Humphrey Paxton has taken to carrying a shotgun to 'shoot plotters and blackmailers and spies'. His new tutor, Mr Thewless, suggests he might be overdoing it somewhat. But when a man is found shot dead Thewless is plunged into a nightmare world of lies, kidnapping and murder - and grave matters of national security.

More than 80 poems by 50 American and British masters celebrate real and metaphorical journeys. Poems by Whitman, Byron, Millay, Sandburg, Langston Hughes, Emily Dickinson, Robert Frost, Shelley, Tennyson, Yeats, many others.

This comprehensive volume offers a wide-ranging perspective on the stories that art music has told since the start of the 20th century. Contributors challenge the broadly held opinion that the loss of tonality in some music after 1900 also meant the loss of narrative in that music. To the contrary, the editors and essayists in this book demonstrate how experiments in approaching narrative in other media, such as fiction and cinema, suggested fresh possibilities for musical narrative, which composers were quick to exploit. The new conceptions of time, narrative voice, plot, and character that accompanied these experiments also had a significant impact on contemporary music. The repertoire explored in the collection ranges across a wide variety of genres and includes composers from Charles Ives and the Pet Shop Boys to Thomas Adès and Dmitri Shostakovich.

This book is the first complete commentary on Marx's manuscripts of 1861-63, works that guide our understanding of fundamental concepts such as 'surplus-value' and 'production price'. The recent publication of Marx's writings in their entirety has been a seminal event in Marxian scholarship. The hitherto unknown second draft of Volume 1 and first draft of Volume 3 of Capital, both published in the Manuscripts of 1861-63, now provide an important intermediate link between the Grundrisse and the final published editions of Capital. In this book, Enrique Dussel, one of the most original Marxist philosophers in the world today, provides an authoritative and detailed commentary on the manuscripts of 1861-63. The main points which Dussel emphasises in this path-breaking work are: The fundamental category in Marx's theory is 'living labour' which exists outside of capital and which capital must subsume in order to produce surplus-value. Theories of Surplus Value is not a historical survey of previous theories, but rather a 'critical confrontation' through which Marx developed new categories for his own theory. The most important new categories developed in this manuscript are related to the 'forms of appearance' of surplus value. The final part of the book discusses the relevance of the Manuscripts of 1861-63 to contemporary global capitalism, especially to the continuing underdevelopment and extreme poverty of Latin America.

A collection of the English author's poetical works, covering such themes as nature, the past, memories, the seasons, and country life

Set in a sunlit clearing between two World Wars, this personal narrative describes the author's earliest memories of life at home and on the farm, of family, relatives and friends, school and chapel, and the excitement of travelling fairs and Christmas 'dos'.

This collection contains, The Ballad of the White Horse by Gilbert Keith Chesterton, Andromeda and Other Poems by Charles Kingsley, Ballads by William Makepeace Thackeray, Don Juan by Lord George Gordon Byron, Moments of Vision and Miscellaneous Verses by Thomas Hardy, Poems of Gerard Manley Hopkins by Gerard Manley Hopkins, Poetical Sketches by William Blake, Satires of Circumstance, Lyrics and Reveries, with Miscellaneous Pieces by Thomas Hardy, Selected Poems by William Blake, Selected Poems by Robert Browning, Selected Poems of Oscar Wilde by Oscar Wilde, The Four Zoas by William Blake, THE LEGEND OF GOOD WOMEN by Geoffrey Chaucer, The Poetical Works of John Dryden by John Dryden, Time's Laughingstocks and Other Verses by Thomas Hardy, Troilus and Criseyde by Geoffrey Chaucer, Wessex Poems and Other Verses by Thomas Hardy, Selected Prose of Oscar Wilde by Oscar Wilde, Eugene Onegin by Alexander Sergeevich Pushkin,

When the history of Christianity in the 20th Century is written Trevor Huddleston will certainly occupy much space. A major figure in the battle against Apartheid in South Africa, his book Naught for Your Comfort (1956) changed the perception of liberal Westerners about what was really going on in that tortured land. Huddleston was an Anglican monk and thus subject to the rule of obedience. He was called back from South Africa when he was at the height of his intellectual and physical powers. He was made Bishop of Stepney but like too many clergyman was tainted by accusations of sexual impropriety as a result suffered to the limits of human endurance. In his retirement, he lived at the mother house of his order in Mirfield, Yorkshire but his last years were not happy ones as he faded from public attention and underwent periods of deep depression and uncertainty about his fundamental beliefs. Piers McGrandle's new biography of Huddleston is ground breaking in its analysis of what makes men great. But it also brings the reader down to earth with a thud in showing how profoundly complex are the motivations of Christians who have wide influence. As a study in human psychology, McGrandle raises issues which may be applied to many so called 'saints'. After the collapse of Apartheid, Huddleston was able to return to South Africa but never received the recognition that he thought he deserved and this also tortured him.

