Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

**#1 NEW YORK TIMES BESTSELLER** • Barack Obama’s lucid vision of America’s place in the world and call for a new kind of politics that builds upon our shared understandings as Americans, based on his years in the Senate “In our lowdown, dispiriting era, Obama’s talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope.”—Michael Kazin, *The Washington Post* In July 2004, four years before his presidency, Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners’ minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged optimism in the future, or what Obama called “the audacity of hope.” The Audacity of Hope is Barack Obama’s call for a different brand of politics—a politics for those weary of bitter partisanship and alienated by the “endless clash of armies” we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of “our improbable experiment in democracy.” He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and family life, and his own deepening religious commitment. At the heart of this book is Barack Obama’s vision of how we can move beyond our divisions to tackle concrete problems. He examines the growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by returning to the principles that gave birth to our Constitution, Obama says, can Americans repair a political process that is broken, and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans. Those Americans are out there, he writes—“waiting for Republicans and Democrats to catch up with them.”

Chekhov is a unique force in modern drama. His works have long been cherished for their brilliant wit and unusual ability to provide striking insights into the human condition. In these stunning, individually published translations of three of Chekhov’s most popular and beloved plays, Laurence Senelick presents a fresh perspective on the master playwright and his groundbreaking dramas. This volume illuminates the timeless trials of art and love and bring Chekhov’s memorable characters to life. Each of these three plays showcases the hallmark features of a Chekhov classic: clashing desires, complex family dynamics, the individual’s loss of balance and sense of identity in the shifting eruptions of society and a modernizing Russia, and the angst of artistic struggle and ambition. Supplementing each of the plays are an account of Chekhov’s life, a note on the translation, introductions to each work, and variant lines - often removed due to government censorship - which illuminate the context in which they were written and shed light on Chekhov’s work as a playwright. These editions are the perfect guides to enriching our understanding of this great dramatist or to staging a production.

Built on the keystones of rhetoric, *Everyone’s an Author* provides a strong foundation for authoring in the digital age: in college essays, but also on Twitter; in print, but also online; with words, but also with sound, video, and images. It shows students that the rhetorical skills they already use in social media, in their home and religious communities, at work and in other nonacademic contexts are the same ones they’ll need to succeed in college. Examples and readings drawn from across multiple media and dealing with topics that matter to students today make this a book that everyone who takes first-year writing will relate to.

A pocket-sized handbook that’s easy to use and covers the kinds of writing college students need to do. The Little Seagull Handbook offers the kind of succinct advice students need about grammar, punctuation, documentation, and the writing process—an in addition, it covers the kinds of writing they are most often assigned—reports, analyses, narratives, and more. The second edition includes unique help for students whose primary language is not English. Available in two versions—with and without exercises.

**#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER** • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—*The New York Times* **NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW** • **ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR** • **BILL GATES’S HOLIDAY READING LIST** • **FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book** • **PEN/Jean Stein Book Award** • **Los Angeles Times Book Prize** Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—*Vogue* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post** • **O: The Oprah Magazine** • **Time** • **NPR** • **Good Morning America** • **San Francisco Chronicle** • **The Guardian** • **The Economist** • **Financial Times** • **Newsday** • **New York Post** • **theSkimm** • **Refinery29** • **Bloomberg** • **Self** • **Real Simple** • **Town & Country** • **Bustle** • **Paste** • **Publishers Weekly** • **Library Journal** • **LibraryReads** • **Book Riot** • **Pamela Paul, KQED** • **New York Public Library**

In the Hugo-award winning, epic New York Times Bestseller and basis for the BBC miniseries, two men change England’s history when they bring magic back into the world. In the midst of the Napoleonic Wars in 1806, most people believe magic to have long since disappeared from England - until the reclusive Mr. Norrell reveals his powers and becomes an overnight celebrity. Another practicing magician then emerges: the young and daring Jonathan Strange. He becomes Norrell’s pupil, and the two join forces in the war against France. But Strange is increasingly drawn to the wild, most perilous forms of magic, and he soon risks sacrificing his partnership with Norrell and everything else he holds dear. Susanna Clarke’s brilliant first novel is an utterly compelling epic tale of nineteenth-century England and the two magicians who, first as teacher and pupil and then as rivals, emerge to change its history.

