I contributi riuniti nel volume, presentati per la prima volta in occasione del I Convegno dell' AISPEB (Associazione di Studi Portoghesi e Brasiliani), tenutosi nel 2012 presso le sedi dell'Università di Roma "La Sapienza" e dell'Università di Roma Tre, offrono un panorama di temi, linguistici e letterari, legati sia al contesto portoghese che a quello brasiliano. I saggi d'argomento letterario rinnovano il contributo italiano allo studio della letteratura luso-brasiliana, rimanendo nel solco di una tradizione nazionale ricca di spunti, che ha visto arrivare proprio dall'Italia alcuni contributi storici, filologici ed ermeneutici tuttora indispensabili per comprendere l'opera dei maggiori autori di lingua portoghese. I saggi di argomento linguistico sintetizzano invece alcuni dei risultati prodotti dalle cattedre di lingua, di recente istituzione in Italia, privilegiando in particolar modo tematiche legate al binomio lingua-traduzione.

Roberta Piazza's book is a linguistic investigation of the dialogue of Italian cinema covering a selection of films from the 1950s to the present day. It looks at how speech is dealt with in studies of the cinema and tackles the lack of engagement with dialogue in film studies. It explores the representation of discourse in cinema -- the way particular manifestations of verbal interaction are reproduced in film. Whereas 'representation' generally refers to the language used in texts to assign meaning to a group and its social practices, here discourse representation more directly refers to the relationship between real-life and cinematic discourse. Piazza analyses how fictional dialogue reinterprets authentic interaction in order to construe particular meanings. Beginning by exploring the relationship between discourse and genre, the second half of the book takes a topic-based approach and reflects on the themes of

narrative and identity. The analysis carried out takes on board the multi-semiotic and multimodal components of film discourse. The book uses also uses concepts and methodologies from pragmatics, conversation analysis and discourse analysis.

The author describes his twenty month ordeal in the Nazi death camp. As one of the best-known survivors of the concentration camps, Primo Levi's testimony to his experiences in Auschwitz is internationally recognised as one of the most significant works of the last century. This volume examines each of Levi's works in detail, assessing and analysing the influence of Levi's time in Auschwitz on his writing. It identifies a variety of thematic, temporal, stylistic and linguistic echoes of Levi's concentration camp testimony, and traces these echoes throughout his subsequent, apparently unrelated, work. The book provides original and fascinating insights into the works of this remarkable writer, giving readers a new understanding and perspective on the immense significance and the pervasive influence of the holocaust on Levi's creative output.

For over a century, Italy has had a love affair with the cigarette. Perhaps no consumer item better symbolizes the economic, political, social, and cultural dimensions of contemporary Italian history. Starting around 1900, the new and popular cigarette spread down the social hierarchy and eventually, during the 1960s, across the gender divide. For much of the century, cigarette consumption was an index of economic well-being and of modernism. Only at the end of the century did its meaning change as Italy

achieved economic parity with other Western powers and entered into the antismoking era. Drawing on film, literature, and the popular press, Carl Ipsen offers a view of the "cigarette century" in Italy, from the 1870s to the ban on public smoking in 2005. He traces important links between smoking and imperialism, world wars, Fascism, and the protest movements of the 1970s. In considering this grand survey of the cigarette, Fumo tells a much larger story about the socio-economic history of a society known for its casual attitude toward risk and a penchant for la dolce vita.