This collection covers the range of Thomas Hardy's works and their social and intellectual contexts, providing a comprehensive introduction to Hardy's life and times. Featuring short, lively contributions from forty-four international scholars, the volume explores the processes by which Hardy the man became Hardy the published writer; the changing critical responses to his work; his response to the social and political challenges of his time; his engagement with contemporary intellectual debate; and his legacy in the twentieth century and after. Emphasising the subtle and ongoing interaction between Hardy's life, his creative achievement and the unique historical moment, the collection also examines Hardy's relationship to such issues as class, education, folklore, archaeology and anthropology, evolution, marriage and masculinity, empire and the arts. A valuable contextual reference for scholars of Victorian and modernist literature, the collection will also prove accessible for the general reader of Hardy.

Kalyse was looking for a way out of her darkness, little did she know making it into the gates of glory would be harder than she believed. She had been too evil to worship with the angels in heaven and too good to dwell with the demons from her past. Avery always thought when he was called into the Heavens he would be at rest, but his spiritual battle had just begun. Lester knew everything there was to being a bad boy. But once those chains of struggle were broken and he finally saw the supernatural light of life, would he accept it or forever be blind? In these three strong characters manifestation would they find peace, joy and even love from the seen and unseen?

A Victorian realist, he was influenced in his poetry by Romanticism, especially William Wordsworth.

Cherished, admired and frequently used as an excuse for lateness, the railways occupy a special place in our hearts. Trains are not just a practical mode of transport, but also a way of tracing our social history over the past 150 years, from technological progress and design to cultural change and the impact they have had on our landscape. Full of facts, trivia and anecdotes, this engaging miscellany looks at the heyday of the railways around the world, chronicling the shift from steam trains to diesel and electric and the challenge of running during two world wars. A broad range of aspects is covered, from the types of trains and services, key people and station architecture, to station pets, accidents and crime, and the depiction of the railways in literature and art. Chock-full of information, this miscellany is perfect for railway enthusiasts, history buffs or those who would like to learn more about this fascinating form of transport that is so often taken for granted.

Thomas Hardy abandoned the novel form at the turn of the century, probably after public reaction to *Jude the Obscure*, but continued to write verse displaying a wide variety of metrical styles and stanza forms and a broad scope of tone and attitude. This definitive volume contains selections from his numerous collections published between 1898 and 1928. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

*A World History of Railway Cultures, 1830-1930* is the first collection of primary sources to historicize the cultural impact of railways on a global scale from their inception in Great Britain to the Great Depression. Its dual purpose is to promote understanding of complex historical processes leading to globalization and generate interest in transnational and global comparative research on railways. In four volumes, organized by historical geography, this scholarly collection gathers rare out-of-print published and unpublished materials from archival and digital repositories throughout the world. It adopts a capsule approach that focuses on short selections of significant primary source content instead of redundant and irrelevant materials found in online data collections. The current collection draws attention to railway cultures through railroad reports, parliamentary papers, government documents, police reports, public health records, engineering reports, technical papers, medical surveys, memoirs, diaries, travel narratives, ethnographies, newspaper articles, editorials, pamphlets, broadsides, paintings, cartoons, engravings, photographs, art, ephemera, and passages from novels and poetry collections that shed light on the cultural history of railways. The editor's original essays and headnotes on the cultural politics of railways introduce over 200 carefully selected primary sources. Students and researchers come to understand railways not as applied technological impositions of industrial capitalism but powerful, fluid, and idiosyncratic historical constructs.

Both major novelist and major poet, with a distinctive off-beat and intensely personal style, Hardy is a modern writer born out of his time.

