visit to Jerusalem, and the ongoing Israeli search for an identity

In May 2011, President Barack Obama gave speeches about the Middle East that discussed the Israeli-Palestinian conflict, using terms like "final status issues," "1967 lines with mutually agreed swaps," and "demographic realities." Obama's speeches were strongly denounced by both the Palestinians and the Israelis, while political commentators across the world debated what Obama's speeches actually meant. This book looks at the last conventional war fought between the Israelis and Arabs, and the aftermath. Along with pictures and a bibliography, you will learn about the Yom Kippur War like never before. Find it interesting that Sadat aimed to fight a limited war and then have the UN come in and stop the war thereby obtaining politically and militarily the return of the Sinai. Egypt mainly fought the war to save face after having its military destroyed in the Six-Day War. The other thing I learned was that Israel was not completely surprised by the Egyptian and Syrian attacks. The biggest fault that the Israelis had was their confidence that the Egyptians would fight similarly as their enemy had done in the past. I think this book provides a good introduction to the animosity that is between the Arab countries and Israel. I recommend this

## Read Online The Historiography Of The Yom Kippur War A Forty Years

book to anyone that is interested in the Israeli Arab conflicts and why the conflict will not end anytime soon. October Earthquake presents a chronological account of the days surrounding the Day of Atonement (Yom Kippur) War, along with the significant military and political events of each day of the conflict. Zeev Schiff's comments on Israel's exaggerated self-confidence, the hopelessness of Israeli leadership, the intelligence failure, the concept of the Bar Lev Line, the role of the air force, and the preparedness of the Arab army are interspersed throughout. Rather than judging and awarding "grades" to the parties involved in the war, this work bases itself on authentic source materials, such as recordings of command discussions during the battles, and documents. Many of the details included are not found elsewhere. The author skillfully weaves the recollections and accounts of many participants and commentators into a coherent narrative that brings to life the war's events. Although written largely from the perspective of Israelis, October Earthquake reviews political, diplomatic, and military events in Egypt that set the stage for the war. In the postscript, Schiff also explores key lessons for Israel from the Yom Kippur War, which ended its sense of invincibility and complacency, despite Israel's impressive victories on the battlefield. Winner of the Sokolov Prize, Israel's highest journalism award, this book should be read by all foreign policy specialists, historians, and anyone interested in the Middle East.

The Mediterranean sea has been a key geopolitical territory in the global international relations of the

## Read Online The Historiography Of The Yom Kippur War A Forty Years

twentieth century; of crucial importance to the US, the Middle East and in the history of the EU. As Cold War documents become declassified and these archives become accessible to western historians, this volume reassesses the secret war waged over three decades for control of the Mediterranean Sea. An 'American lake' in the 1950s, a battlefield for influence in the Cold War of the 1960s, and an increasingly important political arena for the oil-rich Gulf States in the 1970s, the Mediterranean offers a focal point around which the major themes and narratives of Cold War history were constructed. "Detente in Cold War Europe" draws together detailed analyses of the major moments of post-WWII history through the prism of the Mediterranean - including the signing of the Helsinki Accords in 1975, the Jordan crisis of 1970, the Soviet role in the Yom Kippur war, the Cyprus emergency of 1974, US-Soviet detente and US-Israeli relations under President Nixon. This book is a vital work for historians of the twentieth century and for those seeking to understand the importance of the Mediterranean in the political history of the Cold War. This 1977 book was undertaken with the purpose of determining the degree of Soviet involvement in the Middle East crisis, from the expulsion of the Soviet advisers from Egypt in 1972, through the planning stage of the war and the war itself, up to the disengagement agreements which in fact finally brought the war to a close. Dr Golan first investigates Soviet interests in the region, particularly in connection with the Arab-Israeli conflict, and the relationships of these regional interests - be they strategic, political, economic or ideological - to

## Read Online The Historiography Of The Yom Kippur War A Forty Years

Soviet global interests. There follows a detailed study of Soviet policy towards the Middle East crisis as seen through Soviet relations with the Arab states and the Palestinians, Soviet propaganda to the Arab world, Soviet-American relations, Soviet domestic and international problems related to Middle East policy, and, more specifically, the Soviet attitude towards a settlement of the Arab-Israeli conflict.

Examines the history behind the 1973 war between Israel and its Arab neighbors, Egypt and Syria (backed by Iraq, Jordan, and Saudi Arabia), plus biographical notes on important figures and a look at the effects of this war.