The story of a notorious New York eccentric and the journalist who chronicled his life: “A little masterpiece of observation and storytelling” (Ian McEwan). Joseph Mitchell was a cornerstone of the New Yorker staff for decades, but his prolific career was shattered by an extraordinary case of writer’s block. For the final thirty-two years of his life, Mitchell published nothing. And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould. Gould was, in Mitchell’s words, “an odd and penniless and unemployable little man who came to this city in 1916 and ducked and dodged and held on as hard as he could for over thirty-five years.” As Mitchell learns more about Gould’s epic Oral History—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the already unusual story of the local legend. Originally written as two separate pieces (“Professor Sea Gull” in 1942 and then “Joe Gould’s Secret” twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould’s secret, Mitchell’s words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell including rare images from the author’s estate.

There is nothing interesting about Ray Eccles. He knows it himself. On the morning of his fortieth birthday, he goes for a walk because he’s just learned of a dormant Second World War explosive offshore, and he’s the kind of man who thinks a bomb might be good company. As he gazes at the sea, a woman in the distance suddenly turns to face him—and a dying seagull falls from the sky, knocking him unconscious. When Ray wakes up, he’s inexplicably compelled to paint the woman’s image, obsessively and repeatedly: initially on any paper he can find in his house, and thereafter on the walls, using any materials that come to hand, including food and bodily fluids. Discovered by a power couple of Outsider Art, he becomes one of the most celebrated artists of the century, and soon even small-town newspapers are covering his work—which is how Jennifer, the woman on the beach, discovers she’s the subject of the paintings that have set the world on fire, leading her to wonder if a man she’s never met is the only person who has ever really seen her. *Man with a Seagull on His Head* is a novel about the impossibility of ever really knowing anyone, and the electric charge that comes from real if unexpected connection. Beautiful, lyrical, and strangely moving, it heralds a wonderful and original new voice.

A gentleman scribes penny dreadful novels by night and falls in love with a woman who is a music teacher by day--and a thief at night.

LONDON 1865 From the moment Hollis Darby meets Ana Newport, he's smitten. Even though he's from a wealthy, established family and she isn't, he wishes he could have a life with her by his side. But Hollis has a secret: the deep coffers that have kept his family afloat for generations are bare, so he supports himself by writing penny dreadfuls under a pseudonym. If not for the income from his novels, he would be broke. Ana Newport also has a secret. Though she once had a place in society thanks to her father's successful business, bankruptcy and scandal reduced his fortune to nothing more than a crumbling town house. So Ana teaches music during the day, and at night she assumes the identity of the "Phantom Fox." She breaks into the homes of the wealthy to reclaim trinkets and treasures she feels were unjustly stolen from her family when they were struggling. When Hollis's brother needs to hire a music tutor for his daughter, Hollis recommends Ana, giving him a chance to spend time with her. Ana needs the income and is eager for the opportunity to get to know the enigmatic gentleman. What neither of them expects is how difficult it will be to keep their respective secrets from each other. When a spree of robberies rocks the city, Ana and Hollis join forces to solve the crimes, discovering that working together deepens the affection between them. After all, who better to save the day than a gentleman and a thief?

A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim.

The birth of Jesus has been well chronicled, as have his glorious teachings, acts, and divine sacrifice after his thirtieth birthday. But no one

knows about the early life of the Son of God, the missing years -- except Biff, the Messiah's best bud, who has been resurrected to tell the story in the divinely hilarious yet heartfelt work "reminiscent of Vonnegut and Douglas Adams" (Philadelphia Inquirer). Verily, the story Biff has to tell is a miraculous one, filled with remarkable journeys, magic, healings, kung fu, corpse reanimations, demons, and hot babes. Even the considerable wiles and devotion of the Savior's pal may not be enough to divert Joshua from his tragic destiny. But there's no one who loves Josh more -- except maybe "Maggie," Mary of Magdala -- and Biff isn't about to let his extraordinary pal suffer and ascend without a fight. Because he spends so much time perfecting his flying form instead of concentrating on getting food, a seagull is ostracized by the rest of the flock.

A side from her Pulitzer Prize-winning talent as a novel writer, Edith Wharton also distinguished herself as a short story writer, publishing more than seventy-two stories in ten volumes during her lifetime. The best of her short fiction is collected here in Roman Fever and Other Stories. From her picture of erotic love and illegitimacy in the title story to her exploration of the aftermath of divorce detailed in "Souls Belated" and "The Last Asset," Wharton shows her usual skill "in dissecting the elements of emotional subtleties, moral ambiguities, and the implications of social restrictions," as Cynthia Griffin Wolff writes in her introduction. Roman Fever and Other Stories is a surprisingly contemporary volume of stories by one of our most enduring writers.