A Preface to Hardy remains the best introduction to one of the most important and popular writers in English literature. The first section concentrates on Hardy the man and outlines the intellectual and cultural context in which he lived. The author then moves on to examine a wide range of Hardy's work, with particular reference to *The Mayor of Casterbridge*. There is new material on Hardy's short stories and their relation to the major novels, and on *The Dynasts*, which accompanies a study of a range of Hardy's other poetry.

A collection of poems about love and relationships in their many and varied forms. From romantic words on love and longing, poems on home and family right through to light-hearted verses on humor and nonsense, the writings of these famous and best-loved poets are sure to inspire and warm the heart.

Best remembered for his operas and his *War Requiem*, Benjamin Britten's radical politics and his sexuality have also ensured that he remains a controversial public figure. *Journeying Boy* is a selection of his diaries that offer the reader an unseen insight into this complex man. Encompassing the years 1928-1938, they explore some key periods of Britten's life - his early compositions, his education first under composer Frank Bridge and then at the Royal College of Music, an unhappy but productive period studying under John Ireland and Ralph Vaughan Williams, and his reluctant and often painful process of parting from the warm, safe environment of his family home and his beloved mother. The diaries cast light on an often misrepresented musician whose technique, originality and musical prowess have entranced audiences for generations and who continues to inspire composers and musicians around the world.

Thomas Hardy saw himself, first and foremost, as a poet, and he wrote poetry throughout his prolific and acclaimed novel-writing years before announcing in 1896 that he would no longer write novels, much to the astonishment of his worldwide readership. Instead he went on to publish eight masterful volumes of poetry - ranging from lyrics and ballads to dramatic monologues and satire - and is now regarded as one of the greatest twentieth-century poets. Choosing the best verse from each volume, the *Poems of Thomas Hardy* is the perfect introduction to Hardy's lyrical, soul-searching and profoundly sincere poetry, covering subjects ranging from his grief at the death of his first wife to his experiences of war. This beautiful Macmillan Collector's Library edition is edited and introduced by editor Ned Halley. Designed to appeal to the booklover, the Macmillan Collector's Library is a series of beautiful gift editions of much loved classic titles. Anthology. Essential reading for students studying this text. Intended for GCSE students

The text for this volume of poetry reproduces the first edition of 1917, allowing Hardy's poems to be read as he first gathered them and as the publishers first produced them. This edition also contains an introduction and a bibliography.

This work comprises a collection of the poetic works of Thomas Hardy. Hardy's poetry spanned over 50 years from the last half of the 19th century to the period after World War I, and ranges from pessimistic works to those which were witty and fanciful.

Britten's Children confronts the edgy subject of the composer's obsessional yet strangely innocent relationships with adolescent boys. One of the hallmarks of Benjamin Britten's music is his use of boys' voices, and John Bridcut uses this to create a fresh prism through which to view the composer's life. Interweaving discussion of the music he wrote for and about children with interviews with the boys whom Britten befriended, Bridcut explores the influence of these unique friendships - notably with the late David Hemmings - and how they helped Britten maintain links with his own happy childhood. In a remarkable part of the book Bridcut tells for the first time the full story of Britten's love affair in the 1930s with the 18-year-old German Wulff Scherchen, son of the conductor Hermann Scherchen. As Paul Hoggart of The Times commented, 'this type of love belonged to an emotional landscape that has vanished for ever, and we are the poorer for it'. Since making the film, the author has extended his research to include friendships Britten had with children which have not previously been documented. The documentary Britten's Children won the Royal Philharmonic Society's 2005 Award for Creative Communication: 'this serious and beautiful film explored one aspect of a composer's life in great depth. Avoiding the temptation of sensationalism, Britten's Children was imaginatively researched and both touching and revelatory'.

This book explores poetry and pedagogy in practice across the lifespan. Poetry is directly linked to improved literacy, creativity, personal development, emotional intelligence, complex analytical thinking and social interaction: all skills that are crucial in contemporary educational systems. However, a narrow focus on STEM subjects at the expense of the humanities has led educators to deprioritize poetry and to overlook its interdisciplinary, multi-modal potential. The editors and contributors argue that poetry is not a luxury, but a way to stimulate linguistic experiences that are formally rich and cognitively challenging. To learn through poetry is not just to access information differently, but also to forge new and different connections that can serve as reflective tools for lifelong learning. This interdisciplinary book will be of value to teachers and students of poetry, as well as scholars interested in literacy across the disciplines.