The author of *Origins of the Suez Crisis* “mak[es] us look afresh at the events that led to conflict between Israel and its neighbors” (Financial Times). One fateful week in June 1967 redrew the map of the Middle East. Many scholars have documented how the Six-Day War unfolded, but little has been done to explain why the conflict happened at all. Now, historian Guy Laron refutes the widely accepted belief that the war was merely the result of regional friction, revealing the crucial roles played by American and Soviet policies in the face of an encroaching global economic crisis, and restoring Syria’s often overlooked centrality to events leading up to the hostilities. The Six-Day War effectively sowed the seeds for the downfall of Arab nationalism, the growth of Islamic extremism, and the animosity between Jews and Palestinians. In this important new work, Laron’s fresh interdisciplinary perspective and extensive archival research offer a significant reassessment of a

## Read Online The Historiography Of The Yom Kippur War A Forty Years

conflict—and the trigger-happy generals behind it—that continues to shape the modern world. “Challenging . . . well worth reading.”—Moment “A penetrating study of a conflict that, although brief, helped establish a Middle Eastern template that is operational today . . . The author looks beyond Cold War maneuvering to examine the conflict in other lights . . . Readers with an interest in Middle Eastern geopolitics will find much of value.”—Kirkus Reviews

This is the authoritative account of the Israeli army's performance in the bitter Yom Kippur War of 1973. The origins of the war amid the turbulent history of competing powers in the Middle East are fully explored, as is the build-up of Arab forces that almost inexplicably caught Israel by surprise. The author then provides a gripping narrative of the conflict itself, punctuated by firsthand accounts and interviews with combatants. The War of Atonement is full of drama and tales of inspirational bravery, as Israel defied the odds to defeat the two-pronged invasion. An analysis of the political implications of the conflict bring this epic tale to a close. For this edition Chaim Herzog's son, Brigadier General Michael Herzog, has written an introduction which places the book in the context of his father's achievements and gives a revealing insight into the man himself. This is the most comprehensive work on a conflict that has had major implications for our own troubled times.

A comprehensive history of Israel from the rise of Jewish nationalism in the early 1800's until the aftermath of the Yom Kippur war in the late 1970's. the book presents a detailed factual history of Zionism.

## Read Online The Historiography Of The Yom Kippur War A Forty Years

The Yom Kippur War was a seminal event in the history of the Middle East and a defining moment in the Anglo-American relationship. This thesis—originally presented at the University of Cambridge in 2005—draws upon recently declassified documents from the United Kingdom and the United States to offer a fresh interpretation of the crisis and the consequent transatlantic strain. It assesses the strategies of both governments toward the war and evaluates the conventional wisdom that the conflict precipitated a major schism between London and Washington. This thesis shows that, while Britain and America came to loggerheads often during the war, their disputes were subtle and complex. Above all, they were rooted in the two nations' differing levels of national power, capability, and tolerance for risk. By closely examining the details of their disagreements, this work throws light on a critical crisis in post-war international history and on the British-American relationship that continues to resonate in world politics to this day.

Israel's victory in the 1967 'Six Day War' sowed the seeds of the 1973 Yom Kippur War. At 1400hrs on 6 October 1973 the Egyptian army launched an assault crossing of the Suez Canal. The carefully coordinated attack achieved complete tactical surprise. The sand embankments of the Israeli Bar-Lev Line were breached and an Israeli counterattack thrown back with heavy losses. In the second of his two-

volume analysis of the Yom Kippur War, Simon Dunstan details the fighting in the Sinai, culminating in Operation Gazelle, the Israeli counterattack across the Suez Canal. Although defeated militarily Egypt did ultimately succeed in forcing the Israelis back to the negotiating table.

In *Imperfect Strangers*, Salim Yaqub argues that the 1970s were a pivotal decade for U.S.-Arab relations, whether at the upper levels of diplomacy, in street-level interactions, or in the realm of the imagination. In those years, Americans and Arabs came to know each other as never before. With Western Europe's imperial legacy fading in the Middle East, American commerce and investment spread throughout the Arab world. The United States strengthened its strategic ties to some Arab states, even as it drew closer to Israel. Maneuvering Moscow to the sidelines, Washington placed itself at the center of Arab-Israeli diplomacy. Meanwhile, the rise of international terrorism, the Arab oil embargo and related increases in the price of oil, and expanding immigration from the Middle East forced Americans to pay closer attention to the Arab world. Yaqub combines insights from diplomatic, political, cultural, and immigration history to chronicle the activities of a wide array of American and Arab actors—political leaders, diplomats, warriors, activists, scholars, businesspeople, novelists, and others. He shows that growing interdependence raised hopes for a

broad political accommodation between the two societies. Yet a series of disruptions in the second half of the decade thwarted such prospects. Arabs recoiled from a U.S.-brokered peace process that fortified Israel's occupation of Arab land. Americans grew increasingly resentful of Arab oil pressures, attitudes dovetailing with broader anti-Muslim sentiments aroused by the Iranian hostage crisis. At the same time, elements of the U.S. intelligentsia became more respectful of Arab perspectives as a newly assertive Arab American community emerged into political life. These patterns left a contradictory legacy of estrangement and accommodation that continued in later decades and remains with us today.

While many scholars have tried to explain why Israel was caught unawares despite its sophisticated military intelligence services, Dalia Gavriely-Nuri looks beyond the military, intelligence, and political explanations to a cultural explanation. *Israeli Culture on the Road to the Yom Kippur War* reveals that the culture that evolved in Israel between the Six Day War and the Yom Kippur War played a large role in the surprise. Gavriely-Nuri's analysis provides new and innovative insights into the relationship between culture and socio-political phenomena and security.
