A Finalist for the 2019 Kirkus Prize in Nonfiction "Nayeri combines her own experience with those of refugees she meets as an adult, telling their stories with tenderness and reverence." —The New York Times Book Review "Nayeri weaves her empowering personal story with those of the 'feared swarms' . . . Her family's escape from Isfahan to Oklahoma, which involved waiting in Dubai and Italy, is wildly fascinating . . . Using energetic prose, Nayeri is an excellent conduit for these heart-rending stories, eschewing judgment and employing care in threading the stories in with her own . . . This is a memoir laced with stimulus and plenty of heart at a time when the latter has grown elusive." —Star-Tribune (Minneapolis) Aged eight, Dina Nayeri fled Iran along with her mother and brother and lived in the crumbling shell of an Italian hotel-turned-refugee camp. Eventually she was granted asylum in America. She settled in Oklahoma, then made her way to Princeton University. In this book, Nayeri weaves together her own vivid story with the stories of other refugees and asylum seekers in recent years, bringing us inside their daily lives and taking us through the different stages of their journeys, from escape to asylum to resettlement. In these pages, a couple fall in love over

the phone, and women gather to prepare the noodles that remind them of home. A closeted queer man tries to make his case truthfully as he seeks asylum, and a translator attempts to help new arrivals present their stories to officials. Nayeri confronts notions like “the swarm,” and, on the other hand, “good” immigrants. She calls attention to the harmful way in which Western governments privilege certain dangers over others. With surprising and provocative questions, *The Ungrateful Refugee* challenges us to rethink how we talk about the refugee crisis. “A writer who confronts issues that are key to the refugee experience.” —Viet Thanh Nguyen, Pulitzer Prize–winning author of *The Sympathizer* and *The Refugees*

A glimpse into the lives of LGBTQ migrants in Johannesburg, in their own words *Seeking Sanctuary* brings together poignant life stories from fourteen lesbian, gay, bisexual and transgender (LGBT) migrants, refugees and asylum seekers living in Johannesburg, South Africa. The stories, diverse in scope, chronicle each narrator’s arduous journey to South Africa, and their corresponding movement towards self-love and self-acceptance. The narrators reveal their personal battles to reconcile their faith with their sexuality and gender identity, often in the face of violent persecution, and how they have carved out spaces of hope and belonging in their new home country. In these intimate testimonies, the narrators’ resilience in the midst of uncertain futures reveal the myriad ways in which LGBT Africans push back against unjust and unequal systems. *Seeking Sanctuary* makes a critical intervention by showing the complex interplay between homophobia and xenophobia in South Africa, and of the state of sexual orientation and gender identity (SOGI) rights in Africa. By shedding light on the fraught connections between sexuality, faith and migration, this ground-breaking project also provides a model for religious communities who are working towards justice, diversity and inclusion.

Now in a full-length book, the New York Times Pulitzer Prize–winning graphic story of a refugee family who fled the civil war in Syria to make a new life in America After escaping a Syrian prison, Ibrahim Aldabaan and his family fled the country to seek protection in America. Among the few refugees to receive visas, they finally landed in JFK airport on November 8, 2016, Election Day. The family had reached a safe harbor, but woke up to the world of Donald Trump and a Muslim ban that would sever them from the grandmother, brothers, sisters, and cousins stranded in exile in Jordan. Welcome to the New World tells the Aldabaans' story. Resettled in Connecticut with little English, few friends, and even less money, the family of seven strive to create something like home. As a blur of language classes, job-training programs, and the fearsome first days of high school (with hijab) give way to normalcy, the Aldabaans are lulled into a sense of security. A white van cruising slowly past the house prompts some unease, which erupts into full terror when the family receives a death threat and is forced to flee and start all over yet again. The America in which the Aldabaans must make their way is by turns kind and ignorant, generous and cruel, uplifting and heartbreaking. Delivered with warmth and intimacy, Welcome to the New World is a wholly original view of the immigrant experience, revealing not only the trials and successes of one family but showing the spirit of a town and a country, for good and bad.

Asylum is a complex area of immigration law and policy. While much of the recent debate surrounding asylum has focused on efforts by the Trump Administration to address asylum seekers arriving at the U.S. southern border, U.S. asylum policies have long been a subject of discussion. The Immigration and Nationality Act (INA) of 1952, as originally enacted, did not contain any language on asylum. Asylum provisions were added and then revised by a series of subsequent laws. Currently, the INA provides for the granting of asylum to an alien who applies for such relief in accordance with applicable requirements and is determined to be a refugee. The INA defines a refugee, in general, as a person who is outside his or her country of nationality and is unable or unwilling to return to that country because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion. Under current law and regulations, aliens who are in the United States or who arrive in the United States, regardless of immigration status, may apply for asylum (with exceptions). An asylum application is

affirmative if an alien who is physically present in the United States (and is not in removal proceedings) submits an application to the Department of Homeland Security's (DHS's) U.S. Citizenship and Immigration Services (USCIS). An asylum application is defensive when the applicant is in standard removal proceedings with the Department of Justice's (DOJ's) Executive Office for Immigration Review (EOIR) and requests asylum as a defense against removal. An asylum applicant may receive employment authorization 180 days after the application filing date. Special asylum provisions apply to aliens who are subject to a streamlined removal process known as expedited removal. To be considered for asylum, these aliens must first be determined by a USCIS asylum officer to have a credible fear of persecution. Under the INA, credible fear of persecution means that "there is a significant possibility, taking into account the credibility of the statements made by the alien in support of the alien's claim and such other facts as are known to the officer, that the alien could establish eligibility for asylum." Individuals determined to have a credible fear may apply for asylum during standard removal proceedings. Asylum may be granted by USCIS or EOIR. There are no numerical limitations on asylum grants. If an alien is granted asylum, his or her spouse and children may also be granted asylum, as dependents. A grant of asylum does not expire, but it may be terminated under certain circumstances. After one year of physical presence in the United States as asylees, an alien and his or her spouse and children may be granted lawful permanent resident status, subject to certain requirements. The Trump Administration has taken a variety of steps that would limit eligibility for asylum. As of the date of this report, legal challenges to these actions are ongoing. For its part, the 115th Congress considered asylum-related legislation, which generally would have tightened the asylum system. Several bills contained provisions that, among other things, would have amended INA provisions on termination of asylum, credible fear of persecution, frivolous asylum applications, and the definition of a refugee. Key policy considerations about asylum include the asylum application backlog, the grounds for granting asylum, the credible fear of persecution threshold, frivolous asylum applications, employment authorization, variation in immigration judges' asylum decisions, and safe third country agreements.

The passport is one of the most widespread documents in worldwide use and yet, paradoxically, it has no basis in law: one state cannot demand another to do something - give access - simply by issuing a document. Yet, by insisting on the