The inimitable Alan Bennett selects and comments upon six favorite poets and the pleasures of their works In this candid, thoroughly engaging book, Alan Bennett creates a unique anthology of works by six well-loved poets. Freely admitting his own youthful bafflement with poetry, Bennett reassures us that the poets and poems in this volume are not only accessible but also highly enjoyable. He then proceeds to prove irresistibly that this is so. Bennett selects more than seventy poems by Thomas Hardy, A. E. Housman, John Betjeman, W. H. Auden, Louis MacNeice, and Philip Larkin. He peppers his discussion of these writers and their verse with anecdotes, shrewd appraisal, and telling biographical detail: Hardy lyrically recalls his first wife, Emma, in his poetry, although he treated her shabbily in real life. The fabled Auden was a formidable and off-putting figure at the lectern. Larkin, hoping to subvert snooping biographers, ordered personal papers shredded upon his death. Simultaneously profound and entertaining, Bennett's book is a paean to poetry and its creators, made all the more enjoyable for being told in his own particular voice. its creators, made all the more enjoyable for being told in his own particular voice. A collection of short stories, many rooted in the intersection of moment, person, and place. Some explore the impact of controlling or abusive relationships, others the social dislocation that many experienced as a result of the two World Wars.

Pluralist in approach and ranging across Keats's poetry and letters, this volume brings together ground-breaking historical research on the writer's schooling in Enfield, the sources of 'The Eve of St Mark', as well as an innovative discussion of Keats's writings about America. New light is shed on Keats's response to art and on his brilliant handling of the epistolary form. The workings of Keats's poetry are also reconsidered in a series of new readings. His treatment of silence is discussed; divisions put to productive use by Keats are emphasized; and the 'inward Keats' is explored in an examination of his poetry's post-Romantic, American reception.

The Penguin Book of English Song anthologizes the work of 100 English poets who have inspired a host of different composers (some English, some not) to write vocal music. Each of the chapters, arranged chronologically from Chaucer to Auden, opens with a precis of the poet's life, work and, often, approach to music. Richard Stokes's notes and commentaries constantly illuminate the language and themes of the poems and their settings in unexpected ways. An awareness of how Ben Jonson based his famous poem 'Drinke to me, onely, with thine eyes' on a Greek original, for example, increases our enjoyment of both the poem and the traditional song; knowledge of Thomas Hardy's relationships with women deepens our appreciation of songs by Ireland, Finzi, Britten and others; Charles Dibdin's 'Tom Bowling', played each year at the Last Night of the Proms, takes on a deeper resonance when we know that it was written after the death of his brother Tom, a sea captain struck by lightning in the Indian Ocean. Many composers of different nationalities appear, but the book remains quintessentially British, and includes pieces that have an established place in our national consciousness: 'Rule, Britannia' (James Thomson), 'Abide with me' (Henry Francis Lyte), 'Auld lang syne' (Robert Burns), 'Jerusalem' (William Blake), 'Once in royal David's city' (Mrs C. F. Alexander), and even 'Twinkle, twinkle, little star' (Jane Taylor). The poems are printed in their original versification and spelling, enabling us to trace the development of the English language as the book progresses. The volume presents a huge amount of information about English Song that will enlighten all those who delight in the fusion of words and music. The presence

of minor as well as major poets and the unique principle of selection make The Penguin Book of English Song a highly original anthology of English verse.

These critical essays on art and artists by T.G. Rosenthal, chosen by the author from his considerable output over more than fifty years of writing and reviewing, focus mainly on what has come to be known as 'Modern British' art - art from the 20th century. Rosenthal knew many of his subjects personally and some became friends: Michael Ayrton; Arthur Boyd; Ivon Hitchens; Thelma Hulbert; L. S. Lowry; Sidney Nolan; Paula Rego. There are also essays on Wyndham Lewis, Jack B. Yeats and the paintings of August Strindberg. There is a profile of Walter and Eva Neurath, founders of the art-book publishers Thames & Hudson, the author's first employers; an essay on Anti-Semitism in England; and an obituary of Matthew Hodgart, who at Cambridge, influenced and developed Rosenthal's knowledge and passion for literature.
