A beautiful, comprehensive guide to going green and living sustainably. Permaculture is an important but often misunderstood method of growing food and building homes in a manner that works with nature, rather than against it, to create beautiful, healthy, and useful gardens. Blending ecology, organic agriculture, green home design, appropriate technology, and biology can be confusing and overwhelming, but The Ultimate Guide to Natural Farming and Sustainable Living simplifies this vast field for practical application. This is a hands-on guide, taking the beginner through each step of the design process, so that anyone can apply permaculture principles to his or her life. While the principles are simple, the in-depth topics cover every aspect of permaculture, including: • building green homes and passive solar design • growing edible plant communities and forest gardens • using no-till and natural farming methods • creating microclimates for extended growing seasons • raising livestock with ecological foraging techniques This is a common-sense approach to sustainable living that creates a self-sufficient and low-effort home for the people that live there, whether in the city or the country. The Ultimate Guide to Natural Farming and Sustainable Living isn't a philosophy book or a dissertation on theory. It is a step-by-step, complete guide to every aspect of permaculture.

They are prepared to put in the effort and creativity to build an in-house digital marketing team that runs itself.

What people are saying about Dan..."Dan has rejected the traditional agency model and built something new, totally defined by how, why and what he wants. And the results speak for themselves. Dan is a breath of fresh air for the industry and, if he's teaching, I highly recommend you listen." ~ Mike Rhodes, Founder of WebSavvy "We have been working with Dan and his business FlexxDigital over the past 11 months. As of today, 25 April 2018 1:50am, Dan has been able to generate over 238,000 leads using our flagship lead generation platform LeadsHook in 11 months in some of the most competitive niches." ~ Nik Thakorlal, Founder of LeadsHook "What can I say about Dan and his team at FlexxDigital? They have a great reputation for generating the best quality leads in the industry. Not only great quality, but predictable volumes. Highly recommended." ~ Mark Roberts, Director at Basik Money

There are tons of books on the world of business. Subjects range from how to find a job, how to manage meetings, how to be a C.E.O., how to balance work and life. None seem to provide practical solutions that applied to daily office life. I decided to write this book to share my honest thoughts about common subjects of office life. As someone who has worked for numerous, public, private, family-owned American, European, Middle Eastern, and Asian businesses across many different countries, in the last 20 years, I have seen the insides of more offices than I prefer to count. Despite the variety of jobs and employers I have worked for, the similarities of office life all over the world are striking. The problems experienced by junior associates, executive staff, and C.E.O.s, though at different levels of complexity, are remarkably alike. Equally similar are the promoted solutions in M.B.A. degrees, associated business books, and soft skills development training programs. What do they have in common? They do not work. Why? Because they do not tackle the core issue. Life will become less complicated when we accept the dynamics of office life as is. I learned this through trial and error. Through this book, I hope to save you from these trials and tribulations and guide you. You will learn how to compartmentalize your life through the insights gained through this book and enjoy your limited time on this planet. So why the stress? Why the drama? Yet there is still so much of this commotion in the workplace. Most, if not all, of it, can be avoided. Read "How to Survive the Office" and contribute your office stories to [www.HowToSurviveTheOffice.com](http://www.HowToSurviveTheOffice.com) to help heal the office life.

Ever wanted to get your business featured in publications like Forbes, National newspaper websites, magazines and trade journals? Perhaps you've noticed the rise of blogging and wondered how your business can tap into this ready-made network of highly influential people to boost your credibility and get in front of your perfect target audience? In this groundbreaking book, the superstar Digital PR team from Exposure Ninja break down step-by-step their process for getting any business in any market coverage in the most relevant online publications. Whether you want to build credibility to become an authority, drive traffic to your website or attract the sort of links that turbocharge ranking, this book will walk you through the process. You will discover: How businesses of all size - from 1 person to 100,000 people - can utilise Digital PR for free publicity. How to identify the perfect market to maximise the impact of your Digital PR. How to generate ideas and angles for stories that publications will bite your hand off for. The 'secret underworld' of Sponsored Content and how to utilise it for maximum profit. How to use Content Marketing to spread your reach through infographics, articles, and videos. How to find and connect with the most influential bloggers in your market and have them sing your praises publicly to their audience. How to use contests to boost your social media following

(including one example that generated over 3,000 entries for less than the price of three cups of coffee). How and why to use live events to explode your online visibility (clue: the strategies in this section won't have even occurred to your competitors). How to create and manage a workable digital PR campaign in whatever time you have available, whether it's 20 minutes per week or 8 hours per day. How to use two hashtags on Twitter to 'unlock' a hidden world of journalists desperate to write about you (clue: see an example of this strategy where we sent 3 tweets which got us featured in Forbes, The Telegraph, and The Guardian websites in less than 2 weeks). What most businesses don't realise is that journalists, editors, and bloggers are crying out for good stories to write about. Provided that you understand exactly what they are looking for and how to position your business in a way that makes you interesting, rather than have to push push push, these gatekeepers will be coming to you asking for more! About The Authors Charlie and Luke head up Exposure Ninja's Digital PR team. With years of experience running campaigns for businesses in every imaginable market (and even some unimaginable ones!), they have developed a set of simple, easy-to-follow systems that mean any business can get the sort of visibility online that previously seemed out of reach. Tim Cameron-Kitchen is a 5-time bestselling author and Head Ninja at Exposure Ninja. Having helped tens of thousands of businesses to improve their online visibility and attract more customers from the Internet, he is one of the UK's leading Digital Marketing authorities and now runs the 65-strong digital marketing company Exposure Ninja. I would have felt less nervous and been less anxious. I would have been better prepared for the ups and downs. It would have been my desktop reference as I waded through what it really meant to be a solid freelance web designer." -Cory Miller, iThemes Founder & CEO

Most start-ups fail. And they die remarkably young: The typical start-up lasts 20 months and burns through \$1.3 million in financing before closing its doors. So what's the formula for success for those start-ups that make it through the early trials, leveraging their early success into either getting acquired or issuing an IPO (initial public offering)? What are the lessons that first-time entrepreneurs and employees need to know to navigate their way to success? The Ultimate Start-Up Guide offers practical advice, insights, lessons, and best practices from the world of start-ups, including: Strategies for hiring and building your team, culture, and values. How to pitch your company, secure funding, and distribute equity. Best practices in launching your business. How venture capitalist investors think, evaluate new companies, and advise entrepreneurs. War stories and red flags from top VC partners and entrepreneurs. Start-ups are a business model

and culture of their own, changing the economic landscape as well as the way we live and work. The Ultimate Start-Up Guide offers an insider's look at this world. It's a fascinating read for anyone contemplating how to build or participate in a successful start-up.
